**ACTIVITY REPORT**

<b>Event Details</b>	
Activity Title	Tree Plantation
Date	2021 (7Nov, 21Nov, 5Dec,19Dec)2022 (9Jan)
Venue	Karjat
No. of Volunteers	50
Activity Coordinator	Prof. Pravin Gharge, Program Officer, NSS-VIT
<b>Objectives</b>	
<p>1) To inculcate in them a sense of responsibility towards nature and environment.</p> <p>2) To help them build bonds with nature.</p>	
<b>Description</b>	
<p>Tree-planting is the process of transplanting tree seedlings, generally for forestry, land reclamation, or landscaping purpose. It differs from the transplantation of larger trees in arboriculture, and from the lower cost but slower and less reliable distribution of tree seeds. Trees contribute to their environment over long periods of time by providing oxygen, improving air quality, climate amelioration, conserving water, preserving soil, and supporting wildlife. During the process of photosynthesis, trees take in carbon dioxide and produce the oxygen we breathe.</p>	
<b>Conclusion</b>	
<p>The volunteers has able to develop a paradigm shift in their new roles and environment. The volunteers will also learn the art of instilling integrity in themselves as an aspect of life-long learning in all walks of life. The Event was successful.</p>

**ACTIVITY REPORT**

<b>Event Details</b>	
Activity Title	Blood Camp
Date	21 <sup>st</sup> November, 2021
Venue	CST Railway Station
No. of Volunteers	21
Time	1 Day
Activity Coordinator	Prof. Pravin Gharge, VIT NSS coordinator Assistant Professor, Department of First Year Engineering, VIT
<b>Objectives</b>	
<ul style="list-style-type: none"> <li>(i) To promote the need and benefits of blood donation.</li> <li>(ii) To celebrate and thank individuals who donate blood and to encourage those who have not yet donated blood to start donating.</li> <li>(iii) To highlight the need for committed, year-round blood donation, to maintain adequate supplies and achieve universal and timely access to safe blood transfusion.</li> <li>(iv) To mobilize support at national, regional and global levels among governments and development partners to invest in, strengthen and sustain national blood programmes.</li> <li>(v) To focus attention on donor health and the quality of donor care as critical factors in building donor commitment and a willingness to donate regularly.</li> </ul>	
<b>Description</b>	
<p>The volunteers were tasked with promoting and encouraging blood donation in the area surrounding the station. The event was planned in accordance with all of the COVID guidelines provided by the government at the time.</p> <p>The coverage area was divided so that the teams could maximize their reach. The event lasted from 9:30 a.m. to 4:00 p.m. The event was a huge success because we had a lot of active participation from the community. The volunteers went out with banners to catch people's attention, and they also approached people in groups of two or three.</p> <p>During the break, the Sri Sai Young Adult provided us with food and water, and the event was held by "change in us" under Jagjivan Ram Hospital (Western Railways) Blood Center, in which we were instructed on the criteria required to donate blood.</p>	
<b>Conclusion</b>	

This was the first offline NSS event of the semester, and the fact that it went off without a hitch boosted the entire team's confidence. The event also aided in raising social awareness about the importance of blood donation. This was also an excellent opportunity for the volunteers to develop as people.

**ACTIVITY REPORT**

**Report on Beach cleaning Activity**

<b>Event Details</b>	
Activity Title	Beach cleaning
Date	5 DEC 2021 -26 DEC 2021
Venue	Mithi river
Time	2 hour each
No. of Volunteers	50
Activity Coordinator	Prof. Pravin Gharge, VIT NSS coordinator Assistant Professor, Department of First Year Engineering, VIT
<b>Objectives</b>	
<ul style="list-style-type: none"> <li>(i) To promote beach cleaning.</li> <li>(ii) To help develop the idea of beach hygiene.</li> <li>(iii) To clean the beach that is to remove waste from it.</li> </ul>	
<b>Description</b>	
<p>The event was organised by the Beach Please (Non-government) organization and collaborated with NSS VIT. In this event NSS-VIT volunteers gathered at the beach (Mithi river and Dadar beach) and helped in cleaning the beach. Total two hours are spented on both the spot by unit for cleaning purpose and spreading the awareness of beach importance and beach cleaning.</p>	
<b>Conclusion</b>	
<p>The event was successfully conducted. Volunteers were motivated for beach cleaning and learnt about the importance of beaches and why cleaning it is necessary for the environment. And also got the experience of beach cleaning.</p>

**ACTIVITY REPORT**

**Report on Beach Cleanup Drive**

<b>Event Details</b>	
Activity Title	Beach Cleanup Drive
Date	19 Dec 2021
Venue	Girgaum Chowpatty
No. of Volunteers	17
Time	4:00 PM -6:00 PM
Activity Coordinator	Sakshi Padwal NSS Head, NSS-VIT
<b>Objectives</b>	
(i) To make students understand the importance of environment and how it effects our daily life. (ii) To let them know how our ecosystem works. (iii) To understand importance of marine life and how we are ruining it. (iv) To get the whole beach cleaned and spread awareness among people to keep it so.	
<b>Description</b>	
<p>Climate change is a very big problem for the humanity in the long run. Not disposing the garbage correctly in the costal as well near rivers contributes in depleting the marine life and the marine ecosystem. And that is evident when there is a high tide in Mumbai the sea throws back all the dumped garbage in it. To counter this NSS came up with a Beach Cleaning Program which was organized offline at Girguam Chowpatty on 19 Dec 2021 from 16:00hrs-18:00hrs. The two main objectives were to clean the beach and spread awareness about keeping it clean and exempt from throwing garbage in it.</p>	
<b>Conclusion</b>	
<p>The event was very successful both the objectives were achieved. All of the volunteers worked really hard for it. And also keeping all the necessary protocols checked. Everyone worked with great coordination and teamwork which helped carrying out the task in a very efficient manner.</p>

**ACTIVITY REPORT**

Report on Republic Day Celebration

<b>Event Details</b>	
Activity Title	Republic day celebration
Date	26 January 2022 onwards
Venue	YouTube live
No. of Views	595
Activity Coordinator	Prof. Pravin Gharge, Program Officer, NSS-VIT
<b>Objectives</b>	
<ol style="list-style-type: none"> <li>1. To give awareness about republic day.</li> <li>2. To tell historic facts about the Republic Day .</li> <li>3. Story behind the republic day .</li> </ol>	
<b>Description</b>	
<p>Due to lockdown, we couldn't perform the event in college so the event was conducted online on YouTube live. The event started with great hosting they explained the importance of republic day and what's the history behind after that national anthem started then the singing started with sweet voices. after that the energetic dance started and at the end, they showed great acting skills in drama and then event ended.</p>	
<b>Conclusion</b>	
<p>The event was conducted successfully online. The atmosphere was motivating and the relevance and importance of Republic day in public even when separated by distance online. The participants learnt the importance of Republic day and to understand the history behind the Republic day celebration.</p>

**ACTIVITY REPORT**

**Report on Stray Shelter Feeding Activity**

<b>Event Details</b>	
Activity Title	Stray Shelter Feeding
Date	21 <sup>st</sup> April, 2022
Venue	Celestia Spaces, Sewri
Time	3 hour each (11.30 to 2.30)
Number of Volunteers	Total=10 Volunteers Male: 9, Female: 1
Number of dogs fed	150
Activity Coordinator	Prof. Pravin Gharge, VIT NSS coordinator Assistant Professor, Department of First Year Engineering, VIT
<b>Objectives</b>	
<ul style="list-style-type: none"> <li>(i) To understand the different needs of animals.</li> <li>(ii) To understand feeding behaviour of stray dogs.</li> <li>(iii) To help develop the idea of animal care.</li> </ul>	
<b>Description</b>	
<p>The event was organized in collaboration with “<b>THE WELFARE OF STRAY DOGS (WSD)</b>”. Visiting in an animal shelter was a good experience, where our Volunteers were educated on how to treat stray dogs with care.</p> <p>The aim of the event was to give the dogs a social network and some treats. There were more than <b>150 dogs</b> in the shelter, where some of the dogs were sick or injured, they were getting diagnosed and rest were healthy or getting recovered. The dogs were taken good care in the WSD organization. We met founder of the WSD organization, he introduced us with their team and then briefed us about how they manage the organization. Volunteers had a contribution among themselves and brought <b>80 biscuit packets</b> for the 150 dogs as a treat. Our Volunteers then started feeding the biscuits to the dogs, where each volunteer was having a person from the organization as a guide. We got to learn how to approach an aggressive or anxious dog with caution and compassion. Volunteers were also briefed with the medical treatments which were given to the strays and we got to see the organization’s Operation Theater as well.</p> <p>Volunteers then gathered with the founder, he explained us how the animal is brought here and given a treatment till the animal is fully recovered. Volunteers also asked multiple questions related to the organization, feeding timings of the dogs, what are they fed daily? and many more. Lastly, we had a group photo with the founder and then we departed.</p>	
<b>Conclusion</b>	
<p>The event was successfully conducted. Volunteers learnt that people who have the misconception that stray dogs are dangerous is not true in all cases, a lot of stray animals can be benefitted if proper measures are taken while feeding them. Volunteers were feeling motivated and wanted to revisit the Animal Shelter.</p>

**ACTIVITY REPORT**

**Report on VCAN – “Early Intervention, Ensuring Good Beginnings”**

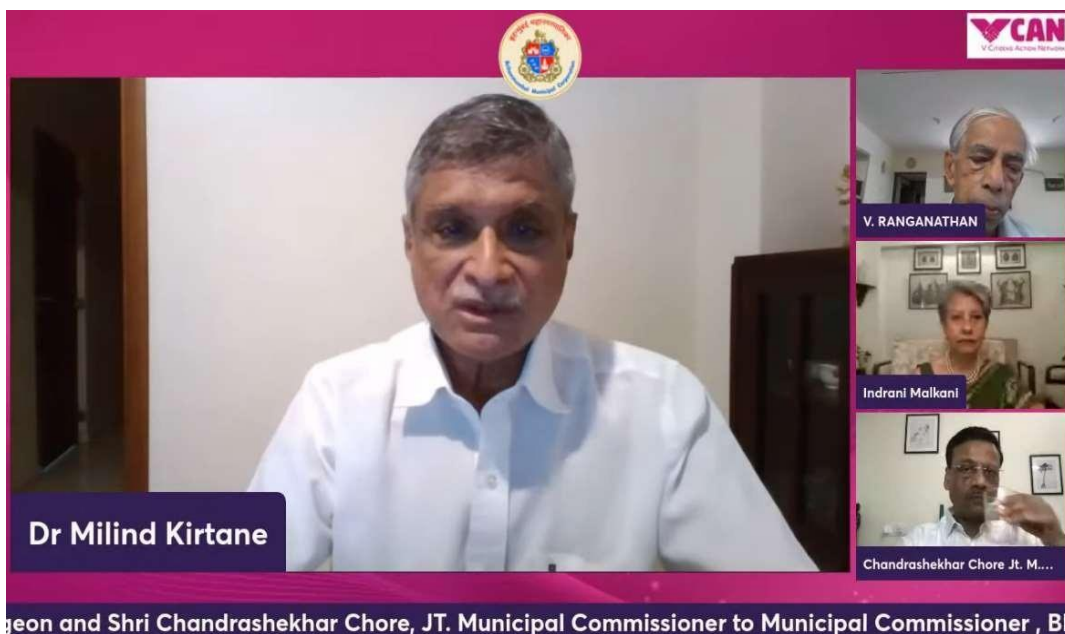

<b>Event Details</b>	
Activity Title	VCAN – “Early Intervention, Ensuring Good Beginnings”
Date	Friday, 22 <sup>nd</sup> April, 2022
Venue	YouTube Live
Time	1 hour (6.30pm to 7.30pm)
Number of Volunteers	Total Volunteers attended = 9 (Male: 7 and Female: 2)
Activity Coordinator	Prof. Pravin Gharge, VIT NSS coordinator Assistant Professor, Department of First Year Engineering, VIT
<b>Objectives</b>	
<ul style="list-style-type: none"> <li>(i) To promote awareness about the remedies available for new born children having hearing loss.</li> <li>(ii) To medically rehabilitate persons of all age groups, suffering with deafness.</li> <li>(iii) To help develop the idea of Early Intervention.</li> </ul>	
<b>Description</b>	
<p><b>VCAN(V Citizen Action Network)</b> in collaboration with <b>NSS UNIT OF JAI HIND COLLEGE</b> launched a new series with their 1st session on <b>“Early Intervention, Ensuring Good Beginnings”</b>.</p> <p>The event started with the introductory speech by the host with the guest speakers ENT Surgeon- <b>Dr. Milind Kirtane</b> and <b>Shri Chandrashekar Chore</b>, Jt. Municipal Commissioner to Municipal Commissioner BMC.</p> <p>Firstly, Dr. Milind Kirtane shared his views on what problems do children face and what are the remedies available as a treatment. He introduced us with <b>Cochlear Implant “An Electronic Marvel”</b>. The device basically works as an amplifier, it helps the patient’s brain to get the bigger stimulus, which makes the patient to hear the sound. Elaborating his views, he also shared the best age for implantation for child is first three years of age, as the capacity of the child’s brain to learn a language is high.</p> <p>Further, Shri Chandrashekar Chore added that in our country, 1 in 250 newborns tend to have hearing issues, thus <b>BMC</b> has made it compulsory to take an initiative of doing a hearing test for every newborn. And if the issue is detected, before they turn 3 years old, most of them can be treated with some aid.</p> <p>Lastly, taking questions of viewers, speakers answered every question asked by the viewer, they also suggested the solutions which should be adopted by today’s generation to prevent the causes of hearing impairment.</p>	

**Conclusion**

The seminar was successfully conducted by the NSS Unit of JAI HIND College. The initiative taken by the BMC is up to mark, if we are able to find the hearing impairment in children at early age, we have more chances to bring their hearing power back. We also understood how to talk interact or communicate with special children, we should speak clearly, in a natural tone and should not make exaggerated movements. The session was very informative and insightful.

**ACTIVITY REPORT**

**Report on - Say No To Drugs.**

<b>Event Details</b>	
Activity Title	Say No To Drugs.
Date	Saturday, 23 <sup>rd</sup> April, 2022
Venue	Online
Time	1 hour (6.30pm to 7.30pm)
Number of Volunteers	Total Volunteers attended = 12 (Male: 9 and Female: 3)
Activity Coordinator	Prof. Pravin Gharge, VIT NSS coordinator Assistant Professor, Department of First Year Engineering, VIT
<b>Objectives</b>	
<ul style="list-style-type: none"> <li>(i) Reducing drug related crime and drug caused health problems by reducing drug use.</li> <li>(ii) To medically rehabilitate persons of all age groups, suffering with addiction.</li> </ul>	
<b>Description</b>	
<p>The activity "SAY NO TO DRUGS" was arranged to spread awareness about usage and endorsement of drugs. In this online activity volunteers undertook the pledge which inclined to increase awareness about ill effects of drug abuse and motivate the nation towards a drug free life.</p> <p>Thus, the government and the Narcotics Control Bureau is urging all the students, their families to take this Anti-Drug E-Pledge.</p> <p>The link was provided to take the pledge, where the volunteers registered themselves and undertook the pledge of SAY NO TO DRUGS, also every volunteer who registered got certificates of their own.</p>	
<b>Conclusion</b>	
<p>We learnt that few people deny the dangers of drug use, while many teens are curious about drugs. They should stay away from drugs because drugs affect our health, lead to academic failure, and jeopardizes safety. Drugs are used from a long period of time in many countries.</p>

**ACTIVITY REPORT**

**Report on Polio Vaccination Drive**

<b>Event Details</b>	
Activity Title	Polio vaccination activity
Date	19 <sup>th</sup> June, 2022
Venue	Antop hill
Time	9am to 5pm
Number of Volunteers	Total= 13 Volunteers Male: 8, Female: 5
Number of children vaccinated	178
Activity Coordinator	Prof. Pravin Gharge, VIT NSS coordinator Assistant Professor, Department of First Year Engineering, VIT
<b>Objectives</b>	
<ol style="list-style-type: none"> <li>1. To stop all wild poliovirus (WPV) transmission</li> <li>2. To introduce inactivated polio vaccine (IPV), withdraw all oral polio vaccines (OPV), and strengthen immunization systems in countries with weak immunization systems and strong polio infrastructure.</li> <li>3. To certify all regions as polio-free and safely contain all poliovirus stocks</li> <li>4. To mainstream the investment in polio eradication to benefit other priority public health initiatives for years to come.</li> </ol>	
<b>Description</b>	
<p>The event was organized in collaboration with Municipal Corporation of Greater Mumbai (MCGM). Polio drive was a good experience, during the polio campaign, around 178 children less than 5 years of age are given the polio drops through a polio booth. Though India is certified as a “polio free” The risk of the deadly viral polio disease that was once the leading cause of paralysis among children worldwide, is very close to being eradicated. Since 1988, the number of children affected by polio has reduced by 99 per cent. To eliminate polio completely, every child in every household must be vaccinated. But thousands of children are still missing out on the polio vaccine. Volunteers vaccinated around 178 children this polio immunization program was held successful as due to the COVID-19 pandemic, many of these children live in remote, fragile, and conflict-affected areas, which makes reaching them with vaccines even more difficult. Massive migrant and refugee populations, discrepancies in quality of vaccination campaigns and misinformation about vaccines also hamper polio eradication efforts. Volunteers learned about Inactive Polio Vaccine (IPV) and Oral Polio Vaccine (OPV) and their detailed information, volunteers vaccinated as well as educated each parent they attended.</p>	

**Conclusion :** The event was successfully conducted. Volunteers learnt that people who have living in the remote areas should be given the information of Inactive polio vaccine IPV. Volunteers were feeling motivated and wanted to revisit for the polio drive

**ACTIVITY REPORT**

**Report on Orphanage Teaching Activity**

<b>Event Details</b>	
Activity Title	Orphanage Teaching
Date	26 <sup>st</sup> , June 2022
Venue	Sanjay Gandhi National Park
Time	7 hour (9.00 am to 4.00 pm)
Number of Volunteers	Total=10 Volunteers Male: 8, Female:2
Number of Children Teach	16
Activity Coordinator	Prof. Pravin Gharge, VIT NSS coordinator Assistant Professor, Department of First Year Engineering, VIT
<b>Objectives</b>	
(i)	<b>To Teach the orphanage kids.</b>
(ii)	<b>Aware the children about Importance of education.</b>
(iii)	<b>To improve the learning skill of children.</b>
<b>Description</b>	
<p>The event was organized in collaboration with "Team Shivprerana". Our NSS volunteers gathered at SGNP at 9 AM and then by using public transport we went to Chunapada Adivasi village inner area of SGNP.</p> <p>The aim of event was to make the kids happy through various activities like teaching, playing games and many more. As because lack of facility and not good teachers at their school place. Because of this reason, "Team Shivprerana" visit that village to gain knowledge of children. There was total 16 numbers of children present and 10 members of our NSS volunteers. Event started with morning prayer which was taken by Shruti and Vedant. After prayer Yoga session conducted by Aditya. Volunteers had a contribution among themselves and they taught 1st to 12th standards students. Our NSS volunteer take subjects of different standard student according to their need of knowledge. We had done teaching session from 10 AM to 1 PM, then we done lunch with all those students. After lunch we conduct few games like 'finding props' team building was co-ordinate by Akash and Yojna our NSS volunteers. 'Balloon pyramid' game conducted by Sahil and Pratik; followed by Mayur and Chirag with game of 'Chinese Whispering' helped by Rohit.</p> <p>We had done with all activities till 4 PM, then we have feedback session with "Team Shivprerana" and took some clicks with all our NSS volunteers and students present for session.</p>	
<b>Conclusion</b>	
<p>The event was successfully conducted. Volunteers learnt a lot about the conditions of children and helped them.</p>

ACTIVITY REPORT

Report on E-waste collection drive at VIT Activity

<b>Activity Name</b>	E-waste collection drive at VIT
<b>Objectives of the Activity/Purpose</b>	<ul style="list-style-type: none"> <li>• To create e- pollution awareness amongst the stakeholders of Institute</li> <li>• To motivate students and staff to reduce E-waste generation supporting sustainable development</li> <li>• To prevent adverse effects of E-pollution and maintain health and welfare of students and staff.</li> </ul>
<b>Date and Time</b>	June- 2022
<b>No. of Students Participated</b>	267
<b>Venue</b>	Opposite VIT Gate No. 2
<b>Activity Coordinator</b>	Prof. Pravin Gharge, VIT NSS coordinator Assistant Professor, Department of First Year Engineering, VIT
<b>Details of the activity</b>	<p>E- waste collection drive was initiated with a publicity by students and faculty to collect e-waste from home and their surroundings and deposit it into ECORECO bin placed in our campus. Awareness on E-waste was also spread by AGS and V-show throughout the week. Students conducted class to class awareness drive to motivate students to get their e-waste and contribute in e-waste recycling.</p> <p>All faculty and students enthusiastically participated and became a part of this eco-friendly start.</p>
