

5.1.4 Number of students benefitted by guidance for competitive examinations and career counselling offered by the Institution during the year

Name of the Activity conducted by the HEI to offer guidance for competitive examinations offered by the institution during the last five years		
Name of the Activity	Number of students attended / participated	
Preparing for GATE exam in a COVID-19 World	209	
Preparation for GRE/TOFEL	159	
How to prepare for GRE 61		
C- Programming Test	5	
Java Programming Test 7		
Python Programming Test 497		
DBMS Test 15		
Aptitude Test 1008		
Total number of students 1961		

Name of the Activity conducted by the HEI to offer guidance for career counselling offered by the institution during the last five years		
Details of career counselling	Number of students attended / participated	
Ecosystems in TOP US Universities for MS	159	
Navigating the MS journey in USA	89	
Target IIM – Aspiring to be the Best	126	
Target Tier 1 B-Schools: MBA Beyond IIMs	59	
Insights on Pursuing MS from Glamorous Universities	614	
Guidance on pursuing MS / Machine Learning Course at University of Texas , Dallas	55	
First Generation Entrepreneur	79	
Total number of students	1181	

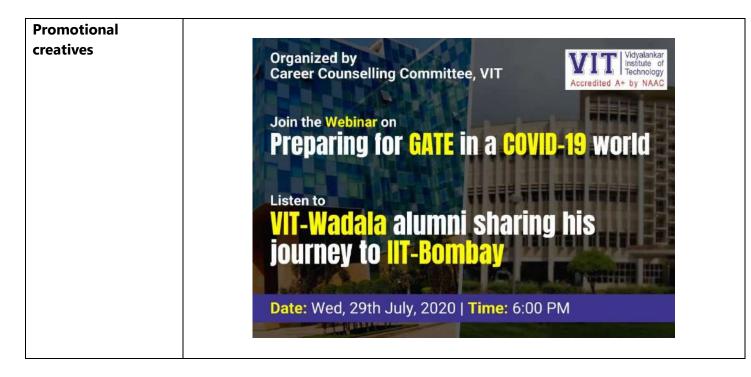

Number of students placed through campus placement	
Master of Management Studies	56
Engineering	533
Total number of students 589	

#### **Total beneficiaries**

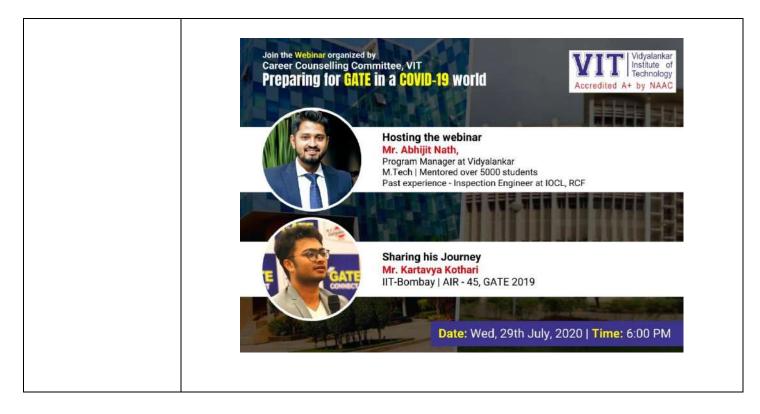

Through Career Counselling	1961
Through Guidance for Competitive Exams	1181
Students Placed	589
Total	3731

Activity Title	Webinar on "Preparing for GATE exam in a COVID-19 World"
Activity Coordinated by:	Career Counseling Committee
Activity Details:	For SE, TE, AND BE (All branches) Date: 29 <sup>th</sup> Feb. 2020 Time: 6:00 pm Platform: Zoom and Face book Live (VIT face book page)
Objective:	The activity was conducted to make students aware tips and tricks to crack the GATE, and to get the benefits of Preparing for GATE exam in a COVID-19 World.
Activity Description	<ul> <li>Contents of the session were:</li> <li>How the engineers are making difference in COVID-19</li> <li>Current scenario of placements</li> <li>Opportunities Through GATE (PSU jobs, Corporate jobs and Higher Education)</li> <li>Information about GATE (GATE Paper Pattern, Paper structure, Syllabus)</li> <li>Sharing of Personal Experiences by VIT alumni Kartvya Kothari</li> </ul>
Speaker/s	Mr. Abhijit Nath, Program Director at Vidyalankar, GATE Division Mr. Kartvya Kothari, VIT alumnus, IIT Bombay, AIR 45
Takeaway	All attendees of session took the knowledge about how to do the prepare for these exams.
Attendance	Zoom meeting: 89 attendees Face book live: 120 watching Total registered: 216
Convener	Avinash Shrivas (CMPN)

Activity Title	Webinar on "Ecosystems in TOP US Universities for MS"
Activity Details:	For SE, TE and BE (ETRX, EXTC and BIOM branches)Date: 20th August 2020Time: 8:30 pmPlatform: MS TeamsEvent recording link: <a href="https://tinyurl.com/y6n6g73j">https://tinyurl.com/y6n6g73j</a>
Objective:	The activity was conducted to educate our students about the environment in Top US Universities and the kind of planning and efforts required to secure an admit into these universities.
Activity Description	<ul> <li>The event was hosted by Prof. Savio Moraes, CCC member ETRX Department.</li> <li>The event began with the welcome address by Dr. Anjali Deshpande, HOD Electronics Engineering.</li> <li>Mr Tushar Desai started the session and briefed the students on the extremely professional environment in Georgia Institute of Technology and the placement opportunities provided by the University and companies visiting for placements.</li> <li>Next speaker Mr. Indranuj Gangan spoke about various options available for Biomedical students wanting to pursue MS in US. He also briefed about importance of being proficient in coding irrespective of the branch.</li> <li>Towards the end of the webinar a robust Q and A session was held in which many queries of students were successfully resolved.</li> <li>The session was concluded by vote of thanks by Mr. Avinash Shrivas, convener CCC.</li> </ul>
Speaker/s	<ul> <li>The Guest Speakers for the webinar were two illustrious alumni of VIT.</li> <li>1. Mr Tushar Desai completed his Electronics Engineering degree from VIT in 2013 and thereafter completed his MS from Georgia Institute of Technology. He is currently a Digital Design Engineer at Apple.</li> <li>2. Mr. Indranuj Gangan completed his Biomedical Engineering Degree from VIT in 2019 and is currently pursuing his Second Year MS from Johns Hopkins University. He is a Research Assistant at Johns Hopkins Medicine</li> </ul>
Takeaway	<ul> <li>Attendees could get insights of:</li> <li>How top Universities in the US works</li> <li>Different fields of study which are suitable to pursue MS in both Electronica and Biomedical Engineering.</li> <li>Profile building for stream selection in MS</li> <li>Best practices to be followed while applying for job.</li> </ul>
Attendance	MS Teams Meeting: 165 attendees No. of students: 159 No. of faculties: 06

## "First Generation Entrepreneur"

By Shri Vijay Bibikar - Founder of Labindia Online lecture held on 6<sup>th</sup> November 2020, 5.30 p. m

"Labindia Instruments-Where commitment is a culture "having three divisions Nano Bio Process, Bioscience, Petroleum and is proud to represent a number of world-class principals in India catering to above three fields. Every company we represent is known for being a technology leader in the markets they serve. Labindia Instruments provides all the sales, marketing and service expertise for our principals. Shri Vijay Bibikar one of the founder directors of the company in his lecture gave how his ambition to start something of his own has expanded to a big organization catering to diversified fields. Perseverance along with technical expertise is what propels his organization to greater heights

#### Introduction

#### About Shri Vijay Bibikar:

Shri Vijay Bibikar has done Msc. Physics with specialisation in Electronics from Ruia College, Mumbai. His ambition had always been to start his own business, gradually with hard work and persistence to learn and expand into new fields he has been able to successfully lead a business. His journey started from Eltech Corporation, Mumbai as a sales and service engineer for Analytical instruments manufactured by PerkinElmer USA. Hereon he gained immense knowledge and with the help of his partners form the same firm he built his own business in the year 1980.

#### The start

Lab India Instruments Private Limited was started and this the first step towards the diversified market. The company became the market leader. In the year 1999, Leica awarded them agency for their entire range of microscope. They also got other agencies like from reputed manufacturers of Raman Sectrometers, online Chromotograph, various laboratory instruments like centrifuges, Shakers, deep freeze.

#### **Sales and Service Business**

Shri. Bibikar feels that, to be successful in Servicing business one need to have basic analytical skills, technical knowledge, problem solving skills and most importantly common sense. He has taken an example of handling of optical components in instruments and importance of commonsense in handling optical instruments. For sales business, sound technical knowledge and providing complete solution with all consumables will help. According to Shri Bibikar building trust is very important in sales and service business. For building trust in Indian scenario it is better to provide maintenance contracts like AMC or Comprehensive maintenance. For timely service it is better to keep a set of spares in the nearest sales/service office will help in attending issues effectively. In Sir's view servicing may not be as profitable as sales but it can support more business and sales.

#### Finance

Starting something of his own was always a dream. To reduce the initial investment the company started as a service business. To make it Indian the name Labindia is also chosen. Later when more business started to come it got expanded to sales and later manufacturing. Expansion is intentionally done in diverse fields to accommodate market shrinks which can happen if it is only one product. But for starting something new technical knowledge of the field is essential along with money. Mr Bibikar feels their success is due to their deep knowledge in the field and their readiness to invest in training. He also feels that trust and follow up is very important in the type of business they are in. According to him the strategy is different for different types of products

Spark to do something on his own was inside him since student life. With support of parents started the business along with friends. He was always inspired by Tatas for considering employees as important as customers. According to Sir, one should acquire trust of employees as well as customers. Sometimes we have to build goodwill and trust without considering financial gain. One should always search for multiple ways and innovative solutions for success in business.

#### Histopathology Instrument

Sir gave an elaborate explanation about the new instrument histopathology instruments which is a new venture of Labindia Healthcare. It is an instrument for microscopic examination of tissue in order to study the manifestation of disease. - especially cancer. This manifestation is done by the surgeon to check whether the neighboring tissues are affected by the disease. Various parts of the setup and its organization is explained by Shri Bibikar

#### **Collaborations and Govt. Regulations**

Any instrument to be launched in the market require registration with Govt organizations. For healthcare instruments registration with Central Drug Controller Agency is required. Regular calibration is required to ensure accurate working of instrument. For international collaborations interested companies should visit international exhibitions and show interest in starting Agency/Dealership.

#### Conclusion

In Mr. Bibikar's words, from humble beginning Labindia has reached the heights of today through hard work, patience and perseverance. The mission of the company is Help Customer by providing complete solution for their need. They believe in "total Customer Satisfaction"

Compiled by --Prof. Jay Bhatt.

## Result of Aptitude Mock Test 2 held on May 22, 2021

Dear All,

May 29, 2021

As the world continues to fight COVID-19, we hope for the wellbeing and safety of you and your loved ones, Secondly, I thank all of you for your support in starting

the Aptitude Test activity for FE and my special thanks to Prof Sonaali Borkar Madame.

The idea of these tests for FE is to inculcate and keep the students conditioned right from FE so that we have good screening results which is also a waterloo currently.

This will help us to build a culture of placement readiness in near future and would culminate in to Campus buzz which I dream.

We will send you the analysis pf these tests which will help you to map the attendance and results as per branch and request all coordinators to check the details for their branches, respectively.

Overall Attendance seems to be good the performance needs to be monitored and the seriousness can only be created by our checks and balances, we also need to be consistent on the parameter of

Attendance and the Scores by our students.

Request to find ways and means to publish the students' names who have scored well in the Tests that will help us to build a competitive spirit and the eagerness for others to catch up.
