Dear Dr. Sangeeta Milind Joshi:

It is a great pleasure to congratulate you on your elevation to the grade of IEEE Senior Member. Only 10% of IEEE's approximately 423,566 members hold this grade, which requires extensive experience, and reflects professional maturity and documented achievements of significance.

As a token of appreciation, IEEE is pleased to offer you the enclosed voucher, good for a new one-year membership in an IEEE Society. Along with that, you have four discount referral certificates you can pass along to invite other prospective members and notify them of your achievement. You will also receive a Senior Member Plaque in about eight weeks.

If you wish, I would be delighted to write to your employer, notifying him or her of your elevation to this high grade of membership. To have this letter prepared and sent, please complete the online form at: <http://www.ieee.org/smnotify>.

Congratulations on this significant milestone, and thank you for your contributions to the profession, and to IEEE.

Sincerely,

Karen Bartleson  
IEEE President and CEO

Subject: Invitation to join the National Advisory board for icasetm-17, Drkcollege, Hyderabad

Dear Sir/Mam,

Hope this reaches you at best of your health and spirit!!!

**DRK Institute of Science and Technology** in association with Institute for **Engineering Research and Publication (IFERP)** are conducting **International Conference on Applied Sciences, Engineering Technology and Management 2017(ICASETM)** during 2<sup>nd</sup> and 3<sup>rd</sup> of November 2017 at Hyderabad, *Telangana*.

Being a person of high profile in the academic field and considering your efficiency, we would like to grab this opportunity to invite you to join this esteemed international conference as Organizing Committee Member. Your guidance would help us in smooth and successful conduction of the conference.

This conference aims at bringing together professors, researchers, scientists, academicians and other professionals and policy makers in the world of academic fraternities and sororities. This conference acts as platform for all the stakeholders of engineering and management to improvise their skills and it provides you a unique convergence of networking and learning. This conference will force you to challenge yourself with new ideas and approaches in the areas of your own interest.

If in any case we are fortunate to have you as part of the conference as Organizing Board, kindly send your bio data along with your passport photograph to upload your profile on our official website.

Awaiting your affirmation at your earliest convenience.

Thanks and Regards,

Team ICASETM-17,

IFERP/DRK College,

HYDERABAD.

**Subject:** Reviewer Invitation for MECHANICAL PROPERTIES OF POLYMER HYBRID COMPOSITE: LUFFA AND GLASS FIBERS

Dear Nagare,

Manuscript Engineering-17-200 entitled "MECHANICAL PROPERTIES OF POLYMER HYBRID COMPOSITE: LUFFA AND GLASS FIBERS" has been submitted to Research & Reviews: Journal of Material Sciences.

I would be grateful if you would review this manuscript. Please find the abstract of the article below:  
 The aim of the study is the mechanical behavior of hybrid composites based on polyester matrix reinforced by a mixture of Luffa and Glass fibers layers. The whole volume fraction of fibers was limited to 20 vol.% in which luffa fraction varies from 5 to 20 vol.%. Composites plates were prepared using the resin transfer molding method. The morphology was studied by scanning electron microscopy, and the mechanical properties of the composites were characterized using tensile, flexural and hardness tests. Obtained results have shown that the mechanical properties of the hybrid composites were superior to those of polyester/luffa composite. The mechanical properties depend on the fraction and the organization of reinforcement sheets. The analytical modeling of tensile properties showed that the mechanical behavior of these hybrid composites is better described by the model of Hirsch. In addition, the water absorption behavior of hybrid composites was investigated during 200 hours.

Respected Sir,

Please find attached a copy of the syllabus of all the subjects included under the Signal processing Group. It is expected to check the following points for the subjects included in your group:

1. Continuity of all subjects from lower to higher semesters.
2. Check if the appropriate required pre-requisites are getting covered for all the subjects.
3. Check if any of the course content are getting repeated from lower to higher semester subjects.

You are requested to communicate with the respective subject conveners, the list for the same are as mentioned below

Sr. No.	Subject Name	Incharge	Contact No.	Mail ID
1.	Discrete Time Signal Processing (ECC 504)	Dr. M.D. Patil	9987527625	mukesh.rait@gmail.com

Dear Sir,

**(Sub : Invitation to provide academic advisory support / consultancy Service in association with WeSchool for BMEF, Surat )**

Currently, Engineering Institutions, business schools and entire higher education sector are faced with complex challenges be students' needs, competition, technological disruptions, limited resources and paucity of talent. Thus, there is an increasing need for institutions to balance their commitment towards excellence as well as address challenges in a more meaningful way.

One such Academic Institutions group, Bhagwan Mahavir Education Foundation (BMEF) , Surat has approached us to provide our Academic Advisory support/ consultancy service to analyze their institution operations and provide strategic and operational inputs for quality enhancement for the present and the future.

The BMEF group has 14 institutions including five institutes in Engineering vertical.

With this backdrop, we request you to kindly allocate Dr. Sangeeta Joshi , who is one of your esteemed faculty, in our team of experts to provide Academic Advisory Services to BMEF . We are certain that, her vast experience in Engineering Education field will be of great help to provide direction to the group in their journey towards excellence.

During this project, she may be required to visit for a day / two in a month to the BMEF, Surat campus and

- 1) Help in identifying options for the organization and suggest recommendations for the change, as well as advising on additional resources to implement solutions.
- 2) Help as a catalyst for deeper changes in academics as well as administration areas.
