

ACTIVITY REPORT

Event Details	
Activity Title	Tree Plantation
Date	2021 (7Nov, 21Nov, 5Dec,19Dec)2022 (9Jan)
Venue	Karjat
No. of Volunteers	50
Activity Coordinator	Prof. Pravin Gharge, Program Officer, NSS-VIT
Objectives	
<ol style="list-style-type: none"> 1. To inculcate in them a sense of responsibility towards nature and environment. 2. To help them build bonds with nature. 	
Description	
<p>Tree-planting is the process of transplanting tree seedlings, generally for forestry, land reclamation, or landscaping purpose. It differs from the transplantation of larger trees in arboriculture, and from the lower cost but slower and less reliable distribution of tree seeds. Trees contribute to their environment over long periods of time by providing oxygen, improving air quality, climate amelioration, conserving water, preserving soil, and supporting wildlife. During the process of photosynthesis, trees take in carbon dioxide and produce the oxygen we breathe.</p>	
Conclusion	
<p>The volunteers has able to develop a paradigm shift in their new roles and environment. The volunteers will also learn the art of instilling integrity in themselves as an aspect of life-long learning in all walks of life. The Event was successful.</p>

ACTIVITY REPORT

Report on Beach Cleanup Drive

Event Details	
Activity Title	Beach Cleanup Drive
Date	19 Dec 2021
Venue	Girgaum Chowpatty
No. of Volunteers	17
Time	4:00 PM -6:00 PM
Activity Coordinator	Sakshi Padwal NSS Head, NSS- VIT
Objectives	
<ol style="list-style-type: none"> 1. To make students understand the importance of environment and how it effects our daily life. 2. To let them know how our ecosystem works. 3. To understand importance of marine life and how we are ruining it. 4. To get the whole beach cleaned and spread awareness among people to keep it so. 	
Description	
<p>Climate change is a very big problem for the humanity in the long run. Not disposing the garbage correctly in the costal as well near rivers contributes in depleting the marine life and the marine ecosystem. And that is evident when there is a high tide in Mumbai the sea throws back all the dumped garbage in it. To counter this NSS came up with a Beach Cleaning Program which was organized offline at Girgaum Chowpatty on 19 Dec 2021 from 16:00hrs-18:00hrs. The two main objectives were to clean the beach and spread awareness about keeping it clean and exempt from throwing garbage in it.</p>	
Conclusion	

The event was very successful both the objectives were achieved. All of the volunteers worked really hard for it. And also keeping all the necessary protocols checked. Everyone worked with great coordination and teamwork which helped carrying out the task in a very efficient manner.
