IEEE Geoscience and Remote Sensing Society

Date: 2 May 2023

Dear Varsha Turkar,

Congratulations! You have been selected to receive a contribution towards your attendance at the 2023 IEEE International Geoscience and Remote Sensing Symposium (IGARSS 2023) in Pasadena, California, USA from 16 - 21 July, 2023.

Awards were given to applicants with papers accepted for presentation (either oral or poster) at the Symposium and which exhibited particularly important funding requirements. Unfortunately many applications could not be considered despite the high quality of submitted contributions, and only partial support could be provided to successful applicants.

We will verify your IEEE and GRSS membership, and you must be present at IGARSS 2023, in order to receive reimbursement.

You will receive a total reimbursement of up to **US $ 3,270.00** for your travel expenses to IGARSS 2023 in Pasadena, California, USA. You must register to attend the conference and present your paper at IGARSS 2023 in order to be eligible to receive the travel grant.

To receive reimbursement, please follow the instructions below:

1. You MUST register for the conference on or before 02-June-2023, and MUST present your paper(s) at the conference.

2. For expense reimbursement, you must use NextGen (formerly called Concur). The information for setting up an account and instructions for use can be found at this link:
https://corporate.ieee.org/resources/travel-medical-and-insurance/ieee-expense-report
and in the attached document:
GRSS-Reimbursement-Guidelines.pdf

IMPORTANT: The two payment methods available are a United States of America (US) dollar check or a US wire transfer. It is your responsibility to research and understand the current policies and sanctions of your home country with the US.

IMPORTANT: Reimbursement requests must be filed with IEEE GRSS within 60 days of travel completion, and all expenses exceeding US $25 must include a receipt.

3. If you do not present your paper(s), our offer to you will be void and you will not receive the Travel Grant funds.

4. IMPORTANT:
Please please provide your response online on or before *02-June-2023* to the Grant File Collector website,
https://www2.securecms.com/IGARSSTravelGrants/FindApplication.asp.

Grant File Response and File Upload Website:
https://www2.securecms.com/IGARSSTravelGrants/FindApplication.asp
Your Application ID: 24993
Your Acceptance Code: moasagibu

If you decide you will not accept the GRSS Travel Grant you are still required to send back the response form. If we do not hear from you by *02-June-2023*, we will assume that you are not interested in the offer and the grant will be re-allocated.

If you have any questions after carefully reading the instructions on the response form, please email igarssgrants@cmsworkshops. com. Please be sure to use an identifiable subject line (e.g. IGARSS 2023 Grant: Response Form for **Turkar**).

Thank you for applying to this program, and I hope that you enjoy your trip to Pasadena, California, USA.

Sincerely,

Josée Lévesque
Director of Education
IEEE Geoscience and Remote Sensing Society

Date: 2 May 2023

Dear Varsha Bhosale,

Congratulations! You have been selected to receive a contribution towards your attendance at the 2023 IEEE International Geoscience and Remote Sensing Symposium (IGARSS 2023) in Pasadena, California, USA from 16 - 21 July, 2023.

Awards were given to applicants with papers accepted for presentation (either oral or poster) at the Symposium and which exhibited particularly important funding requirements. Unfortunately many applications could not be considered despite the high quality of submitted contributions, and only partial support could be provided to successful applicants.

We will verify your IEEE and GRSS membership, and you must be present at IGARSS 2023, in order to receive reimbursement.

You will receive a total reimbursement of up to **US $ 1,850.00** for your travel expenses to IGARSS 2023 in Pasadena, California, USA. You must register to attend the conference and present your paper at IGARSS 2023 in order to be eligible to receive the travel grant.

To receive reimbursement, please follow the instructions below:

1. You MUST register for the conference on or before 02-June-2023, and MUST present your paper(s) at the conference.

2. For expense reimbursement, you must use NextGen (formerly called Concur). The information for setting up an account and instructions for use can be found at this link:

IEEE YP Funding Team <ypfunding@ieee.org>
Tue 5/2/2023 11:25 PM
To:Pratik Mhatre <pratik.mhatre1@vit.edu.in>

Dear PRATIK,

Congratulations! Your event funding request has been approved for an initial amount of: **$750**. Please come back to your application after the completion of your event and upload the necessary follow-up materials **here** in order to receive the approved funding. The final amount of this funding will depend on the quality of your follow-up materials, the number of the event's attendees, and the receipts**.** You will have **four (4) weeks** after the event date to submit your follow-up materials (report).

Make sure you take note of the items you need to prepare and include in the follow-up materials:

- Attendance report (Microsoft Excel format). Please set up an Excel sheet and enter the attendees' names, IEEE memberships, and email addresses. Please use the **Event Registration Form** to fill out and submit.

- Photos and videos (if any) from the event (must be uploaded in zip format).

- The final summary of the budget. Please include both the initially proposed budget and the actual finalized budget. **Please keep all the receipts** as they are required to prove the expenses. Please use this **Template** and provide hyperlinks to the receipts. Additionally, upload the receipts as a zip file as a backup if hyperlinks do not work.

- Copies of all advertisement materials used (flyers, posters, email invitations etc.)

- Link of the vTools event report for this event with photos uploaded accordingly. Make sure to key in the number of attendees to count as a report.

Please consider acknowledging the support given by IEEE Young Professionals. For example, add "**Supported/Sponsored by IEEE Young Professionals (logo)**" on your advertisement matters, website, posts, and others. You may find our logos **Here**.

Please keep in mind the expenses that are ineligible for IEEE YP Funding which include travel expenses, accommodations, visa applications, gifts (including IEEE membership gifts), honorarium, and other similar items. Please note that while you may cover these expenses from other sources, they cannot be covered by the fund given by IEEE YP.

Please ensure that your event is following all local health authority protocols and guidelines. Safety and security continue to be a top priority for all IEEE events.

Want to attract more attendees to your event? Consider creating a meetup on the new IEEE Mobile App, and invite your friends, colleagues, and other IEEE members nearby. OUs and Affinity Groups involved in organizing the event must also report the event on Vtools.

We are thrilled about your upcoming event and wish you the very best with your planning. We're eagerly anticipating seeing the event's impact in the follow-up materials, including photos. Don't hesitate to contact us if you have any questions!

Best Regards,
IEEE Young Professionals Team
