

## Feedback Analysis: Stakeholders Feedback on Curriculum (2016-17)

Programme: Information Technology

### Students' Feedback

Total No. of response: 91

Sr.No.	Attributes	Poor (0)	Not quite satisfactory (1)	Satisfactory (2)	Good (3)	Excellent (4)
1	Adequacy of current Industry-Institute Interaction (Industrial Visits, Guest Lecture, Technical Sessions, Workshops etc.)	2	14	8	32	35
2	Usage of modern teaching aids, Gadget, and Web resources.	0	0	9	48	34
3	Adequacy of lab facilities if applicable.	0	0	7	51	33
4	As per your judgement rate the syllabus prescribed by Mumbai University.	4	3	13	50	21

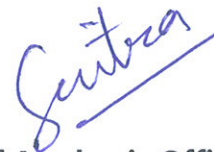

The feedback is received from the 91 students. Following inferences are drawn from the ratings given by students to curricular aspects.

- There is scope for improvement in the Industry-Institute Interaction activities.
- Students are highly satisfied with usage of modern teaching aid and lab facilities.
- Majority of the faculty are satisfied with the syllabus of Mumbai University.

*Remarks and suggestions on curriculum are also asked in the feedback form. The analysis of the same is reflected in the learning component of action taken report.*

## Feedback Analysis: Stakeholders Feedback on Curriculum (2016-17)

Programme: Information Technology

### Teachers' Feedback

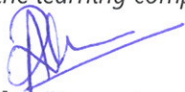

Total No. of response: 21

Sr.No.	Attributes	Poor (0)	Not quite satisfactory (1)	Satisfactory (2)	Good (3)	Excellent (4)
1	Do you think that syllabus is relevant to Industrial recent technological development?	0	0	3	11	7
2	Do you think that course contents are useful to enhance analytical and technical skills of students?	0	0	2	10	9
3	Does the course content keep pace with the industries?	0	0	1	9	11
4	Do you think that the course contents are useful in pursuing higher studies?	0	1	1	10	9
5	Does the syllabus is useful to upgrade hardware and software skills to cope with advanced tools /simulators used in the Industry?	1	2	3	8	7

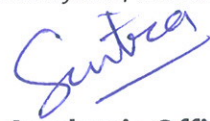

The feedback on curriculum is received from 21 teachers. Following inferences are drawn from the ratings given by teacher to curricular aspects.

- Most of the teachers marked that syllabus is relevant to Industrial recent technological development.
- All the teachers agreed that course contents are useful to enhance analytical and technical skills of students.
- 95% have given the rating as above average to usefulness of course contents in pursuing higher studies.
- More than 80% teachers agreed that syllabus is useful to upgrade hardware, software skills to cope up with advanced tools /simulators used in the Industry

Remarks and suggestions on curriculum are also asked in the feedback form. The analysis of the same is reflected in the learning component of action taken report.

**Head of the Department**

**Chief Academic Officer**

## Feedback Analysis: Stakeholders Feedback on Curriculum (2016-17)

Programme: Computer Engineering

### Students' Feedback

Total No. of response: 109

Sr.No.	Attributes	Poor (0)	Not quite Satisfactory (1)	Satisfactory (2)	Good (3)	Excellent (4)
1	Adequacy of current Industry-Institute Interaction (Industrial Visits, Guest Lecture, Technical Sessions, Workshops etc.)	0	8	12	50	39
2	Usage of modern teaching aids, Gadget, and Web resources.	2	1	8	57	41
3	Adequacy of lab facilities if applicable.	1	5	9	50	44
4	As per your judgement rate the syllabus prescribed by Mumbai University.	2	7	17	49	34

The feedback on curriculum is received from the 109 students. Following inferences are drawn from the ratings given by students to curricular aspects.

- 7% students are not quite satisfactory with the Industry-Institute Interaction happening on campus. Therefore, more no. of activities needs to be planned and only few students are not satisfactory about the usage of modern teaching aids, Gadget, and Web resources.
- 86% Students are satisfied with respect to Co-curricular activities.

*Remarks and suggestions on curriculum are also asked in the feedback form. The analysis of the same is reflected in the learning component of action taken report.*

## Feedback Analysis: Stakeholders Feedback on Curriculum (2016-17)

Programme: Computer Engineering

### Teachers' Feedback

Total No. of response: 17

Sr.No.	Attributes	Poor (0)	Not quite Satisfactory (1)	Satisfactory (2)	Good (3)	Excellent (4)
1	Do you think that syllabus is relevant to Industrial recent technological development?	0	1	2	9	5
2	Do you think that course contents are useful to enhance analytical and technical skills of students?	0	0	2	6	9
3	Does the course content keep pace with the industries?	0	0	3	6	8
4	Do you think that the course contents are useful in pursuing higher studies?	0	0	1	9	7
5	Does the syllabus is useful to upgrade hardware and software skills to cope with advanced tools /simulators used in the Industry?	0	0	3	9	5

The feedback on curriculum is received from 17 teachers. Following inferences are drawn from the ratings given by teacher to curricular aspects.

- Out of 17 only 3 teachers are not quite satisfactory to the relevance of syllabus to Industrial recent technological development.
- Most of the teachers agreed that course contents are useful to enhance analytical and technical skills of students and keep the pace with industries.
- More than 80% teachers are agreed that course contents are useful in pursuing higher studies.
- 82% teachers responded that syllabus is useful to upgrade hardware, software skills to cope up with advanced tools /simulators used in the Industry.

*Remarks and suggestions on curriculum are also asked in the feedback form. The analysis of the same is reflected in the learning component of action taken report.*

### Alumni's Feedback

Total no. of response: 108

Sr.No.	Attributes	Poor (0)	Not quite Satisfactory (1)	Satisfactory (2)	Good (3)	Excellent (4)
1	Rate the relevance of curriculum with respect to your current Job profile.	5	12	15	42	34
2	Rate the significance of co-curricular activities for mitigating the gap between industry and academic.	2	3	2	57	44
3	Rate the relevance of skills and knowledge acquired during execution of projects.	2	8	9	51	38
4	How well you have acquired fundamentals of concepts, knowledge and skills?	0	7	12	59	30

The feedback on curricular aspects is received from 108 alumni. Following inferences are drawn from the ratings given by the alumni to the above attributes:

- 84% alumni are highly satisfied with the mapping of curriculum to their current job profile.
- Out of 108, only 5 alumni have given the rating below satisfactory to the co-curricular activities.
- Most of the alumni are satisfied with the knowledge and skills acquired from project work.
- Most of the alumni have given the rating above satisfactory to the concepts, knowledge and skills acquired during the undergraduate programme.

*Remarks and suggestions on curriculum are also asked in the feedback form. The analysis of the same is maintained in the learning component of action taken report.*
