*Direct Second Year Admissions (DSY): As per the rules of Govt. of Maharatshtra, 10% of the santioned intake (of First year) is considered as seats for Direct Second year admission. However, as per the dircetives of Govt. of Maharashtra, Institutes are required to communicate and notify the vacant seats. Therefore, the sanctioned intake considered here is 10% of the first year santioned seats+vanact seats and hence the variation in number of seats is observed despite the same santioned intake for various first year engineering programmes.

**Vide University of Mumbai letter dated May 19, 2022, Electronics Engineering (Intake 120) programme is renamed to Electronics and Computer Science (Intake 120) from the Academic Year 2022-23. However, the Direct Second Year Admissions for the Academic Year 2022-23 were done under the old programme Electronics Engineering.
