**Glimpse of the event**

**SELECTING B-SCHOOLS**

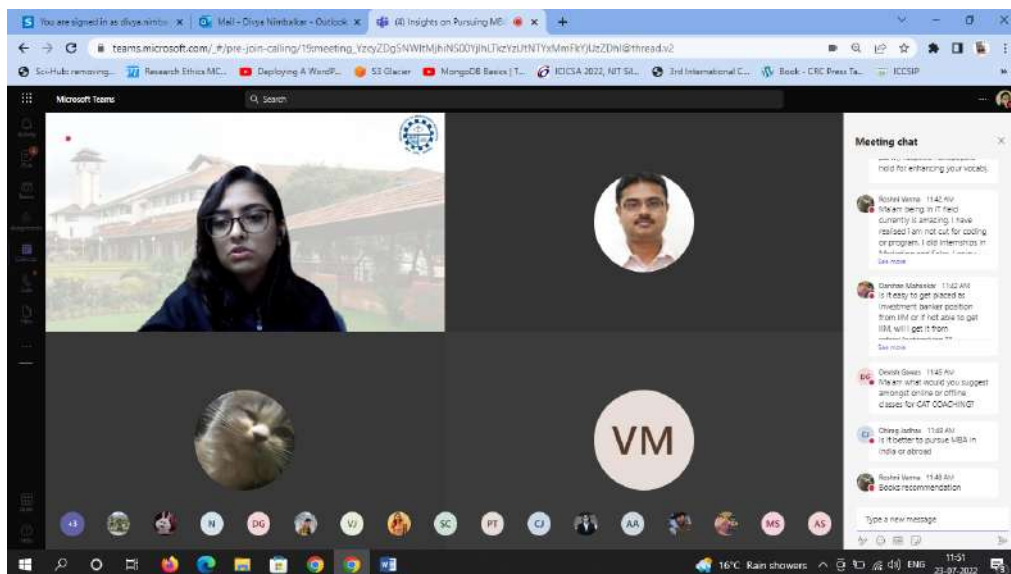

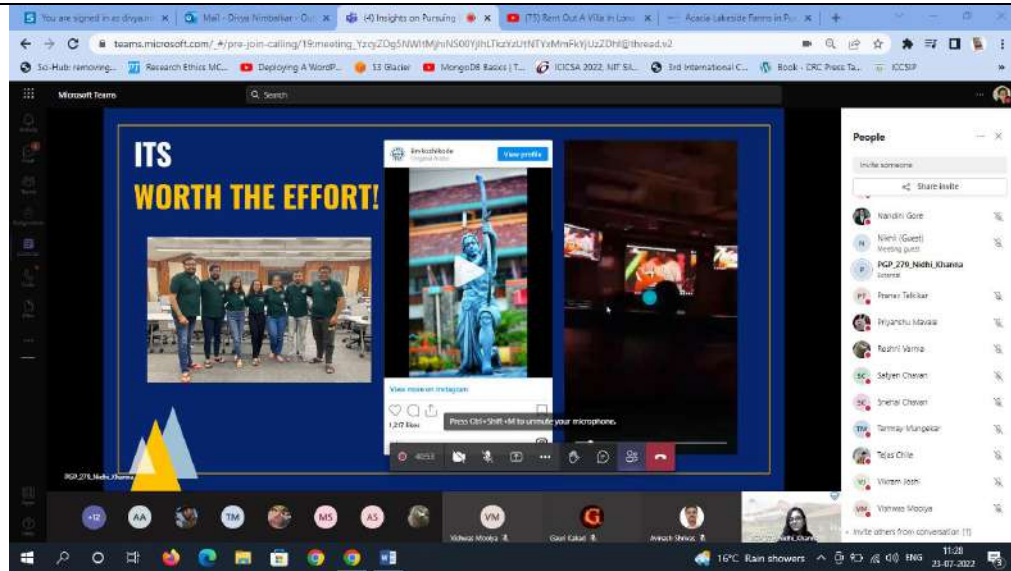

- IIMs**  
You have to apply to these while filling out the CAT form itself. IIMs don't just offer MBA/PGP but other courses as well.
- Non-IIMs (with CAT)**  
Colleges like SPJIMR & MDI have applications that are to be submitted before CAT (check websites of coaching classes)
- Non-IIMs (separate exams)**  
Some of the top B-schools conduct exams separately: XAT, SNAP, TISSNET, IIFT, NMAT, etc. (individual deadlines available on sites of coaching classes)

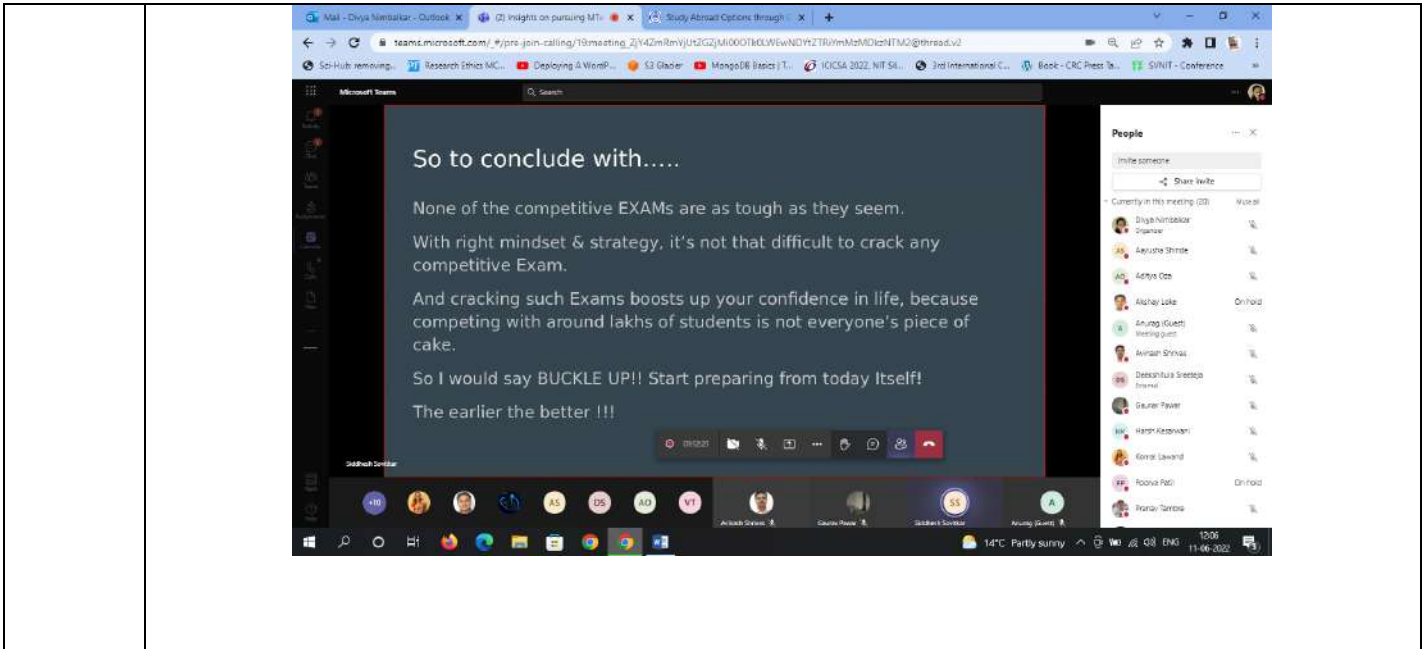

**RANKING (MY OPINION)**

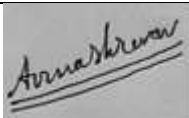

Top B-schools		A Category B-schools	
B-school	Test Accepted	B-school	Test Accepted
IIM Hyderabad	GMAT/GRE	IIM Shillong	CAT
IIM Ahmedabad	CAT	IIT Delhi	CAT
IIM Bangalore	CAT	SCMHRD Pune	SNAP
IIM Calcutta	CAT	SRM Institute	SNAP

### **Student Development Program: - Continuum: Strengthening the learning curve**

Academic Enrichment Committee of Department of Electronics and Computer Science has organized a two-day workshop "Continuum: Strengthening the learning curve" for students' holistic development on the 8<sup>th</sup> and 15<sup>th</sup> October 2022 in online mode on MS-Teams Platform.

In collaboration with-

### **Objective of the program: -**

In a higher education Institute, the organization of skill-based programs as well as holistic development programs play a vital role as students at the Institute should not just perform well at the academic levels but also face life challenges bravely. In autonomous curriculum also 20% weightage is allotted for skill-based education. So, organization of such kind of programs promotes social-awareness and a sense of responsibility with self-confidence among the students. Also, it helps the students to develop strong critical thinking abilities and makes them exceptional at problem-solving.

Session Details are given below-

**Date: 08/10/2022**

**Day 1- 10.30am to 1.00pm and 1.30pm to 4.00pm**

**Speaker-**

**Mr. Anantha Narayanan Iyer**

**Head of Academics**

**Theia New Consultants, Navi Mumbai**

**Topic: Introduction to Lean Six Sigma**

**Objective: -** Lean Six Sigma is a method which provides prized analytic and process skills. These skills are relevant to leadership positions. Major benefits of Lean Six Sigma strategy include customer satisfaction and cost reduction. It leads to revenue growth and productivity improvements. Lean Six Sigma that allows enterprises to use data to eliminate defects in processes has become one of the most powerful frameworks to deliver better products and services and be efficient at the same time. This is a globally recognized process improvement methodology.

**Day 1 Session 1: - 10.30am to 1.00pm**

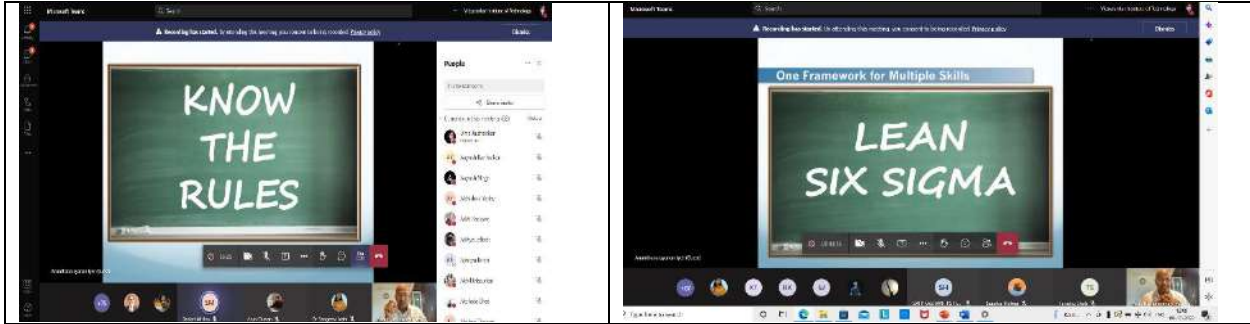

**Elements of Lean Six Sigma**

**Key points-**

What makes a company successful?

- Profits

- Sustainable initiatives
- Customer satisfaction
- Environmentally friendly

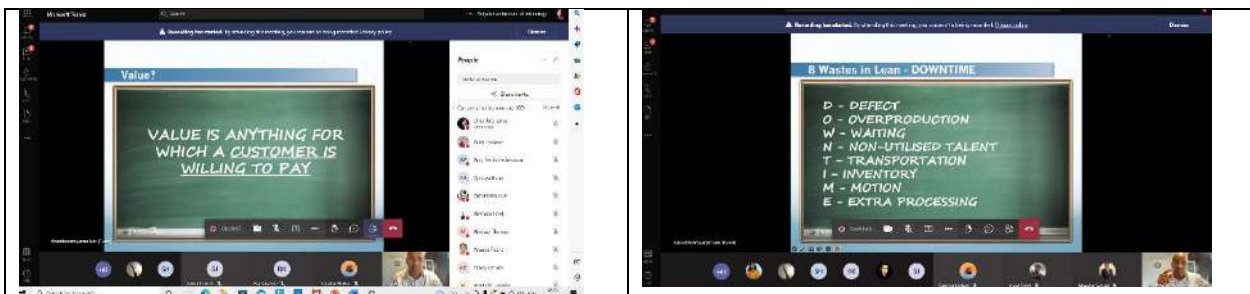

What causes losses or impacts profits?

- Inefficient process
- Defects and Reworks
- Production Loss
- No sales
- Inefficient Employees
- Natural Disasters

Customer Satisfaction is not achieved due to following causes-

- Poor Quality
- Not fit for purpose
- Unreliable
- Wrong items /Quantity
- Poor Customer service

**Introduction:** -Lean meaning not having anything extra. Adapted by Toyota Japan to improve profit after world war. Lean means removing Unwanted redundancies. Sigma signifies a deviation. If Six sigma process is used the percentage of defects and deviations is 3.4% in a million Motorola started using this. If lean and Six Sigma are combined, it gives the best results implemented and proven by GE.

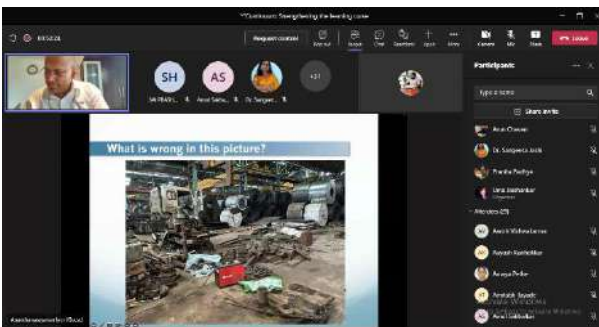

Lean segment helps in identifying and eliminating wastes in an organization. 8 wastes in lean we should eliminate to improve our life and organization. These are the wastes of Lean. Eliminate this waste from our life to make life more successful

**Day 1 Session 2: - 1.30pm to 4.00pm**

**Lean Six Sigma: Understanding the 7 wastes and the 5S**

**Key points-**

- Summary of morning Session by participants
- How concept of Lean & Six Sigma become one as "Lean Six Sigma"

- Making workplace becomes more efficient due to **5 + 1S** in Lean Six Sigma
  - SORT
  - SET IN ORDER
  - SHINE
  - STANDARDISE
  - SUSTAIN

➤ **Advantages of 5S**

How to define problem?

Lean Six Sigma Project Management Tools

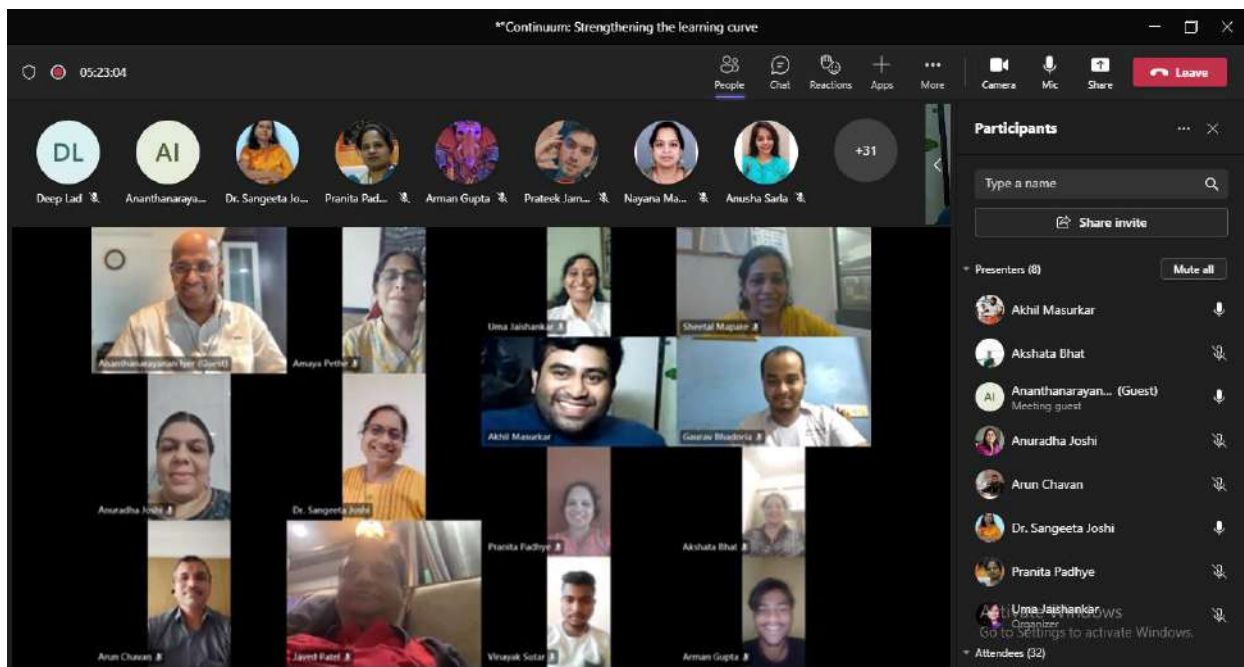

**Example of Implementing Lean Six Sigma**

Industry	Engagement	Duration	Major Problems solved	Annual Financial Benefits
Engineering	Lead time reduction, Quality improvement & inventory control	1 year	Reduction in MR lead time by 50%, control of inventory, improved quality	More than Rs.1 Cr with improved quality and morale of people!
FMCG	Operation Streamlining through VSM	1.6 years	Inventory control, Lead time reduction and Throughput improvement	More than 50% control on Inventory management & 4% yield improvement
Lubrication manufacturing	Operation Streamlining through VSM	2.6 years	Throughput improvement and Lead time reduction through Kaizen	Around <b>Rs 30 Lacs</b>
Lubrication manufacturing	SS	6 months	Established OWM (Daily work management), Initiated TPM through Autonomous &	Improved productivity by 20%, Reduced <b>Break Down time by 45%</b> , Optimization of

**Demand for Lean Six Sigma in Industry**

**Final Photo of Day 1**

**Date: 15/10/2022**

**Day 2 Time: 10.30am to 1.00pm and 1.30pm to 4.00pm**

**Speaker-**

**Dr. Mangal Dhend**

**Founder of Vihangam Techno Holistic Organization,  
Pune**

**Topic: Developing Holistic Personality**

**Objective:** -Holistic development essentially means the development of intellectual, mental, physical, emotional, and social abilities amongst students so that students can face the demands and challenges of everyday life. These abilities are vitally important for success in professional fields of work.

**Day 2 Session 1: - 9.30am to 11.30am**

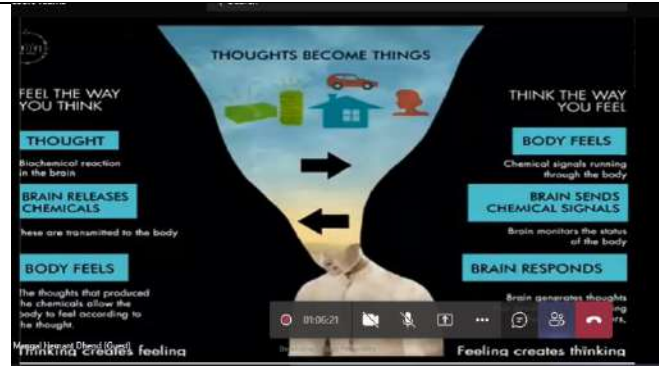

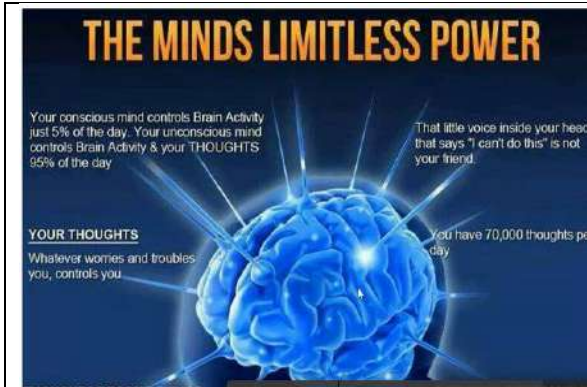

**Planning for Multidimensional Success**

**Key points-**

- Introduction to Personality
- Types of Personalities
- Power of Personality Attributes
- Assessing your own personality
- Transforming Techniques
- Demonstrations of Techniques

**Personality and quantum physics relations-** Quantum means tiniest tiny waves and energy information. Seeing the world in terms of frequency and energy. Cause is outside but effect is inside. Developing the personality by understanding and changing. The whole of science is nothing more than refinement of everyday thinking.

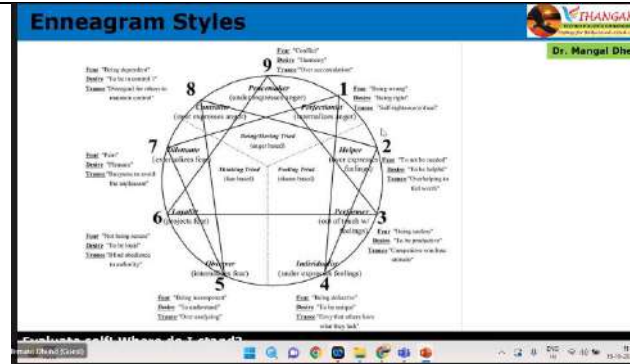

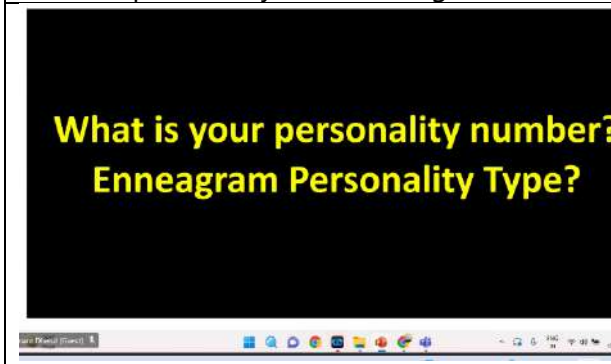

Day 2 Session 2: - 11.30am to 1.30pm

**Manifesting Success**

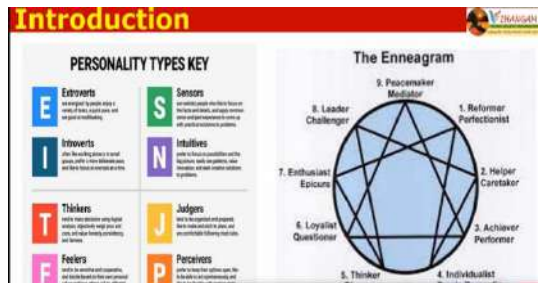

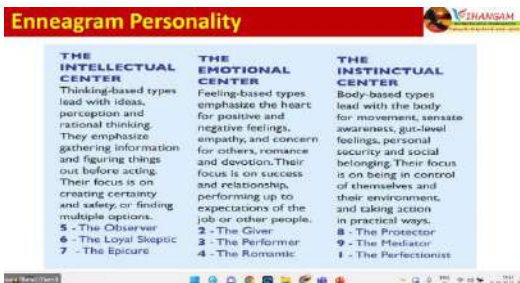

**Key points-**

Find the personality from Enneagram Model

**Why Enneagram Model?**

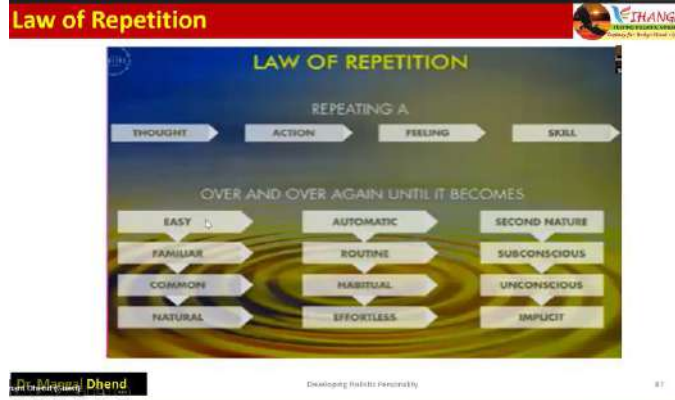

- It can help us to examine how we relate to ourselves, others and the world.
- It can be used to understand the behavior of an individual
- Understanding the behavior is important to unlock our gifts
- It is essential to make sure that we are able to fine-tune ourself when dealing with others

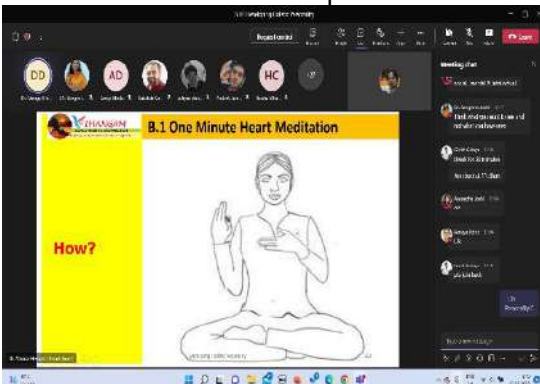

From the personality type find your fear and work to overcome the fear.

**Developing Personality Techniques**

- 1) Manifestation
- 2) Visualization
- 3) Meditation

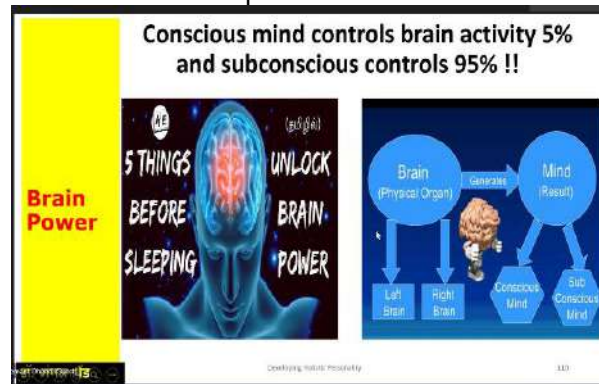

**Heart Meditation Technique**

**Importance of brain frequency**

- Alpha Frequency
- Beta Frequency
- Theta Frequency
- Delta Frequency

**Visualization Technique**

EKG Brainwave Sample	Brainwave Frequency	State of Consciousness
	<b>BETA</b> 14 - 40 cps	Fully Awake and Alert Generally associated with left-brain thinking activity - conscious mind. Your brain usually operates at Beta wave state Heightened concentration, and acute visual.
	<b>ALPHA</b> 8 - 14 cps	Relaxed, Daydreaming Generally associated with right-brain thinking activity - subconscious mind - a key state for "relaxation" Your body and mind relaxes. Your mind is reaching the gateway to creativity. Increased serotonin production.
	<b>THETA</b> 4 - 8 cps	Deeply Relaxed, Dreaming Generally associated with right-brain thinking activity - deeper subconscious to super-conscious access to insights, bursts of creative ideas - a key state for "reality creation" through vivid imagery. Once you enter the Theta state "Your creativity and intuition" shoots through the roof. You're approaching the gateway to enhanced learning and memory.
	<b>DELTA</b> 0.5 - 4 cps	The last state is Delta - Dreamless Generally associated with no thinking - unconscious / super-conscious Access to non-physical states of existence - a key state for "regeneration" and "rejuvenation" You have magnetic memory and speed learning capability. Remember and understand dreams vividly. You see anything beyond time and space limitation The power of speed healing and regeneration rushes into your body.

### Coherence and Incoherence Effect

### Benefits: -

- Emotional Ability increases
- Creativity increases
- Cellular memory changes

### Student Development Program Outcomes: -

- ✓ Enhanced Mental and Emotional Well-Being
- ✓ Increased Problem-Solving Ability
- ✓ Improved productivity
- ✓ Connecting With the Natural Environment
- ✓ Building Better Relationships
- ✓ Learn Lean Six Sigma importance in the industry
