Prof. Pravin Annadate
Convenor

Technical Talk

Faculty member: **Dr. Uday Kashid**
Date: **4th July 2022**

Department: First Year Engineering
Time: 9.30am-10.30am

1	Ted talk/ Tec quickies / Video /Presentation / Animation /Lecture	Technical Presentation
2	Title	PLAGIARISM: Tricks to AVOID and REDUCE
3	Importance	To know Plagiarism and its consequences.
4	Abstract	<ul style="list-style-type: none"> ✿ Plagiarism occurs when a party attempts to pass someone else's work or ideas off as their own, without properly giving credit to the original source. ✿ You are cheating yourself. ✿ Devalues others' original work. ✿ Academic Dishonesty -> it misrepresents the work of another as your own. ✿ We can avoid and reduce the plagiarism by using IQPC trick. ✿ Common knowledge that your readers will already know or common knowledge in specific field doesn't have need to cite. ✿ But Claims, arguments, theories, interpretations of others that you have paraphrased or summarized needs to be cited.
5	Conclusion	Audience will understand ethical things about how to prevent and reduce plagiarism work. Also, they will refer the list of paid and free plagiarism software and finally they will understand that plagiarism is serious offence.
6	References	http://surl.li/cisvs
7	The idea can be helpful to (Project/ Mini Project/ understanding the concept/ development of product etc.)	<ol style="list-style-type: none"> 1. Understanding the concerns of plagiarism in education sector. 2. Types of plagiarism. 3. Prevention form similarity index by using IQPC trick. 4. Types of citations and plagiarism softwares.
8	Result of Discussion with audience after the technical review is over (feedback)	16 members were present for this session and understood the technique to reduce plagiarism. Paid software gives security of data, effectiveness and features more than free software.

9	Comments if any	Excellent session !!
10	No. of audience	16
