Message from the Principal

"There's nothing I believe in more strongly than getting young people interested in science and engineering, for a better tomorrow, for all humankind." — Bill Nye

The Academic Year 2020-21 has been quite a different experience for both the teaching as well as the learning community of VIT as a result of the onset of the Covid-19 pandemic. The sudden shift to online pedagogy necessitated quick adaptation to the new normal. Online teaching methodologies through use of simulation, virtual laboratories and educational web tools were implemented to ensure that the learning process never stops. This was made possible through online Faculty Development Programs, STTPs and training workshops. Sessions were also conducted to familiarize students with various features of meeting platforms.

Online Induction programs were organized for First Year and Second Year students to acclimatize newly admitted students to the VIT educational experience. This Academic Year a number of webinars, online events were organized by the Institute which provided students with many opportunities for participating in co-curricular and technical activities. The Institute offered students and faculty the facility of MOOC certification on reputed platforms like Coursera, Udemy, and Matlab and many have completed multiple certifications. The need for our students to be able to not only match up but also stand out amongst the multitude of engineers who graduate every year was reiterated through guest lectures by industry personnel. Our students gained awareness on latest technologies through these sessions. Our students have won in various coding competitions and hackathons. The annual festival Verve'21 proved to be a wonderful platform for students to hone their extra-curricular talents for holistic development.

Our digital initiatives since the last few years have proved to be a boon in setting up a strong base, which has helped the Institute to navigate smoothly during challenging times. Endeavours are in place as we look ahead to the grant of autonomous status and NBA accreditation of two programs and re-accreditation of three programs. The idea that we strive to achieve 'student delight' in place of 'student satisfaction' in itself speaks volumes of our intention to offer the best educational experience to our students.

Dr. Sunil A. Patekar

Introduction

Under the dynamic leadership of Shri Chandrashekar Deshpande, VIT was established in 1999 for imparting well co-ordinated, multi-disciplinary, quality technical education. Today, it aims in raising Technocrats and Managers of high academic standards and good character to serve mankind. Now, in its 18th year, VIT has continued its growth in various aspects, which include: infrastructural expansion and functioning, faculty qualifications, students' holistic development, placements, institute – industry interactions, internships, industrial visits and talks by eminent personalities, to name a few.

Vision

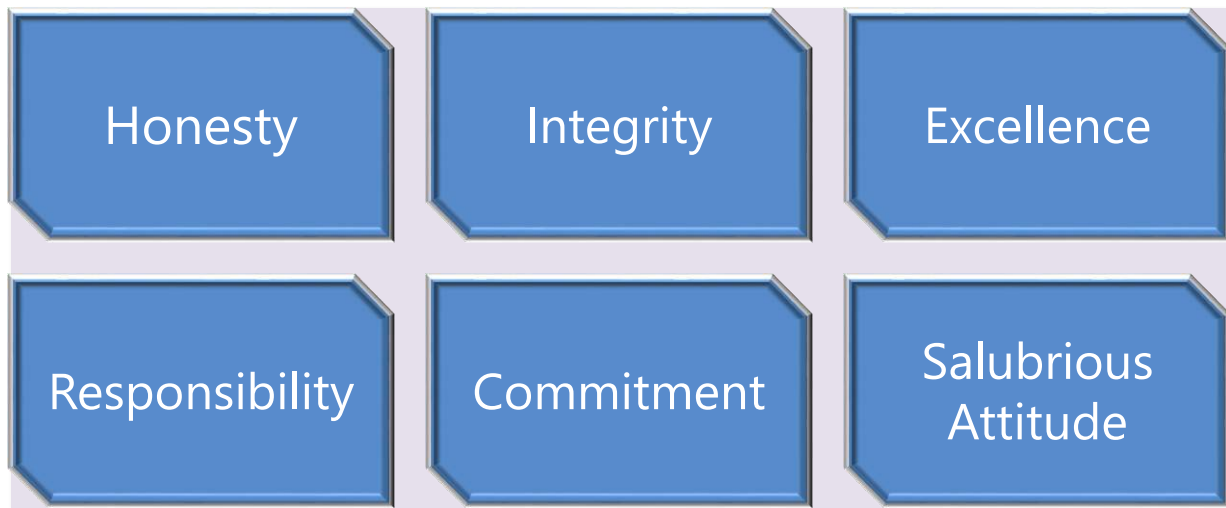

To be a globally recognized institute where learners are nurtured in a scholarly environment to evolve into competent professionals and researchers to benefit society.

Mission

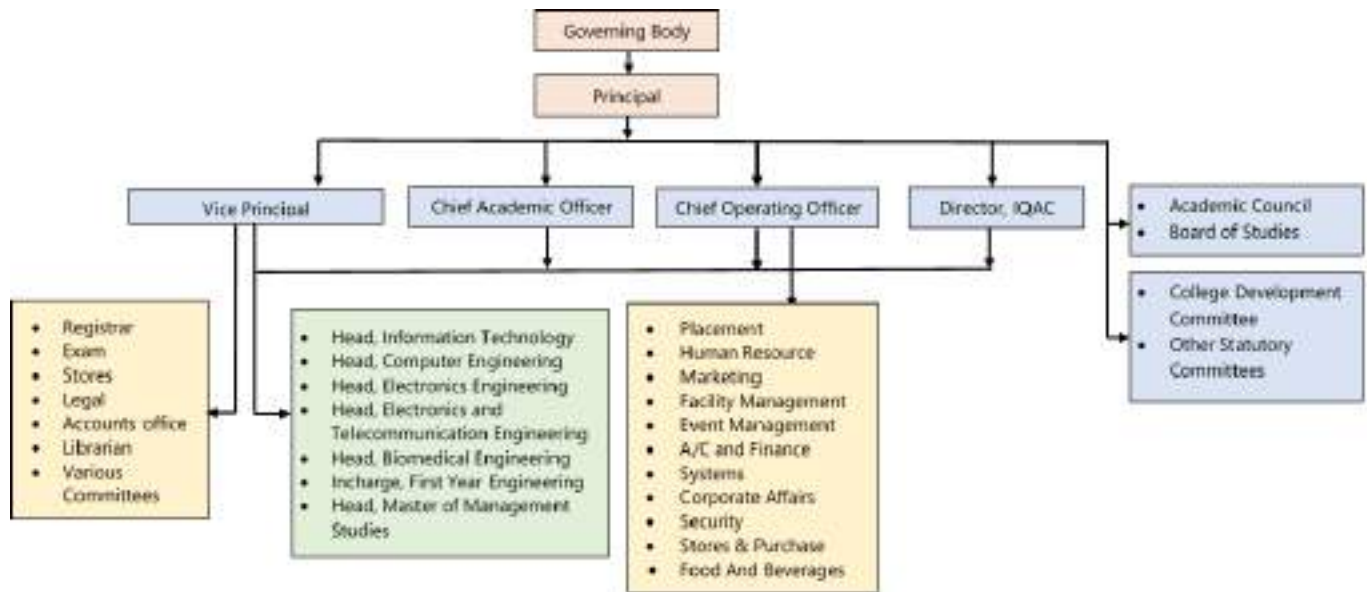

- Evolve a curriculum which emphasizes on strong fundamentals with the flexibility to choose advanced courses of interest and gain exposure to tools and techniques in contemporary subjects.
- Encourage a teaching-learning process in which highly competent faculty share a symbiotic association with institutes of repute.
- Facilitate creation and dissemination of knowledge through a digitally-enabled learning environment.
- Develop academic and infrastructural facilities with modern equipment and other learning resources and encourage reciprocal sharing with other institutes through networking.
- Establish a Center of Excellence to enhance academia-industry partnership and work on collaborative projects.

Values

“Work is Worship” is a guiding principle for all at Vidyalankar. Vidyalankar believes that character-building is an important step towards nation-building. Nurturing young minds is a vital responsibility. Vidyalankar Values are the set of ideals which guide the attitudes and behaviour of the members of the Vidyalankar family. It is said that there are no short-cuts on the road to success. Educating students to differentiate between right and wrong and motivating them to choose the right path is imperative. The following values are interspersed in all aspects of the teaching-learning process:

Organisational Structure:

College Development Committee Members

Sr. No.	Name	Constitution
1.	Ms. Rashmi Deshpande	Chairperson, VDT
2.	Shri. Milind Tadvalkar	Management Nominee
3.	Dr. Anjali Deshpande	Member
4.	Prof. Varsha Bhosale Prof. Trupti Naik Dr.Saurabh Mehta	Member
5.	Mr. Mukund Deshmukh	Member
6.	Prof. Ashish Ukidve	Member
7.	Shri. Ninad Dani	Member
8.	Dr. Anant Jhaveri	Member
9.	Ms.Aditi Subedar	Member
10.	Dr. Sangeeta Joshi	Member
11.	Dr. Arun Chavan	Member
12.	Dr. S. A. Patekar	Member
13.	Shri.Vishwas Deshpande	Invitee

Governing Body Members

Sr. No.	Name	Governing Body Constitution
1.	Smt. Rashmi Deshpande	Chairperson
2.	Shri. A. R. Chatorikar	Nominee, VDT
3.	Shri. Milind Tadvalkar	Nominee, VDT
4.	Dr. V. N. Gupchup	Nominee, VDT
5.	Nominee, VDT	Nominee, VDT
6.	Dr. Amit Dutta	Nominee, AICTE-Regional Officer(Ex-Officio)
7.	Nominee, AICTE	Industrialist / Technologist / Educationist nominated by regional committee as Nominee of Council
8.	Nominee of UoM	Nominee of UoM
9.	Dr. Abhay Wagh	Nominee of State Government -Director, DTE(Ex-officio)
10.	Nominee, State Government	Nominee, State Government
11.	Dr. Saurabh Mehta	Faculty Nominee, CAO(Ex-Offico)
12.	Prof. Varsha Bhosale	Faculty Nominee, VP(Ex-Offico)
13.	Dr. S. A. Patekar	Principal & Member Secretary
14.	Shri.Vishwas Deshpande	Invitee
15.	Smt. Namrata Deshpande	Invitee
16.	Dr. Amit Oak	Invitee

Quality Assurance

Quality initiative by IQAC

- NBA reaccreditation and NAAC accreditation
- NIRF participation
- Academic Administration Audit(AAA)
- Planning for EXTC and MMS Ph.D. Centre
- Launch of Ding Talk App
- Planning for academic autonomy
- The institute has got NAAC A+ accreditation from March 2019.
- Training Program for Faculty members
- E-Resource Development
- Lab/Hands-on Learning
- Outcome Based Policy
- New Performance Indicators
- Restructuring Clusters
- New Policy Changes in R & D, Training, Higher education, etc
- Webinar Series
- Structured Committee Activities
- Institute level –Radio Studio
- International Conference Year 2020

Internal Quality Assurance Cell

The IQAC meeting was conducted on Saturday 7th November 2020 at 2 pm in online mode on MS Teams. Prof. Varsha Bhosale, Vice Principal chaired the meeting.

Points discussed :

- Major institute quality initiatives and Administrative reforms for A.Y. 2019-20 and Action plan for the A.Y. 2020-21
- Academic Initiatives

- IQAC Initiatives by Dr. Sangeeta Joshi
- Stakeholders' Feedback Analysis and Action Plan by all the departments
- Student Satisfaction Survey Analysis and Action Plan by all the departments
- Activities proposed by Departments under different IQAC Initiatives

The IQAC meeting was conducted on Saturday 12th & 19th June 2021 at 10am to 2 pm in online mode on MS Teams. Prof. Varsha Bhosale, Vice Principal chaired the meeting.

Points discussed :

- Major institute quality initiatives and Administrative reforms for A.Y. 2019-20 and Action plan for the A.Y. 2020-21
- Academic Initiatives
- IQAC Initiatives by Dr. Sangeeta Joshi
- Stakeholders' Feedback Analysis and Action Plan by all the departments
- Student Satisfaction Survey Analysis and Action Plan by all the departments
- Activities proposed by Departments under different IQAC Initiatives

S Strategic Plan 2020-2025

Vision

To be a globally recognised institute where learners are nurtured in a scholarly environment to evolve into competent professionals and researchers to benefit society.

Mission

- Evolve a curriculum which emphasises on **strong fundamentals** with the flexibility to choose advanced courses of interest and gain exposure to tools and techniques in contemporary subjects.
- Encourage a **teaching-learning process** in which highly competent faculty share a **symbiotic association** with institutes of repute.
- Facilitate creation and dissemination of knowledge through a **digitally enabled** learning environment.
- Develop **academic and infrastructural facilities** with modern equipment and other learning resources and encourage reciprocal sharing with other institutes through networking.
- Establish a Centre of Excellence to enhance **academia-industry partnership** and work on collaborative projects.

Values

Vidyalankar believes that character-building is an essential step towards nation-building. Nurturing young minds is a vital responsibility. Vidyalankar Values are the set of ideas which guide the attitudes and behaviour of the members of the Vidyalankar family. The Vidyalankar Value system indeed serves as a beacon to guide students. Educating students on ethics, to differentiate between right and wrong and motivating them to choose the right path is imperative. The following values are interspersed in all aspects of the teaching-learning process:

Honesty:

Being true to oneself and others; being trustworthy and straightforward in all our professional and personal dealings. To walk on the path of honesty and fairness, irrespective of the consequences that may ensue.

Integrity:

Unwaveringly adhering to moral and ethical principles and upholding righteous behaviour. Developing strength of character, which is absolutely incorruptible at any point in the teaching-learning process and in one's academic and professional life.

Excellence:

Setting high standards and quality benchmarks for oneself and endeavoring to reach them. Doing the very best one can in every task that one accomplishes. Aiming for personal, academic and professional excellence and never compromising with mediocrity.

Responsibility:

Being aware of and shouldering one's responsibilities towards self, institute, home and society. Acquire the inner belief to fulfil one's responsibilities to the best of one's abilities. Being accountable for one's actions; practicing what one preaches and leading by example.

Commitment:

Complete dedication and thorough engagement towards work. Inculcating loyalty and developing a sense of ownership. To be sincere in approach, adhere to deadlines and have a result-oriented approach.

Salubrious Attitude:

Nurturing and promoting a feeling of well-being and a healthy and wholesome academic and professional environment. An attitude that is favourable to develop a healthy body, mind and character.

Strengths, Weaknesses, Opportunities and Challenges

Internal Factors	Strengths (Build, Enhance)	<ul style="list-style-type: none"> • Effective leadership of the members of the trust with passion towards working for excellence in education • Conducive environment and state of Art Infrastructure • Learner centric & ICT enabled Teaching–Learning process, to meet the needs of the millennial • Focus on synergy between teaching and holistic development of the students
	Weakness (Eliminate)	<ul style="list-style-type: none"> • International engagement in terms of student and faculty exchange programs • Less percentage of faculty involved in research and consultancy activities • Faculty exposure / internships on real time industry projects/ products
External Factors	Opportunities (Exploit, Expand)	<ul style="list-style-type: none"> • Academic Autonomy • International collaborations • Expansion of need based Educational and Research programs • Enhancing contributions to green initiatives for sustainable development of society

	<p>Challenges (Overcome)</p>	<ul style="list-style-type: none"> • Changing Admission scenario in Engineering and Technology due to wide availability of other professional programmes • Availability of competent Ph.D. faculty • Rapid changes in all the disciplines and correspondingly changing expectations from industry and society
--	----------------------------------	--

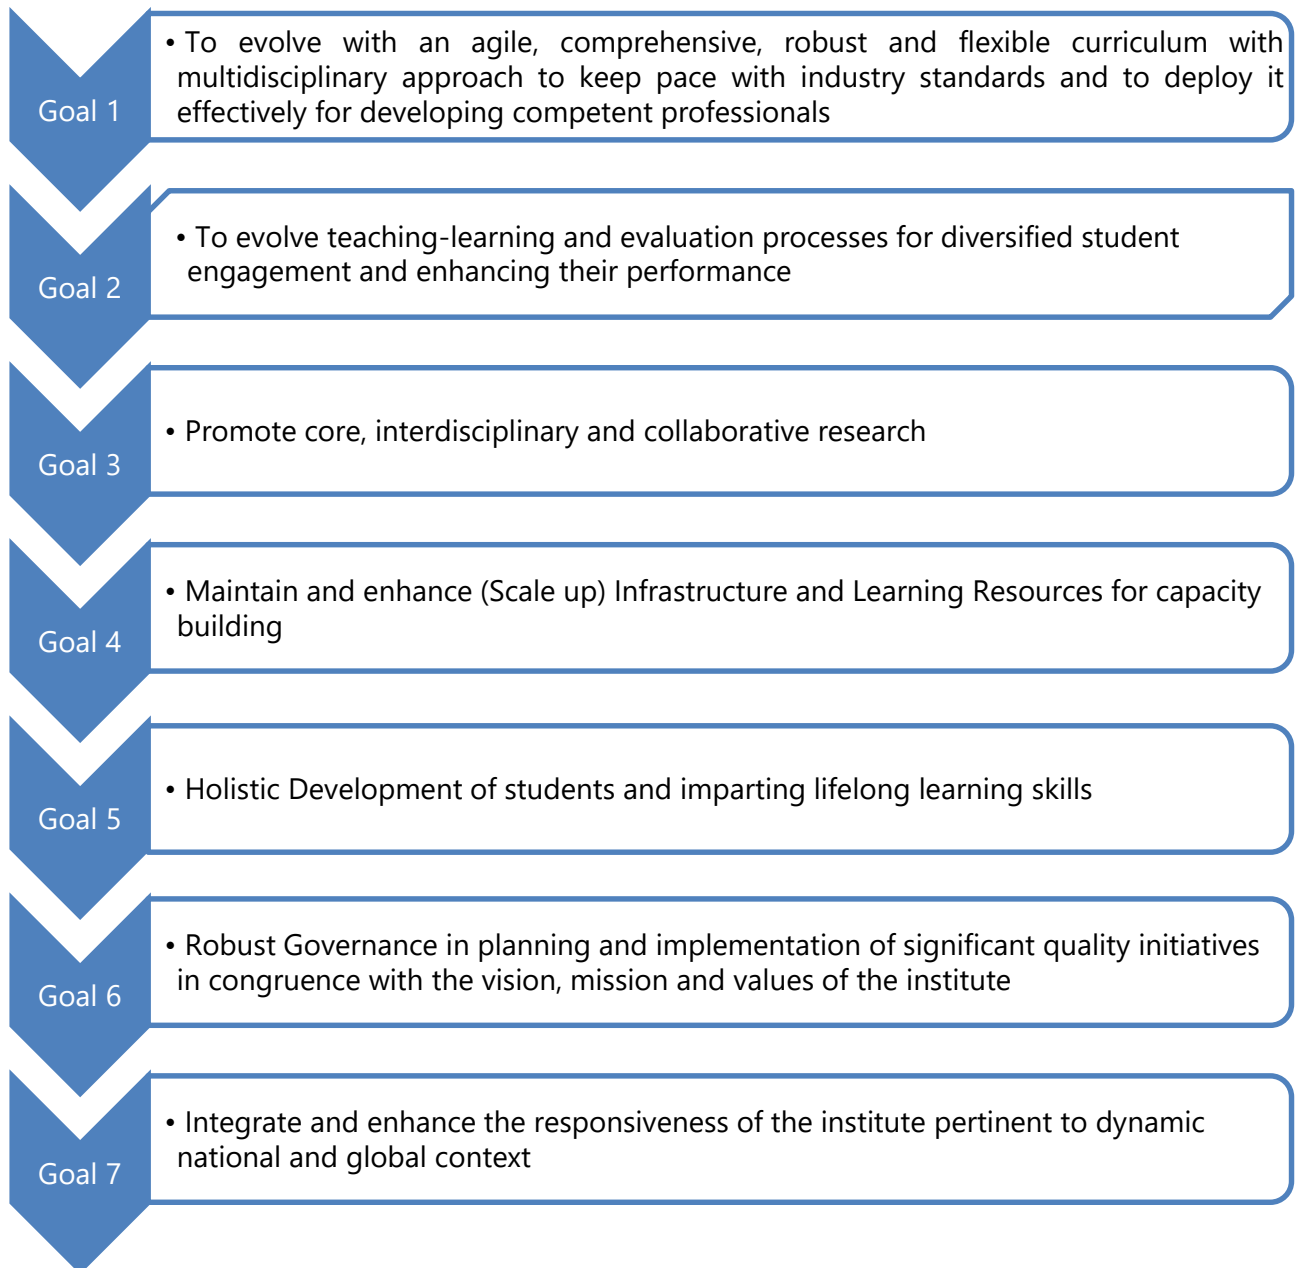

Preamble

The world is undergoing rapid changes in the knowledge landscape. The global education development agenda reflected in the Goal 4 (SDG4) of the 2030 Agenda for Sustainable Development, adopted by India in 2015 - seeks to "ensure inclusive and equitable quality education and promote lifelong learning opportunities for all" by 2030. With various scientific and technological advances such as the rise of big data, machine learning, and artificial intelligence will lead the many unskilled jobs to be taken over by machines. However, the need for a skilled workforce, particularly involving mathematics, computer science, and data science, in conjunction with multidisciplinary abilities across the sciences, social sciences, and humanities, will be increasingly in greater demand.

Higher education institutes are entrusted with the responsibility to strengthen the workforce which is equipped with a high order of scientific and technological capabilities, robust humanist and philosophical thought and creativity. Thus, every educational institute should have a strategic plan which spells out what it expects to realise in the long run, and continuously strive towards implementing the same. The planning must be constant and persistent, yet adaptive and responsive to rapidly changing conditions.

Government of India has launched its National Education Policy (NEP) 2020 in July 2020. As of now, our college is an affiliated college of the University of Mumbai. In coming years (from 2020-2025) we may expect the autonomy status under the mentorship of University of Mumbai than a full-fledged university status. So, Considering the NEP 2020 as a reference point along with our current affiliation with the University of Mumbai, we would like to set following goals and objectives.

Strategic Goals

Goal 1: To evolve with an agile, comprehensive, robust, and flexible curriculum with multidisciplinary approach to keep pace with industry standards and to deploy it effectively for developing competent professionals.

- 1.1. To design and develop need-based curriculum (CBCS) relevant to the local, regional, national and global development and to initiate major curricular revision with identification of new courses based on special local needs and regional challenges.
- 1.2. To enhance skill-based courses to satisfy stakeholders' feedback e.g., value added/add-on (transferable and life skills) /bridge courses, faculty skill development.
- 1.3. To enhance experiential learning e.g., internships, live projects, research projects, field projects, collaborative projects, sponsored projects, industrial visits.
- 1.4. To strengthen Industry-Institute Linkages for curriculum enrichment.

Goal 1 Measurable Strategic Objectives:

Sr. No	Strategic Objectives	2020-21	2021-22	2022-23	2023-24	2024-25
1.1	Revision in Cluster Mentor group formation	Restructuring	Revision	Revision	Revision	Revision
	Formation of Institute and Department Academic Councils	--	Formation	--	--	Restructuring
	Curriculum Mapping and syllabus design / revision as per industry requirement	Design of Curriculum for UG/PG courses	Revision	Revision	Revision	Revision
	Revision in Course Objectives & Course Outcomes to foster Outcome Based Learning	Design Course Objectives & Outcomes as per Curriculum	Revision	Revision	Revision	Revision
1.2	No. of Value-Added Courses	10	12	14	16	18
	No. of MOOCs completed by students	10	12	14	16	18

Sr. No	Strategic Objectives	2020-21	2021-22	2022-23	2023-24	2024-25
	% of faculty undergoing Skill Development Courses as per latest trends	75%	75%	80%	80%	85%
	No. of Foreign languages offered	1	1	1	1	1
1.3	No. of students undergoing Internships	800	900	1000	1100	1200
	No. Collaborative projects by students and faculty	10	10	15	15	20
	No. faculty undertaking Sponsored Projects	2	2	3	3	3
	No. of Industrial Visits	5	5	5	5	5
1.4	No. of Guest Lectures	20	25	30	35	40
	No. of MOUs supporting Curriculum Enrichment	5	7	9	11	13

Goal 2: To evolve teaching-learning and evaluation processes for diversified student engagement and enhancing their performance.

- 2.1. To strengthen Teaching Learning processes to satisfy needs of learner
- 2.2. To develop exhaustive learning resources and deploy it effectively to enrich teaching-learning and hence students' performance
- 2.3. To enhance competence, skills and abilities of students through innovative and transparent evaluation processes
- 2.4. To understand the student satisfaction for providing development-inducing feedback

Goal 2 Measurable Strategic Objectives:

Sr. No	Strategic Objectives	2020-21	2021-22	2022-23	2023-24	2024-25
2.1	Student Teacher Ratio	1:20	1:20	1:15	1:15	1:15
	Implementation of AAP	Updation of AAP for Academic Rigour	Implementation of AAP with Academic Rigour	Implementation of AAP with Academic Rigour	Implementation of AAP with Academic Rigour	Implementation of AAP with Academic Rigour
2.2	Using ICT for effective teaching with E-Learning resources	Recorded Lectures/ Concept Videos/ YouTube Videos by Faculty/ Virtual Labs	Recorded Lectures/ Concept Videos/ YouTube Videos by Faculty/ Virtual Labs	Recorded Lectures/ Concept Videos/ YouTube Videos by Faculty	Recorded Lectures/ Concept Videos/ YouTube Videos by Faculty	Recorded Lectures/ Concept Videos/ YouTube Videos by Faculty
2.3	Evaluation Processes	CIE for Subjects/ Projects, Discussion of IA Answer papers in class, Photocopy and Revaluation of ESE	CIE for Subjects/ Projects, Discussion of IA Answer papers in class, Photocopy and Revaluation of ESE	CIE for Subjects/ Projects, Discussion of IA Answer papers in class, Photocopy and Revaluation of ESE, Open Day,	CIE for Subjects/ Projects, Discussion of IA Answer papers in class, Photocopy and Revaluation of ESE, Open Day,	CIE for Subjects/ Projects, Discussion of IA Answer papers in class, Photocopy and Revaluation of ESE, Open Day,
2.4	Application of Net Promoter Score (NPS) in evaluation of Student Satisfaction Survey (SSS)	Introduction of NPS in SSS	NPS \geq Threshold	NPS \geq Threshold	NPS \geq Threshold	NPS \geq Threshold

Goal 3: Promote core, interdisciplinary and collaborative research**3.1.** To strengthen research culture**3.2.** To enhance collaborative research with industry, academic and research institutions**3.3.** To create an ecosystem for entrepreneurship and incubation**3.4.** To enhance quality of research leading to publications in high impact journals and grant of Patent / Copyrights**3.5.** To encourage projects for societal benefits/ extension activities, consultancy, participation in competitions/events at national and international level**Goal 3 Measurable Strategic Objectives:**

Sr. No	Strategic Objectives	2020-21	2021-22	2022-23	2023-24	2024-25
3.1	No. of Research Related Trainings organised by the Institute	1	1	1	1	1
	No. of Research Conferences organised by the institute	1	1	1	1	1
	No. of Faculty attending Research Conferences	25	30	35	40	45
3.2	No. of Research Projects sponsored by Government/Non-Government	1	1	2	2	3
3.3	No. of Seminars/Workshops to encourage Entrepreneurship Development	2	2	2	2	2
	No. of projects incubated	2	2	3	3	4

	No. of functional MoUs signed with reputed industry and organisations to undertake joint research projects	2	2	3	3	4
3.4	No. of Research Papers published in Indexed- Journal	50	55	60	65	70
	No. of Research Papers presented in Conference	60	65	70	75	80
	No. of Patents	1	1	1	1	1
	No. of Copyrights	2	2	2	2	2
3.5	No. of Extension/ Outreach activities conducted by the Institute for sensitizing students to social issues	10	10	12	12	14
	% of students participating in extension activities	200	225	250	275	300
	No. of linkages of Institute for faculty exchange, student exchange, research	35	40	45	50	55

Goal 4: Maintain and enhance Infrastructure and Learning Resources for capacity building

- 4.1.** To strengthen infrastructure facilities for effective and efficient conduct of the curricular, co-curricular, extra-curricular and administrative activities
- 4.2.** To enhance the library holdings and technology-aided learning resources

Goal 4 Measurable Strategic Objectives:

Sr. No	Strategic Objectives	2020-21	2021-22	2022-23	2023-24	2024-25
4.1	Strengthening Campus Infrastructure	Lab Development	Restructuring of IT infrastructure	Innovation Lab	Laboratory with Centre of Excellence	Laboratory with Centre of Excellence
	No. of classrooms and seminar halls with ICT Enabled	50	50	52	52	54
4.2	Library Resources (E books)	1000	1025	1050	1075	1100

Goal 5: Holistic Development of students and imparting lifelong learning skills

- 5.1 To enrich the student support measures
- 5.2 To facilitate optimal student progression
- 5.3 To foster alumni engagement

Goal 5 Measurable Strategic Objectives:

Sr. No	Strategic Objectives	2020-21	2021-22	2022-23	2023-24	2024-25
5.1	No. of capability enhancement and development schemes implemented	Training for competitive examinations, Career counselling, Soft skill development, Language lab, Bridge courses	Training for competitive examinations, Career Counselling, Soft Skill development, Language lab, Bridge courses	Training for competitive examinations, Career Counselling, Soft Skill development, Language lab, Bridge courses, Yoga and meditation	Training for competitive examinations, Career Counselling, Soft Skill development, Language lab, Bridge courses, Yoga and meditation	Training for competitive examinations, Career Counselling, Soft Skill development, Language lab, Bridge courses, Yoga and meditation, Personal Counselling
5.2	% of students placed	70%	70%	75%	75%	80%

Goal 6: Robust Governance in planning and implementation of significant quality initiatives in congruence with the Vision, Mission and Values of the institute

- 6.1 To strengthen the participative management practices for coordinating academic and administrative planning and implementation effectively
- 6.2 To set and achieve strategic priorities by judicious evaluation of goals and measurable targets

6.3 To nurture the professional competence of the human resource in the institute

6.4 To ensure the optimum utilisation of financial resources

6.5 To sustain and improve the function of IQAC in the institute

Goal 6 Measurable Strategic Objectives:

Sr. No	Strategic Objectives	2020-21	2021-22	2022-23	2023-24	2024-25
6.1	Strengthening the existing systems and procedures	Application for Autonomy	Accreditation for INFT/CMPN and reaccreditation for ETRX/EXTC and BIOM	Implementation of Autonomy	Implementation of Autonomy	Implementation of Autonomy
	Review and update the organizational standard operating processes	Updation of SOPs	Updation of SOPs	Updation of SOPs	Updation of SOPs	Updation of SOPs
6.2	Strategic Plan Deployment Review and Amendments	Semi annual review of deployment	Semi annual review of deployment	Semi annual review of deployment, amendment if any	Semi annual review of deployment	Semi annual review of deployment
6.3	% Teachers attending professional development programs	70%	70%	75%	75%	80%
	Number of training programs organized by the institute for staff	20	22	24	26	28

Sr. No	Strategic Objectives	2020-21	2021-22	2022-23	2023-24	2024-25
	Performance Appraisal of teaching and non-teaching staff members	Revision in PA Form	Implementation of Revised PA form	Implementation of Revised PA form	Implementation of Revised PA form	Implementation of Revised PA form
6.4	Financial Resource Mobilisation	Budgets and Financial Approvals	Budgets and Financial Approvals	Budgets and Financial Approvals	Budgets and Financial Approvals	Budgets and Financial Approvals
6.5	Implementation of quality assurance strategies and processes by IQAC	Review of teaching learning and administrative processes	Review of teaching learning and administrative processes	Review of teaching learning and administrative processes	Review of teaching learning and administrative processes	Review of teaching learning and administrative processes
	Number of quality initiatives by IQAC for promoting quality culture	50	55	60	65	70

Goal 7: Integrate and enhance the responsiveness of the institute pertinent to dynamic national and global context

- 7.1. To enhance the responsiveness of the institute towards the emerging challenges and pressing issues
- 7.2. Benchmarking of best practices for developing distinctive characteristic that grows into recognizable attribute

Sr. No	Strategic Objectives	2020-21	2021-22	2022-23	2023-24	2024-25
7.1	No. of programmes that promote	05	05	06	06	07

	(cultural, regional, linguistic, socio-economic diversities)					

Academics

VIT offers the following Full time courses approved by All India Council of Technical Education (AICTE), Directorate of Technical education (DTE), Government of Maharashtra and affiliated to University of Mumbai

Programs Offered

Details	Branch	Intake
UNDERGRADUATE First Year Engineering (FE)	Information Technology (INFT)	120
	Computer Engineering (CMPN)	120
	Electronics Engineering (ETRX)*	120
	Electronics and Telecommunication Engineering (EXTC)*	120
	Bio-Medical Engineering(BIOM)*	60
UNDERGRADUATE Direct Second Year Engineering (DSY)	Information Technology (INFT)	Existing vacancies+LE
	Computer Engineering (CMPN)	Existing vacancies+LE
	Electronics Engineering (ETRX)*	Existing vacancies+LE
	Electronics and Telecommunication Engineering (EXTC)*	Existing vacancies+LE
	Bio-Medical Engineering(BIOM)*	Existing vacancies+LE
POST-GRADUATE Master of Engineering(ME)	Information Technology (INFT)	18
	Computer Engineering (CMPN)	18
	Electronics and Telecommunication Engineering (EXTC)	18

POST-GRADUATE	Master of Management Studies	120
Ph.D. (Technology)	Computer Engineering (CMPN)	10

'*': Accredited by National Board of Accreditation(NBA) for three years w.e.f. 01 July 2016.

Status of Admissions for the Academic Year 2020-21

FE Orientation Program

The Department of First Year Engineering had organized a four weeks online 'Student Induction Program' from 18 January to 13 February 2021 on the VIT's YouTube channel with an objective to make the new students adjust and feel comfortable in the new environment, inculcate in them the ethos and culture of the institution, to help them build bonds with other students and faculty members, and expose them to a sense of larger purpose and self-exploration.

This program comprised of various sessions to acclimatize new entrants to their new roles and environment. It enabled our First Year students to learn about various institutional policies, processes, practices, culture and values.

Some snapshots of this program –

Orientation Programme for First Year Engineering students AY 2020-21

Orientation Programme for First Year Engineering students AY 2020-21

Orientation Programme

Academic Initiatives

- Additional Lectures planned and conducted in this semester in three phases week0, week 1 , only lectures for difficult subjects, week2 onwards
- **Mission 100-** Additional lectures during regular lecture practical course of study for FE and DSY for special subjects like Mathematics,
- **Tests/Preliminary Exam:** Additional tests Preliminary exams for FE and DSY students.
- **Remedial lecture** –Additional lectures/Tutorial sessions for Students having drop and KT
- **Best Workshop Practices-**Development of various kits related to branch of study of the students in Workshop.
- **V! Tutorial** – A software based application designed by our faculty with inputs from mathematics staff is used for generating tutorial Question randomly.
- Encouragement to students to participate in various competitions
- Lecture Capture Initiative & Usage of Digital Contents
- **Mini- Projects, Guest Lectures , Seminars, Workshops & Industrial Visits**
- **Internships at Industry & at VIT**
- **Online Course as part of Assignment in one subject for Third year students (MOOCS, COURSERA, UDACITY etc.)**

Faculty

Bill Gates asserts, "Technology is just a tool. In terms of getting the students working together and motivating them, the Teacher is most important." VIT currently has a rich pool of 130+ highly qualified Teaching Staff who serve 3000+ students.

List of Faculty

Sr. No	Name Of The Teacher	Designation	Department
1	Ajay Rajendra Dhruv	Assistant Professor	Information Technology
2	Ajitkumar Ravindra Khachane	Associate Professor	Information Technology
3	Akhil Ulhas Masurkar	Assistant Professor	Electronics Engineering
4	Akshatha Hari Bhat	Assistant Professor	Electronics Engineering
5	Akshay Vijay Loke	Assistant Professor	Information Technology
6	Amaya Anand Pethe	Assistant Professor	Electronics Engineering
7	Ambadas Vinayakrao Deshmukh	Assistant Professor	Applied Mathamatics
8	Amey Subhash Revandkar	Assistant Professor	Electronics And Telecommunication Engineering
9	Ameya Gharpure	Assistant Professor	Management Studies
10	Amit Kishor Nerurkar	Assistant Professor	Computer Engineering
11	Amit Padmakar Oak	Professor	Management Studies
12	Amit Rakesh Maurya	Assistant Professor	Electronics And Telecommunication Engineering
13	Amit Tulsidas Aylani	Assistant Professor	Computer Engineering
14	Anand Ravindranath Tripathi	Assistant Professor	Electronics And Telecommunication Engineering

15	Anuradha Subhash Joshi	Assistant Professor	Electronics Engineering
16	Arpit Ashok Rawankar	Associate Professor	Electronics And Telecommunication Engineering
17	Arun Shankar Chavan	Professor	Computer Engineering
18	Arunkumar Ramcharan Ram	Assistant Professor	Biomedical Engineering
19	Ashish Kishor Shekhar	Assistant Professor	Electronics And Telecommunication Engineering
20	Atul Keshav Oak	Assistant Professor	Electronics And Telecommunication Engineering
21	Avinash Hiralalji Shrivastava	Assistant Professor	Computer Engineering
22	Beena Rajesh Ballal	Assistant Professor	Electronics And Telecommunication Engineering
23	Bhanu Gautam Tekwani	Assistant Professor	Information Technology
24	Dattatray Sujay Bade	Assistant Professor	Electronics And Telecommunication Engineering
25	Debarati Arijit Ghosal	Assistant Professor	Information Technology
26	Deepali Jagdish Shrikhande	Assistant Professor	Information Technology
27	Deepali Rahul Vora	Professor	Information Technology
28	Devendra Ramakant Pandit	Assistant Professor	Computer Engineering
29	Dhananjay Manohar Patel	Associate Professor	Electronics And Telecommunication Engineering
30	Dilip Arjundas Motwani	Associate Professor	Computer Engineering
31	Divya Prathmesh Surve	Assistant Professor	Computer Engineering
32	Gajanan Dattatraya Nagare	Professor	Biomedical Engineering
33	Geetha Narayanan Thekkedath	Associate Professor	Biomedical Engineering
34	Girish Babaji Gidaye	Associate Professor	Electronics Engineering
35	Govind Shivajirao Mali	Assistant Professor	General Engineering
36	Harish Krishndutt Ojha	Assistant Professor	Electronics Engineering

37	Harshada Arun Rajale	Assistant Professor	Electronics And Telecommunication Engineering
38	Harshali Rajesh Rambade	Assistant Professor	Information Technology
39	Hemant Arjun Jadhav	Assistant Professor	Electronics And Telecommunication Engineering
40	Ichhanshu Omprakash Jaiswal	Assistant Professor	Information Technology
41	Indu Anoop	Assistant Professor	Information Technology
42	Ishan Chandrashekhar Upadhyay	Assistant Professor	General Engineering
43	Javed Rasul Patel	Assistant Professor	Electronics Engineering
44	Jay Kiran Bhatt	Assistant Professor	Management Studies
45	Jitendra Ramchandra Toravi	Professor	Biomedical Engineering
46	Jyotsna Ganghadhar Golhar	Associate Professor	Management Studies
47	Kanchan Ganesh Dhuri	Assistant Professor	Information Technology
48	Kavita Pankaj Shirsat	Assistant Professor	Computer Engineering
49	Komal Vilas Lawand	Assistant Professor	Biomedical Engineering
50	Mandar Ganesh Sohani	Associate Professor	Computer Engineering
51	Manish Sushil Mishra	Assistant Professor	General Engineering
52	Manoj Bhagwan Suryawanshi	Assistant Professor	Electronics Engineering
53	Mayurkumar Shankarlal Nanda	Assistant Professor	Electronics And Telecommunication Engineering
54	Meenakshi N.V.G.Nagendra Kumar Nandula	Assistant Professor	Humanities
55	Micky Bidyut Barua	Assistant Professor	Humanities
56	Mitalee Mayuresh Gangal	Assistant Professor	Humanities
57	Mohini Neil Kamat	Assistant Professor	Computer Engineering
58	Mohit Sanjeevkumar Gujar	Assistant Professor	Electronics And Telecommunication Engineering
59	Mr. Sachin Ramchandra Sawant	Assistant Professor	Management Studies
60	Mr. Shailesh Vittal Mhapuskar	Assistant Professor	Management Studies
61	Mr. Suhas Narayan Shinde	Assistant Professor	Management Studies

62	Nasir Husain Ansari	Assistant Professor	Applied Mathematics
63	Nayana Prakash Mahajan	Assistant Professor	Electronics Engineering
64	Neelam Gul Punjabi	Assistant Professor	Biomedical Engineering
65	Neha Ramakant Kudu	Assistant Professor	Information Technology
66	Nilima Sanjay Main	Assistant Professor	Applied Science
67	Nisy Elsa Mathew	Assistant Professor	Electronics Engineering
68	Pankaj Jagdish Vanwari	Assistant Professor	Computer Engineering
69	Poonam Sumeet Shah	Assistant Professor	Electronics Engineering
70	Prachi Jogendra Mujawar	Assistant Professor	Electronics Engineering
71	Prakash Jawanmal Parmar	Assistant Professor	Computer Engineering
72	Pranita Prasad Padhye	Assistant Professor	Electronics Engineering
73	Prathamesh Sharad Mestry	Assistant Professor	Electronics And Telecommunication Engineering
74	Pravin Bhalchandra Annadate	Associate Professor	Electronics Engineering
75	Pravin Ganpati Patil	Assistant Professor	Electronics And Telecommunication Engineering
76	Pravin Shivaji Gharge	Assistant Professor	Applied Science
77	Prita Kashinath Patil	Assistant Professor	Computer Engineering
78	Priyanka Ramesh Kumar Shrivastava	Assistant Professor	Biomedical Engineering
79	Rajashree Ameya Soman	Assistant Professor	Electronics Engineering
80	Rakshak Premsagar Sood	Assistant Professor	Electronics Engineering
81	Ranjana Raju Gite	Assistant Professor	Electronics And Telecommunication Engineering
82	Rasika Shirish Ransing	Assistant Professor	Computer Engineering
83	Ravindra Somnath Sangle	Assistant Professor	Computer Engineering
84	Renu Mann	Assistant Professor	Applied Science

85	Rohit Shekhar Barve	Assistant Professor	Information Technology
86	Rugved Vivek Deolekar	Assistant Professor	Computer Engineering
87	Rupesh Machindra Parthe	Assistant Professor	General Engineering
88	Sachin Murlidhar Bojewar	Professor	Computer Engineering
89	Sachin Shankarrao Deshpande	Associate Professor	Computer Engineering
90	Sampatrao Bhimrao Mali	Assistant Professor	Applied Mathamatics
91	Sangeeta Milind Joshi	Professor	Electronics Engineering
92	Sanjay Deonarayan Singh Thakur	Professor	Electronics And Telecommunication Engineering
93	Sanjeev Mewalal Dwivedi	Assistant Professor	Computer Engineering
94	Santosh Jotiram Jagtap	Assistant Professor	Electronics And Telecommunication Engineering
95	Santosh Purushottam Tamboli	Assistant Professor	Information Technology
96	Satendra Hanumant Mane	Assistant Professor	Electronics And Telecommunication Engineering
97	Saurabh Narendra Mehta	Professor	Electronics And Telecommunication Engineering
98	Savio Jerry Moraes	Assistant Professor	Electronics Engineering
99	Sayli Sharad Todkari	Assistant Professor	Electronics And Telecommunication Engineering
100	Sharvari Shashank Durve	Assistant Professor	Management Studies
101	Shashikant Sukalal Mahajan	Assistant Professor	Information Technology
102	Sheetal Sachin Patil	Assistant Professor	Electronics Engineering
103	Sheetal Vilas Mapare	Associate Professor	Electronics And Telecommunication Engineering
104	Shrikant Shrinath Velankar	Professor	Electronics Engineering
105	Shruti Navnidhi Kumar Agrawal	Assistant Professor	Information Technology
106	Smita Kishor Mukherjee	Assistant Professor	Management Studies

107	Sneha Manohar Annappanavar	Assistant Professor	Computer Engineering
108	Snehal Swapnil Ashtekar	Assistant Professor	Electronics And Telecommunication Engineering
109	Snehal Uttam Andhare	Assistant Professor	Computer Engineering
110	Sonaali Yatin Borkar	Assistant Professor	FE
111	Suja Jayachandrana	Assistant Professor	Computer Engineering
112	Sunil Arvind Patekar	Professor	Computer Engineering
113	Sunil Sudhir Kavatkar	Assistant Professor	Electronics Engineering
114	Suvarna Parshuram Bhat	Assistant Professor	Computer Engineering
115	Suvarna Yogesh Udgire	Assistant Professor	Biomedical Engineering
116	Swapnil Ashok Ashtekar	Assistant Professor	Electronics And Telecommunication Engineering
117	Swapnil Shivaji Sonawane	Assistant Professor	Computer Engineering
118	Swati Sunil Kumar Sinha	Associate Professor	Information Technology
119	Tejal Prabhas Page	Assistant Professor	Electronics And Telecommunication Engineering
120	Trupti Arvind Naik	Assistant Professor	Management Studies
121	Udaykumar Sahebrao Kashid	Assistant Professor	Applied Mathamatics
122	Ulka Shantanu Padwalkar	Assistant Professor	Electronics Engineering
123	Uma Jaishankar	Assistant Professor	Electronics Engineering
124	Umesh Laxman Kulkarni	Professor	Computer Engineering
125	Vaibhav Chandrakant Kshirsagar	Assistant Professor	Electronics And Telecommunication Engineering
126	Varsha Maheshwari	Assistant Professor	Management Studies
127	Varsha Vithal Bhosale	Associate Professor	Information Technology
128	Vibha Sandeep Wali	Assistant Professor	Electronics And Telecommunication Engineering
129	Vidya Dnyanoba Chitre	Assistant Professor	Information Technology
130	Vijay Mohanlal Purohit	Assistant Professor	Electronics And Telecommunication Engineering

131	Vinita Vikram Bhandiwad	Assistant Professor	Information Technology
132	Vipul Dipakbhai Dalal	Associate Professor	Computer Engineering
133	Vishwas Maruti Patil	Assistant Professor	Applied Mathamatics
134	Vivek Padmanabh Patkar	Assistant Professor	Electronics Engineering
135	Yash Deepak Shah	Assistant Professor	Information Technology

Staffing Pattern

Staffing Pattern with respect to work load, filled and vacant posts, creation of posts teaching and non-teaching with desired qualifications/Specialization for the academic year 2019-20 was completed & the current status is as given below.

- Interviews are conducted by duly constituted committee at institute level for appointment of teaching and non-teaching staff at various positions for the A.Y. 2019-20.
- Appointments done for 2020-21 till date:

Faculty count as per designation:

Designation	Count
Professor	12
Associate Professor	13
Assistant Professor	111

Non-Teaching :

Sr. No.	Designation	Count
1	Non-Teaching(Head Positions)	8
2	Laboratory	20
3	Administration	20
4	Library	2
5	Support(Internal)*	14
6	Sports	-

*: Additional Staff hired from External Agency

Contract Completion:

Sr. No.	Name of Staff	Department	Designation	Date of Resignation
1	Poonam Shah	Electronics Engineering	Assistant Professor	31.05.2021
2	Savio Moraes	Electronics Engineering	Assistant Professor	31.05.2021

Resignations for the Academic Year 2020-21(1st June to till date)			
Name of Staff	Department	Designation	Date of Resignation
Anjali Prashant Deshpande	Electronics Engineering	Professor & HOD	10.09.2020
Devalapura N. Krishna	General Engineering	Placement Officer	10.09.2020
Anahita Gordan Garrad	Applied Mathematics	Assistant Professor	02.11.2020
Anuja Gote	Information Technology	Assistant Professor	01.01.2021
Swati Sharma	Information Technology	Assistant Professor	12.01.2021
Prathamesh Indulkar	Electronics & Telecommunication Engineering	Assistant Professor	25.01.2021
Arpita Raut	Information Technology	Assistant Professor	01.03.2021
Ajay Dhruv	Information Technology	Assistant Professor	05.04.2021
Swati Sinha	Information Technology	Associate Professor	01.05.2021
Prathamesh Mestry	Electronics & Telecommunication Engineering	Assistant Professor	03.05.2021
Rugved Deolekar	Computer Engineering	Assistant Professor	24.05.2021
Deepali Vora	Information Technology	Professor	02.06.2021
Mohini Chaudhari	Computer Engineering	Assistant Professor	24.06.2021
Prachi Mujawar	Electronics Engineering	Assistant Professor	30.06.2021
Non-Teaching			
Swati Suresh Jadhav	Principal Office	Administrative Executive	08.10.2020
Kartik Gohil	Computer Engineering	Laboratory Staff	04.01.2021
Sangita Kokate	Human Resource	Administrative Executive	01.03.2021

Akshay Surve	Electronics Engineering	Administrative Executive	01.03.2021
Shweta Gotal	Electronics & Telecommunication	Administrative Executive	16.07.2021

Pursuing/Completed Higher Studies in last one year

Faculty – Pursuing Higher Studies

Sr. No.	Name of The Faculty	Department of Faculty	Higher Education
1.	Prof. Shruti Agarwal	Information Technology	PhD
2.	Prof. Rasika Ransing		PhD
3.	Prof. Avinash Shrivasa	Department of Computer Engineering	PhD
4.	Prof. Sanjeev Dwivedi		PhD
5.	Prof. Ravindra Sangle		PhD
6.	Prof. Sneha Annapanavar		PhD
7.	Prof. Suvarna Bhat		PhD
8.	Prof. Suja Jayachandran		PhD
9.	Prof. Divya Surve		PhD
10.	Prof. Snehal Andhare		PhD
11.	Prof. Prita Patil		PhD
12.	Prof. Girish Gidaye		Department of Electronics Engineering
13.	Prof. Akhil Masurkar	PhD	
14.	Prof. Sheetal Patil	PhD	
15.	Prof. Uma Jaishankar	PhD	
16.	Prof. Vivek Patkar	PhD	
17.	Prof. Akshatha Bhat	PhD	
18.	Prof. Sunil Kavatkar	PhD	
19.	Prof. Atul Oak	Department of Electronics & Telecom Engineering	
20.	Prof. Dattatrey Bade		PhD
21.	Prof. Hemant Jadhav		PhD
22.	Prof. Ambadas Deshmukh	FE	PhD
23.	Prof. Ishan Upadhyay		PhD
24.	Prof. Nilima Main		PhD
25.	Prof. Micky Barua	MMS	PhD
26.	Ms. Smita Mukherjee		PhD
27.	Ms. Trupti Naik		PhD
28.	Mr. Jay Bhatt		PhD
29.	Capt. Sachin Sawant		PhD

Research Publications

ODD SEM :

Information Technology:

Dr. Deepali Vora

- Published paper on Predicting students' academic performance: Levy search of cuckoo-based hybrid classification.
- International Journal of Grid and Utility Computing June 2020.

Prof. Vidya Chitre

- Published paper on "Proceeding of First Doctoral Symposium on Natural Computing Research"
- papers presented at First Doctoral Symposium on Natural Computing Research (DSNCR 2020), held during 8 August 2020
- The book focuses on computer vision and applications, soft computing, security for Internet of Things, security in heterogeneous networks, signal processing, intelligent transportation system, VLSI design and embedded systems, privacy and confidentiality, big data and cloud computing, bioinformatics and systems biology, remote healthcare, software security, mobile and pervasive computing, biometrics-based authentication, natural language processing, analysis and verification techniques, large scale networking, distributed systems, digital forensics, and human-computer interaction.

Prof. Santosh Tamboli :-

- Has published paper on "Implementation of Proximity Marketing Leveraging Bluetooth Low energy" 4th International Conference on Trends in Electronics and Informatics (ICOEI) held on 01-06-2020.

Prof. Deepali Shrikhande:-

- Sentiment Analysis of Amazon Reviews International Journal of trends in Research and development- IJTRD.

Computer Engineering:

- **Dr. Umesh Kulkarni:** "Implementation of Ethereum Request for Comment (ERC20) Token" at 3rd International Conference on Advance in Science and Technology (ICAST-2020).
- **Prof. Kavita Shirsat:** "Social sites mental disorder detection via online social media mining using machine learning framework", Journal of emerging technologies and innovative research (JETIR) & in International journal of research in electronics and computer engineering.
- **Prof. Sneha Annapanavar:** "A Comparative Approach for Cllick Bait Detection Using Deep Learning" at IEEE.
- **Prof. Amit Nerurkar:** "Intelligent Parking System" at International Journal of Scientific Research in Engineering and Management.

Biomedical Engineering:

- Certificate of Appreciation is given to Prof. Geetha Narayanan for presenting the paper entitled Bedsore Prevention using Pneumatic Controls at "6th International Conference on Electronics, Computing and Communication Technologies", IEEE CONECCT 2020 organised by IEEE Bangalore Section from 2nd to 4th July, 2020.
- Certificate of Appreciation is given to Prof. Geetha Narayanan for presenting the paper entitled Wireless Stethoscope with Bluetooth Technology at 2020 International Conference on Computational Performance Evaluation (ComPE), IEEE CONECCT 2020 organised by IEEE Bangalore Section from 2nd to 4th July, 2020.

Workshops & STTPs attended & conducted by faculties:

ODD SEM:

Department of Information Technology:

[AICTE Training And Learning (ATAL) Academy]

- Prof. Ajitkumar Khachane Participated & Completed Successfully AICTE Training And Learning (ATAL) Academy Online FDP on "Design Thinking" from 07/12/2020 to 11/12/2020.

[Modern Educational Tools & Pedagogical Practices for Online Teaching]

- Prof. Harshali Rambade has participated in one week faculty development program from 21.06.2020 to 25.06.2020.

[V – HACKATHON]

- Prof. Harshali Rambade has participated in "V-Hackathon" organized by Vidyalankar Institute of Technology, Mumbai conducted on 31st October 2020 and 1st November 2020.

[Cyber Security and Ethical Hacking]

- Prof. Vinita Bhandiwad
- Topic :- Cyber Security and Ethical Hacking
- Date :- 10/07/2020
- Conducted By :- IBM INDIA UNIVERSITY RELATIONS

[Introduction to Industry 4.0 and Industrial Internet of Things]

- Prof. Rasika Ransing participated & successfully Training And Learning Introduction to Industry 4.0 and Industrial Internet of Things Sept 2020.

[AICTE Training And Learning (ATAL) Academy]

- Prof. Santosh Tamboli participated & completed successfully AICTE Training And Learning (ATAL) Academy Online FDP on "Block chain" at

[GREYAT @M]

- Prof. Santosh Tamboli participated & completed successfully Completion of Banking Project: Predict if the client will subscribe to a term deposit based on the analysis of the marketing campaigns November 2020.

[ORACLE DB & SQL]

- Prof. Santosh Tamboli successfully organizing & conducting the Value Added (VAA) Program in Oracle DB & SQL December 2020.

[Crowd Funding Mentoring Program]

- Prof. Neha Kudu for participation in 5-day Crowd Funding Mentoring Program organised by Vidyalankar Institute of Technology.

[Ethical Hacking using Kali]

- Prof. Vinita Bhandiwad participated in ethical hacking using kali on 3 rd August – 7 th August 2020.

[(ATAL) Academy Online FDP on "Block chain]

- Prof. Santosh Tamboli participated & completed successfully Completion of Academy Online FDP on "Block chain from 14-12-2020 to 18-12-2020.

[ATAL FDP on Block chain]

- Prof. Indu Anoop participated & completed successfully Completion of Academy Online FDP on "Block chain from Dec 14-18th 2020

[NPTEL-AICTE]

- Prof. Rasika Ransing participated & completed successfully Completion Faculty Development Program of NPTEL-AICTE from Introduction to Industry 4.0 and Industrial Internet of Things Dec-2020.

[Developing Secure IOT Applications]

- Prof. Rasika Ransing participated & completed successfully Completion of Developing Secure IOT Applications" held during 14.12.2020 to 19.12.2020 organized by Shah & Anchor Kutchhi Engineering College, Mumbai.

[AICTE Training And Learning (ATAL)]

- Prof. Deepali Shrikhande Participated & completed successfully AICTE Training And Learning (ATAL) Academy Online FDP on "Design Thinking" from 2020-12-7 to 2020-12-11 at Vidyalankar Institute of Technology.

[EnCypher 20]

- Dr. Dilip Motwani Participation in EnCypher 20 from 2 November 2020 to 7 November 2020.

[Ethical Hacking using Kali Linux]

- Prof. Vinita Bhandiwad attending a 5-days Hands-On workshop in “Ethical Hacking using Kali Linux” organized by the Department of Computer Engineering from 3rd August – 7th August 2020.

[Blockchainheld]

- Prof. Indu Anoop faculty of Vidyalkar Institute of Technology, Mumbai has participated in the Faculty Development Program on Blockchainheld on 3 Oct 2020 using Digital Platform

[Block chain]

- Prof. Indu Anoop Participated & completed successfully AICTE Training And Learning (ATAL) Academy Online FDP on "Block chain" from 2020-12-14 to 2020-12-18 at bharati vidyapeeth college of engineering.

[Deep Learning Theory and Application for Engineers]

- Ajay Dhruv Participated & completed successfully Training And Learning on Deep Learning Theory and Application for Engineers on 21st Dec 2020 VJTI.

Department of Electronics Engineering:

- Dr. Anjali Deshpande - Was called as Panelist if “Virtual Conference Organizer’s Panel” arranged by IEEE TENSYP2020
- Dr. Sangeeta Joshi – Was nominated as a State Council member on Women's Indian Chamber of Commerce and Industry for Higher Education WICCI.
- Prof. Pravin Annadate - Participated in “VHakathon 2020”
- Prof. Uma Jaishankar –
 1. An IBM project “Chatbot to Assist Online Shopping for Essentials During Pandemic Using Watson Assistant” was performed.
 2. Participated in “VHakathon 2020” Shopping for Essentials During Pandemic Using Watson Assistant” was performed.
- Prof. Javed Patel - An IBM project “Chatbot to Assist Online Shopping for Essentials During Pandemic Using Watson Assistant” was performed.
- Prof. Amaya Pethe - An IBM project “Chatbot to Assist Online Shopping for Essentials During Pandemic Using Watson Assistant” was performed.
- Prof. Rakshak Sood - An IBM project “Chatbot to Assist Online Shopping for Essentials During Pandemic Using Watson Assistant” was performed.
- Prof. Manoj Suryavanshi - An IBM project “Chatbot to Assist Online Shopping for Essentials During Pandemic Using Watson Assistant” was performed.
- Prof. Nayana Mahajan - An IBM project “Chatbot to Assist Online Shopping for Essentials During Pandemic Using Watson Assistant” was performed.
- Prof. Poonam Shah –

1. An IBM project "Chatbot to Assist Online Shopping for Essentials During Pandemic Using Watson Assistant" was performed.
 2. Participated in "VHakathon 2020"
- Prof. Prachi Mujawar - An IBM project "Chatbot to Assist Online Shopping for Essentials During Pandemic Using Watson Assistant" was performed.
 - Prof. Sunil Kavatkar - An IBM project "Chatbot to Assist Online Shopping for Essentials During Pandemic Using Watson Assistant" was performed.
 - Prof. Rajashree Soman - An IBM project "Chatbot to Assist Online Shopping for Essentials During Pandemic Using Watson Assistant" was performed.
 - Prof. Nisy Mathew - An IBM project "Chatbot to Assist Online Shopping for Essentials During Pandemic Using Watson Assistant" was performed.
 - Prof. Akshatha Bhat - An IBM project "Chatbot to Assist Online Shopping for Essentials During Pandemic Using Watson Assistant" was performed.
 - Prof. Vivek Patkar -
 1. An IBM project "Chatbot to Assist Online Shopping for Essentials During Pandemic Using Watson Assistant" was performed.
 2. Participated in "VHakathon 2020"
 - Prof. Savio Moraes - An IBM project "Chatbot to Assist Online Shopping for Essentials during Pandemic Using Watson Assistant" was performed.
 - Prof. Anuradha Joshi- Performed IBM project on "Smart Office Assistant powered by Watson assistant".
 - Prof. Sheetal Patil- Performed IBM project on "Breast Cancer Prediction"
 - Prof. Ulka Padwalkar- Performed IBM project on "Home Automation using IoT"
 - Prof. Pranita Padhye - An IBM project "Chatbot to Assist Online.

Biomedical Engineering:

- Dr. Jitendra Toravi has received certificate of appreciation as an expert panel member for V-Hackthon organized by VIT on 31st October 2020 and 1st November 2020.
- Dr Jitendra Toravi has successfully attended the webinar on 3D Modeling and Printing held on 17th October 2020.
- Dr. Jitendra Toravi has participated in the webinar on Impact of 3D printing in Biomedical Engineering held on 15th September 2020.
- Dr. Jitendra Toravi has successfully attended the webinar on Indian Healthcare System: Technology and Data privacy Issues held on 3rd October, 2020.
- Dr. Jitendra Toravi has successfully attended the workshop on RASPBERRY PI held on 21st September 2020.
- Dr. Jitendra Toravi has participated in the Faculty Development program on Blockchain held on 3rd October 2020.

- Prof. Suvarna Udgire has participated in “Two Day International FDP on High Impact Teaching Skills and Mind Mapping for better teaching” held on 19th & 20th August 2020.
- Prof. Suvarna Udgire has participated in International Faculty Development Program on “Future Advancements and Applications of Internet of Things” organized by EXTC department of Sandip Institute of Engineering & Management Nashik from 12/06/2020 to 14/06/2020.
- Prof. Suvarna Udgire has participated in FDP in association with VIT on E-content on 25th June 2020.
- Prof. Suvarna Udgire has participated in One Week Faculty Development Program on “Modern Educational Tools and Pedagogical Practices for online Teaching” held on 21st to 25th June 2020.
- Prof. Arunkumar Ram has successfully completed Game –Theoretic Solution concept with Spread Sheets held on 7th Dec, 2020.
- Prof. Arunkumar Ram has successfully completed course of Microsoft Teams Essential Training on 28th July, 2020
- Prof. Arunkumar Ram has successfully completed course on PowerPoint: Designing Better Slides on 24th July, 2020.
- Prof. Arunkumar Ram has successfully completed course on Tips for Working Remotely on 24th July, 2020.
- Prof. Arunkumar Ram has successfully completed course on Train the Trainer on 24th July, 2020.
- Prof. Arunkumar Ram has presented and published a research paper entitled Road Accident Analysis and Arduino Based Alert System in Asian Journal of Convergence in Technology.
- Prof. Arunkumar Ram has successfully completed course on Transfer Learning for NLP with TensorFlow Hub held on 17th Dec, 2020.
- Prof. Arunkumar Ram has successfully attended webinar on Impact of 3D printing in Biomedical Engineering held on 15th September, 2020.
- Prof. Arunkumar Ram has participated in an interview session on Challenges in Developing and Launching a product in pandemic times held on 11th September 2020.
- Prof. Arunkumar Ram has participated in the Faculty Development program on Blokchain held on 3rd October 2020.
- Prof. Arunkumar Ram has successfully attended webinar on Indian Healthcare System: Technology and Data Privacy Issues held on 3rd October 2020.
- Prof. Geetha Narayanan received Letter of Appreciation for Conducting VLAB Orientation Workshop.
- Prof. Geetha Narayanan successfully completed AICTE Training and Learning (ATAL) Academy online FDP on Design Thinking from 7th Dec, 2020 to 11th Dec 2020.
- Prof. Geetha Narayanan has participated in the Faculty Development program on Blokchain held on 3rd October 2020.
- Prof. Geetha Narayanan has successfully completed 5 days Crowd Funding Mentoring Program from 30th Nov. 2020 till 5th Dec, 2020.

- Prof. Geetha Narayanan has successfully completed course on Machine Learning Pipelines with Azure ML Studio held on 5th Dec, 2020.
- Prof. Geetha Narayanan has successfully completed course on Product Design: Designing a modern table lamp using SketchUp held on 7th Dec, 2020.
- Prof. Geetha Narayanan has successfully completed course on Compose and Program Music in Python using Earsketch held on 10th Dec, 2020.
- Prof. Komal Lawand has participated in “V-Hackthon” organized by VIT conducted on 31st October and 1st November 2020.
- Prof. Komal Lawand has participated in Guru Cool Program (6 days Training on Emerging Technologies followed by a Project Build-a-Thon) conducted by IBM India University Relations on September-October 2020.
- Prof. Komal Lawand has successfully completed course on ML0101EN: Machine Learning with Python: A Practical Introduction conducted on 1st July 2020.
- Prof. Neelam Punjabi has participated in an interactive session on Challenges in Developing and launching a product in pandemic times held on 11th September 2020.
- Prof. Neelam Punjabi has successfully completed workshop on “Microsoft Application for Education” organized by IT Department of VIT conducted on 20th June 2020.
- Prof. Neelam Punjabi has successfully completed course on Machine Learning Pipelines with Azure ML Studio held on 17th Dec, 2020.
- Prof. Neelam Punjabi has successfully completed course on Product Design: Designing a modern table lamp using SketchUp held on 18th Dec, 2020.
- Prof. Neelam Punjabi has successfully completed course on Compose and Program Music in Python using Earsketch held on 18th Dec, 2020.
- Prof. Priyanka Shrivastava has participated in the workshop on “Automated External Deliberation” conducted on 14th September 2020.
- Prof. Priyanka Shrivastava has participated in an interactive session on Challenges in Developing and launching a product in pandemic times held on 11th September 2020.

EVEN SEM:

Department of Information Technology: (16)

Prof. Rasika Ransing :-

- Participated & Completed Successfully Training & Learning online course on “Professional Ethics Sustainability” for Even Semester.
- Participated & Completed Successfully Training & Learning online course on “Instructional Planning and Delivery” for Even Semester.
- participated & Completed Successfully Training & Learning online course on “Instructional Planning and Delivery” for Even Semester

- Participated & Completed Successfully Training & Learning online course on "Technology Enabled Learning and Life-long Self-learning" for Even Semester.
- Participated & Completed Successfully Training & Learning online course on "[Introduction to Industry 4.0 and Industrial Internet of Things].

Prof. Yash Shah :-

- Participated & Completed Successfully Training & Learning online course on "Institutional Management & Administrative Procedures" for Even Semester.
- Participated & Completed Successfully Training & Learning online FDP on "Block chain" specified process of AICTE Training and Learning (ATAL) Academy. Understand the Block chain Architectures implementations. Gain the knowledge of Bit coin, transactions and Crypto Currencies. 14/01/2021 to 18/01/2021.

Prof. Vidya Chitre :-

- Has attended online FDP on "Research Funding Projects & IPR [Part II]" organized by R & D Cell, IQAC from 7th June 2021 to 9th June 2021.

Prof. Deepali Vora :-

- Certificate of appreciation and has graced as the Keynote speaker of Online International Conference on Recent Advances in Deep Learning (ICRADL- 2021) Organized by the Department of Computer Science & Engineering, of Shri Vishnu Engineering College for Women (Autonomous) during 29-31, January, 2021 and delivered an Expert talk on "Moving from Machine Learning to Deep Learning." on 29, January 2021.
- Participated on 13th January 2021 Editorial Discovery International Journal of Big Data Intelligence and Applications (IJDIA) as a reviewer. The Editor-in-Chief has determined that expertise is a good fit for this journal and has added to the journal's list of ad hoc reviewers. Upon the completion of 2-3 quality and timely reviews, ad hoc reviewers have the potential to be promoted to full editorial review board member.

Prof. Santosh Tamboli :-

- Participated & completed successfully learning online FDP on "Machine Learning" from 08/01/2021 to 22/01/2021.

Prof. Kanchan Dhuri :-

- Participated & Completed Successfully (ATAL) Academy Training & Learning online FDP on "Cyber Security Vulnerabilities & Safeguards" from 17/05/2021 to 21/05/2021.

Prof. Ajitkumar Khachane :-

- Participated & Completed Successfully 5 days STTP ISTE Training And Learning (ATAL) Academy Online FDP on "Digital Transformation in Teaching Learning Process" from 18/01/2021 to 22/01/2021.
- Participated & completed successfully One day workshop Training online FDP on "MS Excel for effective organization of quantative metrics data of NAAC" on 15/05/2021.

Prof. Debarati Ghosal : -

- Participated & completed successfully One day workshop Training online FDP on “MS Excel for effective organization of quantative metrics data of NAAC” on 15/05/2021.
- Participated & Completed Successfully Training & Learning Amity University online FDP on “Cyber Security Awareness” from 24/05/2021 to 28/05/2021.

Computer Engineering :**Dr. Sachin Bojewar:**

- Certificate of participation in one week STTP on “Disaster Management and Risk Reduction - A Geospatial Approach "Under Lead College Scheme Shivaji University Kolhapur.
- He was reviewed papers of the 4th International Conference on Advances in Science & Technology (ICAST 2021) organized by K. J. Somaiya.

Dr. Umesh Kulkarni:

- Certificate of participation five days Industrial Training Program on Data Science using Python Programming organized by IIPM Kansbahal, Odisha in association with PANTECH E LEARNING.
- Certificate of participation in E Quiz on Safe and Responsible Internet usage on Occasion of Safer Internet Day organized by K. J. Somaiya.
- Chapter published in a GRAD IOT book series.

Prof. Sneha Annapanavar:

- Successfully completed Agile Course organized by Industry Institute Interaction Committee.
- Successfully completed one week STTP on BLOCKCHAIN & IT'S APPLICATIONS (Phase – II) under the guidance of VESIT IQAC & VESIT IIC.

Prof. Suvarna Bhat:

- Certificate of participation for the paper titled “Fruit disease detection and pesticide recommendation system.” in International E-Conference on “Advances in Information Technology and Research” ICAITR-2021.
- Certificate of participation in STTP on Leveraging Artificial Intelligence and data analytic in health care at K.J.Somaiya Institute of Engineering and Information Technology.
- Successfully attended webinar on 'Teacher's role in national education policy (NEP) 2020 implementation.
- Successfully completed R2019 revised syllabus orientation program for Information Technology branch semester 4 for Computer Organization and Architecture subject
- Successfully attended webinar on 'Teacher's role in national education policy (NEP) 2020 implementation.
Successfully completed R2019 revised syllabus orientation program for Information Technology branch semester 4 for Computer Organization and Architecture subject

Prof. Amit Nerurkar:

- He was a Keynote Speaker at TEDxVIT conducted on May 15, 2021.

- He received best paper (first runners up) award in ICAITR 2021 organized in May 2021 for the paper "Malicious of URL using ML" with his BE students.
- Successfully attended 6-day ISTE approved Online Faculty Development Program (FDP) on "Cyber Security and Ethical Hacking" organized by the Department of Computer Engineering
- Successfully completed Specialization on Computer Communications of University of Colorado & using Git for Distributed Development & Introduction to TCP/IP of University of YONSEI from Coursera in January 2021.

Suja Jayachandran:

- Certificate of participation in the Guinness World Event most user to take an online Computer Programming lesson in 24 hours by GUVI.

Prof. Swapnil Sonawane:

- Certificate of participation for the paper titled "Procurement System Using Blockchain" in International E-Conference on "Advances in Information Technology and Research" ICAITR-2021.
- Successfully completed one week STTP on BLOCKCHAIN & IT'S APPLICATIONS (Phase – II) under the guidance of VESIT IQAC & VESIT IIC.
- Certificate of participation in a one day virtual workshop titled "Excel at MS Excel for Effective Organization of Quantitative Metrics data of NAAC" conducted by VIT.
- Certificate of participation in online FDP "Research Funding Projects & IPR part II" by R & D Cell, IQAC K. C. College.

Prof. Divya Surve:

- Successfully completed Agile Course organized by Industry Institute Interaction Committee.
- Enrolled four Courses in NITTTR & two courses in NPTEL.

Prof. Prita Patil:

- Successfully completed Agile Course organized by Industry Institute Interaction Committee.
- Successfully attended AICTE approved one week STTP on "Telecommunication Networks".
- Successfully attended webinar on "NEP 2020: Engineering Education".
- 'Judge' for 15th Inter-Collegiate/Institute/Department Avishkar Research Convention: 2020-21 organized by Mumbai University.
- Successfully attended FDP on Research, Funding Projects & IPR- Certificate Pending.
- Mentor of SIH-2020 Hardware Winning Team-Certificate.
- Evaluator for Toycathon organized by Govt. of India-Certificate.

Prof. Prakash Parmar:

- Certificate awarded for enlightening our Electronics Engineering and Electronics & Telecommunication Engineering students by imparting valuable information on GATE PREPARATION: Mantra for Success in Gate 2021 by Mahavir Education trust.

Prof Amit Aylani:

- Received appreciation letter from agriculture department hingoli, for BE project "Krushni Mitra Bot".

Electronics Engineering:

Dr. Arun Chavan

- Contributed as a reviewer for International Conference on Communication Information and Computing Technology (ICCICT-2021), in the track IoT, VLSI and Embedded System, Organized by Sardar Patel Institute of Technology, Mumbai

Dr. Sangeeta Joshi

- One Day Virtual Workshop Convener on Excel at "MS Excel" for effective organization of Quantitative Metrics data of NAAC on 15th May'21.

Prof. Uma Jaishankar

- Has successfully completed Agile Project: Product Prototype Touchpoint Analysis in Micro an online non-credit course authorized by Coursera Project Network and offered through Coursera.
- Has successfully completed Create a Professional Automated Landing Page using Mailchimp an online non-credit course authorized by Coursera Project Network and offered through Coursera.

Dr. Nayana Mahajan

- AICTE Sponsored International E- Conference on Advances in Information Technology and Research CERTIFICATE OF PARTICIPATION is presented to Dr. Nayana P. Mahajan for the paper titled "SMART ASSISTIVE NAVIGATION DEVICE FOR VISUALLY IMPAIRED PEOPLE" in International E-Conference on "Advances in Information Technology and Research" ICAITR-2021 organised by Vidyalkar Institute of Technology, Wadala, Mumbai, on May 31-June 1, 2021

Prof. Akhil Masurkar

- Coordinated the online training course on "Overview of Geoprocessing using Python" conducted by Indian Institute of Remote Sensing, Indian Space Research Organisation, Department of Space, Government of India.
- Coordinated the online training course on "Satellite based Navigation: A Journey from GPS to Mobile Phone Platform" conducted by Indian Institute of Remote Sensing, Indian Space Research Organisation, Department of Space, Government of India.

Prof. Akshatha Bhat

- E-program on "Ensuring Physical and Mental Well-being during COVID" organized by center of Excellence (CoE) in Complex Nonlinear Dynamical Systems (CNDS), Department of Electrical Engineering under TEQIP-III, VJTI, Mumbai between 27 Feb 2021 - 01 March 2021.
- Attended IRIS 2021, a flagship event conducted by IEEE, VIT held in the month of Feb 2021.
- Attended one week training program on Universal Human Values organized by AICTE between 30 May 2021 to 04 June 2021

Prof Ulka Padwalkar

- Participated in "EdTech Hackathon 2021" organized by IIT Bombay

Electronics & Telecommunication:

Dr. Sanjay Singh Thakur:

- Paper Publish in IEEE 2020, International Conference of Innovation in Technology. Paper Title - Interfacing of Gradient Amplifier System for Indigenous MRI using communication Interface Protocol.
- Asian Journal – Serial Rapid IO High Speed Optical interface Protocol for Indigenous MRI.
- Feb2021_Int Conf. CLTEM_Pune_Advisory Committee Member.
- 2021Feb_SessionChair_Int Conf_Dr. Sanjay Singh Thakur
- As Reviewer for Journal- Wireless Personal Communication (3 papers reviewed)
- As resource person for students to write resume, organized by TPO, VIT.
- Resource person for AICTE-STTP, organized by EXTC, VIT.
- Convener for AICTE-STTP, at EXTC, VIT, 3-8 May 2021.
- Convener for AICTE-STTP, at EXTC, VIT, proposed on 21-26 June 2021.
- Advisory Committee Member International Virtual Conference on Emerging Trends in Engineering and Management Sciences (ICETEMS-2021), Feb 2021, Pune.
- Appointed as Conference Session Chair to the ICLTEM-2021 on February 26th, 2021 at Amanora Park Town,Pune
- Advisory Committee Member International Virtual Conference on Emerging Trends in Engineering and Management Sciences (ICETEMS-2021), July 2021,Pune
- "International Advisory Committee member" for the "2nd International Conference on Science, Engineering and Management" which is being scheduled on 26th & 27th Aug 2021 in Colombo, Sri Lanka.
- Reviewer Springer Journal-Wireless Personal Communication, Feb and April 2021.
- Reviewer and Session Chair ICAITR 2021, May-June 2021.
- Resource Person to STTP on "Telecommunication Networks" VIT,May 2021.
- Convener, AICTE sponsored one week STTP , May 3-8 May 2021.
- Guest Speaker at PREC, Speech on Economics in Satellites.

Dr. Saurabh Mehta:

- Advisory Committee Member and Reviewer at ICCICT-2021.
- Inducted as Rotarian at Upper Kandivali Rotract Club, Mumbai
- Appointed as Mentor at Founder Institute, India.
- Advisory Committee Member CTFC 2021
- Organizing Chair, IEEE-IBSSC-2021 Conference
- Appointed as Secretary, IEEE TENSYMS-2022 Conference
- RBNQ Evaluator-2021-22
- Paper Publication at EQDC-2021 along with Prof.Meenaxi Nadula and Prof.Yash Shah
- Reviewer ICACC2021

- Session Chair ICAITR 2021
- Panel Member at Indian Express Education Conclave -2021.

Dr. Arpit Rawankar:

- International Paper Publication Paper Title "The Position & Trajectory Analysis of Combine effects of Bio-Muscle Contraction & Stretch".
- ILA Short Course-I, on "LASER: A Versatile Tool For Research and Technology Development" Organized by Indian Laser Association (ILA) and Shri Vaishnav Vidyapeeth Vishwavidyalaya (SVVV), Indore, on 10-11 February, 2021.
- Non Contact method for respiration rate measurement with optical interferometry, Anu Singh, Arpit Rawankar, CP-12-284, 29th DAE-BRNS National Laser Symposium (NLS-29), February 12-15, 2021, organized by Raja Ramanna Centre for Advanced Technology (RRCAT), Indore & Shri Vaishnav Vidyapeeth Vishwavidyalaya (SVVV),
- Estimation of precise concentration of N and NP compound fertilizers sample with laser interaction technique, Pooja Baikar, Arpit Rawankar, CP-06-283, 29th DAE-BRNS National Laser Symposium (NLS-29), February 12-15, 2021, organized by Raja Ramanna Centre for Advanced Technology (RRCAT), Indore & Shri Vaishnav Vidyapeeth Vishwavidyalaya (SVVV), Indore, India.
- Invited talk on Optical Technologies and Lab Session with LabVIEW Software, AICTE-ATAL Sponsored 5 day FDP on "Photonics for Green Energy Demands" 23 to 27 November, 2020, Thakur College of Engineering & Technology Mumbai.

Dr. Dhananjay Patel:

- Acceptance for Publication, Titled: Assessment of SSB, Modified-SSB and VSB Modulation Techniques based on Modulation Index, Extinction Ratio, Chromatic Dispersion and Received RF Power.
- Acceptance for Publication, Titled: Fiber and Integrated Optics.

Dr. Anand Tripathi:

- Participated for AICTE-STTP, at EXTC, VIT, 3-8 May 2021.

Prof. Pravin Patil:

- Certificates under Professional development (coursera courses).

Prof. Atul Oak:

- Participated in one day workshop "Excel at MS Excel for Effective Organization of Quantitative Metrics data of NAAC" conducted on 15th May 2021 by (VIT), Mumbai.
- Guest Speaker - conducted technical on-line guest session:
Date: 05.04.2021, Day: Monday, Institute: Xavier Institute of Engineering. Mahim, Mumbai, Time: 11.00AM to 1.00PM (2 hours), Target Audience: Students of S.E and T.E. of department of Electronics and Telecommunication.

Prof. Vijay Purohit:

- International Paper Publication Paper Title "The Position & Trajectory Analysis of Combine effects of Bio-Muscle Contraction & Stretch".
- Two days Workshop on LASE: A Versatile tool for research and Technology development, attended on 10th and Fe11th b 2021- Organized by ILA.
- PCB designing Workshop on 28-3-2021- Organized by ETSA and ISTE.
- Webinar- "*Success story of VIT Alumni Mr. Nilesh Modak*"- organized by Department of EXTC.

Prof. Dattatray Bade:

- Publication: 4th International Conference on Communication, Information and Computing Technology, ICCICT-2021, Mumbai paper titled as " Switchable Single/dual Notch Band Electromagnetic Band Gap Structure" will get published on IEEE Explorer.
- Resource person as Reviewer for 4th International Conference on Communication, Information and Computing Technology, ICCICT-2021, Mumbai.
- Resource Person for Guest Lecture in PVPPCOE Mumbai for Network Theory Subject.
- STTP attended: AICTE Sponsored one week online short-term training program on "Telecommunication Networks"
- Signals and Systems Mumbai University Orientation Attended for Jan- May 21 Sem-IV.
- As Sports Convener Organized V-Emperor Leg 1 and V-Emperor Leg 1 sports events, Two Friday Paathshala events
- As a Academic Coordinator : Toppers Certificate Distribution, Extra Care taken of DSY Students for Smooth conduction of Academics.

Prof. Santosh Jagtap:

- Certificate of Participation, One day workshop on "Excel at MS-Excel for effective organization of Quantitative Metric data of NAAC.
- Certificate of Appreciation, for organizing & conducting the value added activity (VAA) program in Virtual Instrumentation using LABVIEW.

Prof. Vibha Wali:

- Certificates under Professional development (coursera courses).

Prof Beena Ballal:

- Certificate of guest speaker of AICTE Sponsored One Week Online Short-term Training Program on Telecommunication Networks- under Institutional development folder.
- Certificates under Professional development (coursera courses).

Prof Vaibahv Kshirsagar:

- Achievement : FDP, May2021.

- Certificates under (coursera courses) Everyday Excel part 1 & 2, New Learning: principles & patterns of pedagogy, Statistics & mathematics for data science & analytics, Arduino step by step.
- Value Added Course – Computing with Excel (Resource Person)
- Development of youtube channel for RF & Microwave course.
- Development of e-resource for Teaching –Learning RF Design domain.
- Faculty project development – Mini Weather kiosk with IR Thermal Scanner.

Prof. Satendra Mane:

- Participated for AICTE-STTP, at EXTC, VIT, 3-8 May 2021.
- Conducted DVLSI lecture.

Prof. Swapnil Ashtekar:

- Attended AICTE Sponsored STTP on "Telecommunication Networks" organized by EXTC Department from 03-05-21 to 08-05-21.
- Attended AICTE Sponsored FDP on Universal Human Values-UHV from 31-05-21 to 04-06-21.

Prof Prathamesh Mestry:

- International Paper Publication Paper Title "The Position & Trajectory Analysis of Combine effects of Bio-Muscle Contraction & Stretch".
- Resource Person: STTP FDP, May2021.

Prof. Ashish Shekhar:

- International Paper Publication Paper Title "The Position & Trajectory Analysis of Combine effects of Bio-Muscle Contraction & Stretch".
- As Core team member Coordinated AICTE Sponsored STTP.

Prof. Amey Revandkar:

- Organized "Webinar on Scope, Ecosystem and Challenges in the domain of Social Entrepreneurship" on 13th March 2021.

Prof. Mayurkumar Nanda:

- ISTE & ETSA PCB Designing Workshop conducted on 28th March 2021 from 10:00 am to 3:00 pm on Microsoft teams.
- International Paper Publication Paper Title "The Position & Trajectory Analysis of Combine effects of Bio-Muscle Contraction & Stretch".

Prof Harshada Rajale:

- Coordinator for AICTE-STTP, at EXTC, VIT, 3-8 May 2021.

Prof. Amit Maurya:

- Certificate of Presentation for presenting paper entitled "Sorting of Objects Using Image Processing".
- Workshop on Antenna Designing Using MATLAB by Math works.
- Resource Person: Workshop on PCB, March 2021.
- One day workshop on "Excel at MS-Excel for effective organization of Quantitative Metric data of NAAC.
- Participant One week AICTE organized STTP on "Universal Human Values (UHV)".

Prof. Hemant Jadhav:

- International Paper Publication Paper Title "The Position & Trajectory Analysis of Combine effects of Bio-Muscle Contraction & Stretch".

Prof Snehal Ashtekar:

- As Core team member Coordinated AICTE Sponsored STTP and
- Attended AICTE Sponsored STTP on "Telecommunication Networks" organized by EXTC Department from 03-05-21 to 08-5-21.

Prof Mohit Gujar:

- International Paper Publication Paper Title "The Position & Trajectory Analysis of Combine effects of Bio-Muscle Contraction & Stretch".

Biomedical Engineering:

- Prof. Suvarna Udgire has successfully completed "Agile Course" organized by III Committee in association with Department of Computer Engineering of VIT in collaboration with TATA Consultancy from 11th Feb 2021 to 1st April 2021.
- Prof. Suvarna Udgire has attended online FDP on "Research Funding Projects & IPR (Part II)" organized by R & D Cell, IQAC, and Department of EXTC, Computers & IT from 7th June 2021 to 9th June 2021.
- All Biomedical Faculties has participated in all the events held during IMPULSE from 13th to 25th March 2021.
- All Biomedical Faculties has participated in One Day Workshop on "
- Technological Advancements and Challenges of Radiation based Techniques in Diagnosis and Therapy of Cancer" organized by VIT, on 20th March, 2021. All Biomedical Faculty has participated in One Day Workshop titled "Excel at MS Excel for Effective Organization of Quantitative Metrics data of NAAC" Conducted on 15th May 2021 by VIT.
- Prof. Arunkumar Ram has successfully cleared PET Exam conducted by Mumbai University.
- Prof. Geetha Narayanan has selected as Mentor for Virtual Lab Development by IIT Bombay.
- Prof. Geetha Narayan has appreciated by ICE Society's Degree College of Arts Science and Commerce, Ambernath to deliver an informative and thought provoking online lecture on "Virtual Lab: Simulation of digital Electronics Dept." held on 25th Feb. 2021.

- Prof. Geetha Narayan has appreciated by ICE Society's Degree College of Arts Science and Commerce, Ambarnath to conduct Mentor meeting on 25th March 2021. Prof. Harish Ojha started YouTube Channel for department.

Master of Management Studies :

- Ms. Trupti Naik invited as External Panelist for MMS Final Project VIVA at Lala Lajpatrai Institute of Management Studies, Mumbai on dt. 15.05.2021.
- Ms. Smita Mukherjee submitted Research paper in Journal name & detail: SAGE journal , Topic : Empowering and Directive Leadership: The Cost of Changing Styles dt.26.04.2021.
- Dr. Varsha Maheshwari attended webinar on "Achieving Financial Independence by Gaining Investment Knowledge" dt.27.02.2021 conducted by SEBI.
- Dr. Jyotsna Golhar invited as a session Chair for Technical session in VCMT 2021 theme of the conference is "Embracing Change and Transformation: Vision 2025". VCMT 2021, an Online International Multi-disciplinary conference dt.20.02.2021.
- Dr. Jyotsna Golhar conducted Webinar for Dr. Panjabrao Deshmukh Institute of Management Technology and Research Nagpur under HR Club activity dt. 05.02.2021
- Dr. Jyotsna Golhar invited by IEEE-VIT as **Mentor** for an entrepreneurship competition "Shark Tank" at IEEE-VIT's technical flagship event Voyager 2021 dt.27.03.2021.
- Dr. Jyotsna Golhar Conducted Webinar for Vidyalkar Polytechnic on "Communication-The key to corporate world" (For First- and Second-year students) under Personality Enrichment Committee dt.27.05.2021.
- Dr. Amit Oak completed NISM certification V-A in Financial Management.
- One Ph.d student completed successfully defended his theses under the guidance of Dr. Amit Oak.

Guest Lectures

Guest Speakers Invited to Various Departments at VIT in 2020-21

There are many developments and new concepts coming up in the technical field. To make the students aware of what is going on in market, what role will and should they play in the industry, all the departments of VIT invite guest speakers from other institutes and companies. Following is the list of all the guest lectures conducted in various departments at VIT campus:

ODD SEM :

Information Technology:

Wireless Security

- Topic :- Wireless Security
- Date :- 10th November 2020
- Name of Speaker :- Dr. Saurabh Patil
- [Xavier's Institute of Technology, Mumbai]
- Details of the Activity: - Wireless security is nothing but protecting computers, smartphones, tablets, laptops, and other portable devices along with the networks they are connected to, from threats and vulnerabilities associated with wireless computing. The objective of conducting the Guest Lecture is to make students aware and explore various security aspects and get trained or solve their queries from the expert who will be conducting the session.

Internet of Everything

- Topic :- Internet of Everything
- Date :- 19th November 2020
- Name of Speaker : - Mr. Pratik Meher
[Entrepreneur & Co-founder of Sakura Biotech LLP]
- Details of the Activity: - Internet of things (IoT) is the network of physical objects (things) that are embedded with sensors, software, and other technologies for the purpose of connecting and exchanging data with other devices and systems over the internet. It has evolved due to the convergence of multiple technologies, real-time analytics, machine learning, commodity sensors, and embedded systems. The objective of conducting the Guest Lecture is to make

students aware and introduce various available platforms to build IOT applications and solve their queries from the expert who will be conducting the session.

Neural Network and its types:- Need of today's IT World]

- Topic: - Neural Network and its types: - Need of today's IT World".
- Date :- 05th November, 2020
- Name of Speaker : - Mr. Siddhant Wade
- Details of the Activity: - Examples to understand the industry usage of machine learning. Application of neural networks. Reinforcement learning example. Example of medical imaging. Search space optimization problem example. Scope of deep learning in IT. General Salary structure in this profile.
- The aim of this talk was to make students understand the relevance of the elective "Soft Computing" specially in perspective of industry demands these days.

Computer Engineering:

- Guest Lecture for Semester V "Mobile networks Engineering and Opportunities in Mobile" by Mr. Omkar Pimple, on 5th August 2020.
- Guest Lecture for Semester V "MPEG compression" by Prof. Mandar Sohani, on 18th September 2020.
- Workshop for Semester III "Object oriented Programming using JAVA" by Prof. Swapnil Sonawane on 8th October 2020.

Electronics Engineering:

- Guest lecture on "Creating A Powerful First Impression Through Resume And LinkedIn Profile" for the subject of DLC for the Semester III by Ms. Ketki Mehta on 31st October ,2020
- Guest lecture on "Cyber Security" for the subject of DBMS for the Semester V by Mr. Swapnil Bodekar on 11th September ,2020
- Guest lecture on "Introduction to MOS and NAND Flash Devices" for the subject of ICT for the Semester VII by Mr. Himanshu Naik on 17th October ,2020
- Guest lecture on "DSP applications Using Matlab APPs" for the subject of DSP for the Semester VII

Biomedical Engineering:

- Guest Lecture arranged by Prof. Arunkumar Ram for Biomedical Students on "Biosensor" by Mr. Dr. Reshma Bharadwaj (Scientific Writer, SpOvum Technologies Pvt Ltd.) on 22nd November 2020.
- Guest Lecture arranged by Prof. Geetha Narayanan for Final Year Biomedical Students on "Multi Robot Systems for Surveillance Application" by Mr. Aseem Borkar on 28th October, 2020.

- Guest Lecture arranged by Prof. Geetha Narayanan for Biomedical Students on “Introduction to MOS and NAND Flash Device” by Mr. Himanshu Naik, SSD Design Engineer, Micron, Folsom, California on 17th October, 2020.

First Year Engineering : 01

MMS:

MMS department arranged Guest lecture for Sem III Students :

- Subject guest lecture for Sem III students on “Labour Laws and Implication on IR” by Mr. Pradeep Gogte dt.18.9.2020.
- Subject guest lecture for Sem III students on “Labour Laws and Implication on IR” by Mr. Pradeep Gogte dt.25.9.2020.
- Subject guest lecture for Sem III students on “Labour Laws and Implication on IR” by Mr. Pradeep Gogte dt.09.10.2020.
- Subject guest lecture for Sem III students on “Labour Laws and Implication on IR” by Ms. Vaibhavi Oak dt.16.10.2020.
- Subject guest lecture for Sem III students on “Service Operation Management” by Mr.Sanket Deo dt.27.09.2020.
- Subject guest lecture for Sem III students on “Materials Management” by Mr. Awesh Bhornya dt.03.09.2020.
- Subject guest lecture for Sem III students on “Marketing Strategy” by Dr. Radhakrishnan Jagannath dt.24.07.2020.
- Subject guest lecture for Sem III students on “Marketing Strategy” by Dr. Radhakrishnan Jagannath dt.31.08.2020.
- Subject guest lecture for Sem III students on “Services Marketing” by Mr. Prasanna Joshi dt.09.09.2020.
- Subject guest lecture for Sem III students on “Services Marketing” by Mr. Prasanna Joshi dt.11.09.2020.
- Subject guest lecture for Sem III students on “Services Marketing” by Mr. Prasanna Joshi dt.16.09.2020.
- Subject guest lecture for Sem III students on “Services Marketing” by Mr. Dhananjay Parchure dt.18.09.2020.
- Subject guest lecture for Sem III students on “Services Marketing” by Mr. Dhananjay Parchure dt.23.09.2020.
- Subject guest lecture for Sem III students on “Services Marketing” by Mr. Amol Sheogankar dt.07.10.2020.
- Subject guest lecture for Sem III students on “Services Marketing” by Mr. Amol Sheogankar dt.08.10.2020.

- Subject guest lecture for Sem III students on “Services Marketing” by Mr. Amol Sheogankar dt.21.10.2020.
- Subject guest lecture for Sem III students on “Services Marketing” by Mr. Amol Sheogankar dt.23.10.2020.
- Subject guest lecture for Sem III students on “Services Marketing” by Mr. Nilesh Deshpande dt.14.10.2020.
- Subject guest lecture for Sem III students on “Services Marketing” by Mr. Nilesh Deshpande dt.17.10.2020.
- Subject guest lecture for Sem III students on “SAPM” by Mr. Chaitanya Joshi dt.19.09.2020.
- Subject guest lecture for Sem III students on “SAPM” by Mr. Chaitanya Joshi dt.20.09.2020.
- Subject guest lecture for Sem III students on “Derivatives and Risk Management” by Mr. Manish Thanawala dt.30.08.2020.
- Subject guest lecture for Sem III students on “Training and Development” by Ms. Mrinal Naidu dt.01.10.2020

EVEN SEM :

Information Technology:

- Guest Lecture On “ Software Project Management ” by Mr. Kaushik Roy, Principal Architect, IncubateIND , on 13th February, 2021
- Guest Lecture on “ Internet of Things/Everything ” by Mr Bhanwar Lal Bishnoi, [L&T-SDDC] on 30th March, 2021, Simulation Engineer Encon Simulation India Pvt Ltd. on 07th March 2019.

Computer Engineering:

- Guest Lecture for Semester VIII On “Designing Distributed Systems: Event Driven Architectures” by Dr. Rushikesh Joshi on 19th March 2021.
- Guest Lecture for Semester VI on “Career Opportunities in Cyber Security” by Ms. Manisha Chougule, on 2nd March 2020.
- Guest Lecture for Semester VIII on “Public Cloud” by Amit kumar Pandey on 18th March 2021.
- Workshop for semester IV “Skill Based Lab Course: Python Programming” by Prof. Swapnil Sonawane on 20th April 2021.

Electronics Engineering:

- Guest Lecture on “Emerging Trends and Challenges in VLSI Design for Fourth Industrial Revolution” in the subject of VLSI Design for semester VI, Electronics Engineering, by Mr. Navin Sankar on 31st March 2021.

- Guest Lecture on “Microcontroller Application – Industry Point of View” in the subject of Microcontroller Application for semester IV, Electronics Engineering, by Mr. Balkrishna M Waghle on 15th April 2021.
- Guest Lecture on “Lecture on IoT and Data Analytics for Industry 4.0” in the subject of Embedded Systems and RTOS for semester VI, Electronics Engineering, by Dr. Jonathan Joshi, CEO Eduvance on 19th April 2021.

Electronics & Telecommunication:

- Guest lecture on “LATEST TRENDS IN VLSI INDUSTRY” Guest Speaker Mr. Sreenivas Reddy Founder, SOCDV Technologies. Organized by Prof. Satendra Mane on 21st May, 2021 from 2.00PM to 5.00PM.
- “Webinar on Scope, Ecosystem and Challenges in the domain of Social Entrepreneurship” by MR. Tushar Kotiyal (Team lead, Pricewaterhouse Coopers, Alumnus EXTC Department, VIT) organized by Prof. Amey Revandkar on 13th March 2021, 5:30 PM.

Biomedical Engineering:

- Guest Lecture arranged by Prof. Geetha Narayanan for Semester III students on “Automation in Robotics and Control Systems” by Mr. Kiran Borse, Alumni VIT on 10th April, 2021.
- Guest Lecture arranged by Prof. Arunkumar Ram for Biomedical Students on “Q & A Session” with star alumni Ms. Sarita Gundeti and Mr. Sanket Shetye online held on 7th November 2020.
- Guest Lecture arranged by Dr. Gajanan Nagare for Semester V students on “Cell-ECM Interactions” by Ms. Divya Subramanian online held on 22nd April 2021.
- Guest Lecture arranged by Dr. Gajanan Nagare for Biomedical students on
- “Optical Biosensor” by Dr. Nirmal Punjabi online held on 30th April 2021.
- Guest Lecture arranged by Prof. Suvarna Udgire for Biomedical Students on “Applications of AI in Healthcare Simulations” by Yogesh Udgire, Director, Surekh Services Pvt. Ltd. On 29th April 2021.

First Year Engineering :

- Guest Lecture on “Power of Beginnings” by Mr. Abhay Valsangkar on 22 Oct 2019 & 23 Oct 2019

MMS:

MMS department arranged Guest lecture for Sem I & IV Students:

- Subject guest lecture for Sem I students on : Business Statistics by Mr. Milind Nagarkar dt. 6.4.2021
- Subject guest lecture for Sem I students on : Business Statistics by Mr. Milind Nagarkar dt. 7.4.2021
- Subject guest lecture for Sem I students on : Business Statistics by Mr. Milind Nagarkar dt. 9.4.2021
- Subject guest lecture for Sem I students on : Business Statistics by Mr. Milind Nagarkar dt. 10.4.2021
- Subject guest lecture for Sem I students on : Business Statistics by Mr. Milind Nagarkar dt. 11.4.2021

- Guest lecture arranged for MMS First year students Topic : Six Sigma- Introduction and applications in Operations’ speaker Mr.Vandan Tarika dt.16.04.2021.
- Dr.Jyotsna Golhar arranged online Webinar collaboration with NSDL & MSEI dt.05.03.2021 for MMS First Year students, Title: Demystifying Indian Securities Markets by (NSDL)
- Dr.Jyotsna Golhar arranged online Webinar collaboration with NISM dt.13.03.2021 for MMS First Year students, Topic: Careers in Securities Markets by National Institute of Securities Markets.
- Dr.Jyotsna Golhar arranged online Webinar collaboration with IMC and BSE dt.25.03.2021 for MMS First Year students, Topic: “Gold Options in Goods Contract- Investment Tool”.

Co-curricular Activities

ODD SEM :

Information Technology:

- Ideathon on 06th September 2020 coordinated by Prof. Rohit Barv, Prof. Indu Anoop, Prof. Kanchan Dhuri, Prof. Debarati Ghosal, Prof. Ichhanshu Jaiswal, Prof. Ashish Shekhar. It was conducted by ITSA – Information Technology Student Association
- Webinar on Goal Oriented Placement Approach on 18th October 2020 coordinated by Prof. Rohit Barv, Prof. Ichhanshu Jaiswal
- Demonstration Of Live Interview Report on 24th October, 2020 coordinated by Prof. Rohit Barve, Prof. Ichhanshu Jaiswal, Prof. Swati Sharma, Prof. Mitalee Gangal

Computer Engineering:

- The activity on Evolution of Mobile Engineering Through The Decade. The speaker of the event was Mr. Omkar Pimple. He is the founder at CEREBRANIUM, with a mobile presence reaching 5 million users across the globe in the education sector. He built features like Video KYC,
- 3D Secure and worked in crypto security domain and helped 'N26' grow into mobile banking leader. The event commenced with a brief introduction about the Mobile Engineering. The speaker also brought to light regarding the architecture and applications including wireless networks, Bluetooth etc. He also emphasized about virtual reality and augmented reality, their applications. He explained the very trending NFC, RFID concepts used in this field. One major thing he focused was on the current pandemic situation i.e., the COVID-19 ERA. This activity conducted on 7th August, 2020 by CSI.
- The Webinar on Flutter. The speaker of the event was Mr. Nitin Giri. Being in last year currently, he also has 2 months of experience as an Android and Flutter Developer Intern at 'Commutec.' And has been into mobile development field since 1.5 years. The event commenced with a brief introduction about the Flutter. He also brought to focus that why do we need to use Flutter and why is it so hyped in recent times, thereby explaining the major components of Flutter. Mr. Nitin Giri also introduced Dart, a programming language similar to C and C++ to the

- students. The speaker also explained about how does Google Skia and Google Fuchsia work and how Fuchsia plays an important role in development of Google. This webinar conducted on 8th August 2020 by CSI.
- The activity on Machine Learning and Career Opportunities. The speaker of the event was Mr. Siddhant Wade. He is a data scientist and ML solutions Consultant. He has done excellence in Analytics, Product Development and Digital Strategy. He has worked with phenomenal teams in impactful organizations like Uber, Hyper ledger, Ambtio box (acquired by Naukri.com). He is currently operating as a Project Management consultant in Software Development and Digital Strategy. The event commenced with a brief introduction to Data Science and Machine Learning. He also brought to focus on how and what data scientists typically do and the changes they have brought in across the world. He very well delivered the message, "A business can function without Scientists, but not without Engineer", as Engineers do what they do because they want to solve some real-world problem. This activity conducted on 18th August, 2020 by CSI.
- The Webinar on Functional Programming during the Live Webinar Prof.
- Sanjeev Dwivedi from VIT shared his thoughts and his experiences regarding "Functional Programming". The objective of the webinar was to create awareness about Declarative Programming paradigm, specially Functional programming which of late, has gained lot of importance and is now excessively used by product based companies like Twitter, Facebook, LinkedIn, Thought Works, Netflix etc., to streamline their development. The webinar also intended to inform listeners, the side effects generated by the OOP code, and the factors responsible for it. It appealed the listeners to review the fundamental OOP properties and evaluate their performance in ensuring scalability, concurrency and parallelism in Application. This webinar conducted on 15th September 2020 by CSI.
- The activity on Finding Faults and Protecting Web Application Using
- Open Source Tools. The speaker of the event was Dr. Dilip Motwani. Today everyone uses various Web Applications for different purposes like Banking, E Commerce, E-mails etc. But during the use of all such web applications, security of personal information of people is on stake, attackers tend to find bugs as well as errors in the web application to attack the websites and hence, web applications are no more secured. The session was insightful and informative as it made the students aware about how protect the Web Applications which tends to get attacked by the hackers very often these days. Dr. Dilip Motwani spoke influentially about various cyber-attacks and discussed about its preventive measures. He also discussed about the key areas in the field of Cyber Security. The session was completely interesting, and helped students to understand the different attacks and basic open source tools for protecting the web applications. This activity conducted on 18th September, 2020 by CSI.
- The activity on Artificial General Intelligence. The speaker of the event was Prof. Mohini Chaudhari. Artificial General Intelligence (AGI) is one of the upcoming fields in the world of

Technology. The session was so insightful and informative as it made the vision of the students, more distinct towards the field of AGI. The speaker also emphasized about the difficulties that could be faced while making a system which could be set to be artificially, generally intelligent. This activity conducted on 25th September, 2020 by CSI.

- The activity on A Story of Rags to Riches: IT Industry during the Live
- Webinar Dr. Saurabh Mehta CAO, VIT shared his thoughts and his Experiences regarding "A Story of Rags to Riches: INDIAN INDUSTRY". Since 2006 , he has been working as an independent Technical Consultant for various organizations and from 2011 he has been associated with Vidyalkar Institute of Technology and Currently
- Shouldering the Responsibilities of Chief Academic Officer (CAO).The
- speaker discussed about the journey of Shri. Narayan Murthy which was not only challenging but full of dreams having patience and faith in work that gave rise to the First Indian IT firm, Infosys. Speaker also gave insight about the success stories of other sectors of India. By the end of the session the students had a good idea about the new trend in the IT industry .This activity conducted on 11th September, 2020 by CSI.
- The activity on 3 INGREDIENTS TO SUCCESS. The Three Ingredients of
- Success: Mindset, Skill set and Tool set. The road to success can evade a lot of obstacles, but it definitely isn't impossible to pass through that phase and Mr. Abhay Valsangkar shared his valuable thoughts on this topic of success and shared some wonderful experiences and also brought light to the fact on how important positive and realistic
- approach is. The definition of success varies from person to person, for few it is to score good pointers and for some it is to have a happy family. The session was insightful and wonderful as it made the students understand the real meaning of what SUCCESS is and how it is to be attained with simple changes in us. This activity conducted on 16th October, 2020 by CSI.
- The activity on Java Web Applications Using Servlet. Servlets are server-
- side technologies which are used to create dynamic Web Applications. Prof. Swapnil Sonawane shared his thoughts and his experiences regarding Servlet and common topics in web applications and future studies. The speaker explained few key points of the Java Web Application using Servlet. He started off by explaining about the Client Server Architecture and gave the audience brief information about it. This activity conducted on 9th October, 2020 by CSI.
- The activity on EnCypher-20 A National Conference. CSI VIT in
- association with Cyberfrat presents EnCypher 2020 a National Conference on Cyber Security with India's leading industry experts for weeklong event from 2nd November to 6th November along with exciting goodies, a lot of fun activities and much more knowledge to acquire.
- The activity on Static website hosting using AWS Simple Storage Service.The speaker of the event was Prof. Indu Anoop. This workshop was on Static Web hosting using AWS S3. A webhosting service is a type of internet hosting service that allows us to make our website accessible via the World Wide Web. AWS S3 is one of the most efficient and simple way to host

our own website which was taught by the speaker. During the workshop, the speaker spoke about Amazon S3, Amazon Route 53, its policies and its application. The active participation of viewers as well as speaker made the workshop pleasant and enlightening. This activity conducted on 9th November 2020 by CESA.

- The activity on Talk on TensorFlow. The Speaker of the event was Mr. Jason Mayes, Senior Developer Advocate for TensorFlow.js/Research and Machine Intelligence, Web Engineer and Creative Innovator at Google. He discussed various applications of TensorFlow.js library. As it is one of the important libraries for creating machine learning models in a web application. During the webinar, the speaker spoke about various applications of TensorFlow, such as face recognition, object classification etc. and at the last he took question and answer session. This activity conducted on 9th November 2020 by CESA.
- The webinar on "Career Opportunities in the domain of Networking and Security". The Speaker of the event was Ms. Archana Kaul Sr. Manager Presales at Alcatel Lucent - A NOKIA Licensed Company, Alumnus CMPN Department, VIT. The session focused on making students aware on the job opportunities in the domain of Networking and Security. Emphasis on how students from various engineering background can pursue a career in the domain was highlighted by the speaker. Students were provided details regarding how one may involve into various activities like soft skills development. Being Agile and not being flexible were some of the points highlighted. The certifications which a student must have to become an expert with Networking and Security like vendor neutral certifications or vendor specific certifications was shed light upon. This activity conducted on 9th November 2020 by Alumni Committee.
- The webinar on "Docker, Container and Kubernetes" The Speaker of the event was Mr. Rohit Sardesai (Software Designer VII Aruba Cloud Engineering, a Hewlett Packard Enterprise Company, Alumnus CMPN Department, VIT. During the webinar speaker explained the need for scalable and reliable applications which is a trend in current IT industry. The basic features of Kubernetes like rolling updates, auto scaling vertically and horizontally, termination of low priority jobs, running stateful database application was explained. Eviction of process based on concepts of master slave architecture was highlighted. Mr. Rohil even highlighted the topic of kubectl an open source tool to work on kubernetes to check which pods are running. This activity conducted on 19th September 2020 by Alumni Committee.

Electronics Engineering:

EESA

- On 9th Sept' 2020, Dr. Anjali Deshpande conducted activity on "Technical Report Writing". In this session students learned how to write a report in a professional way. Also the speaker discussed the key points like common mistakes students make while writing reports, qualities

of a good report and much more. At the end doubts solving was done and few report samples were been shown.

- On 28th Nov' 2020, Mr Aliasgar Hajee sir conducted Webinar. In this session, students were given insights of marine engineering and the technology used in it and the career growth in it. Sir also mentioned career growth for women in marine engineering, talked about his journey and the courses available in India. At the end, various questions from the participants were answered.

IEEE

- On 9th Sept' 2020 Workshop on "TECH TALK ON "QUANTUM COMPUTING"
- On 9th Sept' 2020 Workshop on "GESTURE CONTROLLED GAMING USING OPEN CV"
- On 18th October 2020 "IEEE DAY 2020"

Biomedical Engineering:

BMSA & BMESI Committee:

- **"Challenges in Developing Launching Product in Pandemic Times"** by Mr. Neil Sawant, founder and CEO, NUOS Home Automation, Mumbai held on 11th September 2020.
- **"Impact of 3D Printing in Biomedical Engineering"** by Dr. Guruprasad Rao, Director and Mentor at Imaginarium India Pvt. Ltd. Professor and chief coordinator PLMCC at JSSATE, Bengaluru online lecture held on 15th September 2020, 4:30 pm
- Webinar on **"3D MODELING & PRINTING"** was addressed by Mr. Priyank Yeolekar MS in Biomedical Engineering from New York University; currently working with Anatomiz3D Medtech Pvt. Ltd. Online lecture held on 17th October 2020.
- Webinar on **Arduino Simulation with Tinkercad** was addressed by Prof. Mohit Gujar , Assistant Professor , EXTC Department online lecture held on 4th August 2020.
- **"Raspberry PI Workshop"** was addressed by Mr. Manthan Lakhani owner and Founder of M infotronix, Former System Engineer at NVIDIA Embedded held on 21st September 2020.
- **"Indian Healthcare System: Technology and Data Privacy Issues"** by Mr. Prathamesh Churi P.h.D. Research Scholar in Data Privacy in Healthcare in Computer Science held on 5th October 2020.

EVEN SEM :

Information Technology:

- Project Competition on 31/03/2021 by Information Technology Student Association [ITSA]. A technical event with a concept far different than any hackathon which would benefit students to improve their technical skill sets.
- ACM-VIT - Codebug – Coding & Debugging Competition. Platform Hackerrank on 01/05/2021 & 30/04/2021 coordinated by Prof. Bhanu Tekwani

- Workshop on Machine Learning on 20-03-2021 coordinated by Prof. Bhanu Tekwani & conducted by Mr. Ali Mustafa [Training Specialist of ML]

Computer Engineering:

- The Workshop on Applications of Deep Learning & The speaker for this event was Mohit Uniyal. This workshop was about Applications of Deep Learning. Deep Learning is a subfield of machine learning concerned with algorithms inspired by the structure and function of the brain called artificial neural networks. The speaker started off with explaining the basic Deep Learning concepts such as what is ANN (Artificial Neural Networks), back propagation, different layers that are present, one-hot encoding etc. In the second half of the workshop, the speaker wrote and explained the code on Handwritten digits' classification on Mnist dataset using ANN. The speaker's amazing explanation of important concepts and the intriguing questions of the viewers made the event interactive and great. This activity conducted on 27th February, 2021 by **CESA**.
- The Webinar on Applications and Emerging Trends of AI. & the speaker for this event was Mr. Utpal Chakraborty, who is the head of AI in Yes Bank and is one of the top 20 AI thought leaders in 2021 and TEDx speaker. CESA organized a webinar on the Applications and Emerging Trends of Artificial Intelligence. Sir started the event by telling us about the current banking and finance situation and how AI is transforming the industry by digitization since the past 10 years. He talked about cognitive automation which is the process of bringing human element and intelligence in digitization. He discussed about the various applications of AI in banking industry such as in fraud detection, anti-money laundering, credit risk assessment, high speed trading cyber security, recommendation engines, financial crimes, predictions and forecasting, cognitive insurance claim processing and the latest technologies like behavioral analysis, smart wallets and ATM security and fraud detection. The session ended with some questions from the attendees. This activity conducted on 1st May 2021 by **CESA**.
- Computer Society of India organized webinar on 4 years through engineering. The speakers of the event were Ms. Priyanka Kulkarni, SE EXTC, Mr. Ram Pandey, TE CMPN, Ms. Srishti Agrawal, BE CMPN, Mr. Aniruddha Ingle, Graduate 2020. Ms. Priyanka Kulkarni was the first speaker. She introduced herself and started off by walking us through her experiences with the student council, and the committee she worked in (literary council). She also described how participating in various competitions molded her personality and concluded her talk with the quote "Be there, Trail Right, Fly High"! The second speaker was Mr. Ram Pandey. He shared his engineering journey with the students. The major aspect he emphasized on was procrastination and how it can lead to reduced productivity. The third speaker was Ms. Srishti Agrawal started her talk with how she managed to discover and gain knowledge in different domains. She also shared her experience of working in various committees and how that helped to shape her as a person. Last speaker of the event was Mr. Aniruddha Ingle was our next speaker who is currently pursuing his Masters degree in Computer Science at the University of Texas. He walked us through his life at Vidyalankar and threw right on the do's and don't's of the engineering life. This activity conducted on 18th February 2021 by **CSI**.

- The activity on Code Innovation Series - Hackathon. On 24th April, Saturday the Hackathon commenced with a keynote address by Shakti Singh, the program manager at IncubatedInd. The Round 1 of the event started with the participants submitting their ideas from a pool of problem statements that were provided by the faculty ranging from the latest domain and after a rigorous review process by our expert panel 17 teams out of 73 teams in total who participated were being shortlisted for Checkpoint 1. The Day 1 of the Hackathon ended after 2 rounds of judging by our esteemed panel of judges and academia experts. On day two the qualified teams then went through a round of prototype evaluation judged by the Technical team of IncubatedInd team. The teams were then finally evaluated by Mr. Shivank Gautam, Software Engineer at 19Tech on the basis of creativity, technical depth, challenge of doing the task in a short amount of time and usefulness in the real world. The session was then concluded with a thank you note from Mr. Shakti Singh and Sachin Deshpande. This activity conducted on 24th & 25th April 2021 by **CSI & CESA**.
- Computer Society of India organized workshop on COMPUTER AUDIO PRODUCTION- A MASTERCLASS. The workshop conducted on MS Team app. Day 1 was conducted by Mr. Chitral Patil Computer Engineering Student at VIT, Mumbai, Winner in SIH 2020 and Mr. Tanay Patel A Vocalist, Music producer. The necessary software Ableton was introduced. They explained why Ableton is useful for Live performance. Ableton Live is software designed for composing, The speakers gave the students step by step instructions during the hands-on session while also performing the same themselves so as to guide the students through the event. Day 2 of Masterclass by conducted by Mr. Kaustubh Nene, Audio Engineer, producer of Parinda by the Floating Bottle. The speaker also threw light on topics like decibel theory and it's significance in the field of music. This workshop conducted on 27th April & 28th April 2021 by **CSI**.
- Computer Society of India organized Workshop on Flutter. The webinar conducted on Microsoft teams. The speaker of the event was Mr. Nitin Giri. On day 1 the webinar commenced with the speaker giving an introduction on Flutter. He started the session by making everyone aware about what is coding and basics of flutter commands. He started the session by explaining about dartPad (dartlang.org). To make the concept more clear he demonstrated it with a basic "hello world" program. The speaker also explained about the dart program design flow, initialization, 'toString()' method. Day 2 session commenced with the speaker throwing light on how we can make flutter apps, with building widgets which controls the UI elements, mix-matching widget etc. The speaker also made everyone aware about the widget catalog where one can create beautiful app's faster. The webinar was then preceded with a Q & A session. The event conducted on 3rd & 4th April 2021 by **CSI**.
- Computer Society of India organized activity on Competitive Programming. The department of Computer Engineering and CSI-VIT organized a week-long event named INCOGNITO based on technical and logical skills, of which Competitive Programming webinar was held on Day 4. The event was Live on the official YouTube channel of CSI-VIT. The speaker for the event was Mr. Kartik Mathur, a graduate from NSIT. The event commenced with the speaker throwing light on how to approach for competitive programming and various programming languages. He explained this

with the help of examples so that the audience could get a clear view about logic to coding. Mr. Kartik Mathur created awareness among the students of various coding platforms like code forces, kick start, code jam, hacker cup and others. The session concluded with a brief about the application of competitive programming and how it was supported by world famous organizations like Google, Facebook, Amazon, IBM and others. The event conducted on 29th April 2021 by **CSI**.

- Computer Society of India organized activity on drone programming. The speaker for the event was Mr. Jatin Kolekar, a senior software engineer at BirdStop. The event commenced with the speaker throwing light on use cases of Drone architecture, Setup of architecture, Open sources software to start the programming. He explained this with the help of diagrams so that the audience could get a clear view on the functioning of the drone. The speaker walked everyone through the local setup of the simulator used for drone programming and also shared the link of the setup with the students. Mr. Jatin Kolekar explained the Open Source Software with examples of jMAVSim, operated in both Windows and Linux. The session concluded with a brief about the application of drone programming such as Tower App, Mission Planner and the Speaker answered all the questions raised by the attendees. The event conducted on 18th February 2021 by **CSI**.
- Computer Society of India organized activity on Escape Room. The event organizers briefed the participants with the rules of the event and a virtual room was created for the participants having clues laid all over the screen. Students were then made to click and view them individually in order to find a connection between them and hence get key/code to their way out of the room they were trapped in. Later, the team leader was then made to submit their response through a live form being curated by the team. The event was vivacious fun and achievement certificates and rewards to winners along with participation certificates were issued. The event conducted on 26th April 2021 by **CSI**.
- Computer Society of India organized activity on Blind Code. This event was conducted for the students to gain an upper hand on their coding skills and to know where they stand on the scale of coding efficiency also for developing students logical thinking. The event organizers briefed the participants with the rules of the event and the website through which they had to code for the event. The Students were provided with a live editor where they had to code in Html/CSS and the organizers were going to stream best of the outputs of the participants/Teams during the closing ceremony. A timer of 30 minutes was set in which the participants had to finish the task. It was an Individual event as participants had to code individually. We received a great response from all the students. The event conducted on 28th April 2021 by **CSI**.
- Computer Society of India organized activity on Psych Out. The puzzle packet was then uploaded on the official website of CSI-VIT. The competition was conducted from 19th – 22nd March 2021, where the participants were given time to solve the puzzles and submit their answers. The Quiz consisted of 10 Questions and we had exciting participation of the students. A live walkthrough session as well as the announcement of the winners was held on the 5th day on CSI-VIT's youtube channel. The gift vouchers to the respective winners were also provided and the certificates through e-mail. The event conducted on 19th To 23rd March 2021 by **CSI**.

- The Webinar on MS application process at Universities in Europe, Canada, Australia and New Zealand". The speaker for this event was Mr. Dhiraj Tawani (Pursuing MS in Analytics [ML and AI], Alumnus CMPN Department, VIT). The session focused on making students aware of pursuing MS in countries other than USA. Special emphasis was given on how pursuing MS from countries other than USA can be equally beneficial to the students was given. Building an impressive profile when one is pursuing undergraduate course was discussed. Having capstone projects / internships in one's undergraduate course and its importance was explained. The trade-off between job and experience was explained well. Selecting a country that is politically stable over USA was one of the key points discussed. Should a candidate opt to choose a counsellor or not was discussed in detail. A PGWP criterion at Canada for students was put light on by the speaker. The event conducted on 27th February 2021 by **Alumni Committee- CMPN Department**.
- The Webinar on "Guidance on pursuing MS / Machine Learning Course at University of Texas, Dallas". The event was hosted by Prof. Divya Surve, CCC member CMPN Department. Dr. Vibhav Gogate started the session and briefed the students on Why, What, When to use Machine Learning. He also explained students about the Machine Learning program at UTD also emphasizing on the kind of placements a student may be offered after completing MS and PhD. From UTD. Next speaker Mr. Shyam Karrah spoke about various achievements and accolades of the teachers and students at UTD, the kind of excellence the university has in the area of Research, Students Organizations, events like hackathons, details of CS department undergraduate programs like CS Freshman Experience, CS Computing Scholars Program, Living Learning Community, SW Startup Launch Track. To emphasize on the topic of why pursue MS, Mr. Shyam very well explained the relation between annual jobs available and degrees granted. Towards the end of the webinar a robust Q and A session was held in which many queries of students were successfully resolved. The session was concluded by vote of thanks by Mr. Avinash Shrivastava, convener CCC. The event conducted on 5th April 2021 by **Career Counseling Committee**.
- The activity on Project Review of Semester 6 CMPN Students. The activity was conducted with the intention to provide industry expert reviews for project topic selection. This project that is to be finalised in Third year is to be carry forwarded in the final year as their project topic. So in order to finalize a topic of that calibre a thorough study is expected from the students in the current semester. The guidance from expert panel members from industry who are our esteemed and distinguished alumni will help students frame their problem statement well, hence with the same intention the reviews were planned on every weekend between 13th to 27th March, 2021. Students and Faculties got very useful insights related to industry perspective while finalizing the project topic for students to work upon. The event conducted on 13th March 2021 to 27th March 2021 by **Alumni Committee and Project Committee, CMPN Department**.
- The activity on Credit Course on Agile Software Development. Credit course was one of the first programs ever launched collaboratively between an industry and an academic institute. Tata Consultancy Service was the company which gave us an opportunity to collaborate by launching the course of 16hrs exclusively for our students giving them a chance to be industry ready before

they complete their graduation. The course was titled "Agile Software Development" running every Thursday 4pm-6pm for third year engineering students of Computer Science and Information Technology Department. The course gave the students learning from industry experts and insight of how to develop software using Agile methodology as it is one of the required skills in software engineers. The event covered the topics as Agile Framework, Design Thinking, DevOps, Scrum, Agile tools etc. The event conducted on from 11th February 2021 till 1st April 2021 by **IIIC**.

Electronics Engineering:

EESA

- On 20th March 2021, Activity Name Hackatronics. Total No. of attendance 40. Showcasing skills of students and to establish the idea sharing and creativeness driven by enthusiasm towards a shared goal. The event was a 14 hrs long hackathon. It started with an Inauguration ceremony which was hosted by the documentation head and creatives head of the committee, the hosts welcomed the Head of Department and the Convenor, which was followed by a motivating speech by the Head of the Department, Dr. Arun Chavan. The committee also welcomed the alumni of the Electronics Department of VIT as the judges for the event. Each participating team gave their best performance throughout the day and then by the end of the day the judges did their final checking of the projects presented by the teams. The projects belonged to the domains of embedded systems, data science, computer vision, etc. The event was concluded by the vote of thanks proposed by the host of the event and the announcement of the results for the hackathon by the Convenor of the committee Prof. Rakshak Sood and a few words by the panel of judges.
- On 24th April 2021, Activity Name Beyond the Horizon. Preparation was made by all the heads and members of the committee by mainly publicizing the event. Beyond the Horizon had the main objective to talk and to highlight the importance of open-source technologies in the current scenario especially for graduates and providing ground for new ideas. Beyond the Horizon was dedicated to research and sharing knowledge that matters through short talks and presentations that was carried out successfully. The speakers were sharing their own experiences, failures and the mistakes that they had made while building their startups. Various questions were asked during the session by the participants, where speakers had cleared their doubts by giving them examples. This event had given students a proper idea on how to build startups, what skills and how consistent should be a person be while starting any startup and also they should have a risk-taking behaviour in their early 20's.

IEEE

- On 6th February 2021, Workshop on **IRIS 2021 – Alcatraz Dey**. The host of the event Mr. Karthik Subhash started the event at 4:00 PM by giving us a brief introduction about IEEE.
- On 13th February 2021, Workshop on **IRIS 2021 – Mr. Shronit Ladhani**
- On 14th February 2021, Workshop on **IRIS 2021 – Mr. Yuvraj Walmiki**
- On 6th March 2021, Workshop on **Tech Talk on Machine Learning Interpretation**

- On 17th March 2021, Workshop on **Skribble**
- On 20th March 2021, Workshop on **Home Automation**
- On 27th March 2021 Workshop on **Voyager-2021 SHARK TANK** The event was started by the host Mr. NikunjTandan, who gave a brief introduction about IEEE and VOYAGER.
- On 28th March 2021 Workshop on **P5JS**
- On 3rd April 2021, Workshop on **Voyager-2021 TINKER YOUR CIRCUIT**
- On 4th April 2021, Workshop on **Voyager-2021 CODEAGER**

Electronics & Telecommunication: 04

- ISTE & ETSA PCB Designing Workshop conducted by Professor Mayurkumar Nanda on 28th March 2021 from 10:00 am to 3:00 pm on Microsoft teams.
- Seminar on “Basic of IPR & Indian patent filing procedure” conducted on , 20th of March 2021 from 04:00pm – 05:00pm on Microsoft teams. Mr Awab Fakhir (Patent Analyst awarded by government of Maharashtra) were the speaker of this seminar.
- Workshop on Antenna Designing Using MATLAB by Mathworks The workshop was organized by Prof. Amit Maurya & conducted by Mr. Kishore Siddani on 25th March 2021 from 05:00pm – 07:30pm the online platform, MS Teams.
- Workshop on Image Processing Using MATLAB by Mathworks on 18th March 2021 from 05:00pm – 07:30pm. The workshop was conducted by Mr. Amith Kamath and Mr. Pranav Lad on the online platform, MS Teams, Organized by Prof. Amit Maurya.

Biomedical Engineering:

BMSA & BMESI Committee:

- “Battery Management System” was addressed by Mr. Anand Panchal, Program Manager at ION Energy held on 27th March, 2021.
- “Medical Imaging and Digital Image Processing” by Dr. Sumit Kumar, Assistant Professor at school of Electronics, IIIT Una online lecture held on 15th & 25th March, 2021.
- “Retinal Image Analysis” by Ms. Dhanashree Thulkar, Research Scholar at VJTI, Mumbai, online lecture held on 05th March 2021.
- “The Expedition of Drug Development” by Dr. Sachin Khedkar, senior scientist- Analytical Development, Janssen Pharmaceuticals, Mumbai Region, online held on 13th March, 2021.
- “3D Modelling and Printing in Medical Field” by Mr. Priyank Yeolekar, Biomedical Application Engineer, Anatomiz3D Medtech Pvt. Ltd., Mumbai online lecture held on 17th October 2020.
- “Poster Presentation Competition” by Biomedical Engineering Department of VIT in association with BMESI, online lecture held on 18th March, 2021.
- One Day Workshop on “Technological Advancements and Challenges of Radiation Based Techniques in Diagnosis and Therapy of Cancer” by
- Dr. Badri online held on 20th March 2021.

Industrial Visits

Electronics Engineering: 01

- Virtual Industry Connect event in “Prolific Systems & Technologies P Ltd”, Thane. Speaker was Mr. Asrar Khan, Sr. Engineer Knowledge Management and Lead Faculty Topic: “Introduction to latest trends in Industrial Automation” On 19th April 2021.

Biomedical Engineering: 04

- Virtual Tour – European Society of Intensive Care Medicine for Biomedical students on 24th March 2021.
- Virtual Tour – Radiology Department of MIOT International Hospital, Chennai for Biomedical students on 07th April 2021.
- Virtual IV to “Thyrocare Technologies” conducted by Prof. Geetha Narayanan for Biomedical Students on 27th April, 2021.
- Virtual Tour to “CogMedix Company, West Boylston, MA conducted by Prof. Suvarna Udgire on 23rd April, 2021.

Preview & Review Process

Academic Review Grading – December -2020 (Odd Semester)

Student Activities

Student Council

The Student Council 2020-21 was formed in August 2020. The new Council secretaries and the student chapter representatives spoke about their mission, vision and committee goals. They all pledged to put in their best efforts. The Principal addressed the Council on how they can take VIT to greater heights.

List of Heads and Secretaries

Sr. No.	Name	Year Class Div.	Designation
1	Gravit Jain	TE CMPN B	General Secretary
2	Saamiya Newrekar	TE INFT A	Joint General Secretary
3	Parth Kotak	TE CMPN A	Treasurer
4	Ishita Tambat	TE CMPN A	Cultural Secretary
5	Akshita Singh	TE ETRX B	Joint Cultural Secretary
6	Saumya Singh	TE CMPN B	Literary Secretary
7	Hrishika Samani	SE INFT B	Joint Literary Secretary
8	Soham Sahare	TE INFT B	Technical Secretary
9	Khuzaima Pishori	TE CMPN B	Joint Technical Secretary
10	Janaki Talekar	TE EXTC A	Sports Secretary
11	Devesh Dawakhande	TE EXTC A	Sports Secretary
12	Shubham Bagwe	TE INFT B	Joint Sports Secretary
13	Danish Patel	TE INFT B	Branding and Publicity Head
14	Harshika Pardeshi	TE CMPN A	Branding and Publicity Co-Head
15	Shivani Palve	TE CMPN A	Sponsorship Head
16	Mohit Chandorkar	TE CMPN B	Sponsorship Co-Head
17	Shrey Solanki	TE CMPN B	Creative Head
18	Sanika Thakur	TE BIOM A	Creative Co-Head
19	Viraj Pashte	TE EXTC A	V Calibre Clickers Head
20	Omkar Birmole	TE CMPN A	V Calibre Clickers Co-Head
21	Damini Malpote	TE EXTC B	Archives & Documentation Head
22	Ruchita Ajgaonkar	TE BIOM A	Archives & Documentation Co-Head

Co-curricular Activities :

ALGORHYTHM

Event Name	Algorhtyhnm
Event Schedule	10 th and 11 th April 2021
Event Venue	MS Teams, Discord
Edited by	Damini Malpote

"Technology like art is a soaring exercise of the human imagination."

The Technical Council of Vidyalankar Institute of Technology organized the first ever Techfest of the Institute titled as "ALGORHYTHM 2021". The whole Techfest was conducted for two days hosting contests such as competitive coding, error hunting, circuit frenzy, e-portfolio, hackathon and various gaming events like Counter Strike, Valorant, mobile call of duty and chess variants. Due to the pandemic of COVID-19 the whole series of events were conducted on online platforms like Microsoft teams and Zoom. Each of these contests had a twist of brainstorming problems to which the participants had to find the correct, proper and efficient solution.

The event Circuit Frenzy was second of the many alluring events that took place in the Techfest with even students from different colleges to showcase their wit of cracking clues related to Circuits as well as their memory to remember circuits. The event was organized on Microsoft Teams and the First round was held on Quizizz on 10th April 2021. The second round began at around 3:15 PM after the round 1 results were announced. In this second and final round the top 20 finalists had to memorize the circuit which was shown to them for 20 seconds and then draw it in their books within 5 minutes and submit their circuit diagrams through the forms provided. There were 5 such circuits which had to be memorized

Next up an event "E-Portfolio" was held on the eve of 10th April 2021. The event was a part of institute's very first Techfest "ALGORHYTHM 2021" and the main purpose of the event was to encourage students to prepare themselves for the corporate world by guiding them on how to design their very own E-portfolio.

Another contest "Competitive Programming" which was like a sport.

consider a programming contest as a game of cricket, metaphorically. Compile a code and submit, you

may get a WA (Wrong Answer). Make changes to code and eventually you will get your first AC (Accepted/Correct Answer). The contest started at sharp 1:00 PM, by a PowerPoint presentation given by the event head which explained the structural process of the contest. After, a series of 3-hours continuous coding, the end of the event came leading to the declaration of the winners. The winners in the competitive coding contest were: 1st place winner: Prajwal Dubey (TE INFT-B), 2nd place runner-up: Minakshee Narayankar (TE CMPN-B) and 3rd place runner-up: Siddharath Shukla (TE INFT-B).

The contest of Error Hunting was conducted on zoom meetings, where the event head gave participants the instructions of the contest which all contestants had to follow while performing the tasks. The participants in the event had been provided with a GitHub link where codes of various programming languages were provided while assessing those, the participants had to find the error and correct it thus making the code right. There was total 41 number of participants who registered for this event.

With the ambition to cultivate the talent, creativity and to entertain techno-community with an innovative series of technical events and competitions the Technical Council conducted its very own version of "Hackaton". It was a 24 hours inter-college competition where participants coded innovative solutions for the given problems by ideating, innovating and hacking meaningful solutions to real-life problems. It began with releasing the problem statement on 10th April at 9:00 AM on the website 3 hours before the inauguration ceremony which was well anchored by Soham Sahare and Khuzaima Pishori the technical heads of the Student Council.

The Valve stellar, Counter Strike: Global Offensive popularly known as CS has been highly popular all over the world. This tournament was one of the many events which were organized as a part of the mega Techfest. The tournament was a single-elimination style tournament where nine teams fought for the victory. The tournament started at 2:00 PM with the first match played between Aniket Jadhav and Sohuh Shiktode. With each match a team would get knocked out and the other would progress to the next stage. All the teams showed great talent and resilience.

next stage. All the teams showed great talent and resilience.

The Riot Gamers stellar, Valorant is a Free-to-play multiplayer tactical shooter game and the Student Council of VIT organized a tournament for all the gamers of VIT. The tournament was organized on two days 10th and 11th April 2021. After 10 matches in two days, we finally got our 4 semifinalist teams who

competed with one another for finals. The Finale was the most engaging part of the entire tournament. The engaging encounter was between two final teams Niraj and Shreyas. At the end of this final tournament Shreyash's team won the finale, thus winning the tournament.

Chess Variants was held on 10th & 11th April 2021 from 2 PM on an online website- chess.com and was streamed on Discord, an instant messaging and digital distribution platform. This event witnessed a participation of about 34 most skillful and brainy chess masters, who tried their hands on this variant. After boards of fighting with kings and pawns, the Chess Variants finally got their Chess Master. The winner, Mr. Karzan Kumana was awarded with a cash prize of Rs. 1000 and the first runner-up, Shahil Khan was gifted Rs. 700 cash.

Call of Duty Mobile (CODM) was held on 10th & 11th April 2021 from 2:00 PM on the Mobile application of COD. This tournament gathered 25 participants divided amongst 5 teams competing each other for their triumph. The tournament was held in private rooms where two teams clashed against each other. A nail-biting victory awarded Mr. Ashuraj Herode, a First year Computer Engineering student of VIT and his team a conclusive win. The champion team was gifted a prize money of Rs. 1000.

After two immensely action-packed techy competitions, on 11th April, 2021, the grand Techfest ALGORHYTHM 2021 came to an end. With the efforts of both Technical Secretaries Soham Sahare and Khuzaima Pishori this extravaganza was of great success.

Event Name	Call Of Duty Mobile
Event Schedule	10 th April – 11 th April 2 PM onwards
Event Venue	Call of Duty Mobile Application
Edited by	Ruchita Ajaonkar

"Failure doesn't mean the game is over, it means try again with experience"

Shooter games often test a player's spatial awareness, reflexes, and speed in both isolated single player or networked multiplayer environments. Call of Duty: Mobile is one such popular free-to-play shooter video game which includes various modes and maps for gamers to explore their skills and

indulge themselves in leisure activities. The Technical Council 20-21 of "Vidyalankar Institute of Technology" organized this delightful activity as a treat to gamers, 'Call of Duty Mobile' during their Technical festival, "ALGORHYTHM".

Call of Duty Mobile (CODM) was held on 10th & 11th April 2021 from 2:00 PM on the Mobile application of COD. This tournament gathered 25 participants divided amongst 5 teams competing each other for their triumph.

The tournament was held in private rooms where two teams clashed against each other. The players tussled in TDM(Team Death Match) mode comprising of 50 kills maximum and 10 minutes duration with random map selection. After 3 such rounds of eliminations on Day 1 of the tournament, the finals between two unvanquished teams were played on Day 2 of the contest.

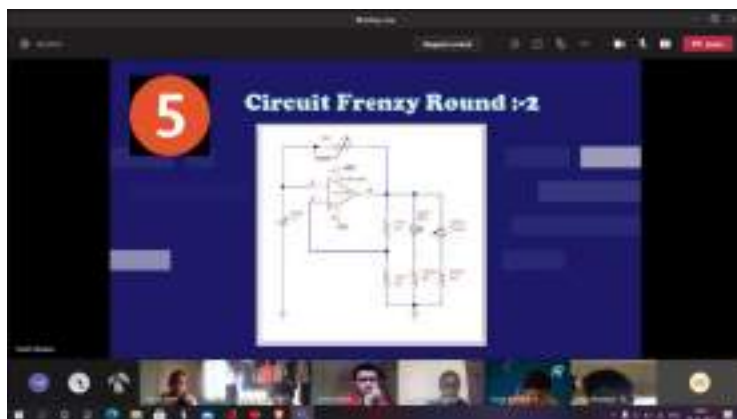

After a hardcore and frantic gameplay with lots of uncertainties, it made the viewers nearly unpredictable till the end of the match. A nail-biting victory awarded Mr. Ashuraj Herode, a First year Computer Engineering student of VIT and his team a conclusive win. The champion team was gifted a prize money of Rs. 1000 and thus, another exciting event was successfully accomplished by the organizing team.

Event Name	Circuit Frenzy
Event Schedule	10 th April 2021, (2:00-5:00 PM)
Event Venue	Microsoft Teams and Quizizz
Edited by	Utkarsh Gaikwad

"It is not enough to wire the world if you short-circuit the soul. Technology without heart is not enough."

Circuits! Circuits! Circuits! Circuits have become a part of human society and are present almost everywhere nowadays. To look for smart and keen-eyed engineers the event Circuit Frenzy was held in Vidyalankar Institute of Technology. The Technical Council organized the very first ever edition of "Algorhythm-2021", a technological fest of VIT. The event Circuit Frenzy was second of the many alluring events that took place in the Techfest with even

students from different colleges to showcase their wit of cracking clues related to Circuits as well as their memory to remember circuits. The event was organized on Microsoft Teams and the First round was held on Quizizz on 10th April 2021.

The event consisted of Students from various colleges. The first round had 5 circuits where every circuit had 5 hidden components of which only the clues were told to the participants. The participants had to guess the correct answer from the clues to score points. The top 20 participants advanced to the next round.

The second round began at around 3:15 PM after the round 1 results were announced. In this second and final round the top 20 finalists had to memorize the circuit which was shown to them for 20 seconds and then draw it in their books within 5 minutes and submit their circuit diagrams through the forms provided. There were 5 such circuits which had to be memorized.

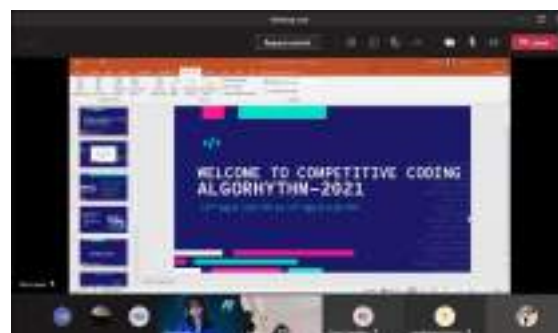

The event was concluded around 5:00 pm and the top 3 winners were declared the next day along with results from other events of Algorhythm 2021. The participants got to learn new components and had a fun and joyous experience.

Event Name	Competitive Coding
Event Schedule	11 th April, 2021 (1:00PM to 4:00PM)
Event Venue	Microsoft Teams, Hackerrank
Edited by	Roshan .M. Karkera

"Make it work, make it right, make it fast."

On, 11th April, 2021 there was a competitive coding contest held by the Technical Council. The contest of competitive coding was conducted on an online platform Hackerrank, the participants of the contest were asked to join the meeting on Microsoft Teams, so that the event moderators could, not only keep a track of the progress of the participants but also to avoid any scene of plagiarism or any kind of false practice. There were many Participants who participated in this contest i.e., there were total 43 participants, also the contest was held for 3-hours straight with no breaks and with plenty of confusing problems for the participants to solve.

Basically, Competitive Programming was like a sport. Take any sport, let's consider cricket for that matter, you walk in to bat for the first time. Swing and a miss, do it a couple of times and you'll eventually hit one over the ropes. Now, consider this programming contest as a game

of cricket, metaphorically. Compile a code and submit, you may get a WA (Wrong Answer). Make changes to code and eventually you will get your first AC (Accepted/Correct Answer). In simple words, about 20% of questions in a programming contest are simple conversion of plain English to a code of your favorite programming language. This contest also had an appealing cash prize i.e. First Prize: Rs 3,

000, Second Prize: Rs 2, 000, Third Prize: Rs 1, 000.

Apart from the rules the event had a scoring system that evaluated the coding of the participants, which eventually decided the winner of the event, the scoring system was as follows: 1. Each challenge has a pre-determined score. 2. A participant's score depends on the number of test cases a participant's code submission successfully passes. 3. If a participant submits more than one solution per challenge, then the participant's score will reflect the highest score achieved. In a game challenge, the participant's score will reflect the last code submission. 4. Participants are ranked by score.

If two or more participants achieved the same score, then the tie was broken by the total time taken to submit the last solution resulting in a higher score. The contest had a set of challenges which were posted on the Hackerrank site where the participants had registered for the competition, it consisted challenges such as artist m, max sub string, knight knight, money money money!!. On, opening the page for respective challenge there was a list of requirements, such as input format, constraints and also output format to solve the problem that was listed below.

The contest started at sharp 1:00 PM, by a PowerPoint presentation given by the event head which explained the structural process of the contest. After, a series of 3-hours continuous coding, the end of the event came leading to the declaration of the winners. The winners in the competitive coding contest were: 1st place winner: Prajwal Dubey (TE INFT-B), 2nd place runner-up: Minakshee Narayankar (TE CMPN-B) and 3rd place runner-up : Siddharath Shukla (TE INFT-B).The contest then concluded as the event head congratulated the winners of the contest and ended the meeting.

Event Name	Counter Strike Global Offensive
Event Schedule	10-11 th April 2021 (2:00 PM Onwards)
Event Venue	Discord
Edited by	Dharmil Karia

"Failure doesn't mean the game is over, it means try again with experience"

Gamers always believe that an epic win is possible and that it is always worth trying, and trying now. The Valve stellar, Counter Strike: Global Offensive popularly known as CSGO is a Free-to-play multiplayer tactical shooter game which has been highly popular all over the world. This tournament was one of the many events which were organized as a part of the mega Techfest ALGORHYTHM 2021. The tournament was a single-elimination style tournament where nine teams fought for the victory.

The tournament started at 2:00 PM with the first match played between Aniket Jadhav and Sohumi Shiktode. With each match a team would get knocked out and the other would progress to the next stage. All the teams showed great talent and resilience. After 7 matches we finally got our final 2 teams who would compete in the finale.

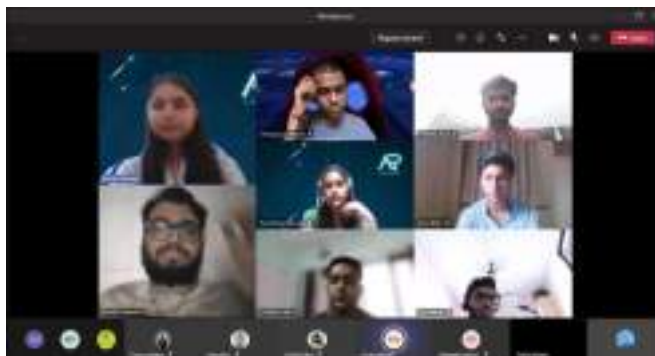

The Final was also streamed live on Algorhythm’s Discord Channel. The engaging encounter was won by Harsh Vardhan Singh’s Team. The tournament was a great success and was thoroughly enjoyed by players as well as the viewers.

Event Name	E-Portfolio
Event Schedule	10 th April 2021 (5:00 pm – 7:00 pm)
Event Venue	Microsoft Teams
Edited by	Kashmira Kor

“Testing gives you snapshot; Portfolios gives you movie”

An E-Portfolio is a collection of work and evidence in an electronic format that showcases learning over time. It has the power to exhibit knowledge, expertise and skills. Portfolios show the cumulative efforts and learning of a particular individual.

The Technical Council of Vidyalanark Institute of Technology organized an event “E-Portfolio” on the eve of 10th April 2021. The event was a part of institute’s very first Techfest “ALGORHYTHM 2021” and the main purpose of the event was to encourage students to prepare themselves for the corporate world by guiding them on how to design their very own E-portfolio.

The event began at 5:00 PM on the platform Microsoft Teams. It was hosted by anchor Riddhi Warale. 38 contestants participated in the competition. The host welcomed and gave a brief description with help of PowerPoint and explained the rules of the event.

The participants had to join Microsoft Teams and keep their camera on throughout the competition. To prepare E-Portfolio, the participants can use various language, tools and websites like Wix and Weebly and have to host it on any platform like GitHub Pages, Heroku, etc.

The results were announced on the next day of the competition i.e., on 11th April 2021. The winner of the event was Deepankar Bhade and the runner up turned out to be Nitesh Pednekar. The event received a massive response from all contestants. It effectively

accomplished its objective to help students to develop new or deeper learning and become 'Industry-ready'.

Event Name	Error Hunting
Event Schedule	11 th April, 2021 from 6:00PM - 8:00PM
Event Venue	Zoom
Edited by	Roshan.M.Karkera

"Testing proves a programmer's failure. Debugging is the programmer's vindication"

On, 11th April, 2021 there was a competitive coding contest held as an event under "**ALGORHYTHM 2021**". The whole Techfest was conducted for two days hosting contests such as competitive coding, error hunting, circuit frenzy, e-portfolio, hackathon and various gaming events like Counter Strike, Valorant, mobile call of duty and chess variants. Due to the pandemic of COVID-19 the whole series of events were conducted on online platforms like Microsoft teams and Zoom. Each of these contests had a twist of brainstorming problems to which the participants had to find the correct, proper and efficient solution.

The contest of Error Hunting was conducted on zoom meetings, where the event head gave participants the instructions of the contest which all contestants had to follow while performing the tasks. The participants in the event had been provided with a GitHub link where codes of various

programming languages were provided while assessing those, the participants had to find the error and correct it thus making the code right. There was total 41 number of participants who registered for this event.

The description of error hunting would be, Error Hunting was 2 hours debugging competition where participants must clone the provided GitHub repository and start debugging. The given code snippet had some errors and the participant would have to rectify those errors and generate the desired output. The code snippet may contain syntax error or logical error. In coding world, there are many types of languages but the

contest consisted of three basic programming languages such as, C++, Python, and JavaScript.

Like any other contests this also had a set of rules set by the event head like: The participants can use one of the following languages: 1. Python, C++, JavaScript. 2. Participants are required to join the meeting within the first 15 minutes of the commencement of competition; the joining link for the meeting will be shared with you through your registered email, a day prior to the event. 3. Participants are supposed to turn on their camera during the competition.

This contest had a winning amount of Rs.1,000, Rs.700 and Rs.500 for 1st, 2nd and 3rd place winners respectively. Before starting the contest, event head announced the steps for the competition which were; Step 1: Download the zip file Of Problem Statements and extract it. Step 2: Debug the Code to generate the required Output. Step 3: Create a Zip File containing solutions to

problem Statements, and last Step 4: Fill the Google Form. The link to the Google form was provided to the contestants similar to the GitHub link by the event head. The main motto behind this contest was to check the skills, efficiency and also to check whether the contestants had a good knowledge of the basic concepts of the programming.

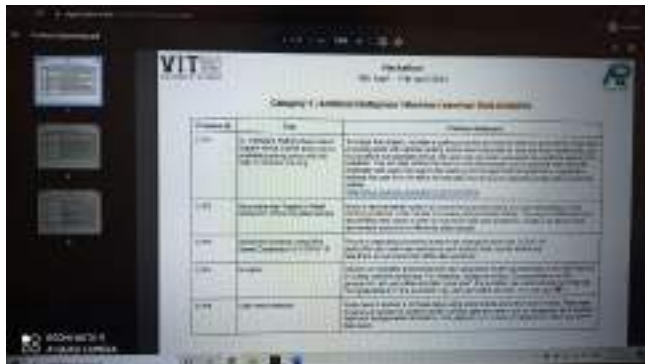

The contest started at sharp 6:00 PM, which was followed by a PowerPoint presentation given by the event head which explained the structural process of the contest, and thus started the contest. After, a series of 2-hours continuous coding, the end of the event came leading to the declaration of the winners. The winners in the competitive coding contest were: 1st place winner: Prajwal Dubey (TE INFT-B), 2nd place runner-up: Minakshee Narayankar (TE CMPN-B) and 3rd place runner-up: Nishi Podar

(CMPN-B College: NMIMS). The contest then concluded after the event head congratulated the winners of the contest and then ended the meeting.

Event Name	Hackaton
Event Schedule	10 th -11 th April
Event Venue	MS Teams
Edited by	Kasturi Dhuri

"Programming isn't about what you know; it's about what you figure out."

The Technical Council of Vidyankar Institute of Technology organized a technical fest "Algorhythm" with the ambition to cultivate the talent, creativity and to entertain techno-community with an innovative series of technical events and competitions one of which was the "Hackaton". It was a 24 hours inter-college competition where participants coded innovative solutions for the given problems by ideating, innovating and hacking meaningful solutions to real-life problems.

It began with releasing the problem statement on 10th April at 9:00 AM on the website 3 hours before the inauguration ceremony which was well anchored by Soham Sahare and Khuzaima Pishori the technical heads of the Student Council. Inauguration ceremony started with some civilly thoughts shared by Mr. Abhay Phansikar with our participants and guests. Later the general instructions and guidelines were discussed. The

teams participating were told to come up with an end product according to the problem specified.

Participants were given liberty to choose any one category out of the given three namely 1. Artificial Intelligence, Machine learning, Data Analytic 2. IoT, Automation, Image Processing 3. Health Care, Education, Miscellaneous, Management System. Participants were working on selected larger tasks in small teams of minimum 4 and maximum of 6 members on particular tasks.

Hackaton began around 12:00 PM soon after the inauguration ceremony. At 4:00 PM on 10th April first jury round was held where in the teams were asked to present the progress of their work. Questions were asked by the panel of judges. Problems were discussed. Marks were given on basis of overall

project and team work after which the second jury round was carried on at 8:00 PM on the same day to check the progress of the teams. The final round i.e., the third jury round was held on the next day i.e., 11th April at 12 P.M. where team Vigilant left a remarkable impact and with no further delay the result was declared around 1:00 PM which was a no shocker as team Vigilant was declared as the ultimate winner.

Data pirates and Automators were the second and third runner ups respectively. During the closing ceremony thank you notes were delivered to the conveners, judges and all the participants.

Students found this event attractive because it broadened their horizons in the field of modern technologies and datasets with emphasize in the spatial data domain. This event brought students an experience on how to process tasks in different domains in limited time. "Overall, the event was a big hit!" stated by one of the participants.

Event Name	Chess Variants
Event Schedule	10 th April – 11 th April 2 PM onwards
Event Venue	chess.com
Edited by	Ruchita Ajgaonkar

"Move in silence, speak only when it's time to say checkmate"

Being one of the oldest and most popular board games, Chess has traditionally been played by two opponents on a checkered board with specially designed pieces of contrasting colors. However, variety might add some zest to the board. Here, the Technical Council 20-21 of "Vidyalankar Institute of Technology" presented surprisingly instructive but fun event- 'Chess Variants' during their Technical festival, "ALGORHYTHM".

Chess Variants was held on 10th & 11th April 2021 from 2 PM on an online website- chess.com

and was streamed on Discord, an instant messaging and digital distribution platform. This event witnessed a participation of about 34 most skillful and brainy chess masters, who tried their hands on this variant.

The contestants had to pass through 3 different rounds of elimination to achieve the winning title. For the first round, 4 players competed against each other on a single board,

hence the name 'Four Player Chess'. This round was moreover a patience-test as one has to wait for three others before they could make a move. A special board, new rules and extra opponents were the highlights of this round.

The top 3 players from each board were promoted to next round of the Variants. The second round, 'Fog of War' was one of the most exciting yet challenging variant where players could only see the squares at which their pieces can legally move. Meanwhile, they were unable to see which enemy piece captures one of their own unless at least one other piece is facing at the square where the capture takes place. This toilsome round was enjoyed by the contestants and appreciated thoroughly.

The top 4 contestants were promoted to the final round, the Dice Chess. This round required stroke of luck as a dice was used to alter gameplay. After boards of fighting with kings and pawns, the Chess Variants at AlgoRhythm finally got their Chess Master. The winner, Mr. Karzan Kumana was awarded with a cash prize of Rs. 1000 and the first runner-up, Shahil Khan was gifted Rs. 700 cash. The tournament rounded off on a happy note bringing satisfaction on every face which indeed marked successful execution by organizers

"Gamers never die they respawn"

Gamers always believe that an epic win is possible and that it is always worth trying, and trying now. The Riot Gamers stellar, Valorant is a Free-to-play multiplayer tactical shooter game which has been highly popular all over the world. The Student Council of VIT organized a tournament for all the gamers of VIT. The tournament was organized on two days 10th and 11th April 2021.

The day 1 tournament started at 2:00pm with the first match played between Soham Shinde and Tanay. Winner of this first match was Soham Shinde. Simultaneously, another match between Rishikesh and Niraj was conducted and winner was Niraj. With each match a team would get knocked out and the other would progress to the next stage. All the teams showed great talent and resilience. After 10 matches in two days, we finally got our 4 semifinalist teams who competed with one another for finals.

The Finale was the most engaging part of the entire tournament. The engaging encounter was between two final teams Niraj and Shreyas. At the end of this final tournament Shreyash's' team won the finale, thus winning the tournament. The tournament was a great success and was thoroughly enjoyed by players as well as the viewers.

CLASS WARS

Event Name	Intra Debates
Event Schedule	30 th – 31 st March 2021
Event Venue	MS Teams
Reported by	Rutika Bhurke

"It's better to debate question without settling it than to settle a question without debating it"

The Student Council of "Vidyalankar Institute of Technology" organized 'Intra Debates 2021-22' on 30th and 31st March 2021 in four slots. On day 1 the first slot commenced at 4:30 pm. The first two teams were TE ETRX versus TE INFT and their topic for debate was 'Healthcare and education role in military'. Team ETRX was speaking for the notion and INFT against it. As the event commenced, the host Ms. Pooja Naik

explained rules of the debate and then the teams were given 3 minutes for preparations. The opening statement was given by Team ETRX for the notion by mentioning points like goals of military are national security, respect etc. and the debate continued further till 5:00 pm. The last closing statement was Team INFT after which the results were announced by the judge at 5:15 pm. Winner for this slot was Team INFT.

Next up, on same day 2nd slot commenced at 6:45pm. Two teams for this slot were FE EXTC B versus FE ETRX A. Topic was 'Peer pressure absolves delinquent teenagers from culpability'. The host for this lot, Mr. Chirag Jadhav explained the rules before starting the event. Team A (FE EXTC B) was for the statement and Team B (FE ETRX A) against it. During this debate, Team A mentioned points like peer pressure has both

positive as well as negative effects and how there are more undesirable effects than the desired ones, and in their defense Team B mentioned how peer pressure determines students' fate. The winner team for this slot was FE EXTC A.

On day 2, slot 1 commenced at 4:30pm. The host for the slot was Ms. Eshika Purohit who moderated the debate after explaining the rules. Team A FE CMPN A was in favor of the notion and Team B SE BIOM was against and their topic was 'Should right to privacy have limit'. Team A started with points like anything out of limits comes with threats and its own disadvantages and in their defense

Team B came up with points like unlimited privacy prevents misuse of someone's personal information, basic rights, etc. Important and questionable issues like national security were also discussed by the teams. Debate continued till 5:15 pm, then results were announced by the judge. Winner for this slot was Team A FE CMPN A.

2nd slot commenced at 6:45pm. Two teams for this slot were Team A (SE EXTC B) and Team B (SE ETRX A). Team B was for the notion and

Team A against the notion. Debate continued till 7:30 pm, and then results were announce. Winning team for this slot was SE EXTC.

Teams that reached the semifinals are BE BIOMED, TE INFT A, SE EXTC A, FE EXTC A. At the end of day 2 slot 2, Literary secretary Ms. Saumya Singh congratulated all the winners and expressed her gratitude and vote of thanks.

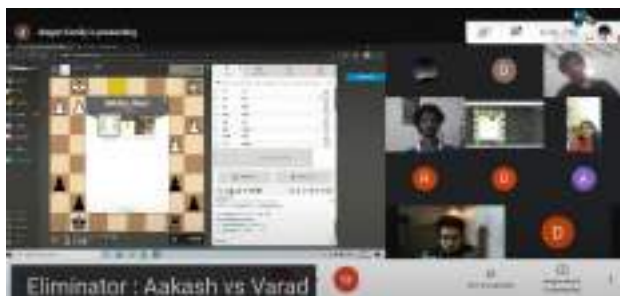

Event Name	V Emperors Leg 1
Event Schedule	On 30 th March, 2021 to 3 rd April, 2021
Event Venue	MS Teams, YouTube
Edited by	Kashmira Korr, Dharmil Karia and Utkarsh Gaikwad

*"You must not only have competitiveness but ability, regardless of **the** circumstance you face, to never quit."*

The Sports Council of VIT organized 'V Emperors Leg 1' in the month of March 2021 to keep alive in the students the spirit of sports and games. As, events were held online due to COVID-19, the whole "V-Emperors" event consisted of many games representing different sports such as, chess on chess.com, football on PES gaming software, fitness challenge and a quiz competition consisting questions about the sports history.

On 30th March, 2021 to 3rd March, 2021 there was a chess tournament held under the event of "V-

Emperors". "V-Emperors" is an official sports event held every year; also, it is organized by Sports council of Student council of VIT. The chess tournament was a 4-days event amongst that the, 1st day and 2nd day i.e. 30th March and 31st March was held for the arena rounds, and 3rd day i.e. 1st April was held for round-3 and the final knockouts and finally, the last day of the

event i.e. 3rd April was conducted for the final rounds

On the last day of the event, there was a hustle between the participants to win the tournament. As, this was the final day of tournament it was streamed on YouTube live by the moderators of the event. So, the last day started with the eliminator round, which was a competition to gain the 3rd place runner-up of the event. The finals were a best of 3 game giving each player to play as white as well as black, players

in the eliminator round were Aakash Vaishnav playing black and Varad Shirodkar playing white in the first round First round of the best of three was won by Aakash giving him a advantage of 1-0 from Varad. After a tough round of 27 mins the second round was also won by Aakash Vaishnav (F.E CMPN-B) making him the 3rd runner-up of the event. The event moderators afterwards congratulated the winner thus moving forward to the main highlight of the tournament which was 1st and 2nd runner-up of the tournament.

The match was between Devarsh Srivastava (B.E ETRX-A) and Darshan HT (F.E INFT-B), this round was also a best of 3 match, giving Devarsh white keys and Darshan black keys in the first round of the respective match. The moderators also asked the audience to support by giving them shoutout to their favorite player. After a challenging game of 9 mins Devarsh won the round 1 among the 3 rounds, now both the players get opposite colored keys then the previous round. Finally, the end game was won by Devarsh as he calmly won and round 2 as well. So, the winners were announced and also congratulated by the moderators i.e., 1st place winner was Devarsh Srivastava and the 2nd runner-up place was won by Darshan HT, thus ending a long 3-day tournament.

The quiz competition was conducted on an online platform i.e., MS Teams where participants had to play 3 Rounds. The link of each round where the quiz was to be played i.e., Quizizz, was provided to participants before every round. The quiz was based on questions related to different sports. Various facts and Did You Knows were discussed by the hosts, Anusha Sarla and Kanishka Gupta in between the intervals. Round 1 was a trial round where 35 questions were asked and a maximum time limit of 10 minutes was given for answering the questions. A pole was continuously shown on the screen where we could see the participants engage in a fierce competition with their peers.

The winners of 1st round were Abhiraj Raghunath, Dunny and Yash who came in the first, second and third place simultaneously. The difficulty level of the questions increased with every round. Round 2 consisted of 25 questions followed by Round 3, the Finale Round, which had 15 questions. Finally, after an engaging “Battle of wits” like competition the winners of round 2 and round 3 were announced. For Round 2, the winners were Rashiv Singh who grabbed the first place followed by Atharva Malvade and Smruti Yadav who came in the second and third place simultaneously. The winners of the Finale round were Sanal Romane, Yash Mahajan and Avneesh who came in the first, second and third place.

Fitness challenge one of the events held in Sports Mania. The event scheduled for 30th March, 31st March and 3rd April. The Fitness Challenge was held on Online Platform Instagram. The participants have to post a video of the challenges given on that day and tagged the Instagram account of Sports Mania.

There were four teams of 2 participants in each. The contests that took part in this event are Team 1 - Vaishnav and Sourabh, Team 2 - Abhay and Rohan, Team 3 - Soham and Deepak and Team 4 - Abhishek and Pawankumar. The participants have uploaded their challenge videos of their respective day on Instagram. The winning team who scored maximum points with their physical fitness was Team 2 - Abhay and Rohan.

From 31st of March to 2nd April VIT organized a spectacular tournament of PES Mobile which consisted of a massive 64 participants. It was a knockout tournament where the winner goes to the next round. The time limit of one match was of 12 minutes. It had few rules that aerial through ball from CB to CF was not allowed and wasting of time by back passing was also not allowed. If the opponent exempts any of the above rules, then video proof was needed and that respective participant would have been eliminated by default. The finals of PES Mobile tournament was played on 2nd of April. The tournament ended on 2nd April where all of the 64 participants gave positive feedback about the tournament.

Event Name	V Emperors Leg 2
Event Schedule	On 12 th April, 2021 to 15 th April, 2021
Event Venue	MS Teams, 8 Ball Pool, Carrom Pool
Edited by	Roshan karkera, Sakshi Dhavlikar

"Champions keep playing until they get it right."

The Sports Council of VIT organized 'V Emperors Leg 2' in the month of April 2021 to revive in the students the enthusiasm of sports and games. As, events were held online due to COVID-19, the whole "V-Emperors Leg 2" event consisted of new interesting games representing different sports such as, Carrom, 8 ball pool tournament and a quiz competition consisting questions about the sports history.

The quiz competition was conducted on an online platform i.e., MS Teams where participants had to play 3 Rounds. This Sports Trivia consists of 3 rounds Before starting with the quiz, participants are requested to put their own names for all 3 rounds otherwise your names won't be considered for the prize and may lead to disqualification. Round 1 & 2 were be of 8-9 mins approximately. Round 3 was of 5 mins and scores of ALL 3 ROUNDS were be held in consideration. Participants who appeared in TOP-10, their scores were added up IF AND ONLY IF they kept appearing in TOP-10 in ALL 3 ROUNDS. ONLY the scores of participants in TOP-10 will be considered for all the 3 rounds and will be added accordingly. But there was a catch to this quiz, the faster you answer the questions right the more bonus points you will get. Scoring is completely based on this and the level of difficulty increased as you proceed to the next round from Round 1 to 3, also the number of questions will decrease. The winners of this contest were Rashiv Singh, Atharva Malvade and Avneesh Haridas.

8 Ball Pool is an online billiard game where players can have a virtual experience of playing billiard. The game started with a brief introduction of the rules of the tournament. There were many entries and the Sports Council core prepared random slots for the players to compete against. The rule was clear the only game which will be played will be Tokyo Erena. This was chosen as it did not have any detailed or difficult guide lines and players would be able to go all out which made the game more thrilling. All the players were very excited and the game began with high energy. Players had a lot of fun playing the game. The winners who took the prize home were Pranav Ekbote who won the first prize, Nitesh Bhakta and Rutvik Sarkate as runner-ups.

These carrom tournament was handled by Head-RITIK JAISWAL with the aid of all carrom core as well as cricket core. The carrom event was divided into 2 days i.e., on 15th April and 17th April This event was conducted online using app called CARROM POOL. There were 32 participants who

competed against one another. On the first day the participants were divided into 4 equal groups, each group conducted 3 phases and each phase had knock out match. At the end of the 1st day, we got 4 winners Those 4 winners next participated in semifinals which was conducted on 17th April were 2 matches each of 3 boards. Hence, winners of the CARROM TOURNAMENT VIDIT who conquered the finals, PRIYANK and HARSH the runner ups.

FRESHERS

Event Name	Fitness Monopoly
Event Schedule	8 th March, 2021
Event Venue	MS teams
Edited by	Kasturi Dhuri

"Physical fitness is not only one of the most important keys to a healthy body, it is the basis of dynamic and creative intellectual activity."

Physical Fitness is an integral part of our life. It helps in the attainment of one of the ultimate aims of education i.e., the achievement of holistic development. Games and Sports play a vital role in the student's life. Therefore, Student Council of Vidyalankar Institution of Technology couldn't let the global pandemic destroy the spirit of sports for the freshers. By taking into consideration the current situation, event was held on an online

platform MS Teams. The event began at 4:45 PM with a welcoming speech for the participants.

As the name suggest, one was required to complete practical challenges specified within the game. At the beginning of the game every participant was credited with 500 points and participants were divided into groups. Each group was allotted a room

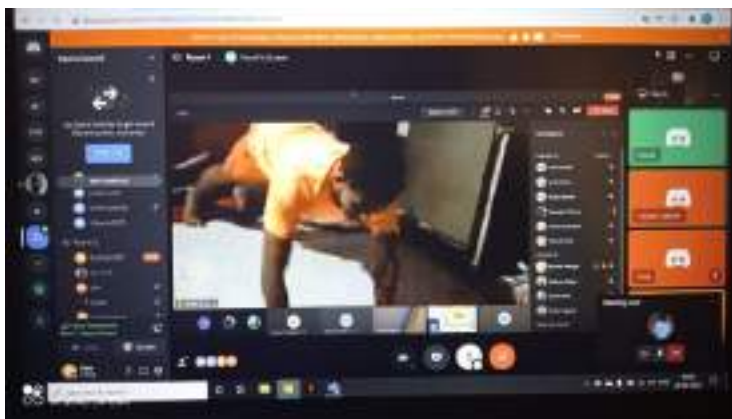

created on Teams where they competed against each other. It was mandatory for the participants to be in front of their camera throughout the game. Tokens were assigned to every participant.

The game board consisted of blocks; each block had been allotted a task for the participants to complete. After the token of a particular player lands on

that space, he had to perform the task given in the block in front of the camera. Marks were allotted or deducted after every challenge.

Questionnaire round was held at first, whenever the dice didn't roll out at six for any of the player. Later on, this round was held after every set of rolled out dice. Participants were asked to raise their hands with the option given in the MS Teams.

If they answer correctly, one was given a chance to roll the dice or the coordinator would start over with player one. The game continued until the last one reaches the start. Marks were calculated and two highest scorers were qualified for the final round from each room.

Finale began around 7:30 pm with some enthusiastic anchoring by Anusha Veligeti. All the finalists were cheered up and the race for winning the title began. Rules and regulations were same. The final round took place for 45 minutes. After an intense battle between the six participants Ayush Meshram was announced as the Winner, Saurabh Yamgar and Vishal Prajapati as the runner ups.

Event Name	Freshers' Eve
Event Schedule	8 th March 2021, (6:30-8:00 pm)
Event Venue	YouTube
Edited by	Utkarsh Gaikwad

"Sometimes you will never know the true value of a moment until it becomes a memory."

The BEAT BREAKERS were the first to take the stage and dance to Bollywood songs to create a wonderful atmosphere enthralling the audiences with their hypnotic moves, after which it was time to meet our finalists for Mr. & Miss Fresher's contest to whom the audiences responded with great zeal and enthusiasm.

The Student Council of Vidyalkar Institute of Technology held its Freshers' Party on the eve of 8th March 2021 for the new batch of freshers of the year 2020-21. The Freshers' Party: THE NEXT GENERATION was held online for the first time and streamed through YouTube due to the pandemic. It began with a welcoming speech by Chaitanya Toraskar and Ketki Kelaskar, the wonderful anchors for the evening.

Juniors took over the stage looking gorgeous in their most dazzling and confident self. Mr. Arun Chavan, HOD of ETRX department and Ms. Snehal Andhare, Professor of CMPN department, were the judges for the event. The contest began with the Introduction round and was followed by the Question round. All Ten contestants

delivered their best answers using their wit and critical thinking, and the judges were in awe with the potential in the freshers.

APACHES the very own music band of the institute were next to perform. The songs they played were truly amazing and heartwarming. The APACHES were followed by the SHOW STEALERS who shook the audiences by their dance moves and left them wanting for more.

After the rejuvenating dance by SHOWSTEELERS the results of the Mr. and Ms.

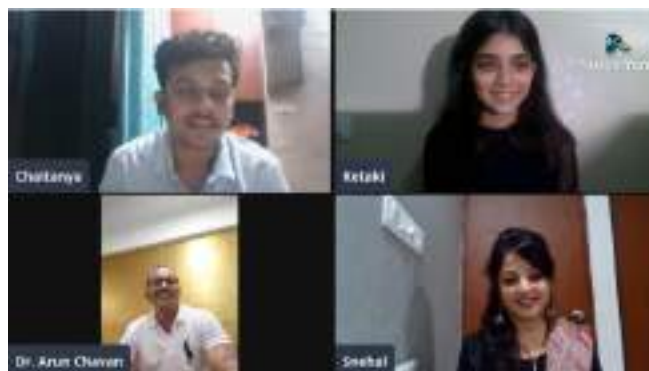

Freshers were announced. Mr. Shivam Raina and Ms. Akshita Suresh were endowed as Mr. and Ms. Freshers 2020-21 (UG) and Mr. Sarvesh Panchal and Ms. Neha Naik were endowed as Mr. and Ms. Freshers 2020-21 (MMS).

The vibrant ambience and impeccable mood made the day of everyone present on the occasion and surely leaving each entrant with a memory. The event, even though being online was a great success. The event was concluded at 8:30 pm.

Event Name	Mr. and Miss Freshers'
Event Schedule	8th March 2021 (6:30pm - 8:00pm)
Event Venue	YouTube (live)
Edited by	Kashmira Kor

"Appearances makes Impression, but Personality makes an Impact."

Every human being has been blessed with different abilities, talents, and capabilities. We differ from each other in that we have different interests and inclinations.

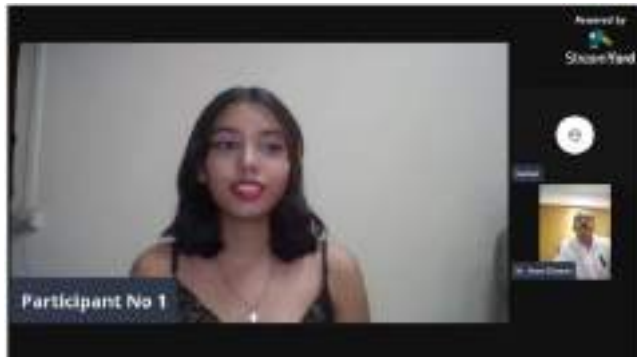

The student Council of "Vidyalankar Institute of Technology" arranged the event "Mr. and Miss Freshers" on the eve of 8th March 2021. The main aspect of the event was to give a golden chance to showcase the prowess, aptitudes, and strengths of novices. The event was organized in many rounds such as gather town round, Question and answer round and talent round.

Before the gather town round the forms were rolled out in which we got around 110 responses. In gather town round the virtual quest was held on gather town platform, where participants had to gather clue and reach the finals. Then 10 contenders were selected for finals.

The event began in the eve at 6:30 pm on platform YouTube (live). The event hosted by delightful anchors Ketaki and Chaityna. The event commenced with a dynamic and vibrant performance of dance team "Beak Breakers" They grabbed everyone's attention with their thrilling staging.

Head of Electronics department Professor Dr. Arun Chavan and Alumni and Assistant Professor of Computer Science department Snehal Andhare were the judges of event. They took Q&A session of participants expertly and precisely. Each participant partook in the Q&A round in a gracious way. The questions were mainly about to examine the abilities, character, and wits of participants.

After the Q&A round the institute’s very own music team “Apaches” carried out melodious and soothing performances to fill viewers with more exhilaration. They performed diverse and colorful songs to create an amiable atmosphere.

Soon after the talent round videos were played. It displayed the talent and skills of participants which they excel at. Each participant had unique flairs such as dancing, singing, cooking, instrumentals etc. One more time, to uplift the event, another dance team “Show Stealers” stole heart of audiences with their energetic performance; event reached the greatest level of excitement.

The eve concluded with most awaited moment which was the final announcement of the title of “Mr. and Miss Freshers” The contestant who won the title Mr. Fresher was Shivam Raina and contestant who gained the title Miss Fresher was Akshita Suresh. Along with “Mr. and Miss Freshers” the participants who won title MMS Mr. Fresher was Sarvesh Panchal and MMS Miss Fresher was Neha Nayak. The event was joyful and arose creative impulse among the onlookers.

Event Name	Sunburn Musical Night
Event Schedule	6 th March 2021 (9pm Onwards)
Event Venue	Bookmyshow Online
Edited By	Dharmil Karia

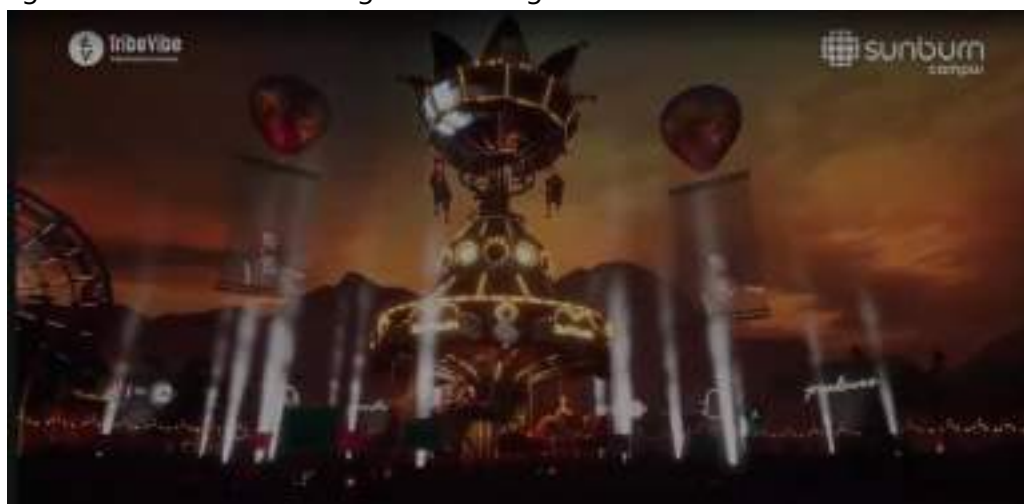

“When the bass drops, so do your problems”

College is not just about studying but also about having a good time with friends and creating memories. Among the various events organized during the Fresher’s week, a Musical Night was also organized by the Student Council of VIT. The event was hosted by Sunburn Campus in partnership with

TribeVibe. It witnessed a wonderful set played by DJ Danika which surely gave freshers the feel of college life.

The registrations for the event were open for all and were conducted on Bookmyshow. The event kicked off at 9 pm on Bookmyshow online with a pre-recorded set by DJ Danika with some mind-blowing animations. Danika also graced the night with her solo violin set which was mesmerizing.

Around 600 viewers danced to awesome beats played by DJ Danika and enjoyed the night. The event was a great success and was thoroughly enjoyed and loved by the viewers.

Event Name	Talaash- The Horcruxes Lie Within
Event Schedule	8 th March 2021
Event Venue	MS Teams
Edited by	Rutika Bhurke

"It is our choices, that show what we truly are, far more than our abilities."

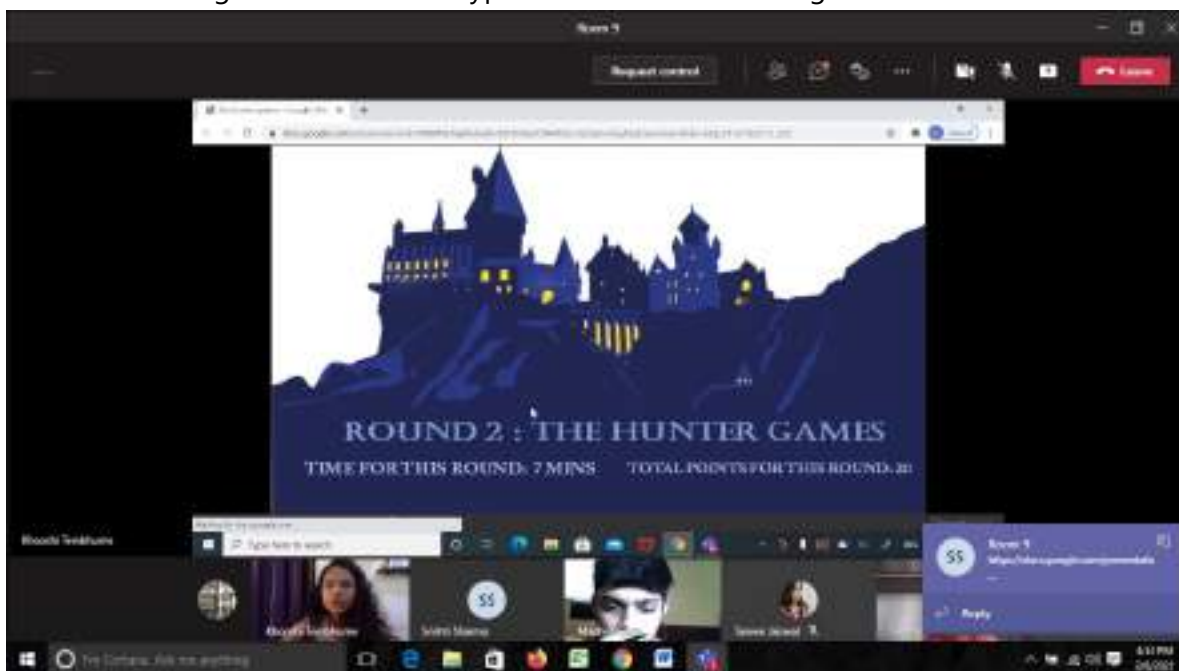

Harry Potter was, is and always going to be the best series of movies for all the time and the best part of this series is the last installment when Harry the main character of this series tries and finds out the Horcruxes that can defeat his nemesis Lord Voldemort.

The Student Council of Vidyalkar Institute of Technology organized "Talaash- The Horcruxes Lie Within a fun game event". This was one of the many pre-Fresher's eve interesting events which were organized for the freshers so that they can start their college life with fun and enthusiasm.

The event commenced at 4:30 PM on 8th March 2021, by the host Mr. Parth Yadav by welcoming all the freshers and explaining them the rules of the game. Later on, teams were formed with each team having four participants and every team was taken to a different breakout room. Every breakout room had a guide from Literary Council. This event was divided into various rounds.

Round 1 was 'Tedhe Medhe Alfaaz' in which clues were given to find a particular thing from the given picture. Round 2 was 'The Hunter's Game', in which participants had to guess the answer for the clues which were given to them and type the answer in the Google form.

Next round was a Bonus round which was a quiz and was conducted on a website, Kahoot. Round 3 was 'Sound of Music' which also had the same rules as round 1 and 2, i.e., team had to crack the clue in order to get a Horcrux, but this time the clue was in the form of audio. They had to listen to the audio and guess what the audio is related to. Round 4 was the last round named 'Murder Mystery'. In this

round the team was presented with an animated crime scene and clues regarding the crime scene were provided and they had to guess who the culprit was.

Event Name	The Random Gambit
Event Schedule	8 th March,2021 (16:15 to 18:15)
Event Venue	Microsoft Teams
Edited by	Roshan.M. Karkera

"In chess, knowledge is a very transient thing. It changes so fast that even a single mouse-slip sometimes changes the evaluation"

The Technical Council of Vidyalkar Institute of Technology, organized an interesting online brainstorming game called THE RANDOM GAMBIT similar to a normal chess game with a slight twist of luck and randomness into it. The event was conducted from 4:15pm - 7:30pm on virtual platform Microsoft Teams. There were around 50 participants up for the challenge. The event was conducted with a lot of excitement and enthusiasm.

The event "The Random Gambit", is basically derived from "The Queen's Gambit", it is a game of Dice Chess, where 2 virtual dice will be rolled by the moderator and the player has to choose any one piece to play the move, where each side of the dice will have a piece from the chess board. The moderator will be sharing his/her screen on which two dice will be rolled.

The players were shifted to breakout rooms for their matches along with their opponent and a moderator with each breakout room being handled by a core of technical council who also behaved as a moderator of the particular game. As every game consists of a set of rules, so did this. The rules of the game were

- 1) The match will be a rapid 15 mins, without increment, unrated.
- 2) If the player is unable to play the piece on any of the 2 dice, i.e., a Deadlock

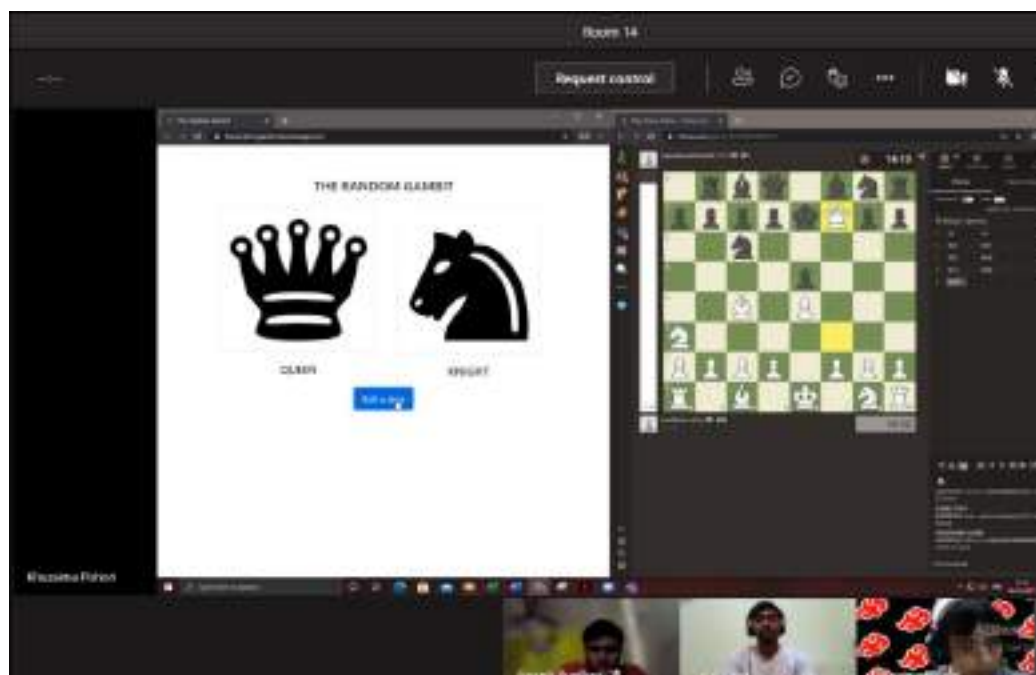

Situation, then he/she will have 2 more chances to roll the dice and in the 3rd chance if the player is still unable to play, then the player will lose, and won't be continuing further in the Tournament.

3) Players have to switch on their camera throughout the match.

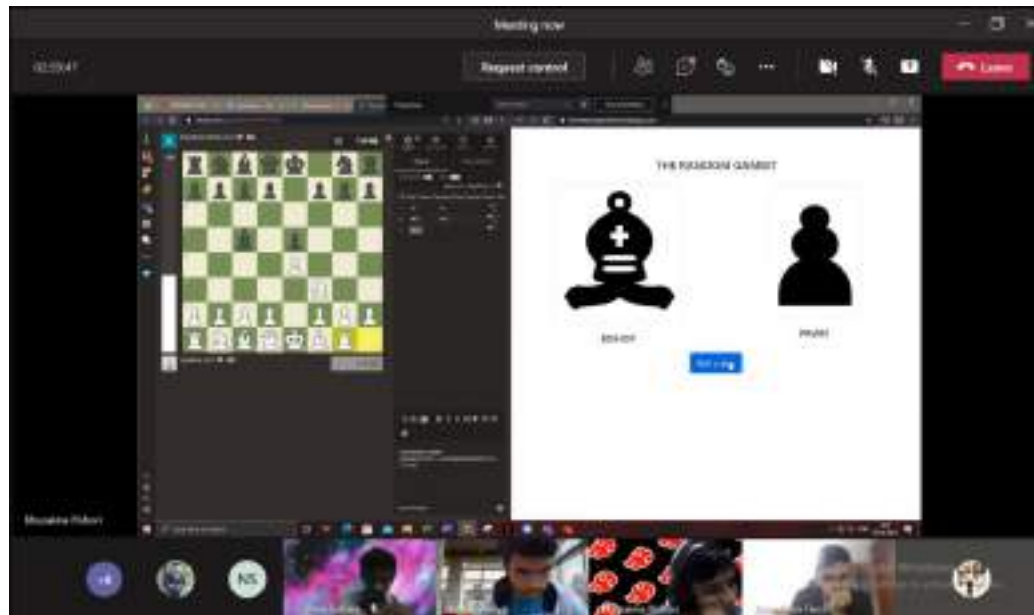

4) Players shouldn't pre-move.

5) If a player plays any other piece than told by the moderator then he/she will be disqualified.

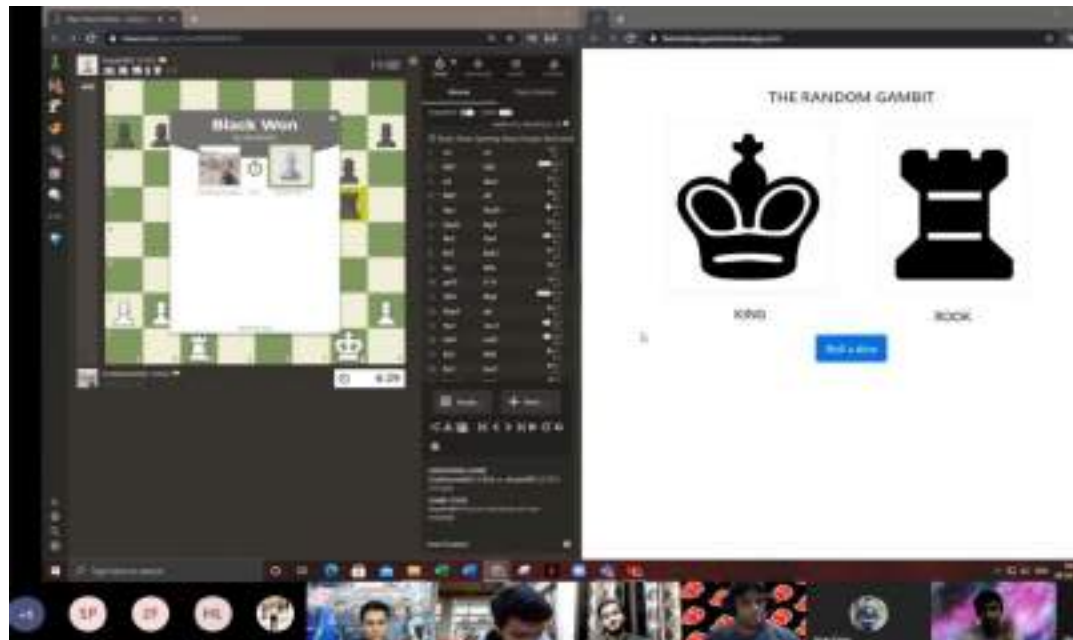

The rules and regulations were strictly followed by the moderator and the games were monitored closely. Any doubts of the participants were handled and solved efficiently by the moderator.

In this event that lasted 3 hours, each winner had passed through 3 rounds then playing the quarter-final, semi- final and the final endgame. Some of the participants won rounds by sheer luck, but some rounds were a complete mind fusing gameplay. Among the participants, some with previous experience playing chess had a slight advantage, but also due to random dice rolling they were restricted to move only one of the two showing pieces. After a series of tough matches, Kedar Vaidya from ETRX-A and Zainudeen Firoz from INFT-B rivaled for the position of 3rd Runner-up, the match lasted for few minutes and Kedar secured 3rd place in this event.

After that there was a nerve wrecking match between two chess experts, Aryan Arora from INFT-B and Prathamesh Kulkarni from CMPN-B, this match was viewed by everyone in the room as this was the finale match and was quite an interesting one. After a good game, that went on for straight 15 mins with a checkmate Aryan Arora (INFT-B) scored the 1st place, followed by Prathamesh Kulkarni (CMPN-B) securing 2nd place.

The event was a huge success and the hard work of the Technical team really paid off, as it was a difficult task for them in-terms of organising online event and making the participants understand the rules and regulations, and thereby being patient majorly due to varying internet connection. Lastly the event concluded by congratulating the winners.

The winners for the evening were soon revealed to be EXTC-B team as the first runner up, the second runner up was CMPN-B team and ETRX-A was the winning team for the event. This online event turned out to be of great success and full of enjoyment.

FRIDAY PAATHSHAALA

Event Name	Spell-O-Genie
Event Schedule	9 th March 2021 (5:30pm-8:00pm)
Event Venue	Microsoft Teams
Edited by	Kashmira Kor

"Be sure to taste your word, before you spit them out."

Words have power. They can destroy and create. Words have energy and power with the ability to help, to heal, to hinder, to hurt, to harm, to humiliate and to humble.

The student council of Vidyalankar Institute of Technology organized "Spell-O-Genie" on 9th March 2021. The event took place in the weekly juncture of "Friday Paathshala". The main attribute of the event was to encourage students to learn about the word components' usage, meaning, and history, such as affixes, and to familiarize students with many different forms of words. The event was arranged in four rounds

such as Picture Perfect, Inside Out, Link It Up and Spell-O-Genie.

The event began at 5:30 pm on the platform Microsoft Teams. The event was hosted by our charming anchors Akshay Yadav and Priyanka Kulkarni. 24 teams participated in the competition. Each team consisted of 4 participants. The event started with round one 'Picture Perfect' in which contestants had to guess the compound word based on the picture given. For this round, Google forms were rolled out comprised of 20 questions each, and only one participant from each team had to fill the form. Here 3 teams with the lowest score were eliminated.

Soon after the competition proceeded to round two i.e., 'Inside Out' This round was held on the virtual platform 'Kahoot', where 30 questions displayed on the screen for 10 sec and only one person from each team had to answer the question by logging in to the game with provided game code. Round two was thrilling and very exciting as the questions were tough as it was based on synonyms and antonyms. In this round 1st, 2nd, and 3rd positions were held by teams Paulo, Newt Scamander, Stephen King respectively. For this round, 5 teams with the bottommost score got eliminated.

After then we began with round three 'Link It Up'. 5 channels were created for 3 teams each. The allotted 3 teams joined channels. In this round, the participants had to frame sentences starting with the alphabet provided. Each word in sentences should start with that alphabet only. The round was timed too.

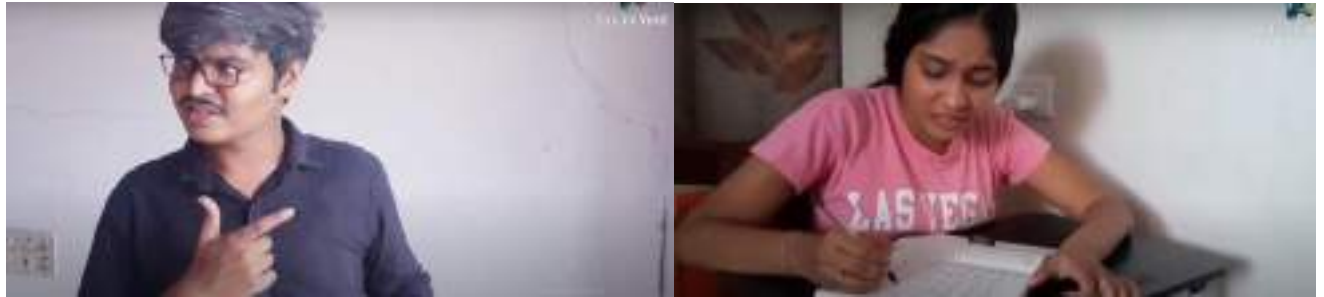

The top 5 teams selected for the final round i.e., 'Spell-O-Genie' were J.R.R. Tolkien, Newt Scamander, Rabindranath Tagore, Mark Twain and Robert Kiyosaki. This round was the main classic spell bee. The contestant was blindfolded and had to spell out a given word. The team which won the round was Newt Scamander. The team declared runner up was Mark Twain.

The event helped students not only to increase vocabulary, but students who target their spelling study could further develop cognitive abilities and learning strategies.

Event Name	Lights Camera Action
Event Schedule	23rd April 2021 (5:30pm Onwards)
Event Venue	Youtube Live
Edited By	Dharmil Karia

As a part of the Friday Pathshaala , Lights Camera Action was a self-directed and produced play presented by the drama team of our college-“VRangkalamanch”. The idea of the play revolved around the current pandemic and how it changed our lives.

The play started of by showing us the reaction of a family to the news of the government announcing a nationwide lockdown. This set the premise of the play . From there on students displayed scenes relating to how the lockdown changed their lives.

The whole act was shot virtually and was put together by Karzan Kumana. The Artists performing in the play were – Nikunj Tandon, Surabhi Pathare, Rahul Pawar, Shreyas Sawant, Riya Modi, Pankaj Ingle, Mrunal Tamhane, Pritish Paul, Pratik Shelake, Roshni Varma, Sonali Bedade, Shadaj joshi, Dishant Kumar, Harsh More, Aditya Maluskar, Ashvini Bhardwaj, Himanshu Parmar, Krutika Jagtap, Mallika Chorasias, Mayur Kamble, Parnika Thamaake, Rutuja Patil and Ved Dahale.

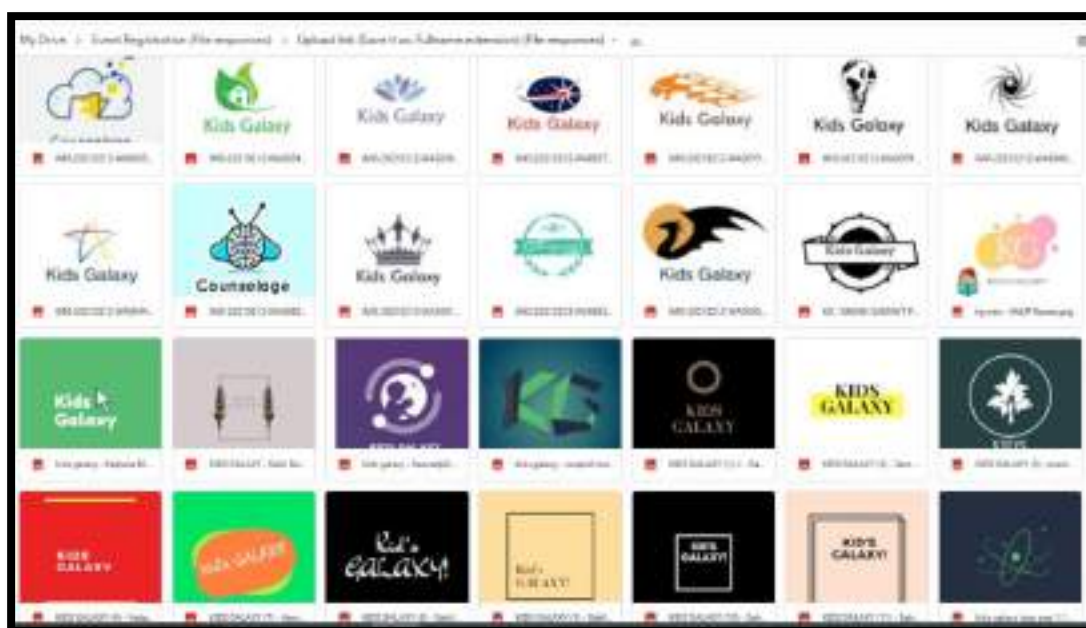

The artists of VRangkalamanch truly showcased their talents through this act and deserved utmost credits as they came up with with such an amazing performance even during these challenging times. The event was a huge success and was thoroughly enjoyed by the audience who watched it live on our Youtube channel as it was being streamed.

Event Name	LOGOISTIC-Logo Design
Event Schedule	12 th & 13 th February (10:00 am onwards)
Event Venue	Instagram
Edited by	Sakshi Dhavlikar

LOGO DESIGN

"Have no fear of perfection- you will never reach It, but you will find excellence."

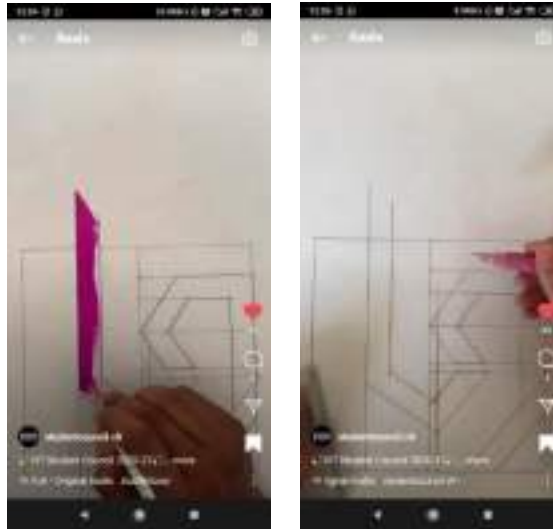

Logos are a vital part of building a successful business and brand. It grabs attention and also makes a strong first impression. A great logo with a unique design helps to build trust in one's startup. The brand image always plays a vital role in brand identity. Simple logos comprised of only essential elements are often the most difficult and also successful.

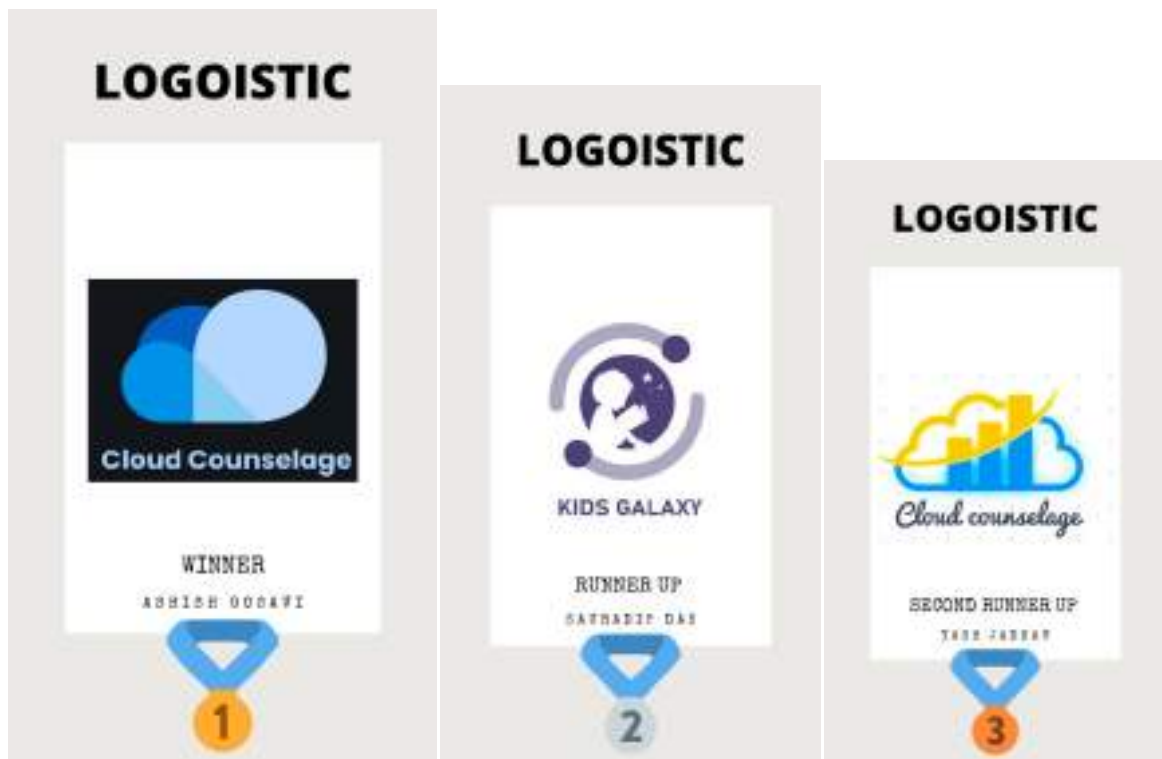

The Student Council of "Vidyalankar Institute of Technology" organized a fun and effectual event, "LOGOISTIC", a Logo Design competition. The competition took place on an online platform which included participants from different colleges to showcase their creativity and talent by designing logos. The competition started on the 12th of February , 10:00 am onwards and continued till 13th February, till 10:00 am.

The participants were given 2 problem statements of 2 different companies. One was that of Cloud Counselage Pvt. Ltd. which is an IT & Management services company with a social cause at heart. It helps companies formulate strategies to leverage technology and grow businesses exponentially. Also offers own and vendor partner SaaS Cloud products as services. The other one was Kids Galaxy which is a rapidly growing start-up that provides e-learning solutions and class apart from educational services.

To provide a better understanding, tutorial videos were uploaded on the Instagram channel of student council on IGTV from the 8th of February. A Google form was circulated where the participants had to submit their work and a total of 129 responses were received.

Each and every participants' work was commendable as the participants were competing with each other to deliver the best possible logo but the eye-catching logos that perfectly met all the requirements related to the topic given were rewarded by the judges. The winner was Mr. Ashish Gosavi from Vidyalankar Institute of Technology followed by Mr. Sauradip Das, the first runner up from NSHM Institute of Media and Design and Mr. Yash Jadhav, second runner up from IIT Kharagpur.

The event was a great success with huge and active participation and was thoroughly enjoyed by all the participants. All of them who participated had an enriching experience while those who were new at it had a learning experience.

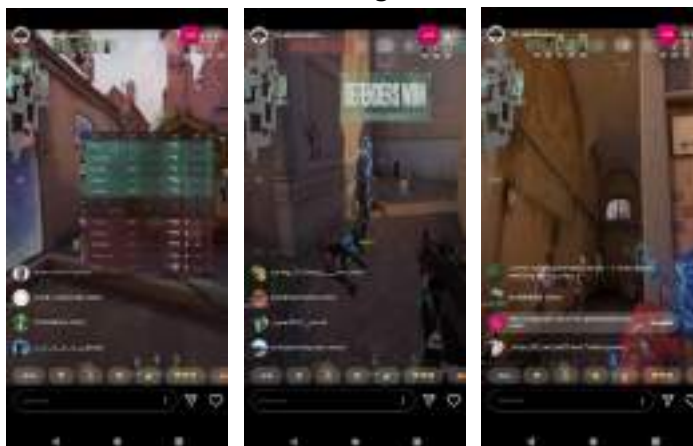

Event Name	Radiant Valorant

Event Venue	MS Teams, YouTube
Edited by	Dharmil Karia

"Gamers never die they respawn"

Gamers always believe that an epic win is possible and that it is always worth trying, and trying for. The Riot Gamers stellar production, VALORANT is a Free-to-play multiplayer tactical shooter game which has been highly popular all over the world. The Sports Council of Vidyalankar Institute of Technology organized a tournament for all the gamers of the college to showcase their gameplay. The tournament was a single-elimination style tournament where eight teams consisting of five players each fought for victory.

The tournament began at 5:30 PM with the first match played between 'Dil se Radiant' and 'Savage Refugees' an explosive game followed by many other amazing competitions. In each match a team would get knocked out and the winners would progress to the next stage. Matches were also put live on Sports Council's very own Instagram page "vit_sportsmania" for audiences to watch and support their friends or favored teams. All the teams showed great talent and resilience.

After 6 matches we finally got our final 2 teams who competed in the finale which was also streamed live on Student Council's YouTube Channel. The engaging encounter between the teams 'Dil se Radiant' and 'Watchyas' had the audiences glued to their seats, cheering the finalists through the chat box. The end game was won by 'Dil se Radiant' with a margin of 13-5.

The Player of the tournament surely was 'Kev' from team 'Dil se Radiant' who single handedly won his team the tournament. His best performance was at the finals where he got himself a staggering 32 kills with only 6 deaths to his name. The tournament was a great success and was thoroughly enjoyed by players as well as the viewers.

Event Name	SportsCentric
Event Schedule	16 th April 2021 5:30 PM to 7:30 PM
Event Venue	YouTube Live
Reported by	Abhilasha Kurmi

"It is hard to beat someone who never quits."

The Student Council of "Vidyalankar Institute of Technology" organized an event 'SportCentric' on 16th April 2021. Two eminent personalities Ms. Tanaz Mohammed, a former National & International level Hockey player, and Mr. Shubham Vanmali, an Open water swimmer, were the speakers invited on this episode of 'Friday Paathshaala'.

The event started at 5:30 PM on 16th April by host Ms. Anusha Velligati. She introduced the guest and enlightened everyone in the audience about their hard work and struggles of their respective fields which inspired all. Further, the guests spoke about their inspirational stories and the efforts they took.

Ms. Tanaz Mohammed is a Grassroots Developer Officer at Mumbai City FC, a Sports Management Professional & a premier skills level 1 certified educator & coach. She is also an advocate for women's & girl's rights in the sports industry. She has been awarded a "Go The Distance Hero Award" for her work in empowering women & underprivileged kids through sports. She was also awarded an "Iconic Sports Personality of the Year".

Ms. Tanaz played different sports at a very young age and started gaining interest in Hockey. During the days of her struggle, her approach to life changed. She realized her struggle being just a phase that shall pass and continued to stay strong. Her basic outlook is that every kid who comes in the field at least gets better in their performance every practice session. Ms. Tanaz Mohammed ended her talk by giving a message which unveiled lots of opportunities and more to explore in the field of Sports.

The second speaker, Mr. Shubham Vanmali is an International Open water Swimmer and was awarded the Shiv Chhatrapati award in 2019. He is the CEO of his own production house, TARPA

Productions. He has completed 4 out of 7 ocean challenges and is the youngest & first Asian to complete the San Francisco Round Trip-Angel Island swim.

Mr. Shubham mentioned that his first International Open water swimming was from England to France, the English Channel which happens to be the busiest shipping lane in the world with a distance of 35 km. He completed this swim in 12 hours in a stretch. He described his most dangerous swim as that of Ireland to Scotland. During this, after 12 hours of the continuous swim, he was on the verge of Hypothermic shock to which he continued to swim and went unconscious after some extend. His observant helped got him back on the boat to save his life. He concluded his talk by saying that to be good at what you are doing, learn to enjoy it.

The event came to an end as the host Anusha Veligeti gave her vote of thanks from the Sports Council to the organizing committee and all conveners.

Event Schedule	26 th February, 2021 (5:30 PM to 7:00 PM)
Event Venue	MS Teams
Edited by	Rutika Burke

"It is our choices that show what we truly are, far more than our abilities"

Choices are what enables us to tell the world who we are, the Cultural Council with their originality and ingenuity presented the students of Vidyalkar a witty and entertaining Friday Paathshala event termed as THIS OR THAT where participants had to make some interesting choices with a fair justification for their answers. A day before the event intriguing stories were put on Instagram with generic choices, triggering curiosity in the audiences yet not fully unveiling the soul of the show.

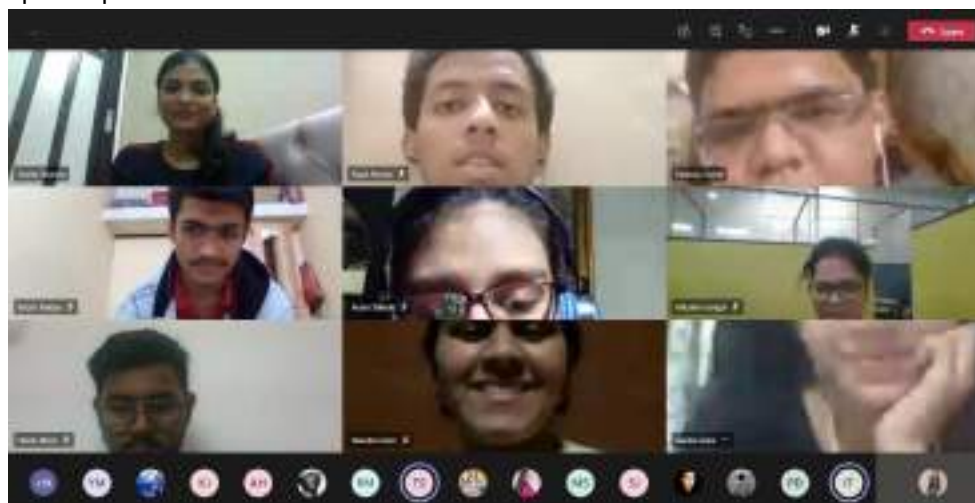

The participants were grouped in teams and were allotted different breakout rooms after host Shristi S. briefed them about the rules. Every breakout room had a representative who further guided and helped out the members. The team was then given one situation and they had to do their best answering how they would react if they had to face such circumstances. Judge of the evening, Prof.

Mitali ma'am and convener Prof. Suvarna Bhatt were given special insight about the questions, they too were excited to learn what sort of answers the students will give.

'Life is unpredictable & you should take risks. But should you?', 'As a rising star what would you like to become, a Protagonist or Antagonist?' and 'money or fame?' were some of the thought-provoking circumstances put before the contestants who hustled to perfect their rationale, discussing among their group-mates to come up with a supreme answer. The event was conducted online on MS Teams with more than 80 participants

With all the answers shared in the event, the judges had a tough time deciding who the winner is. At the end Team 5 and Team 8 whose mind-boggling answers won the judge's heart took the trophy home. The event concluded around 7:05 PM with final speech and gratitude expressed towards the judge and convener. It was a grand success and fully entertained the participants who showed their appreciation through feedback form.

Event Name	VIT COMIC EVE
Event Schedule	On 26 th March, 2021 from 18:00 to 20:00
Event Venue	Microsoft Teams
Edited by	Roshan .M. Karkera

"Laughter is a language everyone understands - Yakov Smirnoff"

VIT COMIC EVE

On 26th March, 2021 the sponsorship team of the student council of Vidyalankar Institute of Technology(VIT), organized a comical night event as " **VIT COMIC EVE** " with association of Friday Paathshala an initiative of VIT, known for conducting fun as well as interesting events and games on every Friday evening after a long week. The event was conducted on an online platform due to COVID-19, and was scheduled from 6PM-8PM on Microsoft Teams. The main highlight of the event were the two guests, who didn't even miss a slight chance of making the audience bust out with a laugh they were none other than, the comedians Mr. Bunty Biswas and Mr. Sahil Horne. Our first guest being from Mumbai that is, Mr. Bunty Biswas is a stand-up comedian , he loves to observe things very closely and make funny content out of it. He is a weird mix of ethnicity and cultures - he is multilingual and brings in a lot of energy in his acts. Speaking of the other guest, Mr. Sahil Horne is a standup comedian from Pune. He is a middleclass Marathi at heart but can also read and write in English. He hosts a podcast named Indian Comedy Podcast which is available on Spotify/iTunes/Stitcher etc.

First Comedian: Mr. Bunty Biswas

Second Comedian: Mr. Sahil Horne

The event started with a participation of 194 people, having students of VIT and also the other college students. The first performance was started by introducing and greeting Mr. Bunty Biswas, which was then taken over by him afterwards starting the mainstream event. Firstly, he asked the audience to relax and share their opinions or laughter through chat or the emoji reaction as the event was held on online platform. Mostly the part which he prepared, were a compilation of his childhood stories involving his family and also had school stories, being best in what he does by giving these stories a sense of comedy touch, the audience present had a wonderful laugh and were continuously involving with him, after an hour he concluded he's session asking people to attend he's shows once the lockdown gets over. Now it was the turn of the second guest, welcoming him with a puneri song, the next session began. As, event being online Mr. Sahil Horne also appealed the audience to freely share their thoughts and to react on the following session. He's session mostly contained jokes intending Pune's lifestyle and also their culture, which was followed by he's comic concept of boys riding different types of motorcycle. This second session also consisted of an hour, after that he asked the students to follow him upon various social media platform, thus coming to the end of a comical and funny event.

Students reacting on the jokes

Students interacting through the chat section.

As, we came to the end of the event both the comedians were perfectly indulging with the audience, which was much needed for them to put-on a good show, because having an online comic event was a bit different than one conducted in a theatre mode. So, after an end of a wonderful 2 hour event, the sponsorship team had a unique present for both of the comedians, it was an animated video and both the guests, which was showcased one by one, showing themselves as performing. After that, both the guests thanked the sponsorship team as well as the audience for giving them this special opportunity and mentioned a special thank you for Pranav Khatal(core of sponsorship team), who contacted them for this event as well as organized it, thus ending the meeting. Also, the sponsorship team did a splendid job by having this great event, as everything was perfectly coordinated by the team.

Appreciation Video of Mr. Bunty Biswas designed by Sponsorship Team.

HONORABLE EVENTS

Event Name	Marathi Bhasha Gaurav Divas
Event Schedule	27th February 2021 (5:30 pm to 7:45 pm)
Event Venue	YouTube Live
Edited by	Dharmil Karia

"The essence of a language lies in the beauty of its composition"

Every year Vidyalankar Institute of Technology has been celebrating Marathi Bhasha Divas with intense emotion and excitement. With the same zeal order the Student Council of VIT had put together an array of amazing performances to celebrate the birth anniversary of Dnyanpeeth Award Winner Poet V.V.Shirwadkar, popularly known as Kusumagraj. The Event was hosted live on the Vidyalankar Institute of Technology YouTube channel.

The event began at 5:30pm with the host Priyanka (SE ETRX A) introducing of the first of many participants, Sanika Chavan, a fellow student in the college studying in the second year who started off the event by worshipping Lord Ganesh in the form of soulful Ganesh Vandana.

We had an epic performance from Indumati Jondhade, a well-known poet. The poems which she recited were thought provoking and inspiring. She spoke about the importance of rain and its impact on nature in her poem titled 'Varsha Gaman'. We were then graced by knowledge and wisdom by means of a melodious Saraswati Vandana recited by Ketaki Kelaskar of SE ETRX A. The audiences witnessed mind blowing performances from an Act organized by the institutes very own drama team V-kalarangmanch and also a musical act by Snehil Dandavte, Winner at Mood Indigo, IIT-Bombay. It was a divine experience for everyone attending the event.

After which we had amazing performances which included poems from Chaitanya Toraskar, A beautiful song by Rasika Rajadhyesh. We then had a very motivational clip of famous marathi dignitaries put together by Karzan Kumana. The event had a few more exquisite performances and was concluded by the host Priyanka with a few words of wisdom.

The event was a great success and was thoroughly enjoyed and loved by the attendees.

Event Schedule	23 rd January 2020 (5:30pm-7:00pm)
Event Venue	You tube live
Reported by	Rutika Bhurke

"One individual may die for an idea, but that idea will, after his death, incarnate itself in a thousand lives."

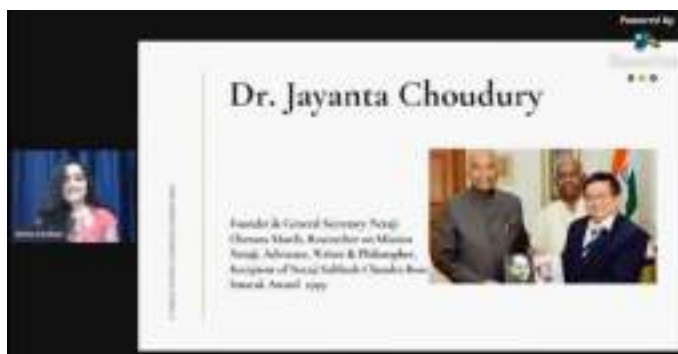

Give me blood and I will give you freedom' is till date inked on the hearts of every patriot, these were the thoughts of our great Indian leader and freedom fighter Netaji Subhash Chandra Bose. He was one of the most influential leaders who did not just dream about freedom but also strived tirelessly for it, doing everything possible to realize his dream.

The Student Council of "Vidyalankar Institute of Technology" organized an event 'Tribute to Netaji Subhash Chandra Bose' on 23rd January 2021, on account of "Parakram Diwas" and his birthday. Eminent personalities like Dr. Jayanta Choudhary, versatile actor Shri Sachin Khedekar attended the event as the chief guest.

The event commenced at 5:30 PM on 23rd Jan 2021, hosted by Ms. Ishita Tambat who enlightened us with the persona Netaji Subhash Chandra Bose and his teachings and the way he inspired our country's youth to fight for our country's freedom. Further, Dr. Amit Oak, explained the importance of Parakram Diwas and talked about Netaji's great and inspirational personality, his efforts and will power for our country's freedom for which he was given the honorable title "Netaji".

Dr. Jayanta Choudhary also shed some light on Netaji's student life. He told us about unfinished autobiography named Indian Pilgrim and Sevashram in Kolkata that Netaji was a part of. Further, Jayanta sir read the famous speech which was given by Netaji in which he recited the famous slogan "Tum mujhe khon do, main tumhe azadi dunga". Dr. Jayanta ended his speech by expressing his deep respect and gratitude towards Netaji.

In the third segment of our event, Shri Sachin Khedekar who is known for his role as Netaji in movie Netaji Bose- The Forgotten Hero spoke about Netaji Subhas Chandra Bose. In the movie, he portrayed Netaji's role very powerfully, he told us how he himself is inspired by Netaji's thoughts and that he applies Netaji's principles in his life. Also, he added that the youth of this country represent the country as whole, he wishes they follow Netaji's teachings and help in growth of our nation.

In the fourth segment, talented students of our college expressed their gratitude towards Netaji in their own artistic ways. Firstly, Chaitanya Toraskar recited a poem in which he described the patriotism that Netaji had for India and the way he worked for his motherland. Secondly, Priyanka Kulkarni explained the gist of the famous patriotic song "Kadam kadam badhaye ja" which was also the marching song of INA along with Rani Jhansi Regiment. Finally, Anirban Datta sang a melodious patriotic Bengali song which gave the audiences goosebumps. Then, a documentary based on Netaji's life which was edited by Karzan Kumana was displayed. This documentary was very informative and gave us detailed idea about Netaji's life.

At the end, Saumya Singh presented the vote of thanks to chief guests, students and teachers who participated in this event and higher authorities who helped in executing it.

Verve '21

The Student Council 2020-21 has organised annual fest VERVE'21 which is a blend of cultural technical, literary and sports events.

Event Name	Art Competition
Event Schedule	4 th May, 2021 (2:00 PM Onwards)
Event Venue	YouTube Live
Edited by	Kashmira Kor

"Art washes away from the soul the dust of everyday life."

Art enables us to find ourselves and lose ourselves at the same time. It is the motivation, the history and the hope for mankind. The Student Council of Vidyalankar Institute of Technology organized many entertaining and joyful events for VERVE 2021. One such event brought together by the Creative Council and the Cultural Council to highlight creativity and enthusiasm was 'Art Competition'.

The event began at 10:00 AM with Atharva Rane and Unnati Gohil, the charming anchors for the contest, greeting the audiences with a wonderful speech on the importance of art in our lives. The event was graced by Mr. Parimal Vaghela, a famous professional hyper realistic artist, as the judge. Over the last ten years, he has painted lifelike landscape, figures and portraits.

Various forms of creativity were displayed before the viewers, from enchanting, classic oil paintings to the vibrant digital art. The topic for the artworks too ranged from Pandemic, dreams, science to visions and other worldly imagination. Mr. Parimal commented about the uniqueness and hidden beauty in the artworks. The audiences as well commented their appreciation in the live chats cheering their favorite masterpiece.

After all the entries were viewed, the audiences could get a glance at Mr. Parimal Vaghela's enthralling paintings. He offered his wisdom to all the participants and the viewers about how 'Art can best be interpreted by putting oneself in the place of the artist'. Darshan Dhongade won the first prize followed by Ruchira Pednekar as the runner-up. The event concluded around 12:00 PM

Event Name	Aur Batao
Event Schedule	2nd May 2021
Event Venue	YouTube
Edited by	Ved Dahale

"All the world's a stage, and all the men and women merely players"

The event AUR BATAO was held on 2nd May 2021. It started at 2 pm and was conducted on VIT's Student Council YouTube channel. Everyone was excited about this event. Being an Inter-collegiate event, the participants were multidisciplinary fields. The hosts for this event were Jose Akarrapatty from FE EXTC and Ayushi Tanna from FE BIOM. The Judge and Chief guest was Advocate Rukhman Singh Rathod. The event started with a beautiful introduction given by miss Priyanka Kulkarni, a core member of Literary Council followed by few meaningful words from our hosts Jose and Ayushi.

The first contestant for the event was Robin Gupta. His act motivated us to stand strong in this time of pandemic and ensured us that as all bad things come to an end, this time will also end soon. Our next contestant was Roshni Verma. She recited beautiful poems and stories. Students showered praises in the comment sections with lot of cheers for the contestants. Our 3rd contestant was Dishant Kumar. He illustrated the story of a laptop in a hilarious way which was enjoyed by each and every one of us. He then entertained everyone with his short poem on sanitizer. The next contestant of

the afternoon was Pankaj Ingle, he too entertained everyone with his lines regarding his trust issues with people in a comical manner.

The show was graced by a large audience; number of viewers were increasing every single minute. 5th contestant was Samruddhi Jawalkar. She looked very confident and discussed about the life which we are missing in the lockdown and spoke about racism. Next contestant for the day was Sachin Pathak. He seemed to be very wise about his words and actions, his Shayaris were beautiful. As the show unfolded, the audiences too showed great enthusiasm. Every participant was doing his best. The last contestant for the afternoon was Janaki Talekar, she illustrated beautiful poems on the topic of “When life was not restricted to four walls”.

And now it was time for Our Guest and Judge Adv. Rukhman Singh Rathod to speak few words and announce the winners. He appreciated the performances and congratulated all the participants that were a part of this event. He also thanked the entire VIT team to invite him and appreciated their hard work. Before announcing the top 3 winners he made a special mention of Jatin Satankar and Niti Chikhale who couldn’t make in top 3 but were excellent in their performances. Now it was time to declare the results with the audiences trying to predict the winners in the chat section. The 3rd prize was bagged by Maneesha Narank. The 2nd prize went to Shariqa Malik and the 1st prize was awarded to none other than Sachin Pathak. Everyone congratulated the winners and appreciated their performances.

Event Name	Crossfire - Panel Discussion
Event Schedule	May 3 rd , 2021 (10:00 AM– 2:00 PM)
Event Venue	Microsoft Teams
Edited by	Vedaant Rajeshirke

“The aim of argument, or of discussion, should not be victory, but progress.”

-Joseph Joubert

The Literary Council organized the Panel Discussion titled 'Crossfire' that was conducted on May 3rd, 2021 on Microsoft teams. The event started at 10:00 AM. It was hosted by Parth Yadav and Rahul Pawar from Second Year, with the judges being Chirag Sinha who is a MUN enthusiast and Sarthak Bhattamishra who has co-published a book about Law and Technology alike. There were 14 participants for this event.

The Discussion was divided in 4 rounds as follows:

Round 1: Group Discussion.

Agenda for round 1 and 2 was "This House Believes that 'Student unions should be banned from educational institutions'". Participants were given the agenda and 4 minutes to prepare their view. As soon as the time was up, each participant was given a time

of 7 minutes to reveal their point of views. But, after some very constructive and helpful criticism from the external judges this round was redone where each participant was given a minute to put forth their views. At the end of this round, 4 participants out of 14 were eliminated.

Round 2: Panel-wise discussion.

The 10 promoted participants were divided into 2 panels of 5 each and were placed in respective breakout rooms. After a short period of them discussing they rejoined the main meeting and questioned the views of their peers head-on. Another 4 participants were eliminated by the judges at the end of this round.

Round 3: India wants to know.

This was a very interesting round. Our standing 6 participants were given some interesting news headlines and a minute to prepare. Then they had to speak on that headline for a couple of minutes as if they are a news reporter addressing the nation. In this round also 4 participants were eliminated.

Round 4: Presidential Debate.

In the final round we had Trisha Shah and Sakshi Kherde as our finalists. They were given some points through a document and had to give a speech in the form of a presidential debate with a rebuttal round in place for cross-questioning from the opposition and the judges alike. Trisha Shah was selected as the runner-up whereas Sakshi Kherde was crowned as the winner of the Crossfire event. The Event concluded after some encouraging words from Judges.

Event Name	Darpan
Event Schedule	2 nd May
Event Venue	YouTube Live
Edited by	Kasturi Dhuri

"Acting is behaving truthfully under imaginary circumstances"

Keeping pace with the changing time, the Student Council of Vidyalankar Institute of Technology conducted its first ever online Inter Collegiate Fest, VERVE which was scheduled from 2nd May to 4th May. The main objective behind conducting Verve was to provide opportunities to students to showcase their talents and creativity. One of which was 'Darpan', a mono acting competition held on 2nd May, where an online platform was provided for young actors to prove themselves and battle it out with each other; showcasing their acting skills. The main objective behind this event was to encourage students to appreciate drama as a form of literature and cherish its beauty in language and emotions.

The event began with a warm welcome by host Mrunal Katkar around 12:45 pm. The event was judged by the two phenomenal figures of Marathi industry Sir Vijay Kadam a great actor mostly known for his comic roles and Sir Mukesh Jadhav an incredible director and a great personality. At the beginning the judges spoke about the art of drama and shared some tips and tricks with the audience.

The competition began with an intense performance, named 'The accident' by one of the participants. It was followed by eight other performances which were filled with thrill, romance, humor, and many other emotions by the participants. Also, short poems were delivered by the host Mrunal Katkar which exhilarated the audience.

While waiting for the results two special performances were cast towards the end of the event namely, a character from the great drama 'Ti fulrani' well portrayed by Poorva Jog and a character known as Munna bhai from the latest web show 'Mirzapur' played by Shubh Gupta.

After some incredible performances in the battle of best vs best, Priyanka Vishe was declared victorious. Jeet Trivedi was announced as the first runner up and the title of the second runner up was shared by Ashvini Bhardwaj and Nimish Owhal.

Towards the end, judges shared their overall experience, praised and motivated students and organizers to continue doing great work in the future as well. Comments section was filled with positive comments from the viewers.

Event Name	Group Dance
Event Schedule	3 rd May 2021 (12:00 pm – 1:30pm)
Event Venue	YouTube Live
Edited by	Kashmira Kor

"Dance is hidden language of soul"

Dance builds confidence by giving you a sense of success and achievement when you master it. Dancing proves to be a natural icebreaker and is a great way to meet new people and make new friends.

The Student Council of "Vidyalankar Institute of Technology" organized "Group Dance" at the twelve midday. The event was one of the many notable events that took place in the annual college fest VERVE. The event was held on the virtual platform YouTube. Although it was streamed online there was a huge audience eager to witness the best of performances performed by various groups.

The Judges of the event were Choreographer, Celebrity Trainer, and Show Director Mr. Rohit Chawla and the one who received the National Child Award and Winner of Boogie Woogie Kids

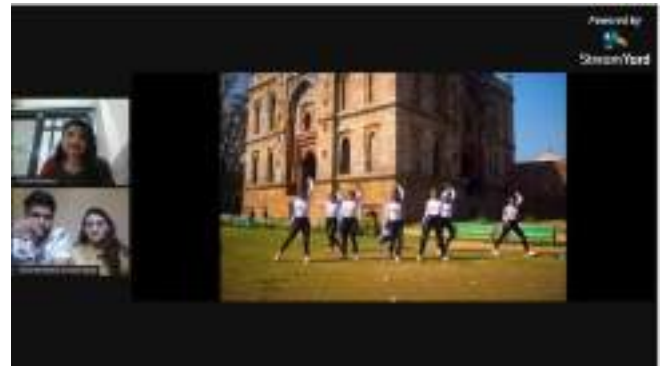

Championship Miss Isha Dang. There were nine teams from different colleges that participated in the event. The event was hosted by our delightful and cheerful anchor Srishti Sharma.

The event began with welcoming the judges. Soon after that a striking 1st performance delivered by Crew 616 from SRM college. The performance grabbed everyone heart with all those energetic moves. The next

team, Foot Loose Crew that stole the stage was from RAIT college. The staging was jazzy and enthusiastic. The 3rd dance execution was by HH crew from JSPM college.

soon after Hypnotics Dance Crew who belongs to Indira Gandhi Technical University had the viewers sway to their beats by their flawless ethnic dance moves. The 5th performance was by our very own dance team Beat Breakers showcasing their dynamic and zestful movements. Soon after JHC dance team from Jai Hind College performed rhythmic moves with mesmerizing music.

The next amazing and phenomenal staging was by crew Gyration from KJ Somaiya College. The last but not last Verve Dance Crew from Shri Venkateshwara college shoot up the event with their Vibrant moves.

Without further ado judges briefed their views on all the performances, they gave their suggestions and compliments to each team. Afterwards, the performance of

the judges was played astonishing everyone. This segment made the aura of the afternoon quite magical.

Finally, the most awaited moment of the event arrived, judges declared the results. The Winner was JHC Dance Team. The 1st and 2nd runner ups of the contest were Verve Dance Crew, Crew 616 respectively. The event was a great success and was thoroughly enjoyed by the viewers. It was a heartwarming event for everyone.

Event Name	Just Jam The Apaches
Event Schedule	4 th May 2021 (6:30 PM)
Event Venue	YouTube

Edited by

Rutika Bhurke

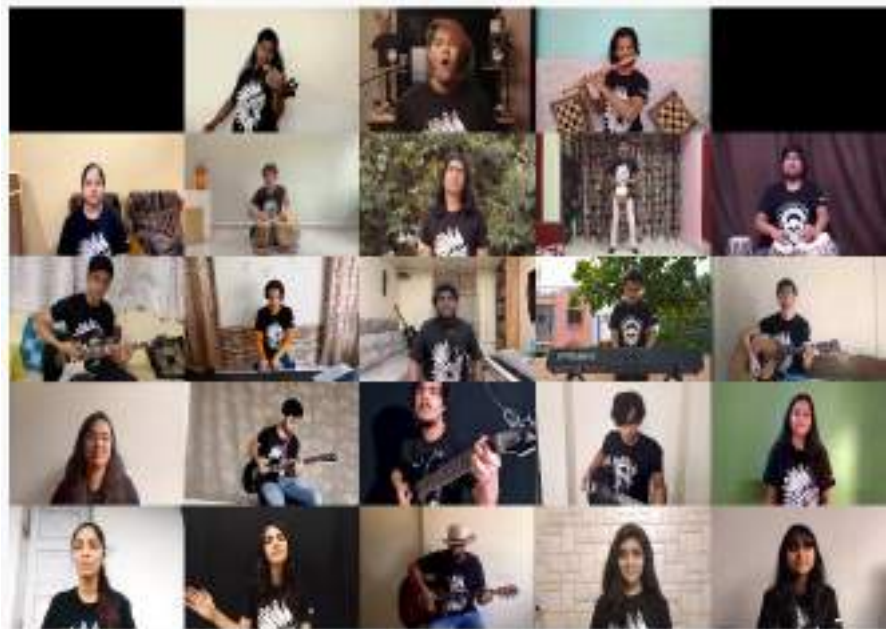

"Music gives soul to the universe and life to everything."

The Student Council of VIT organized 'Just Jam' with the VIT Music team- The Apaches on 4th May 2021. This immensely talented bunch of students made the evening magical with their amazing series of songs.

The event commenced at 6:30 pm with an introduction by Ketaki and Sourav. They briefed through an eloquent speech about the basic thought behind the event. The series of performances started with a mesmerizing song the Apaches 'Mast Magan'. The succession of songs continued with many more melodious songs, rock, classical and some amazing instrumentation as well.

At the last segment of the event, the whole music team performed a grand finale, a song backed up with instruments that literally gave goosebumps to all the audience. The event was concluded by Ketaki and Sourav by thanking the higher authorities, Student Council and the audience.

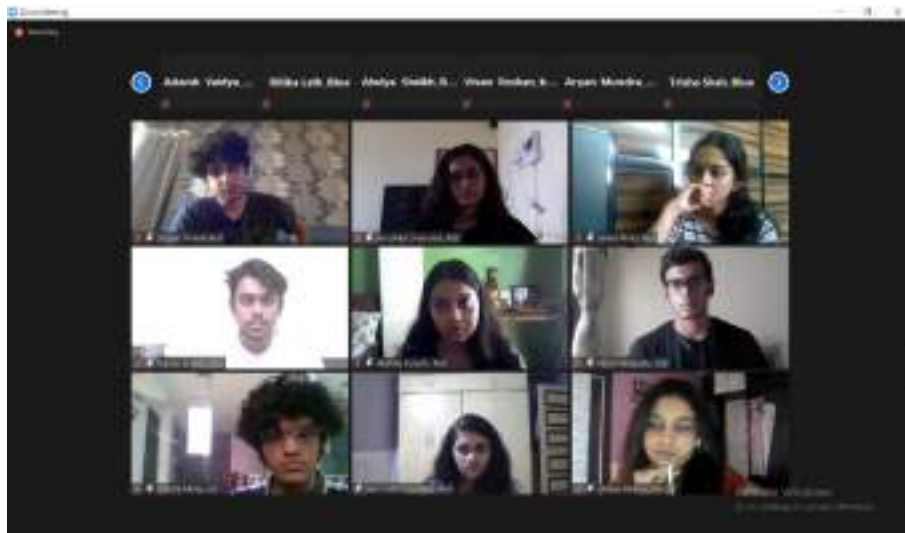

Event Name	JUST-A-MINUTE (JAM)
Event Schedule	3 rd May, 2021 (2:30 - 4:00 PM)
Event Venue	Zoom
Edited by	Roshan M. Karkera

"Nothing is as far away as one minute ago"

On 3rd May, 2021 the Literary Council of Vidyalankar Institute of Technology, had arranged the stellar event of VERVE called JUST-A-MINUTE (JAM). Like every other event, JAM was held online via Google Forms and Zoom meetings. The whole event was divided into 2 rounds in which 1st round was conducted on Google forms and the 2nd round which was the final round was conducted on Zoom. The total number of participants in the first round were 50 and 18 in round 2.

The 1st round was a quiz round conducted using Google forms on 2nd May, out of the 50 participants only 18 amongst them could compete in the next round. The quiz had 17 Questions (15 questions carrying 1 mark each and 2 bonus questions carrying 2.5 marks), these questions were derived from the basics of English Language like some were about parts of speech, sentence negation, idioms, synonyms, and antonyms. The winners of the 1st round were declared on the event's WhatsApp group.

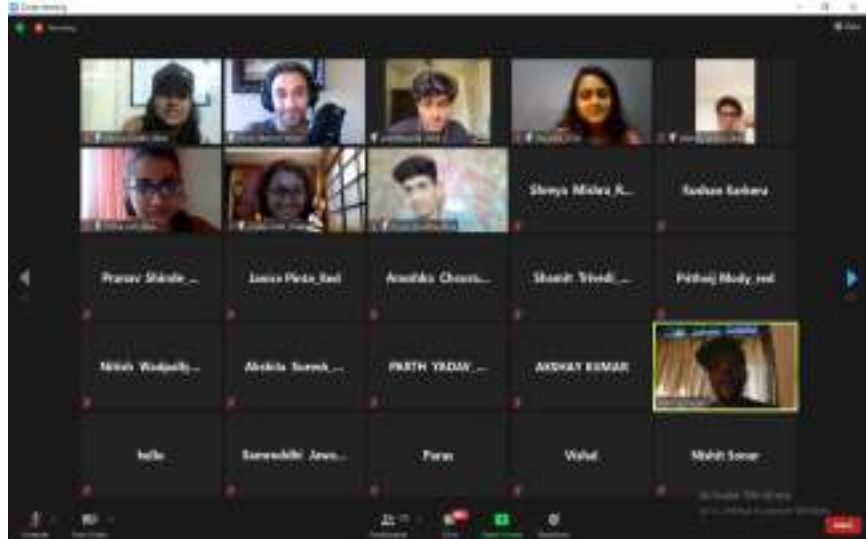

Entire event had participants from VIT, as well as students from other institutes. So, the 2nd and the final round was conducted on the next day i.e., 3rd May on Zoom platform. The finale round was conducted by the most talented JAM master Mr. Hormuz Regina for the third consecutive year. JAM master had an appraisable presence and entertained the audience

and the participants by interacting with them, he also mentioned during the event that this was his 391st JAM and was excited to conduct the contest.

18 finalists were divided into two panels i.e., 9 in red and 9 in blue panel. The objective of the game for panelists was to talk for thirty seconds on a given subject, "without hesitation, repetition or deviation". The JAM master began by explaining the rules and regulations to the contestants who did not have prior experience. As the event being online, the objections were to be made by flashing the torch/flash light on the screen. There was a time keeper and a score keeper to monitor the time and score. Each

panel had 3 rounds of 30 seconds each, but as the event had an audience of 180 people, JAM Master asked the event heads to make the final round for each panel for about 40 seconds.

After tough sessions of 3 rounds, the red panel had finished their session and now it was time for the blue panel to start. the blue panel had the

rules as well with different topic; firstly, he asked the members of the panel to introduce themselves and explained the basic rules and regulations, as he did with the red panel. Again, the 3 rounds of 30 and 40 secs began. He began with a random member and gave them a random topic. During, the game many a times the members raised a false objection which led to reduction in their points, completing vigorous 100 secs the blue panel's turn also ended. The JAM master had a pretty cool presence, which made both the panels comfortable. Lastly, he congratulated the winners: 1st winner: Vivan Roshan-84 points (H.R College), 1st runner-up : Prithvij Mody-29 points (St. Xavier's College) and 2nd runner-up : Shreya Mishra-27 points (Jai Hind College), and requested finalists as well as the audience to make a heart shape pose with their hands as he wanted to capture the moment, and thus ended the event.

“Back to Nature, Subhash Palekar Natural Farming, Natural Terrace Gardening”

**Interactive Session with Padma Shri Subhash Palekar
Online lecture held on 20 October 2020, 5.30 PM**

In this interactive session on Back to ‘Nature, Subhash Palekar Natural Farming, Natural Terrace Gardening”, organized by Vidyalankar Dnyanapeeth Trust, Indian agriculturist, Pioneer of SPNF (Earlier known as ZBNF–Zero Budget Natural Farming), Krushi Rishi, Padma Shri Subhash Palekar Ji shared his journey of findings a simplified, self-sufficient, scientific and reliable method supported by a spirituality which protects environment and nature. He also convinced the benefits of natural farming concerning economy, food digestion, good health, and superior quality poison-free higher produce. He also explained the threat of possible diseases that are caused by consuming food produced by chemical/organic farming, poor eating habits, and an unbalanced diet. The nutritious diet, free from chemicals, fertilizers, pesticides that can be produced by individuals’ efforts with the help of Subhash Palekar Natural Farming. This method is based on traditional farming practices. It has attained massive success in southern India. In this farming method, the cost of growing and harvesting plants is negligible; farmers need not purchase fertilizers and pesticides from the market to ensure the healthy growth of crops.

Takeaways

In India, many of the UG/ PG and doctoral programs are theoretical, and less focus is on practical, applications and skills. Jobs may not be easily available or created in the future, however natural farming can produce multiple sustainable opportunities. He explained the importance of food habits required to be a healthy person based on acid-base physiology. He cited the examples of pH of foods produced by SPNF. The importance of enzymes as they enhance chemical reactions in breaking down food into pieces that can be absorbed by the body was highlighted. Dietary fiber is well known to prevent constipation, found primarily in fruits, vegetables, whole grains, and legumes with additional benefits, such as maintaining balanced weight and reducing the risk of diabetes, heart disease, and cancer. ZBNF also may help in lowering the population migration towards towns and cities for employment. The Finance Minister, recently in her budget speech highlighted the government’s trust in ZBNF as one of

the possible solutions for doubling farmer's income. A farmer can earn a minimum of 3 lakh rupees per acre, per annum by producing 42 types of poison-free multi-crops and principles of ZBNF. The United Nations, Food and Agriculture Organization, and UNESCO also have shown keen interest in ZBNF.

Prof Ambadas Deshmukh introduced the guest, interacted with him, and asked questions raised by participants, in conclusion, thanked Padma Shri Subhash Palekar Ji, organizers, and attendees.

Interactive session with Shri Ashish Pethe - Partner Waman Hari Pethe Jewellers interviewed by Prof. Asif Rampurawala
Online Guest Lecture held on 26st September 2020, 5:30 PM

In an interaction with Shri Ashish Pethe, Partner - Waman Hari Pethe Jewellers, Mumbai, WHP has shared the remarkable journey of 111 years in the jewellery business with the positive attitude of "Converting Challenges into an Opportunity to do something new as per the customer demand". Marketing and advertisement strategy of designing a tagline from "Sonya Chandiche Vyapari" to "Soneri Kshananche Sobati" is an integral part of emotional connect with their old and new customers and is a successful strategy in a journey of WHP Jewellers.

Introduction

Late Shri Ganesh Hari Pethe and Late Shri Waman Hari Pethe, two brothers, with dreams at heart and vision beyond centuries, in the year 1909 started their 1st Jewellery shop at Girgaon, the very heart of Mumbai. Their dedication, devotion and transparent trade practices made the venture a huge success. The journey of 111 years started with "**Motiwale Pethe**" to now a brand as **WAMAN HARI PETHE JEWELLERS** with five generations of Pethe family working together and three generations of designer, workers, staff and customers being part of their successful business.

Tips to become a Successful Entrepreneur

Back in the day when BIS hallmark did not even exist WHP jewelers managed to deliver it to its esteemed customers. Identify the pinpoint in the society and get the right and affordable solution for it. Get the hands dirty at ground level to gain the experience. Hard work coupled with smart work is the key mantra for success. Don't be shy to ask a help from anyone and anywhere. 'Customer First'. is the mantra for success. Change is inevitable in business, understanding customer needs in changing times and providing valuable remedy, being a part of their precious moments from their life have helped us to grow.

Proud Moment

WHP surely has numerous stories to tell, one of which is the visit of Queen Elizabeth of England to India, and Traditional Maharashtrian Jewellery were gifted to her highness by Government of Maharashtra, The grand gift included a Kolhapuri Saaj, Thushi (traditional necklace), Nath (traditional nose ring) and Gold

Jodvi (toe rings) by WHP, back then were known for their traditional Maharashtrian Jewellery, and gracefully designed these marvelous pieces which still are preserved in the Museum of London.

Technology Used

Data analytics and predictive analysis techniques coupled with Artificial Intelligence (AI) are used for their product analysis and accordingly statistics is developed, and marketing policies are designed. Presently Augmented Reality (AR) and 3D demonstration are used to have the sensory experience, real look and feel of the Jewellery to the customer. Using Virtual Reality (VR) user can get virtual in store experience of choosing any jewellery, seeing the piece from different angles, and zoom in to appreciate intricate designs. There is deep technology integration in Jewellery business, use of computer aided drafting; 3D printing, laser sintering and modern tools shall bring the glittering future to business and customers.

Interactive session of Shri Uday Diwane – Owner of Haribhau Vishwanath & Co. Dadar, Mumbai and Shri Satish Joshi, Music Critic and Researcher
Online Guest Lecture held on 14th September 2020 at 5.30pm

विद्यालंकार ज्ञानपीठ ट्रस्ट ने आयोजित केलेल्या अभिनव व्याख्यानमालेत / संवादमालेत हरीभाऊ विश्वनाथ कंपनी चे मालक श्री उदय दिवाणे यांनी त्यांच्या कंपनीचा आजवरचा प्रवास विशद केला. १९२५ साली स्थापन झालेल्या संगीत वाद्ये दुरुस्तीच्या व्यवसायास आरंभ करून या कंपनीने वाद्यांच्या उत्पादनात ग्राहकांची सर्वोत्कृष्ट सेवा देऊन जगभर नावलौकिक मिळवला आहे. संवादिनी, तबला, तानपुरा, वीणा, स्वरमंडळ, बासरी, संतूर, ढोलक, ढोलकी, मृदंग, व्हायोलिन, सतार, सरोद, मॅडोलिन गिटार, आणि, यासारखे अनेक उच्चप्रतीच्या वाद्यांचे उत्पादन ते तज्ञांकरवी मुंबईतील दोन सुसज्ज कारखान्यात करतात. स्थानिक बाजारपेठेतील कंपनीच्या यशासोबतच त्यांनी जागतिक बाजारपेठ सुद्धा लीलया काबिज केली. सध्या अनेक पारंपरिक वाद्यांची जागा इलेक्ट्रॉनिक्स वाद्यांनी घेतली आहे. या नवीन बदलाचे ते स्वागतच करतात. जरी ही वाद्यं कमी वेळात अचूक ट्यूनिंग करत असली तरीही पारंपरिक वाद्यांच्या आवाजात नैसर्गिक गोडवा असल्याने आजही त्यांना भरपूर मागणी आहे. पारंपरिकता आणि आधुनिकता यांतील सुवर्णमध्य साधण्यास ते प्राधान्य देतात.

सुरुवात

सुरुवातीला हरीभाऊ विश्वनाथ दिवाणे यांनी दादर येथे फुलांचा व्यवसाय केला पण तिथे त्यांचे मन रमेना. बाजापेटीची आवड त्यांना स्वस्थ बसू देईना. मग त्यांनी १९२५ साली बाजापेटी आणि ग्रामोफोन दुरुस्तीचा व्यवसाय सुरू केला. १९२७ साली दादरच्या कुंभारवाड्यात ७५ कारागीरांना सोबत घेऊन वाद्यांच्या दुरुस्तीचा कारखाना सुरू केला. हरीभाऊंनी जर्मन बनावटीची हार्मोनियम पूर्णपणे उघडून पुन्हा पूर्ववत बनवली. एखादी गोष्ट शिकण्यासाठी ही अशी करामत करावी लागते त्याशिवाय त्यातील पूर्ण ज्ञान आपल्याला मिळत नाही. संपादित केलेले ज्ञान त्यांनी आपल्या कारागिरांनाही दिले. त्याकाळी वाद्यांना सूर लावण्यासाठी नादकाट्याचा वापर होत असे, परंतू हरिभाऊ केवळ कानांने ऐकून अचूक स्वर जुळवित असत. विविध आव्हानांना सामोरे जात त्यांनी यशाची मुहूर्तमेढ रोवली. प्रथितयश संगीतकारांच्या आवश्यकतेनुसार समायोजित बदल करत वाद्ये निर्मितीत वैविध्य जोपासले.

कार्यक्रमाबद्दल थोडक्यात

विद्यालंकार ज्ञानपीठ ट्रस्ट ने आयोजित केलेल्या या अभिनव कार्यक्रमाचे प्रास्ताविक, वक्ते आणि मुलाखतकार श्री सतीश जोशी यांचा परिचय प्रा.अंबादास देशमुख यांनी करून दिला. श्री सतीश जोशी यांनी मुलाखत खुलवत, रंगतदार करत कार्यक्रमाची उत्सुकता वाढवली. श्री उदय दिवाणे यांनी तीन पिढ्यांचा इतिहास सांगितला, उपस्थितांच्या सर्व प्रश्नांची उत्तरे दिली, संवादिनी, पायपेटी, २२ श्रुतींची पेटी, तबला, बासरी, सतार, गिटार या सारख्या अनेक वाद्यांची माहिती दिली, व्हायोलिन वादन करून श्रोत्यांची दाद मिळवली. प्रतिभा, अभिरुचि, परिश्रम आणि नावीन्याचा शोध घेणाऱ्यांना वाद्य निर्मितीच्या प्रांतातही यशाची उंच भरारी घेता येते हे अधोरेखित केले. प्रा.अंबादास देशमुख यांनी रसिकांचे, मान्यवरांचे आभार व्यक्त करून कार्यक्रमाची सांगता झाली.

Interactive session with Shri Sandeep Kulkarni
“From Pieces to Becoming a Master”
Online Guest Lecture held on 11 June 2021, 5:30 PM

Shri Sandeep Kulkarni renowned actor - director shared his thoughts and experiences from his successful journey of 27 years in the Marathi - Hindi - English film - theatre - television - web series industry. He said that everyone should dream big, dreams have no middle class or upper class, nor are they the autocracy of anyone. To make dreams come true one should keep on working hard to fulfil their dreams. He further explained that in any profession an actor or director needs the right mindset to get into the role to acquire the goal. He highlighted that there should not be just passion, but one must work with patience and make oneself desirable for it.

To summarize the session he said that, nowadays everything is available with one click but the experience is not available on the internet. Awards, money, fame is a by-product of fulfilling dreams. Due to digital platforms, Bollywood has become global. The future is of quality content and talent. Marathi films/theatre will have a great future. Newcomers need to gather the appropriate experiences coupled with formal education and skills acquired therein. One needs to be a good observer and be able to communicate effectively. Only a certificate or degree of professional education may not help alone, one must have the correct mindset to make it believable or real, hence a different mindset is required for every role. If individuals understand their interests, identify their talent, and follow their passion, will have a fulfilling life.

Shri Sandeep Kulkarni was interviewed by Prof. Rohit Barve in the online interaction. Prof. Suvarna Bhat thanked the guest and the audience.

विद्यालंकार ज्ञानपीठ ट्रस्ट ने आयोजित केलेल्या अभिनव व्याख्यानमालेत / संवादमालेत हरीभाऊ विश्वनाथ कंपनी चे मालक श्री उदय दिवाणे यांनी त्यांच्या कंपनीचा आजवरचा प्रवास विशद केला. १९२५ साली स्थापन झालेल्या संगीत वाद्ये दुरुस्तीच्या व्यवसायास आरंभ करून या कंपनीने वाद्यांच्या उत्पादनात ग्राहकांची सर्वोत्कृष्ट सेवा देऊन जगभर नांवलौकिक मिळवला आहे. संवादिनी, तबला, तानपुरा, वीणा, स्वरमंडळ, बासरी, संतूर, ढोलक, ढोलकी, मृदंग, व्हायोलिन, सतार, सरोद, मॅडोलिन गिटार, आणि, यासारखे अनेक उच्चप्रतीच्या वाद्यांचे उत्पादन ते तज्ञांकरवी मुंबईतील दोन सुसज्ज कारखान्यात करतात. स्थानिक बाजारपेठेतील कंपनीच्या यशासोबतच त्यांनी जागतिक बाजारपेठ सुद्धा लीलया काबिज केली. सध्या अनेक पारंपरिक वाद्यांची जागा इलेक्ट्रॉनिक्स वाद्यांनी घेतली आहे. या नवीन बदलाचे ते स्वागतच करतात. जरी ही वाद्यं कमी वेळात अचूक ट्यूनिंग करत असली तरीही पारंपरिक वाद्यांच्या आवाजात नैसर्गिक गोडवा असल्याने आजही त्यांना भरपूर मागणी आहे. पारंपरिकता आणि आधुनिकता यांतील सुवर्णमध्य साधण्यास ते प्राधान्य देतात.

सुरुवात

सुरुवातीला हरीभाऊ विश्वनाथ दिवाणे यांनी दादर येथे फुलांचा व्यवसाय केला पण तिथे त्यांचे मन रमेना. बाजापेटीची आवड त्यांना स्वस्थ बसू देईना. मग त्यांनी १९२५ साली बाजापेटी आणि ग्रामोफोन दुरुस्तीचा व्यवसाय सुरू केला. १९२७ साली दादरच्या कुंभारवाड्यात ७५ कारागीरांना सोबत घेऊन वाद्यांच्या दुरुस्तीचा कारखाना सुरू केला. हरीभाऊंनी जर्मन बनावटीची हार्मोनियम पूर्णपणे उघडून पुन्हा पूर्ववत बनवली. एखादी गोष्ट शिकण्यासाठी ही अशी करामत करावी लागते त्याशिवाय त्यातील पूर्ण ज्ञान आपल्याला मिळत नाही. संपादित केलेले ज्ञान त्यांनी आपल्या कारागिरांनाही दिले. त्याकाळी वाद्यांना सूर लावण्यासाठी नादकाट्याचा वापर होत असे, परंतू हरिभाऊ केवळ कानाने ऐकून अचूक स्वर जुळवित असत. विविध आव्हानांना सामोरे जात त्यांनी यशाची मुहूर्तमेढ रोवली. प्रथितयश संगीतकारांच्या आवश्यकतेनुसार समायोचित बदल करत वाद्ये निर्मितीत वैविध्य जोपासले.

कार्यक्रमाबद्दल थोडक्यात

विद्यालंकार ज्ञानपीठ ट्रस्ट ने आयोजित केलेल्या या अभिनव कार्यक्रमाचे प्रास्ताविक, वक्ते आणि मुलाखतकार श्री सतीश जोशी यांचा परिचय प्रा.अंबादास देशमुख यांनी करून दिला. श्री सतीश जोशी यांनी मुलाखत खुलवत, रंगतदार करत कार्यक्रमाची उत्सुकता वाढवली. श्री उदय दिवाणे यांनी तीन पिढ्यांचा इतिहास सांगितला, उपस्थितांच्या सर्व प्रश्नांची उत्तरे दिली, संवादिनी, पायपेटी, २२ श्रुतींची पेटी, तबला, बासरी, सतार, गिटार या सारख्या अनेक वाद्यांची माहिती दिली, व्हायोलिन वादन करून श्रोत्यांची दाद मिळवली. प्रतिभा, अभिरुचि, परिश्रम आणि नावीन्याचा शोध घेणाऱ्यांना वाद्य निर्मितीच्या प्रांतातही यशाची उंच भरारी घेता येते हे अधोरेखित केले. प्रा.अंबादास देशमुख यांनी रसिकांचे, मान्यवरांचे आभार व्यक्त करून कार्यक्रमाची सांगता झाली.

“जीवनासाठी कला”

श्री वैभव मांगले यांचे ऑनलाईन व्याख्यान / संवाद सत्र

३० सप्टेंबर २०२० रोजी सायंकाळी ५ :३० वाजता

विद्यालंकार ज्ञानपीठ ट्रस्ट ने आयोजित केलेल्या अभिनव व्याख्यानमालेत/ संवादमालेत जीवनासाठी कला या संवाद सत्रात प्रसिद्ध मराठी अभिनेते, हिंदी चित्रपट आणि दूरदर्शन चे गुणी कलावंत श्री वैभव मांगले यांनी सकारात्मकता, चिकाटी, परिश्रम, सराव आणि प्रयत्नांतील सातत्य यांचे महत्त्व विशद केले. लेखक आणि दिग्दर्शक श्री प्रतीक कोल्हे यांनी मुलाखतीत रंग भरत श्रोत्यांच्या काळजाचा ठाव घेत, त्यांच्या मनातील नेमके प्रश्न पाहण्यांना विचारले. श्री वैभव मांगले यांनी नाटका संबंधी त्यांच्या आनंददायी आठवणी, रंगमंचा बदलचे प्रेम, अनेक कलावंतासोबतचे मौल्यवान अनुभव, त्यांनी साकारलेल्या लक्षवेधी भूमिका आणि यश आनंदाच्या आश्वासकतेचा मूलमंत्र देत श्रोत्यांना समृद्ध केले.

श्री वैभव मांगले यांनी सांगितलेले जीवन अनुभव

श्री वैभव मांगले म्हणतात, “कला ही जगण्याची पद्धत आहे.” तुमची पार्श्वभूमी आणि सभोवतालचा परिसराची सुद्धा तुमच्या जडणघडणीत मदत होते. बालपणी त्यांनी अनेक जणांची आवाजाची, अभिनयाची, गाण्याची नक्कल करून पाहिली, आवाजाचा पोत, उच्चार, लय त्यात गंमत वाटली, सर्वांना ती आवडली. सुरवातीस त्यांचा कल गाण्याकडे होता आणि अभिनय मुळातच आवडत असल्याने, ओघानेच नंतर ते रंगमंचाकडे वळले. सूक्ष्म निरीक्षणातून आणि प्रयोगशीलतेतून अनेक बाबी शिकता येतात हे लवकरच लक्षात आल्याने त्यांनी अभिनयातील असंख्य छोटे मोठे बारकावे आत्मसात केले, ताकदीने भूमिका वठवल्या. प्रत्येकाला किमान एकतरी छंद हवा, गायन, नृत्य, वादन, चित्रकला, शिल्पकला इत्यादी. किमानपक्षी चांगले बोलणे, ऐकणे, पाहणे तरी जमावे. कलेची आणि त्याच्या व्यावसायिक यशाची सरमिसळ मात्र कधीही करू नये.

व्यावसायिक प्रवास

जयपूर घराण्याच्या ज्येष्ठ शास्त्रीय गायिका गानसरस्वती किशोरीताई आमोणकर यांच्या गायकीचे चाहते आणि प्रशंसक असल्याने श्री वैभव मांगले यांनी त्यांच्याशी संवाद साधला आणि गाण्याचे प्रशिक्षण घेतले. किशोरीताईंच्या शास्त्रीय गायकीने त्यांनी रसिकांच्या मनावर अधिराज्य गाजवले. किशोरीताई बदलचा आदर, त्यांची अलौकिक गायनशैली याविषयी श्री वैभव मांगले म्हणतात, ताईंचं गाणं ऐकणं, त्यांच्या कडून शिकणे ह्या आनंदाला सीमा नाहीत, माझं सांगीतिक विश्व तुम्ही पूर्णपणे व्यापून टाकल आहे. त्यांनी केलेल्या संगीत संस्कारा मुळे मी कायमच त्यांच्या ऋणातच राहणे पसंत करेन. ताईंनी मला पं. भीमसेन जोशी, पं. कुमार गंधर्व यांच्यासमवेत अधिकाधिक शास्त्रीय गायकांना ऐकण्याचे सुचविले. सोबतच गझल हा बहुधा गूढ वाटणारा काव्यप्रकार मला खूप भावतो. श्री.मांगले यांना त्यांच्या चित्रकलेच्या छंदा विषयी विचारले असता, केवळ आवड म्हणून चित्र काढण्यास सुरुवात केली, काढलेली चित्रं इतरांना आवडली, काही बदल सुचवले, काहींनी चित्रं खरेदी करण्याची इच्छा बोलून दाखवली. अशी अनेक चित्रं काढून, त्यांच्या विक्रीतून सुमारे दीड लाख रुपये पडद्याआडच्या गरजू कलाकारांना मदत केली. आपल्या आवडत्या, विनोदी, गंभीर,आव्हानात्मक आणि कोणतीही भूमिका पार पाडण्यासाठी केलेला गृहपाठ विशद केला.

विद्यार्थ्यांसाठी यशाचा कानमंत्र

कला हि मुळात पैसे मिळवण्यासाठी हवी, असा दृष्टिकोन अयोग्य आहे. कला हि जगण्यासाठी,आनंदासाठी आहे, ती जाणवा तयार करते, भावविश्व उजळून टाकते. अभिजात शास्त्रीय संगीत हे एक तत्व आहे, आपल्याकडे असलेला एक अलौकिक ठेवा आहे, त्याचा संस्कार व्हायला हवा, कान तयार व्हायला हवा. सुगम संगीतातील शब्दप्रधान गायकी, आणि शास्त्रीय

संगीतातील भावप्रधान गायकी ठळकपणे लक्षात येते. खरे तर सर्वांनीच शास्त्रीय संगीत ऐकावे, रसास्वाद घ्यावा, त्यातील सौंदर्य स्थळे लक्षात घ्यावी. निसर्गातील सौंदर्य शोधावे, इतरांमध्ये रुजवावे. विनोद हे जीवनातील एक महत्वाचे अंग आहे. प्रासंगिक, व्यक्तिनिष्ठ, सशक्त विनोद निर्मितीत बुद्धीचा कस लागतो, इतर प्रकारचा विनोद टाळावा. सत्व, मर्म जाणून घेऊन, शोधक वृत्तीने, गाणं जगलं पाहिजे, मन ओळखता आले पाहिजे, कामाचा गृहपाठ करायला हवा, उत्तम वाणी, वाचन, पाठांतर हवे. जीवनाच्या कोणत्याही प्रांतात आकाश हीच मर्यादा आहे, एखाद्या विषयात जितके खोल जाल, तितकेच समृद्ध व्हाल. किशोरीताई आमोणकर हा भक्तीचा विषय आहे, तरल संवेदना असलेला प्रत्येक जण त्यांच्या गाण्यात न्हाऊन निघतो. दरवेळी बागेश्री ऐकतांना मला तितकाच अर्चभित करतो, धक्के देतो, रडवतो. यश हे सापेक्ष आहे, आनंद आपल्या आत दडला आहे, जीवन हे सुंदर आहे, प्रत्येक जण हुशार आहे, तुमच्या बुद्धिमतेला प्रामाणिकपणाची, निष्ठेने सातत्यपूर्ण मेहनतीची जोड मिळाली कि तुम्ही हवे ते नक्कीच साध्य करू शकता.

“दिग्गज रंगकर्मींच्या कलाप्रक्रियेचा वेध”

श्री योगेश तडवळकर यांचे ऑनलाईन व्याख्यान / संवाद सत्र

७ ऑक्टोबर २०२० रोजी सायंकाळी ५:३० वाजता

विद्यालंकार ज्ञानपीठ ट्रस्ट ने आयोजित केलेल्या अभिनव व्याख्यानमालेत/ संवादमालेत दिग्गज रंगकर्मींच्या कलाप्रक्रियेचा वेध या संवाद सत्रात मराठी अभिनेते, कलावंत, दिग्दर्शक श्री योगेश तडवळकर यांनी “रंगपंढरी” हा महत्वाकांक्षी प्रकल्प कोणताही व्यावसायिक हेतू न ठेवता, स्वखर्चाने उभा केला. योगेश सर “रंगपंढरी” नावाचे स्वतःचे यू ट्यूब चॅनेल चालवतात. हे चॅनेल मराठी रंगभूमी वरील दिग्गज कलावंतांच्या सर्जनशील प्रक्रियेच्या मौल्यवान ज्ञानाचा दुर्मिळ टुकश्राव्य दस्तऐवज असून, लेखकापासून प्रेक्षकांपर्यंतच्या कलाकृतीचा प्रवास खूपच प्रेरक आहे. नवोदित कलावंतांना, दिग्दर्शकांना, रसिकांना नाटक रंगमंचावर येईपर्यंतची संपूर्ण प्रक्रिया, त्यातील टप्पे, त्यामागील विचार, संकल्पना, व्यक्तिरेखेची निवड, व्यक्तिचित्रण, बारकावे, वैशिष्ट्ये, शक्तिस्थळ, पात्रांची उभारणी, निरीक्षण, अविर्भाव, भावविश्व, सामाजिक जडणघडण, तयारी, संहिता, वाचन, पाठांतर, संवाद, आवाज, तालिमी, चर्चा, श्वासाचा, नवरसांचा वापर, इतर कलाकारांबरोबरचा ताळमेळ, देहबोली, वेशभूषा, रंगभूषा, नेपथ्य याबद्दल स्पष्टता प्रदान करणे, हेच त्यांच्या उपक्रमाचे उद्दीष्ट आहे.

वेगवेगळ्या क्षेत्रात प्रवेश

एकाच क्षेत्रात राहून साचलेपण जाणवतो, अंतर्भूत कलागुणांना वाव मिळावा या हेतूने योगेश सरांनी विविध क्षेत्रात पाऊल टाकले, सर्जनशीलता, कल्पनाशीलता, संकल्पना विकसित होतील असे अनेक क्षेत्र त्यांना खुणावत होती. त्यांनी सनदी लेखापाल म्हणून काही वर्षे काम केले, कॉपी टेस्टिंग चे प्रशिक्षण घेऊन जाहिरात कंपनी सुरु केली, स्टॅनफोर्ड विद्यापीठाने प्रमाणित ह्यूमन कॉम्प्युटर इंटरएक्शनचा अभ्यास पूर्ण केला. सिंगापूर येथे अर्गोनॉमिक्स चा प्रमाणित अभ्यास पूर्ण केला, सध्या ते सुप्रसिद्ध एर्गोनॉमिस्ट आहेत. सिंगापूरमधील त्यांच्या कंपनी सिनर्गो कन्सल्टिंग चे संचालक, व माईड लेन्स वर्ल्डवाइड चे सहसंस्थापक आणि संचालक असून ऍपल, एक्सॉन मोबाईल आणि शेल यासारख्या अग्रगण्य कंपन्यांना जगभर सेवा पुरवतात. मानव-संगणक संवाद, वर्क स्पेस अर्गोनॉमिक्स आणि प्रॉडक्शन आयडिएशन आणि इनोव्हेशनमध्ये योगेश सर जाणते तज्ञ आहेत, सोबतच जाहिराती, अभिनय, कार्यव्यवस्थापन, कॉपीराइट अशा क्षेत्रात विशेष लौकिक मिळवला आहे., महाराष्ट्र पर्यटन विकास महामंडळाने सुरु केलेल्या अजिंठा वेरूळ मोहिमेत हिरारीने भाग घेतला, आजवर अनेक संस्थांनी पुरस्कार देऊन त्यांना सन्मानित केले आहे.

महत्वाचे मुद्दे

कुठलाही व्यावसायिक हेतू न बाळगता योगेश सरांनी रंगपंढरीची भव्य निर्मिती केली, सर्वच मान्यवर रंगकर्मी, रंगपंढरीच्या वारीत सहभागी झाले, मनमोकळेपणाने त्यांचे विचार, ज्ञान, अनुभव सर्वासाठी खुलं केलं. संगीतकार कौशल इनामदार, प्रतिमा कुलकर्णी, मधुराणी प्रभुलकर, तंत्रज्ञ आणि यांत सहभागी असणाऱ्या प्रत्येकाबद्दल योगेश सरांनी कृतज्ञता व्यक्त केली. प्रत्येक मुलाखत ४ -५ तास चालायची, सर्वच फेस टू फेस मुलाखती हार्ट टू हार्ट झाल्यात, सर्वच मुलाखती अत्यंत चिकाटीने, कुशलतेने आणि बारकाईने केल्या आहेत, प्रत्येक मुलाखतीत कामाचा ध्यास, सकारात्मकता, स्निग्धता आणि आपलेपणा जाणवतो. रंगपंढरीच्या लोगोत कलात्मकता आणि सौन्दर्यदृष्टी लक्षात येते, समोरच्याला जे समजेल त्यावरच तुमचे प्राक्तन अवलंबून असल्याने उत्तम संभाषण कौशल्य, संकल्पनेची तयारी, मांडणी, सादरीकरण अत्यावश्यकच असते. प्रत्येकाकडून नक्कीच काहीतरी उपयुक्त शिकता येते. सळसळते चैतन्य, चाळीसहून अधिक रंगकर्मी, संपूर्ण टीम आणि रसिकप्रेक्षक हे रंगपंढरी च्या ऐतिहासिक क्षणांचे साक्षीदार आहेत. अचंभित करणारं वैविध्य आणि थक्क करणारी ऊर्जा घेऊन उभी राहते ती रंगपंढरी, अद्भुत, अप्रतिम, अवर्णनीय, शब्दातीत.

कार्यक्रमाचे समन्वयक डॉ. अमित ओक सर यांनी श्री योगेश तडवळकर सरांची मुलाखत घेतली, अखेरीस प्रा. तृप्ती नाईक यांनी पाहुण्यांचे, उपस्थितांचे आभार मानले.

VTalks Student's Series with Mr. Omkar Desai

"A Webinar on Industry Readiness."

Online Guest Lecture held on 12 July 2021, 5:30 PM

Mr. Omkar Desai, an alumnus of Vidyalankar Institute of Technology shared his experiences on how to have an appropriate approach and strong planning of the future to ensure most of the opportunities, can be grabbed. He also gave insights on potential career options for future engineers.

Mr. Desai gave an insightful deliberation on, what the industry expects from the budding engineers who will very soon step into the corporate world. He introduced the audience to the prospects of various job opportunities apart from the conventional, orthodox approach. He also gave a detailed explanation of the possible bifurcations of a basic job designation based on what and how much we learn. He also dived deep into the various future technologies and what prospects they provide professionally. The session was followed by a question addressed wherein Mr. Desai graciously responded to the questions posed by the audience. Certain questions which were asked were the decision to pursue GRE or GATE, the branch, or subjects to select while aspiring for an MBA, and whether the pandemic changes any industry expectations the recruiters have from the future students.

The key takeaway from this event would be the qualities of willingness to learn and the importance of having a correct approach while pursuing or aspiring a job in the Information Technology sector. After responding to some more questions, the vote of thanks was conveyed.

Ketaki Kelaskar was the host for the evening along with Soham Pal who was the moderator helping Mr. Omkar Desai in addressing the questions by the audience.

VTalks Student's Series with Mr. Sourav Sinha
"A Webinar on Managing Time."
Online Guest Lecture held on 09 August 2021, 5:00 PM

Mr. Sourav Sinha, an alumnus of Vidyalkar Institute of Technology gave an enlightening deliberation on how to efficiently manage time. He also spoke about the importance of priority and focus management and how failing to do so adversely affects our overall well-being and productivity.

He gave his insights on how to categorize the tasks based on their urgency and importance into three classes of Extreme, Moderate, and Low Importance. Later, he highlighted out a very common error which most of us tend to do irrespective of our age – Overexerting. A practical timetable that gives you room for breaks and maintains a proper work-life balance is what leads you to a fruitful and productive day, this was Mr. Sinha's mantra. He stated that usually, we tend to shirk our duties irrespective of the awareness that the work at hand is quintessential to be completed. Instead of stacking that work, he suggested trying out the prioritization tactic and that way have more time to execute the work with finesse and have a more than satisfactory result.

After this, the audience poured in with their questions to which he gave gratifying responses. After responding to some more questions, the vote of thanks was conveyed.

Professor Ambadas Deshmukh was the convenor for this webinar. Chinmay Ranade was the host for the evening along with Soham Pal who was the moderator helping Mr. Sourav Sinha in addressing the questions by the audience.

VTalks Student's Series with Ms. Srishti Agrawal
"A Webinar on Procrastination"
Online Guest Lecture held on 26 July 2021, 5:30 PM

Ms. Srishti Agrawal, an alumnus of Vidyalkar Institute of Technology shared her insights on Procrastination and how not to fall into the subconscious trance of procrastinating by highlighting some of her scholastic and corporate experiences. She also emphasized the need of maintaining a proper schedule and shared a lot of valuable tips to be prepared in advance to avoid slacking.

Ms. Ketaki Kelaskar was the host for the evening along with Mr. Soham Pal who was the moderator helping Mr. Omkar Desai in addressing the questions by the audience.

VTalks Student's Series with Mr. Abhay Valsangkar
"A Webinar on Maximizing Opportunities."
Online Guest Lecture held on 30 June 2021, 5:30 PM

Mr. Abhay Valsangkar, an alumnus of Vidyalkar Institute of Technology shared his experiences on how to make optimum use of a provided opportunity by elucidating some of his college and workspace memories. He also spoke about the importance of maintaining a proper attitude, communicating efficiently to overcome our obstacles, and never parting away from the will to learn. He further explained that in any profession one needs the right mindset to get into the role to acquire the goal.

The key takeaway from this webinar would be the mantra, he taught everybody which was: When offered a completely alien concept as an opportunity and asked how you would execute it, simply respond by saying "I will learn". The audience were simply captivated listening to his deliberation on being bestowed the coveted award by the then President of India Mr. Pranab Mukherjee. He had his own J.K. Rowling moment when he faced rejection 27 times before becoming a TED Talk speaker, which clearly highlights the adage, "Try and try till you succeed". After completing his interlocution, Mr. Valsangkar kindly agreed to answer a handful of questions put forth by our inquisitive audience. One interesting question asked was whether his choices or decisions change, if he were given a chance to relive his college days at present. The question was given a gratifying reply by Mr. Valsangkar as he stated that he would stick to his choices as he was happy with the turnout of events. After responding to some more questions, the vote of thanks was conveyed.

Prof. Ambadas Deshmukh explained the idea of VTalks Student's Series. Miss. Ketaki Kelaskar was the host for the evening along with Master. Soham Pal who was the moderator helping Mr. Abhay Valsangkar in addressing the questions by the audience.

"How to manage strategy in downturn and times of uncertainly that we are living with?" by Shri Nitin Pradhan (Founder and CEO, Catterfly personalized holidays) online lecture held on 2nd September 2020, 5.30 PM

*During the webinar Mr. Nitin Pradhan, Founder and CEO, Catterfly shared his profound thoughts on "**How to manage strategy in downturn and times of uncertainly that we are living with?**" Mr. Pradhan explained the USP of Catterfly as it designs unique travel experiences for the travellers where it believes that travel is truly personal and transformational. Catterfly is also involved preserving the native art and cultural heritage of India even during this new normal. Further, the session was a classic case study for the participants on how to think strategically by learning through the crisis and emerging out of it by implementing virtual realities effectively.*

Unique Introduction

The session began with a unique short summary of Mr. Pradhan's through a virtual tour using Google earth, that set the tone of the session reflecting his passion in the travel business. His humble beginning, his work engagements, and his association with prestigious institutions like IIM (Kolkata) laid the foundation of how all these events shaped his own perception of travel. The name of his company "Catterfly" reflects the philosophy of his business that invokes the spirit of change, from a caterpillar to butterfly.

The Covid – 19 Crisis

The speaker rightly indicated that this pandemic has impacted the businesses in the short term by managing cancellations and refunds while maintaining customer relations through this crisis. While in long term, businesses have to decide whether to wait for travel restrictions to lift to continue their operations as before (lose on current revenue), or to build new capabilities and skills for the future.

As travel has always been associated with physical movement. However, with the current restrictions on travel it became necessary to identify new opportunities and ideas to substitute this need of physical movement. As a part of strategic thinking it was forecasted that travel focus would shift from Asia to Europe due to current travel restrictions and recovery rate of countries in Europe.

They also hypothesised for India that people will still look to move locally or crave for local experiences. This prompted Catterfly to evolve from "Curated Travel Experiences" to "Curated Travel Based Experiences", i.e. providing customised digital travel experiences through online tours and workshops.

Black Swan Events

Mr. Pradhan also illustrated an important concept of Black Swan event which are unpredictable, unforeseen events that changes the structures and dynamics of the industry as well as the social perspectives. To handle such events, he suggested that the business to look forward the following: communication with all the stakeholders about what is happening, what is being done and what needs to be done; iterate and learn, from your actions; do not stagnate, keep trying different ideas and don't be afraid to fail, keep working and keep growing your business despite the setback. It is important to confront the harsh realities of the situation, predict what is possible from the facts, innovate and adapt, and finally involve all stakeholders in all the related actions and processes.

The session further explained about the use of weekly pilots in developing the new ideas and concepts for implementation of any strategy in the business. It is also important to note that in such black swan events consumer behaviour changes permanently. Thus, for Catterfly this shift means that they have to start marketing Europe to Europe instead of Europe to outsiders by changing their sales and marketing strategy. Since travel budget per traveller has now come down globally, it means that travel companies like Catterfly now have to focus on volume to maintain revenue.

Use of Digital Platforms

The Travel industry is a knowledge-based Industry, hence Catterfly is working thoughtfully on developing virtual tours, digital summer camps, online workshops for the travel enthusiasts by partnering with local experts to guide its customers through their experiences.

The interactive style of Mr. Nitin Pradhan kept the participants engrossed throughout the session. The interaction imbibed the participants with an overall understanding of the various strategies to manage and sustain the business during current crisis. It was truly illustrative of "Think Global and Act Local" business strategy.

"Financial Literacy if not now, when??" by Shri Raghuvir Adhikari (CEO SWS) and Dr. Rupali Kulkarni online lecture held on 10th December 2020, 5.30 PM

"An investment in knowledge pays the best interest". This profound thought laid down the foundation of the session on 'Financial Literacy: If not now, when?' by Shri Raghuvir Adhikari. During the webinar Mr. Adhikari shared his thoughts on the importance of financial literacy, which most of us are ignorant about. The data says only 24% individuals do financial planning and take informed decision about their money lying in the bank account. This is an alarming signal for individuals as well as economy as a whole. Mr. Adhikari explained a step-by-step process of how individuals can be more literate financially, the ways to be financially literate and the perils of not being financially literate. He also explained a wonderful concept of 'Blue Book' started by SWS for keeping record of financial details by individuals. Find out more about the session through a further read...

The alarming start

The session began with an alarming start, explaining the facts about financial literacy among individuals. Data says financial literacy rate is only 24% which means only 24% individuals are involved in financial planning and take involved decisions about money related matter. This number is poorer with respect to females. Females are barely involved in money matters. When asked, they say that the investment decisions are taken by either husband or father of their households. This is surely a sign of worry. He further emphasised this point by giving an example of the innovative schemes started by our honourable Prime Minister. The first scheme is PM Jeevan Suraksha Yojana where only an annual premium of Rs. 12 can insure 2 lakhs accidental cover for which approximately 117 Cr. population is not penetrated and second scheme is PM Aayushman Yojana annual premium of Rs. 330 can insure 5 lakhs of life insurance cover. The bare minimum requirement for the same is having a bank account from where the money can be auto debited. However, there is huge population which is yet to be made aware of about the same which is a cause of concern.

Meaning of Financial Literacy

The speaker then defined the meaning of financial literacy. Financial literacy is ability to understand and effectively use various financial skills. This includes knowledge about personal financial management, budgeting and investment. The next step of financial literacy is 'financial inclusion'. He stressed upon the point that individuals must involve their family members into financial decision making. There is huge amount which is lying unclaimed with banks and financial institutions because the family members are not aware about the financial investments done by the earning member of the family. Sometimes individuals doesn't even nominate anyone for their money. There are number of examples where individuals haven't nominated anyone for their money which is as huge as Rs. 3 Cr. Hence sharing financial facts at home with family members is of utmost importance. We need to make sincere efforts towards making our family aware about the financial frauds that are going on.

'Blue Book'

One way of including family members in the financial matters is through 'Blue Book' developed by SWS. This blue book helps in awareness and inclusion of all family members by recording informing and sharing the economic facts. It is a kind of guide for quick reference and a blue print to take any further financial decisions. Through blue book, one can do information management such as; all key document numbers, noting details of your advisors, important locations of storing the document, details about types of documents, useful guidelines and any other matter. The second important aspect is managing financial inflow such as; saving, FD accounts, Life insurance, Non-life insurance, Mutual funds, bonds etc., Equity investments, Real Estate and more. The third important aspect is managing financial outflows such as; regular expenses, loans/debts, taxation, charity/donations, will statements etc. Individuals can maintain a copy of this book with loyal friends and relatives.

What can I do?

To start with there are various authentic websites like RBI and SEBI where financial education material is available for general public. There are also available in various languages. Through these materials various workshops also can be planned for employees of organisations and for college students. Knowledge of financial literacy at an early age is essential. Other than this, there are apps, blogs and books available for financial literacy. These apps are available on play store. However, one needs to be aware of the financial cyber-crimes and therefore learning to transact through secure and safe methods is necessary.

The step that be taken at organisational level is creating 'Financial Literacy Club'! Through these clubs employees or society can be educated at large. Those who are aware about the nuances of financial matters must act as a coach to educate others about financial literacy in the form of 'Financial Literacy Doot'. One of the best way is to engage students for the same. Educating them early not only gives

them an advantage for themselves but also they can further educate others and that way we can reach and make difference at a societal level.

“Work Life Integration” by Shri Ankit Jamwal (Vice President, Hitachi ABB Power Grid) online lecture held on 29th December 2020, 5.30 PM

“Never get so busy making a living that you forget to make a life.” This profound thought laid down the foundation of the session on ‘Work Life Integration’ by Shri Ankit Jamwal. During the webinar Mr. Jamwal shared his personal journey of work, adventure and passion. He requested the audience to try out new methods of integrating work into life and life into work. Though work life balance is an already existing concept however, he is a proponent of work life integration. He says, balancing is not sustainable in the long run and hence individuals must integrate these two in order to make one’s life meaningful. He shared his love for the city Mumbai and how his engineering days instilled the thought of doing something different and memorable made him to successfully accomplishing a cycling expedition to ‘Khardung-la pass, at Leh India. His tryst with adventure, writing and flying single-engine planes has made him achieve work life integration. Find out more about the session through a further read...

Personal Journey

The session started with speaker’s personal introduction about his family and work. During the day he is leading a team of a global manufacturing company and when he isn’t working, he likes to dream-up and write stories. He loves spending time with family and pilots single-engine airplanes. He is very keen on giving shelter to a stray dog someday. He describes himself as an author, pilot and a gardener. Over the period of his life how he developed these hobbies and is been living them in the journey of his life. He shared an interesting story behind his cycling expedition to Khardung-la pass (Leh, India) and the life-long learnings he derived from that. He emphasised on three learnings; first being the importance of enjoying the journey as much as the destination, second swiftly adapting the changes that are out of our control and third, a thorough preparation. Then he described his experience of being an author and how real life stories in Mumbai local trains inspired him to write his book titled ‘On the Schaku Couplers’ which is now available at Amazon.

He fulfilled his childhood dream of being a pilot when he received Private pilot’s license. It changed his thought process. He explains that on the ground its thorough preparation, in the air: situational awareness — a mental picture of inter-relationship between location, flight conditions, aircraft configuration and external forces like terrain and weather. He explained all his problems are left on the ground how he is fully focussed and 100% committed to flying the airplane.

Technology Trends and Future of Work

Meaning of Work Life Integration and How to accomplish it

The speaker defined work life integration as an approach that creates more synergies between all areas that define 'life': work*, home/family, community,

personal wellbeing, and health and studies (if applicable). He explained the mental model of work life balance versus work life integration shown in the picture.

He further elaborated on the ways to accomplishing this integration which were as follows:

1. Think of your life as a “journey filled with adventure”
2. Have BHAGs¹⁾ (Big Hairy Audacious Goals) and remain committed to them – they will take time to accomplish
3. Develop multiple talents and establish priorities
4. Make time for something you love – other than work – and give it the time it deserves
5. Create financial stability by building savings, and developing an intelligent financial system

Placements

Placement is the heart of any Professional institute and VIT is no exception for the same. VIT is making rigorous efforts by organizing Pre-Placement Training and AMCAT aptitude test sessions to make students 'Industry Ready.' Students have been placed in reputed companies like TCS, L&T Infotech, Capgemini, ATOS India, Media.Net, Interactive Brokers, ZEUS Learning, Reliance Retail, Reliance Jio, BYJUS to name a few. Now there are two major recruiters : TCS has recruited 82 students and L&T Infotech has recruited 60. We believe in creating a conducive environment for our students and left no stone unturned to conduct intensive pre-placement training including mock interviews and aptitude tests for the students. Students in their third year vacations are encouraged to participate in various Internship programs at reputed companies.

Maximum Salary : 10.00 lakhs per annum

Minimum Salary : 1.56 lakhs per annum

Average Salary : 3.90 lakhs per annum

Median Salary : 3.50 lakhs per annum

The Following Students Have Been Placed Through The Placement Cell From 2021 Passing Batch

SR. NO.	NAME OF THE STUDENTS	BRANCH	COMPANY	DOI	CTC
1	Ganesh Moota	CMPN-1	TCS (Ninja Offer)	11.11.2020	336000
2	Aditi Hemane (Ninja -> Digital)	INFT-2	TCS (Digital Offer)	11.11.2020	700000

- **VIT Collaboration with Coursera and Edx:**

We at Vidyalankar are always thriving for Lerner Centric approach; we ensure that our students, alumni, and staff are always provided with the best learning opportunities. In COVID-19 Pandemic Situation, we have exclusive tie-up with Coursera and Edx learning platforms to help our students, alumni and staff to learn and upgrade their Technical and Soft skills through 4800+ courses. These Platforms are hosting courses by very reputed universities and organizations such as MIT, Harvard, Columbia University, Delft University of Technology, University of California, Berkeley, IBM, Google etc.

More than 3500+ students, alumni and staff have taken the advantage of these platforms and have done more than 2400+ different courses. Our students have developed their skills in the area of AI, ML/DL, IoT, Blockchain, Data Analytics, etc.

Our faculty Members has not just upgraded their technical knowledge but also honed their skills in teaching pedagogy. Also, at Vidyalankar, we take pride in providing world-class Industry accepted technologies at our students' fingertips and make them industry-ready engineers. We provide a very unique experience of learning by not just restricting access to these technologies at the lab but to make them available to students 24X7,365 days, like Matlab, IBM Cloud, and Amazon AWS Platforms to name a few.

Smart India Hackathon

2020

Activity Title	Smart India Hackathon 2020 organized by MHRDA & Govt. of India
Activity Coordinators	<ul style="list-style-type: none">• Dr. Dhananjay Patel(EXTC)-SIH-SPOC• Prof. Prita Patil(CMPN)-SIH- Coordinator
Date/s & Venue/s	<ul style="list-style-type: none">• Internal Hackathon:18th January 2020 from 9 am to 5 pm. at VIT• SIH-Software Edition Finale: From 1st August 2020 to 4th August 2020 in Online Mode• SIH-Hardware Edition Grand Finale: From 21st December 2020 to 25th December 2020 in Online Mode
Objective	The activity was conducted to nurture technical and interpersonal skills of students and faculties by providing technical solutions to real world problems and benefit our nation as well as society.
Activity Description	<p>On the 18th of January 2020, from 9 a.m. to 5 p.m., VIT hosted an internal Smart India Hackathon competition. Everyone is encouraged to participate in the competition. VIT has sent 60 student teams, totaling 360 students, to compete, and all of the teams will present their chosen projects. Faculty members expressed an interest in participating by visiting the teams and providing helpful feedback. The goal of this competition was to choose the best team to represent India at the Smart India Hackathon in 2020. VIT has entered the software edition of the SMART INDIA HACKATHON Competition 2020. In the SIH 2020 competition, one of our teams took first place. Out of the two teams that competed in SIH 2020, one made it to the finals and won the tournament. Due to COVID, the event was held online this time. It was held on the 1st, 2nd, and 3rd of August, 2020, with the results announced on the 4th of August, 2020. JECRC University in Jaipur served as our Nodal Center.</p> <p>Problem Statement</p> <p>Problem statement was given by Ministry of Women and Child Development to develop an MIS (Management Information System) software for RMK (Rastriya Mahila</p>

Kosh) to let NGOs/IMOs(Intermediary Organization) to maintain details of Women Entrepreneurs under them in terms of their personal information and loan tracking details. Rashtriya Mahila Kosh (RMK), established as an autonomous body in 1993 is a national level organization under the aegis of the Ministry of Women and Child Development, for socio-economic empowerment of women. The operating model currently followed by RMK is that of a facilitating agency wherein RMK provides loans to NGO-MFIs termed as Intermediary Organizations (IMOs) which on-lend to Self Help Groups (SHGs) of women. These micro-credit loans are provided to women micro-entrepreneurs in both rural & urban areas, organized in Self-help groups (SHGs) / Joint lender groups (JLGs). Management Information System (MIS) software for IMOs – The software needs to capture information related to women beneficiaries (i.e. women micro-entrepreneurs) such as loan account information, repayment track record, economic activity, personal information (Aadhar Card, Bank Account Details, Age etc.), Income level, Savings, Demographic details (no. of family members, caste, religion, literacy level etc.)

Solution:

Efficient management and tracking of loans taken, repayments of the loans, and of all the NGOs, Self Help Groups and Entrepreneurs associated with RMK.

Role-based hierarchy where roles would be Super Admin, RMK Admin, NGO Admin, SHG Admin and Entrepreneur so that privileges of actions performed by each role in the overall system will be assured. Each User Role will be shown a Dashboard which includes the authorized information according to their role.

Team Name: gitCtrl

Team Members:

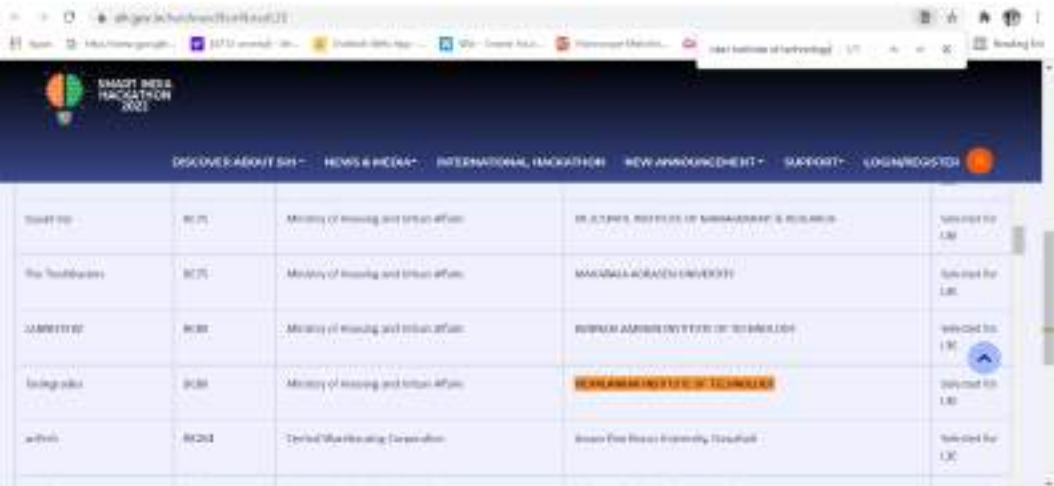

1. Chitral Patil (Team Leader-CMPN)	5. Kiran Rai (ETRX)
2. Urja Khadilkar (CMPN)	6. Karan Agrawal (ETRX)
3. Sneha Khachane (CMPN)	7. Prof. Suja Jayachandran (CMPN)-Mentor
4. Shubh Jangam (ETRX)	8. Dr. Sachin Bojewar (INFT)-Mentor

Prize Money Won: INR 100000/-

The Hardware competition of the Smart India Hackathon 2020 was won by Vidyalankar Institute of Technology. VIT has once again demonstrated its presence at a nationwide project competition. This prize has been given to VIT for the past two years, when we began hosting an internal hackathon at our institute. We were chosen as winners among 25 teams competing in the hardware category after being shortlisted in the third round.

The Ministry of Housing and Urban Affairs provided the problem statement.

Problem statement:

	<p>A government-owned crowd and passive surveillance system are required to get real-time data about the public movement to ensure proper administration and security of our citizens. An overview of public movement gives concerned authorities a quantitative measure to base their decisions upon. Third-party public sourced APIs like google-maps cannot be used as they can be easily manipulated since the data is crowdsourced and not reliable enough to take an administrative decision</p> <p>Proposed solution: We designed a compact and a robust device that can be deployed at required public spaces to fetch necessary info in a data-driven yet non-intrusive and passive manner. We get the input from an array of such devices placed across a city; these devices send images captured at specific times to the server which are then processed to estimate a crowd index at a particular location.</p> <p>Prize Money Won: INR 100000/-</p> <p>Team Name: Tardegrades</p> <p>Team Members:</p> <table border="1" data-bbox="431 821 1528 1003"> <tr> <td data-bbox="431 821 979 863">1. Internal Hackathon Glimpses :

Committee Activities

List of committee activities odd semester 2020

Sr. No	Committee Name	Activity Name	Snapshots	Activity Details
1	CESA	Talk on TensorFlow.js		The activity was held on 6.9.2020. Mr. Jason Mayes started the session with a brief idea of 16yrs of his life in one single note explaining about how he initiated as web developer and moved towards TensorFlow.js knowing his passion was towards problem solving and innovation.
2	CESA	Static website hosting using AWS Simple Storage Service		The activity was held on 9.11.2020. This workshop was on Static Web hosting using AWS S3. Speaker was Prof. Indu Anoop, Vidyalankar Institute of Technology
3	BMESI	Arduino Simulation with Tinkercad		The activity was held on 4.8.2020. Prof. Geetha Narayanan, The Convener of BMESI VIT , gave a short introduction of the speaker Prof. Mohit Gujar followed by Ruchita Ajgaonkar , the

				<p>Joint General Secretary of BMESI.</p> <p>Prof.Mohit then started off the session by explaining the importance of Tinkercad software which is required for simulation of arduino.</p>
4	BMESI	Challenges in developing and launching a product in pandemic times		<p>The activity was held on 11.9.2020.</p> <p>The guest for the session was Mr.Neil Savant, Founder and CEO, NUOS Home Automation.</p> <p>Prof. Geetha Narayanan, The Convener of BMESI VIT, gave a short introduction of the speaker Mr.Neil Savant followed by the host of the session Swara Surve, the Events Head of BMESI.</p>
5	BMESI	Impact Of 3d Printing in Biomedical Engineering		<p>The activity was held on 15.9.2020. The objective was to give insight on 3D printing related to biomedical applications.</p>

Sr. No	Committee Name	Activity Name	Snapshots	Activity Details
6	BMESI	3D Modelling and Printing.		The activity was held on 17.10.2020. The idea behind conducting this activity was to explain students various techniques of 3 D printing.
7	ISTE VIT-CHAPTER	LaTeX Workshop		The activity was held on 29.08.2020 and 30.08.2020. The speaker Prof.Nasir explained students the use and the importance of LaTeX software.
8	Industry Institute Interaction Committee (IIIC)	Fostering Industry requirements: Interpersonal skills with Team building		The activity was held on 9.8.2020. The objective was to teach students the importance of Interpersonal skills and team building.
9	Industry Institute Interaction Committee (IIIC)	"SALESFORCE"- Application Development in Cloud		The activity was held on 27.9.2020. The idea was to give insight of how applications are used in industries to relate with customer requirement without coding and saving time developing requirements using these tools.

Sr. No	Committee Name	Activity Name	Snapshots	Activity Details
10	Hobby Club Committee	'Creathon'		The activity was held on 23.9.2020. Hobby Club Committee for Academic Year 2020-2021 conducted the session with a mesmerizing and crisp oil pastel artwork event creating a lively atmosphere.
11	Hobby Club Committee	'Passion into Profession'		The activity was held on 14.10.2020. In this session, the speaker spoke on his journey of turning his passion into profession.
12	Parent Interaction committee (PIC)	Scholar's Day Department wise topper certificate distribution ceremony of May 2020 Examination s		The activity was held on 24.10.2020. The event was organized to felicitate overall toppers of all branches of Engineering and MMS.
13	Parent Interaction committee (PIC)	How to deal with Challenges during Covid-19		The activity was held on 7.11.2020. The activity was to help students and faculty members practice techniques to deal with covid 19.

Sr. No	Committee Name	Activity Name	Snapshots	Activity Details
14	Computer Society of India (CSI)	A Story of Rags to Riches: IT Industry		The activity was held on 11.9.2020. The objective was to give the idea of New trends in IT industry to students.
15	Computer Society of India (CSI)	Evolution Of Mobile Engineering Through the Decade		The activity was held on 7.8.2020. The speaker spoke on how the mobile evolution came into account and proving to be huge hit across the world.
16	Computer Society of India (CSI)	Webinar on Flutter		The activity was held on 8.8.2020. the speaker spoke on why do we need to use Flutter and why is it so hyped in recent times, thereby explaining the major components of Flutter.
17	Computer Society of India (CSI)	Machine Learning and Career Opportunities		The activity was held on 18.8.2020. The speaker spoke on how the data scientists typically do the changes they have brought in across the world.
18	Computer Society of India (CSI)	Webinar on Functional Programming		The activity was held on 15.09.2020. The objective of the webinar was to create awareness about Declarative Programming paradigm, specially Functional programming which of late, has gained lot of importance and is now excessively used by

Sr. No	Committee Name	Activity Name	Snapshots	Activity Details
				product based companies like Twitter, Facebook, LinkedIn, ThoughtWorks, Netflix etc., to streamline their development. (Scala, Clojure, Scheme and Haskell are prominent Functional Programming languages).
19	Computer Society of India (CSI)	Finding Faults and Protecting Web Application Using Open-Source Tools		The activity was held on 18.09.2020. The session was completely interesting, and helped students to understand the different attacks and basic open-source tools for protecting the web applications.
20	Computer Society of India (CSI)	Artificial General Intelligence.		The activity was held on 25-9-2020. The session was so insightful and informative as it made the vision of the students, more distinct towards the field of AGI.
21	Computer Society of India (CSI)	3 Ingredients to Success		The activity was held on 16-10-20. The speaker shared many of his life changing experiences with the students which must have made the students to ponder upon how simple it is to reach the success with the right kind of motive and how to have a

				POSITIVE approach towards our lives
22	Computer Society of India (CSI)	Java Web Applications Using Servlet		The activity was held on October 9th, 2020. The speaker explained few key points of the Java Web Application using Servlet. He started off by explaining about the Client Server Architecture and gave the audience a brief information about it.
23	Computer Society of India (CSI)	EnCypher-20 A National Conference		The activity was held on November 02, 2020 to November 06, 2020. CSI VIT in association with Cyberfrat conducted EnCypher 2020 a National Conference on Cyber Security with India's leading industry experts for weeklong event.
24	ITSA – Information Technology Student Association	Goal Oriented Placement Approach – Webinar		The activity was held on October 18, 2020. Mr Debjit began the seminar using a PowerPoint presentation he had prepared himself, pointing on the subject of logistics, demand and supply chain in today's world.

Sr. No	Committee Name	Activity Name	Snapshots	Activity Details
25	Career Counselling committee	Webinar on "Preparing for GATE exam in a COVID-19 World"		The activity was held on 29th July 2020. The activity was conducted to make students aware on tips and tricks to crack the GATE, and to get the benefits of Preparing for GATE exam in a COVID-19 World.
26	IEEE-VIT	TECH TALK ON "QUANTUM COMPUTING"		The activity was held on 6 th September, 2020 to discuss trends in Quantum computing with students002E
27	IEEE-VIT	Workshop On Gesture Controlled Gaming Using Open CV		The activity was held on 20th September, 2020 to help students understand basics of Gaming with Gesture control.
28	IEEE-VIT	IEEE DAY 2020		The activity was held on 18 th October 2020 to celebrate IEEE DAY with various events.
29	Student's council	Friday pathshala		The activity was held on 14 th August 2020. In this interactive webinar, Shri Dwarkanath Sanzgiri shared his experience as an engineer and spoke on his interest and hobby in writing.

Sr. No	Committee Name	Activity Name	Snapshots	Activity Details
30	Student's council	Friday pathshala		The activity was held on 25/9/2020 with the objective to motivate students and to develop positive attitude to excel in their career.
31	ETSA	Workshop on "Developing Antenna using ADS".		The activity was held on 10.10.2020. The objective of the workshop was to teach students basics of Antenna working and how antenna can be build on ADS Software.
32	ISTE	ISTE committee VIT chapter student committee formation 2020-21		The activity was held on 7.8.2020. The objective was to conduct interview process to form student committee.

Sr. No	Committee Name	Activity Name	Snapshots	Activity Details
33	Biomedical Student Association Committee	Raspberry PI Workshop	 <p>The poster for the Raspberry Pi Workshop, presented by BMSA. It features a Raspberry Pi board in the center. Text includes: 'VIT Vellore', 'BMSA Presents', 'RASPBERRY PI WORKSHOP', 'Speaker: Manthan Lakhani', 'Date: 21 September, 2020', 'Timing: 4:30 to 6:30 pm', 'On MS Team', 'Register yourself', a QR code, and 'Contact details: Prathamesh: 9030904234, Ananya Choudhary: 9030907192'.</p>	<p>The activity was held on 21.9.2020. During the webinar Mr. Manthan Lakhani, Owner and Founder of M Infotronix, Former System Engineer at NVIDIA Embedded, shared his in-depth and foundational knowledge on specifications, applications, Installation, and live demonstration of Raspberry pi.</p>
34	Biomedical Student Association Committee	3D Modeling and Printing In Medical Field	 <p>The poster for the 3D Modeling & Printing Webinar, presented by the Biomedical Department. It features a collage of 3D models and a 3D printer. Text includes: 'VIT Vellore', 'BIOMEDICAL DEPARTMENT Presents', 'Webinar on 3D MODELING & PRINTING', '17 OCTOBER, 2020', 'Speaker: Mr. Priyank Yeolekar', 'Software: Fusion 360 & MeshMixer', 'Time: 4:30 TO 6:30 PM', 'Platform: MsTeams', 'Scan to Register', a QR code, 'Contact Details: Prathamesh: 9030904234, Ananya Choudhary: 9030907192', and 'Follow us on LinkedIn & Facebook'.</p>	<p>The activity was held on 17.10.2020. During the session, Mr. Priyank Yeolekar, Biomedical Application Engineer, explained about the 3D Printing techniques starting with the introduction and covering the main topics like the technologies of 3D printing, use of 3D printing in healthcare, various case studies, Modeling using Fusion 360, overview of meshmixer and making of G-code file using slicing software.</p>
35	Biomedical Student Association Committee	Indian Healthcare System: Technology and Data Privacy Issues	 <p>A presentation slide titled 'Indian Healthcare System: Technology and Data Privacy Issues'. The slide shows a list of topics or points related to the healthcare system and data privacy.</p>	<p>The activity was held on 5.10.2020. During the session, Mr. Prathamesh Churi, (Research Scholar in Data Privacy in Healthcare in Computer Science)</p>

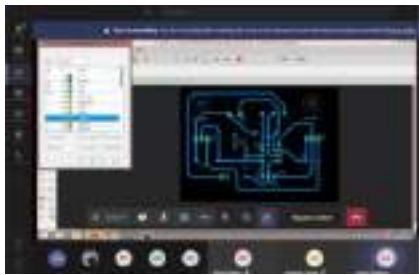

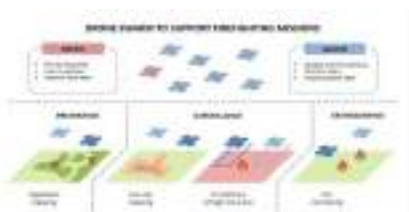

Sr. No	Committee Name	Activity Name	Snapshots	Activity Details
				shared his thoughts and Experiences on "Indian Healthcare System : Technology and Data Privacy Issues".
36	ITSA – Information Technology Student Association	Ideathon		The activity was conducted on 6.9.2020. Under the guidance and supervision of Prof .Rohit Barve ITSA organized Ideathon , an event for the students to present their helpful solutions to real life problems given.
37	ITSA – Information Technology Student Association	Demonstration of Live interview		The activity was conducted on 24.10.2020. Miss Mythri gave insights about various topics. Ex. their work ethics, food and culture, tips and tricks to prepare and crack interviews, aptitude tests and group discussions.
38	Anti-Ragging committee	Meeting with ARC members for Anti ragging related issues, if any		The activity was held on 27 th October, 2020. In this meeting, Anti-ragging related issues were discussed.

Sr. No	Committee Name	Activity Name	Snapshots	Activity Details
39	Anti-Ragging committee	Meeting with ARC members for Anti ragging related issues if any		The activity was held on 24.11.2020 to discuss on process of Online Affidavits for newly admitted students and UGC regulation on curbing the menace of ragging in higher educational institution.
40	Entrepreneurship development cell	Guest lecture by a first-generation Entrepreneur		The activity was held on 6.11.2020 to discuss challenges in entrepreneurship.
41	Master of management students' association	Technical & Fundamental Analysis		The activity was conducted between 19.9.2020 to 20.9.2020. The program started with a welcome speech by Ms. Rutuja Walawalkar at 11.00 am. Key Note Speaker for the session was Mr. Chaitanya Joshi - Institutional Sales

Sr. No	Committee Name	Activity Name	Snapshots	Activity Details
				<p>Manager / Technical Analyst at ACK Capital Management Pvt Ltd. He addressed the students on trading in stock market especially use of technical analysis in picking stocks, tools of technical analysis and investment planning.</p>
42	Master of management students' association	Capital Market in association with BSE Broker's Forum		<p>The activity was conducted between 8.9.2020 to 11.9.2020. The activity was structured for the students to have a better understanding of the fundamentals and practical applicability of various aspects of capital market. This webinar was a series of 4-days session to give insights about capital market to the students of finance specialization. The content of the subject was divided into 4 parts.</p>
43	Alumni Committee-INFT	Linux & DevOps Journey as a fresher		<p>The activity was conducted on 24th October 2020, 03:30 PM. In this activity, the speaker gave an insight about his journey as a fresher from VIT to become a successful professional.</p>

Sr. No	Committee Name	Activity Name	Snapshots	Activity Details
44	Alumni - CMPN	Career Opportunities in the domain of Networking and Security		<p>The activity was conducted on 9.9.2020. The session focused on making students aware on the job opportunities in the domain of Networking and Security .</p>
45	Alumni committee- CMPN	Docker , Container and Kubernetes		<p>The activity was conducted on 19.9.2020. During the webinar on “Docker, Container and Kubernetes” Mr. Rohit Sardesai explained the need for scalable and reliable applications which is a trend in current IT industry.</p>

Sr. No	Committee Name	Activity Name	Snapshots	Activity Details
46	Alumni Committee- EXTC	Alumni Guest Lecture		The activity was conducted on 30.9.2020. This webinar was all about knowing experiences and working environment of VIT Alumnus in e-yantra department.
47	Alumni Committee	Q & A session with Star Alumni		The activity was held on 7.11.2020 for discussion with star alumni.
48	Alumni committee- CMPN	Alumni Association Meeting CMPN Department		The activity was held on 7.11.2020. The session began with introduction of the alumni belonging to various years and discussion on points raised by each one of them.
49	Alumni Committee - ETRX	Alumni Association Meeting ETRX Department		The activity was held on 21.11.2020. The session began with welcome speech by Dr. Arun Chavan. He gave an overview about the different activities conducted by

Sr. No	Committee Name	Activity Name	Snapshots	Activity Details
				Department of Electronics Engineering.
50	Alumni committee- EXTC	Alumni Association Meeting EXTC Department		The activity was held on 21.11.2020. Meeting was held through MS Teams app and chaired by Dr. Sanjay Singh Thakur, HOD, EXTC The session began with introduction of the alumni belonging to various years.
51	ETSA	"Eagle Software".		The activity was conducted on 9.8.2020. Aman Chauhan and Sahil Kothawale, students from BE EXTC of Vidyalankar Institute of Technology (VIT) were the speakers of this workshop. The event was publicized in VIT for SE , TE & BE students.
52	Special Events	Multi robot systems for surveillance application		The activity was conducted on October 2020. Awaaz (Open Mic)

Event Details	
Activity Title	Awaaz (Open Mic)
Date	14 th September, 2020
Venue	MS Teams
Time	5:00 pm onwards
No. of Volunteers	7
No. of attendees	50

Activity Coordinator	Prof. Pravin Gharge, Program Officer, NSS-VIT
----------------------	---

Objectives

- (i) To give the students a platform to showcase their talent.
- (ii) To encourage students to understand and learn the importance of their national language.
- (iii) To help develop writing and speaking skills in students
- (iv) To help students express their love for Hindi literature.

Description

A live session titled 'AWAAZ' was conducted on MS Teams on 14th September, 2020 on the occasion of Hindi Diwas. It was a competition conducted for all VIT as well as non-VIT students. The event observed an overwhelming response with 15 registrations of students.

The event was conducted online following the norms of maintaining social distancing. To celebrate the Hindi Diwas, students were given a platform to showcase their hindi literature skills in the form of poetry, shayari or a short story.

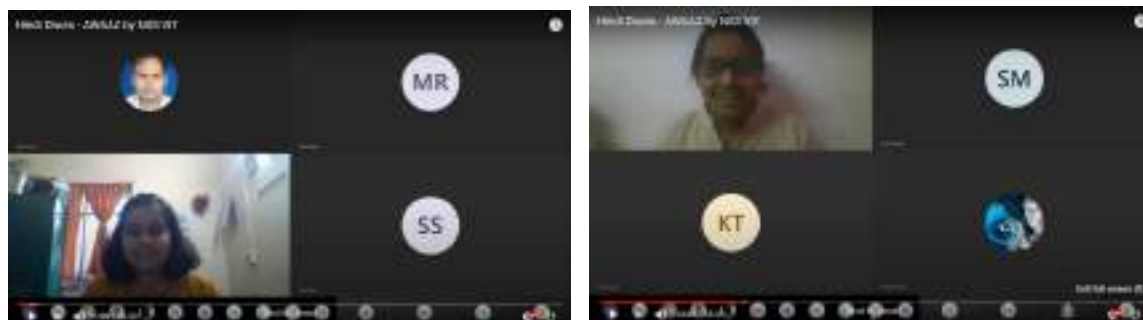

The event started off with a warm welcome by the host, Ms. Kavita Tiwari, volunteer of NSS-VIT. The purpose of the event was briefly explained. The host also introduced the judge for the event, Prof. Nasir Ansari, Assistant Professor, VIT

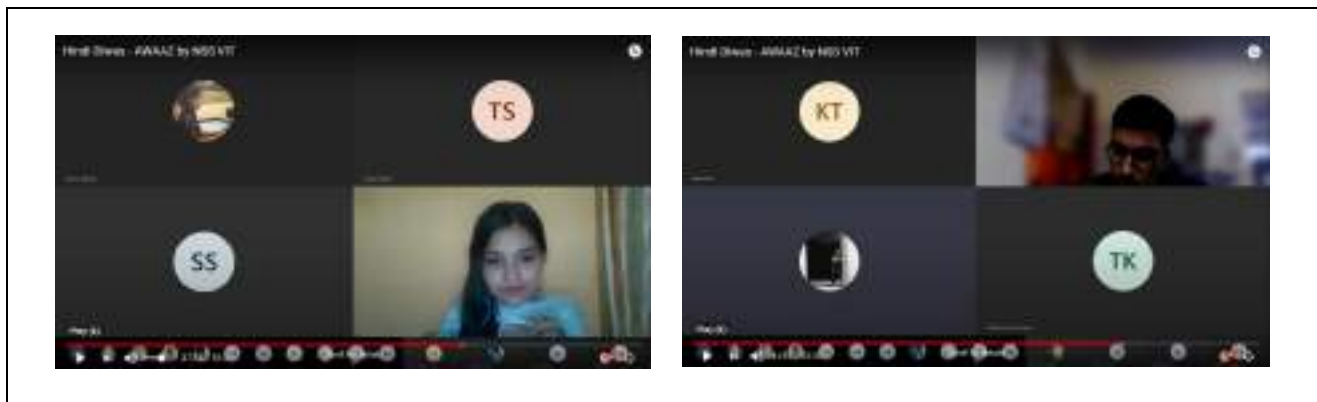

Beginning with the event, the participants' names were called one by one. The participants presented their work in front of the virtual audience and the judge. The judge assessed each participant's performance as the next participant was being introduced by the hosts. As all the participants performance was done, the judge came forward and appreciated the participants for their courage, zeal and talent. Along with that, he himself presented his piece of poetry and shayari to make the event more reminiscing and impactful. The event was then ended with a vote of thanks by Ms. Tabassum Shaikh, volunteer of NSS-VIT.

Conclusion

The event was conducted successfully online. The atmosphere was motivating and the relevance and importance Hindi Diwas and Hindi Literature was reinstated in public. The participants, audiences and all the volunteers were satisfied with the event and enjoyed it. The recording of the event was uploaded on the YouTube session. The number of attendees was 191 and the viewers will keep increasing as the video is available on YouTube.

Eco Friendly Bag Making

Event Details	
Activity Title	Eco Friendly Bag Making
Date	20 August 2020 onwards
Venue	Home
No. of Volunteers	30
Activity Coordinator	Prof. Pravin Gharge, Program Officer, NSS-VIT

Objectives

- To encourage the students to make their own bags with used paper.
- To help greatly reduce plastic bags usage.
- To popularize paper bags.

Description

Due to lockdown as our fieldwork was at pause so our unit initiated the paper bag making project where each of our volunteers at their homes started making bags out of used papers, new papers etc. In order to contribute to the society and reduce the use of plastic. We also conducted online session where we taught how to make paper pages to our volunteers. Later we'll be distributing these bags to the vendors, shops, medicals in our localities.

Conclusion

The event was conducted successfully online. The atmosphere was motivating and the relevance and importance of Paper bags in today's life was reinstated in public even when separated by distance online. The participants learnt the importance of Paper Bags making and to understand how paper bags have more advantages than plastic bags.

Tech Wiz

Event Details	
Activity Title	Tech Wiz
Date	1 st June 2020
Venue	Quizizz Online Platform
Time	3:00 pm onwards
No. of Volunteers	15
No. of beneficiaries	130
Activity Coordinator	Prof. Pravin Garge, Program Officer, NSS-VIT
Objectives	
(i)	To help the students test their knowledge in C, Java and Python programming.
(ii)	To help the beginners understand the concepts of programming.
(iii)	To develop the basic skills of competitive programming in students.

(iv) To help the students sharpen the programming concepts.

Description

A programming quiz competition titled Tech Wiz was hosted online on 1st June 2020 using Quizizz platform. The quiz was conducted for the students of VIT and 130 students actively took part in this competition. Three separate quizzes based on C, Java and Python programming languages was conducted so that students can participate based on their choices. Although the quiz competition was conducted online the atmosphere was quite competitive and students found the questions very challenging. The main motive behind conducting this quiz was to keep the students motivated and not lose track of their studies during this long break of coronavirus lockdown. The lockdown period is a great opportunity for every individual to not only develop new hobbies and improve their soft skills but also to gain knowledge and expertise in their technical fields. After the quiz detailed reports were generated how every individual performed. And based on the results we awarded the students who scored more than 75% in the quiz. Also rewarded them with certificates for their great performance.

Conclusion

The event was conducted successfully online. The atmosphere was really competitive as it should be for a quiz. The quiz helped the students gain interest in their studies and technical field in a fun and competitive nature even during the lockdown period.
