MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (MOU) is made on this day, the **15th of May**, year **2018**, between:

The Department of Computer Engineering, Vidyalankar Institute of Technology, having its office located at Vidyalankar Educational Campus, Vidyalankar College Road, Wadala (E), Mumbai, Maharashtra 400037 (hereinafter referred to as "VIT CMPN" which expression shall include its representatives, successors and assignees) of one part

AND

Eduvance, the educational arm of Vanmat Technologies Pvt. Ltd. Being an IBM Edtech Partner having its registered office located at 202 Mary Anne Heights, Santacruz (East), Mumbai 400055, (hereinafter referred to as "IBMEDP" which expression shall include its representatives, successors and assignees) of other part.

VITCE and IBMEDP are jointly referred to as 'Parties' in this MOU.

In consideration of the mutual obligations herein contained, the parties agree as follows:

OBJECTIVE AND SCOPE OF WORK

IBMEDP RESPONSIBILITIES

1. **Facilitate the donation** of educational material and cloud promo codes (as and when available) for the **Cognitive IoT and Data Analytics lab** to **VITCE** from companies that IBMEDP has a tie-up with namely-
 - a. IBM
2. Provide knowledge sharing on latest technologies and projects with students and faculty of VIT IT depending on available resources in the form of:
 - a. Internships
 - b. Value added programs
 - c. Faculty exchange
 - d. Consultancy Projects
3. Provide access to students and faculty of VITCE to training material that has been created in partnership with companies that IBMEDP has a tie-up.

VITCE RESPONSIBILITIES

1. Assign one faculty member as a point of contact to act as a liaison with IBMEDP for coordination of IBMEDP's responsibilities.
2. VIT CMPN would put up a name board/placard (design provided by IBMEDP) named as "**Cognitive IoT and Data Analytics lab**" carrying the logos of IBM Edtech Partner that has facilitated the donation. VITCE would put up the placard and posters within one week of receiving the donation and inform IBMEDP.
3. VIT CMPN will make the best efforts to assign to the students, the value added programs given by IBMEDP.
4. VIT CMPN will make it compulsory for at least 60 students of the department to complete the free basic online programs from IBM Edtech Partner. This is to comply with IBM's prerequisites.
5. VIT CMPN will ensure that at least 4 projects are based on the IBM Cloud platform every year. This is to comply with IBM's prerequisites.
1. VIT CMPN will send IBMEDP one report per semester on the lab activities that have been performed based on the lab. This is to comply with IBM's prerequisites.
2. VIT CMPN would acknowledge IBM/IBMEDP in any of the research publications/projects that would arise from the establishment of this lab.

ADDITIONAL POINTS

- VIT CMPN **cannot** use the name/logo of IBM on their **website or on any event publicity without the prior permission of IBM**

VALIDITY

4. This MOU is valid for one years from the date of signing of this MOU. Thereafter the MOU may be renewed for such term and on conditions as may be agreed between the Parties.

NO ASSIGNMENT

5. Neither party without the written consent of the other may assign either the benefit or the burden of this MOU to anybody.

TERMINATION

	<p>The 5 day Value added course on Network Associate was based on networking, switching, routing and security concepts of the communication domain. It taught the students networking from an industrial perspective. This Value added course was coordinated by Prof. Beena R Ballal</p> <p>The trainer for the session was the director of Telenetworks Technologies, Mr. Yogesh Hudale. Theory classes backed by 13 practical sessions on CISCO Packet Tracer software enabled the students to delve into the subject in much depth. Students were taught how to create VLANs, how to configure a router using RIP, OSPF and EIGRP. Technique implemented by companies for blocking certain sites to increase the productivity of the employers was also demonstrated. The workshop started with basic concepts like IP communication, types of addresses, LAN and ended with topics such as security, NAT, PAT-the techniques used for slowing down the depletion of available IP addresses.</p> <p>The students witnessed a positive change in their networking knowledge. Insights on how to pursue a career as a networking or security engineer was also given. Since the workshop was at par with the industrial standards the students and faculties were genuinely interested and showed active participation in the workshop. Attending the workshop familiarized the students to the networking domain as a career. The workshop was concluded by a test based on the 5 day teaching.</p>
