Vidyalankar Institute of Technology
takes great pleasure in inviting you to

The Elite (Alumni) Summer Meet (2014)

Date: Saturday, April 05, 2014
Time: 6 pm onwards

Welcome! Take a trip down memory lane and reinforce the bonds with your classmates and your alma mater.

Principal

Report

Event	"VIT's Elite Winter Alumni Meet December 2014"
Activity	Day: Saturday Date: 13 th December, 2014 Time: 6.00pm – 10.00 pm
Venue	
Objective	To celebrate the success of VIT's alumni and to help reinforce bonds with their alma mater, through engagement and involvement with the institute's progress.
Organizing Committee	<p>The event was organized by Vidyalankar Institute of Technology's Alumni Committee. Faculty members from across various Departments of the Institute, along with administrative and technical support staff also contributed towards the success of the event.</p> <p>Alumni Committee Convener Prof. D.N. Krishna (Alumni Committee Convener and Placement Officer)</p> <p>Coordinators Prof. Vijal Jain (Dept. of Information Technology) Prof. Divya Surve (Dept. of Computer Engineering) Prof. Amit Dhanwani (Dept. of Computer Engineering) Prof. Ameya Pethe (Dept. of Electronics Engineering) Prof. Mayurkumar Nanda (Dept. of Electronics and Telecommunication Engineering) Prof. Priti Mistry (Dept. of Biomedical Engineering) Prof. Smita Mukherjee (Dept. of Management Studies)</p>
Participants	30 alumni from the batches of 2003-2010 attended the session.
Flow of the event	<ul style="list-style-type: none"> ➤ At the registration desk alumni were given booklet, bookmark, feedback form with souvenirs. ➤ The session started at 6.00 pm with the rendition of Saraswati Vandana. There was a welcome address by the Principal wherein

	<p>he spoke as to how an institute is incomplete without active participation and the support of its alumni.</p> <ul style="list-style-type: none"> ➤ This was followed by a session wherein alumni shared their experiences. They explained as to how college has nurtured them in their growing years, and how each faculty motivated them to reach where they are today. ➤ Interactive games were organized for the students hosted by Prof. Rohit Barve. Games like forming letter, number and symbols, Dumb Charades, Show your talent, Rapid fire and couple game were organized so as to make the session a memorable one. All the winners were given gifts. ➤ A photograph session, by Prof. Deepali Shrikhande captured moments of this amazing event with lots of memories to be cherished and marked the end of this year's Alumni Meet. ➤ There was a relishing dinner at M-Block Lobby for which Prof. Sachin Bojewar and Prof. Ajitkumar Khachane were the in-charges.
Feedback	Feedback regarding the Alumni Meet was collected at the end. All the attendees gave positive feedback.
Conclusion	The event was a fun-filled memorable event where alumni could interact well with one another and shared unforgettable memories of college life. There was a good sharing of their knowledge which could be used for the benefit of students currently studying in the college.

Snapshots of the Meet

Introduction

To take a walk down the corridors of nostalgia, Elite Winter Alumni Meet, 2017, was hosted by Vidyalankar Institute of Technology on 16th December 2017 from 4.00 p.m. onwards for academic batch 2003 to 2014 for BE and MMS. The occasion was well received and attended by 100 alumni and their family members, faculty and staff.

A much awaited event for alumni, it was a time to take a pause and look back in life's precious moments spent at the institute which laid the foundation of success later. It was time to visit alma mater, to interact with batch-mates faculty members, staff and to relish and refresh those memories.

Elite Winter Alumni Meet 2017

The Vidyalankar Campus was bustling with pride seeing its distinguished alumni attending the event who have made a mark in the career and society. A day like this is very important for us as it also enables the alumni to notice the changes & developments happened in the college campus then and now. A pleasant and cheerful ambience was set with array of chairs, decorations, batch wise photo gallery and a quirky photo booth to recreate the college fun.

Glimpses of the photo booth

The event started with the registration of alumni and taking live bites and tweets from them on their feelings of homecoming, the changes they were witnessing and their thrill to meet people with whom they had spent best years of their life. The event started with a warm welcome by Prof. Uma Jaishankar with an expression of happiness and gratitude.

Alumni Association Felicitation

Prof. D. Krishna addressed the alumni on institute alumni relations and role of alumni association in taking the institute ahead. He humbly requested alumni association to play instrumental role in institute's growth by encouraging fellow alumni and batch mates to support us through various developmental initiatives such as assistance in increasing industry institute interaction for students through guest lectures, workshops value added courses, making VIT a top brand in educational field through networking, providing internships and final placements. With this serious note on committing of time and intent from alumni, we felicitated the association members.

Photo of Alumni Association Felicitation

Felicitation of VIT's Rising Star Alumni

VIT's Rising Star Alumni Award recognizes young alumni with minimum 5 years of work experience who are already making significant contributions to greater society through professional or philanthropic work. We felicitated distinguish alumni who have made a mark in their respective fields. This is done based on the recommendations received from fellow alumni and senior faculty members of the institute. The rising star alumni was felicitated by faculty of each department. Vishal Chaudhari, George Abraham, Lieutenant Sandeep Yadav, Ram Iyer, Sahil Potnis and Anil Daud were felicitated from IT, CMPN, Electronics, EXTC, Bio-medical and MMS department respectively.

Fun Event

No event is fun without Bollywood and it is said that with the right music you can forget anything, or remember everything and hence Antakshari was planned for the alumni to revive the games played in classrooms.

Team of Organizers

The core committee that looked into the smooth conduct of the even comprised the Alumni Cell Convener Prof. Sonaali Borkar and the team comprising of Prof. Divya Nimbalkar, Prof. Girish Wadhwa, Prof. Sayali Todkari, Prof. Amrita Mardikar, Prof. Chaitali Nachne and Prof. Smita Mukherjee, TPO Prof. D.N. Krishna, First Year Engineering, Prof. Praveen Gharge, Prof. Rohit Barve, and Prof. Deepali Shrikhande extended support in organizing the event. Prof. Rugved compèred the event. Arrangements were made for the team 'Everything Goes' to capture live moments with alumni and upload on all social platforms of VIT instantly. The facility management, event management, systems and administrative staff also provided valuable support throughout the event.

Conclusion

Arrangements for sumptuous refreshments were made for all the attendees. For the alumni, faculty and staff.

Vidyalankar Institute of Technology was incepted in 1999 with three branches of Engineering with 180 students; we have now grown into six Departments and around 7000 students have graduated. Three programmes of the Institute are accredited by the National Board of Accreditation.

Some of the major achievements and key initiatives undertaken at VIT are:

- **Academic –**

- Digitally enabled learning environment
- Lecture Capture facility
- Tantravihar – Intercollegiate B.E. project competition
- Virtual Labs – Remote Centre for IITB
- International Conference – RACEM
- Subject Guest Lectures
- Cluster Mentor and Department Advisory Board Meetings
- Formation of Board of Advisors for MMS with eminent industry professionals
- Curriculum mapping of Management Program with Top B-Schools and deciding on Value Added Courses

- **Beyond Academic -**

- TEDx VIT on the theme of “Out of the Box” was initiated in 2018
- Celebrity quotient of VERVE is increasing every year
- I-Pad distribution
- Preplacement trainings- AMCAT aptitude training
- Foreign Educational Tours to Germany, Singapore and Malaysia
- Talks by eminent personalities (* ‘Padma Awardees’)
- Dale Carnegie Training for professional grooming

Alumni are integral stakeholders and engaging them is pivotal to the growth of the Institute. Some of the initiatives with alumni involvement are:

- Extensive Alumni Directory preparation and distribution to graduates
- Alumni App – launched in December 2016. Currently 4980 alumni have registered.
- Formation of Alumni Association in 2017
- Alumni are invited as:
 - Experts on Department Advisory Boards
 - Chief Guests for events like Degree Distribution Ceremony, International Conference RACEM
 - Judges for various technical competitions
 - MMS project viva panellists
 - Guest lectures (2 per department)
 - Conducting Workshops
- Alumni Success stories are published on website and social media
- 13 Alumni Meets are organised so far (felicitation of star alumni initiated)

This pre-read is intended to spark an interactive discussion during the Alumni Association Meeting scheduled on 23rd June 2018. Active collaboration of our alumni with their alma mater is pivotal to the growth of the Institute.

Sonaali Borkar

Convener, Alumni Committee

Vision of Institute

To be a globally recognized engineering institute where learners are nurtured in a scholarly environment to evolve into competent professionals and researchers to benefit society.

Mission of Institute

1. Evolve a curriculum which emphasizes on strong engineering fundamentals with the flexibility to choose advanced courses of interest and gain exposure to tools and techniques in contemporary subjects.
2. Encourage a teaching-learning process in which highly competent faculty share a symbiotic association with the institutes of repute.
3. Facilitate creation and dissemination of knowledge through a digitally-enabled learning environment.
4. Develop academic and infrastructural facilities with modern equipment and other learning resources and encourage reciprocal sharing with other institutes through networking.
5. Establish a centre of excellence to enhance academia- industry partnership and work on collaborative projects.

Goal

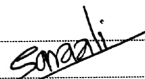

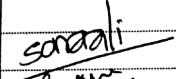

The goodwill and glory earned by an Institute depend to a great extent on the achievements and reputation of its alumni. In recognition of this fact, VIT's Alumni Association aims to foster interactions and reinforce the bonds between alumni and the Institute through activities, programs and services to nurture mutually beneficial relationships. It makes the Institute proud to know that its alumni are successful in their lives and careers by dint of their endeavors.

The Alumni Committee establishes contact with alumni who are committed to promoting the welfare of their alma mater, supporting its traditions and goals and enhancing the Institute's fame locally and globally. It shall coordinate meets to perpetuate friendships formed in collegiate years and organize programs that instill a sense of belonging and pride in the alumni.

Scope

- Maintain and regularly update database of all the graduating students (at least once a year)
- Print annual Directory and mail to all students (like JBIMS). (at least once a year)
- Maintain e-mail/SMS contact to greet alumni on birthdays, intimate about meets, college events, conferences, department newsletters etc.
- Identify special achievements by alumni and arrange for felicitation
- Tracking of position and designation of alumni students
- Enhance alumni involvement in college activities by receiving inputs for guest sessions within and beyond syllabus
- Communicate that the college infrastructural facilities (Library/ Sports/Conference Halls/ Canteen etc.) are available to alumni
- Organize frequent Seminars to promote alumni involvement in Placement, Career Counseling, Teaching Pedagogy, Guest Lectures, Projects, Endowments etc. The details of alumni to be forwarded to departments or specific committees.
- Explore and implement the efforts put in by other national/international institutes to develop alumni associations
- Collect feedback from alumni, consolidate the inputs and provide it to concerned departments for future planning.

Meeting Schedule Time :		04.30 PM		Starting Time :		04.30 PM	
Meeting of		Alumni Committee		Meeting No.		11	
				Held on		28 th March , 2018	

Attended by : Prof. Sonaali Borkar, Prof. Divya Surve, Prof. Sayali Todkari , Prof. Amrita Mardikar, Prof. Supriya Mangalpalli , Prof. Icchanshu Jaiswal , Prof. Smita Mukherjee

Status of last meeting activities -			
Meeting No. : 10			
Total No. of. Items : 03			
Item no	Particulars	Responsibility	Status of completion
1	Department Presentation making of Alumni committee for D2 meeting Presentation of department was made by all coordinators and approved	All Alumni Coordinators	Completed
2	Degree Distribution ceremony registration Alumni coordinators completed the registration of students for the ceremony of DDC	All Alumni Coordinators	Completed
3	Plan for making Alumni Directory A plan for making directory was finalized	All Alumni Coordinators	Continuous

Minutes of the Meeting

Item no.	Particulars	Responsibility	Target Date
1	Alumni Directory Update Alumni directory till the year 2017 was asked to be completed till 10 th April , 2018	All Alumni Coordinators	10 th April, 2018
2	Posting of events on Alumni App Events were are to be posted continuously on app inorder to popularize it	All Alumni Coordinators	Continuous
3	Higher Studies and Higher position data update Data for Higher studies and higher position was asked to be updated	All Alumni Coordinators	10 th April , 2018

4	<p>Status of activities conducted Status of all activities like guest lecture of individual departments were asked to be updated with proper reports .</p>	All Alumni Coordinators	10 th April , 2018
---	---	-------------------------	-------------------------------

The meeting ended with vote of thanks by Prof. Sonaali Borkar.

Vision of Institute

To be a globally recognized engineering institute where learners are nurtured in a scholarly environment to evolve into competent professionals and researchers to benefit society.

Mission of Institute

1. Evolve a curriculum which emphasizes on strong engineering fundamentals with the flexibility to choose advanced courses of interest and gain exposure to tools and techniques in contemporary subjects.
2. Encourage a teaching-learning process in which highly competent faculty share a symbiotic association with the institutes of repute.
3. Facilitate creation and dissemination of knowledge through a digitally-enabled learning environment.
4. Develop academic and infrastructural facilities with modern equipment and other learning resources and encourage reciprocal sharing with other institutes through networking.
5. Establish a centre of excellence to enhance academia- industry partnership and work on collaborative projects.

Goal

The goodwill and glory earned by an Institute depend to a great extent on the achievements and reputation of its alumni. In recognition of this fact, VIT's Alumni Association aims to foster interactions and reinforce the bonds between alumni and the Institute through activities, programs and services to nurture mutually beneficial relationships. It makes the Institute proud to know that its alumni are successful in their lives and careers by dint of their endeavors.

The Alumni Committee establishes contact with alumni who are committed to promoting the welfare of their alma mater, supporting its traditions and goals and enhancing the Institute's fame locally and globally. It shall coordinate meets to perpetuate friendships formed in collegiate years and organize programs that instill a sense of belonging and pride in the alumni.

Scope

- Maintain and regularly update database of all the graduating students (at least once a year)
- Print annual Directory and mail to all students (like JBIMS). (at least once a year)
- Maintain e-mail/SMS contact to greet alumni on birthdays, intimate about meets, college events, conferences, department newsletters etc.
- Identify special achievements by alumni and arrange for felicitation
- Tracking of position and designation of alumni students
- Enhance alumni involvement in college activities by receiving inputs for guest sessions within and beyond syllabus
- Communicate that the college infrastructural facilities (Library/ Sports/Conference Halls/ Canteen etc.) are available to alumni
- Organize frequent Seminars to promote alumni involvement in Placement, Career Counseling, Teaching Pedagogy, Guest Lectures, Projects, Endowments etc. The details of alumni to be forwarded to departments or specific committees.
- Explore and implement the efforts put in by other national/international institutes to develop alumni associations
- Collect feedback from alumni, consolidate the inputs and provide it to concerned departments for future planning.

Activity Name	Technical Session By Alumni							
Name of Speaker	Miss Utkarsha Shirke Assistant software Engineer TCS							
Topic	Technical Session							
Date and Time	06/04/2018 3:45PM – 5:45PM							
Venue	M401							
Faculty Coordinator	Prof. Sayli Todkari Prof. Amrita Mardikar Assistant Professor Electronics and Telecommunication Department							
Details of the activity	<p>The guest for the day was Miss Utkarsha shirke , alumni from Electronics Department from the batch of 2017. She started her speak with sharing her experience in college and work life.</p> <p>Recently she is working as assistant software engineer in TCS. She shared her work life experience and the difficulties and challenges she has faced initially.</p> <p>Students asked their different quires regarding corporat field and what are the exact requirements of software companies when they come for campus placement. Also the guest took a technical session round in which She has informed about different language and softwares which are useful for students for their placement.</p>							
Attendance Statistics	<table border="1"> <thead> <tr> <th>No. of Attendees</th> <th>Students</th> <th>Staff</th> </tr> </thead> <tbody> <tr> <td></td> <td>80</td> <td>2</td> </tr> </tbody> </table>		No. of Attendees	Students	Staff		80	2

Feedback Regarding the Activity from Convenor

A) Outcome Expected From the Activity

- a) A good opportunity for students to discuss about their queries related to placement activity and interview experience.
- b) They gained knowledge of different software which will be useful for them in companies.

B) Outcome Achieved Or Not From The Activity

- a) Most of the students attending the seminar were interested and motivated after attending the technical session and asked their questions.
- b) Students were also guided with respect to preparation strategies for different companies like software or core companies.

C) Quality Index --- Excellent

- 0 – Poor
- 1 – Average
- 2 – Good
- 3 – Very Good
- 4 -- Excellent

Activity Name	Alumni Guest Lecture
Name of Speaker	Mr. Aaditya Masurekar Sales Executive Carl Zeiss India Pvt Ltd
Topic	Bridging the Gap
Date and Time	24/03/2018 11.15 am -1.15 pm
Venue	M101
Faculty Coordinator	Prof . Chaitali Nachane Assistant Professor Biomedical Department
Details of the activity	<p>The lecture was addressed by Mr. Aaditya Masurekar, an alumnus of our institute. He is a biomedical engineer and Sales Executive. He is currently working as Carl Zeiss India Pvt Ltd. He started with explaining the basics of biomedical engineering and scope in various fields.</p> <p>Mr. Masurekar spoke about opportunities for biomedical engineers after graduation like research, service, marketing etc. He also introduced some basic laparoscopic instruments used by doctors these days. He spoke about biomedical instrument companies coming up, including Indian ones, which help since large foreign companies cannot reach remote corners of our country.</p> <p>The speaker not only conducted an engaging discussion but also explained what skills can be developed to bridge the gap between engineers, doctors and industry. The speaker also cultivated curiosity and enthusiasm in students, making them well acquainted with the topic.</p> <p>The students were encouraged to ask their doubts and make this lecture more interactive</p>

Feedback Regarding The Activity From Convenor

A) Outcome Expected From The Activity

- a) Students are aware of biomedical engineering
- b) Students are encouraged to acquire new skills
- c) Students get idea about what is currently required in industry

B) Outcome Achieved From The Activity

- a) Biomedical Engineering scope was discussed.
- b) New skills required in current industry were introduced.
- c) Students were inspired and encouraged to explore more areas related to this field

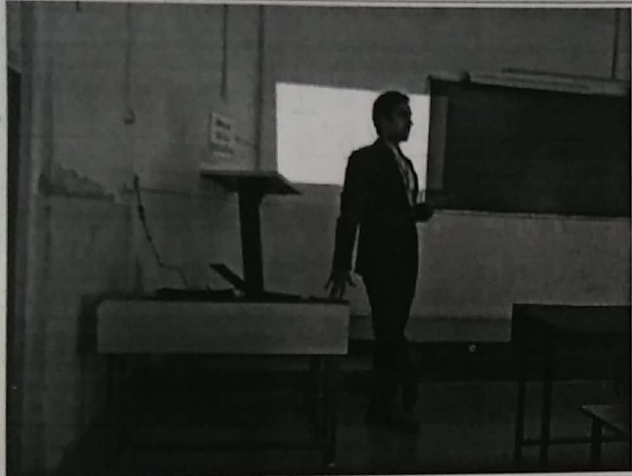

C) Quality Index --- Grade The Quality Of The Activity

4 -- Excellent

Activity Name	Alumni Guest Lecture								
Name of Speaker	Mr. Ashish Sharma Associate Director, Management consulting KPMG								
Topic	"Emerging Technologies"								
Date and Time	11/04/2018 03.45 am -5.15 pm								
Venue	F102								
Faculty Coordinator	Prof . Supriya Mangalpalli Assistant Professor Electronics Department								
Details of the activity	<p>The lecture was addressed by Mr. Ashish Sharma, an alumnus of our institute. He is an Associate Director in KPMG. He is currently working as Management consulting in KPMG. He started with explaining the newly introduced topic BITCOIN.</p> <p>Mr. Sharma spoke about advances in net banking and how bitcoin is different from current money transactions and how it is efficient enough and safe enough.</p> <p>The speaker not only conducted an engaging discussion but also explained what new emerging topics that are useful for coding this bitcoin and how can you mark a career in the same.</p> <p>The students were encouraged to ask their doubts and make this lecture more interactive</p>								
Attendance Statistics	<table border="1"> <thead> <tr> <th>No. of Attendees</th> <th>Students</th> <th>Staff</th> </tr> </thead> <tbody> <tr> <td></td> <td>54</td> <td>2</td> </tr> </tbody> </table>			No. of Attendees	Students	Staff		54	2
No. of Attendees	Students	Staff							
	54	2							

Takeaways

- The students got a heap of knowledge about the opportunities in management consulting and career growth in same.
- The students were also given idea about the skills required in current industry.

Activity Snapshots :

Feedback Regarding The Activity From Convenor

A) Outcome Expected From The Activity

- a) Students are aware of new domains for their career
- b) Students are encouraged to acquire new skills
- c) Students get idea about what is currently required in industry

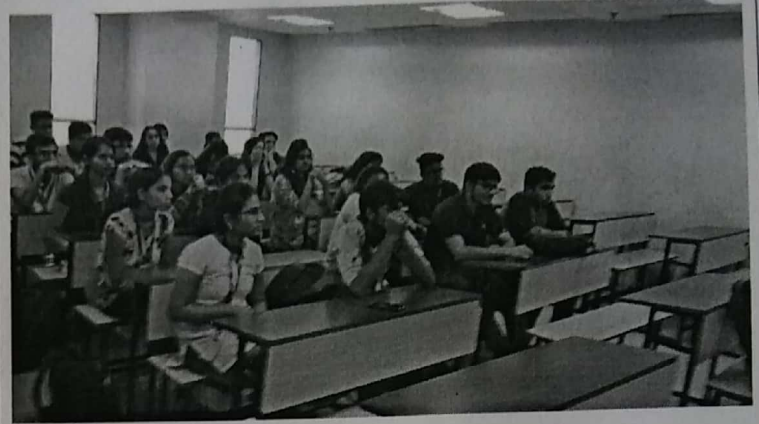

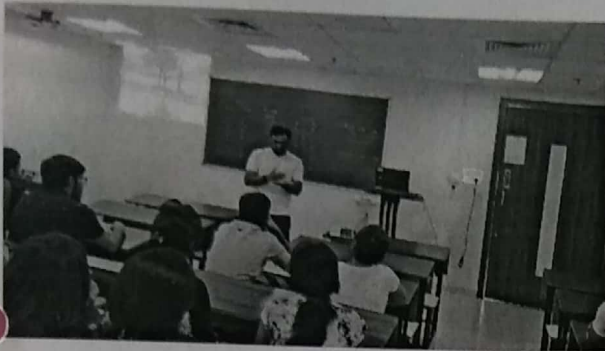

B) Outcome Achieved From The Activity

- a) Scope of new domains were discussed.
- b) New skills required in current industry were introduced.
- c) Students were inspired and encouraged to explore more areas related to this field

Feedback Regarding the Activity from Convenor

- A) Outcome Expected from the Activity
 - a) To make students aware of the different approaches of project selection.
 - b) To make students aware about the difficulties and knowledge gain involved depending on the choice of using appropriate and inappropriate models of project.

- B) Outcome Achieved or Not from The Activity
 - a) Students were made aware of V-Attendance Application.
 - b) Students were made aware as to how gaining knowledge in the initial years of career is important for one's progress.

- C) Quality Index --- Grade the Quality of The Activity
The quality of the activity was Very Good. (Reflected from the feedback form)

Name of the Activity	Alumni Guest Lecture
Name of the Speaker	Mr. Sachin Shah, Test Lead, Capgemini
Topic	Software Testing: As a career option
Activity	Day: Wednesday Date: 4 th April 2018 Time: 3:45 pm to 4:45pm
Venue	M413
Description	The motive of this guest lecture was to give Students an exposure to the Software Testing from industry perspective, understanding testing Practice that involves developing Process flows, methodologies, Tools, Templates, Frameworks and to get brief idea about Backend/Front-end Agile-Testing including System, Regression and Performance testing
Number of Students	32
PEOs	Graduates will possess the fundamental knowledge, theoretical background and technical skills to lead a successful career in diverse domains.
Faculty coordinator	Prof. Inhhanshu Jaiswal Prof. Deepali Shrikhande Prof. Abhishek Barve

Activity Name	Alumni Guest Lecture
Name of Speaker	Ms. Swati Adhyapak Senior Analyst Capgemini
Topic	Correlations of DICOM between Theory and Practice
Date and Time	29/03/2017 9.00 am – 11.00 am
Venue	B203
Faculty Coordinator	Prof . Smriti Viswanath Assistant Professor Biomedical Department
Details of the activity	<p>The guest lecture was conducted by Ms. Swati Adhyapak, a senior analyst from Capgemini. The speaker gave a basic overview to the topic. The essence of the session was how DICOM that the students are studying can be linked to its usage in the industry.</p> <p>She gave a brief overview of certain basic concepts such as VRs and SOPs and showed how the various syntaxes are used for their use in real life information technology applications. The speaker was elated that atleast in case of this elective of healthcare informatics, the topics taught were exactly the theory which was taught even in the industries.</p> <p>She correlated how the tool is used in the information technology set up in real life. She also encouraged them to do some certification courses for HL7 and DICOM. The students got heavily motivated to concentrate and enhance their skills in this domain area. . The session concluded after the question and answer session with a very brief vote of thanks by Prof. Smriti Viswanath.</p>

Attendance Statistics

No. of Attendees	Students	Staff
	20	1

Takeaways

- Students got a different perspective from someone who is currently working in this area and how they can correlate to what they can expect if they get such a profile.

Activity Snapshots :

Feedback Regarding The Activity From Convenor

A) Outcome Expected From The Activity

- a) Students should be aware of usage of DICOM in industry
- b) Students should be able to correlate how tool is used in Information technology set up in real life
- c) Students are encouraged to do certification courses HL7 and DICOM

B) Outcome Achieved From The Activity

- a) Real life applications of DICOM were discussed
- b) Students were motivated to concentrate and enhance their skills in this domain

C) Quality Index --- Grade The Quality Of The Activity

4 -- Excellent

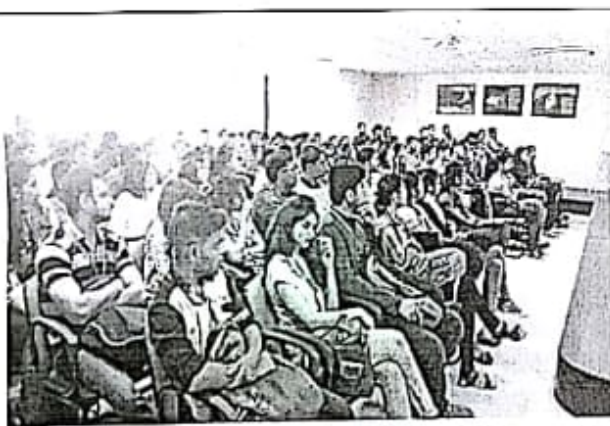

Attendance Statistics

No. of Attendees	Students	Staff
	153	3

Takeaways

- SAP Technology a new ongoing trend in industries was introduced and explained with respect to various projects in setting up any business
- SAP accounts for the basics of subject called ERP which these students would be studying in their higher semesters

Activity Snapshots :

Feedback Regarding The Activity From Convenor

- A) Outcome Expected From The Activity
- a) The students should be made aware of the technology SAP
 - b) The use of SAP in ERP and MIS should be made aware to the students
 - c) The use of SAP in developing business should be made aware to the students

B) Outcome Achieved Or Not From The Activity

- a) Students were made aware of the technology SAP
- b) Students were made aware of use of SAP in ERP and MIS
- c) Students were made aware of how to develop business using SAP

C) Quality Index --- Grade The Quality Of The Activity

The quality of the activity was Excellent .

Report

Name of the Speaker	Mr. Sachin Bansode, Senior Project Manager, Kotak Mahindra
Topic	Advanced Internet Technology
Activity	Day: Wednesday Date: 15/03/2017 Time: 1:45 pm to 3:45 pm
Venue	M413
PEOs	Expected Outcome
<ul style="list-style-type: none"> • PEO1: To enable the pursuit of knowledge in the field of Computer Engineering and contribute to the profession and employability of the students. • PEO3: To understand the human, social, ethical and environmental context of their profession and contribute positively to the needs of individuals and society at large. 	<ul style="list-style-type: none"> • CO1 – Student is able to develop Keyword Generation, Using Google Analytics etc. • CO4 – Student is able to understand concepts in SEO.
Faculty coordinator	Ms. Harshali Rambade Ms. Indu Anoop
Major Points Discussed	<p>The session started with a brief introduction to SEO: Search Engine Optimization: The process of affecting the visibility of a website or a web page in a web search engine's unpaid results—often referred to as "natural", "organic", or "earned" results. Both the technical and conceptual definitions were discussed. The session progressed with discussion of current techniques of optimization in industry i.e. technical and financial.</p> <p>Importance of SEO success factors like On the Page and Off the Page SEO factors required for the proper development of website was discussed.</p> <p>The speaker encouraged the young minds to think in the direction of developing responsive and search engine optimized website which is the need of today growing trends.</p>

The session concluded with the Question & Answers round where the guest answered all the queries in detail.

Feedback

Feedback forms were filled in by the students and the overall feedback was very encouraging.

Name of the committee	Alumni Committee
Activity Name	Guest Lecture by Mr. Deep Waghela and Mr. Nikhil Mahajan on Foundation for career in Management.
Date:of activity	7/4/2015
<p style="text-align: center;">ALUMNI COMMITTEE PRESENTS Seminar On "Foundation for Career in Management"</p> <p style="text-align: center;">  VIT V Jayalankar Institute of Technology </p> <p>Venue : M-413 Date : 7 October, 2015 Time : 3.00 pm to 5.00 pm</p> <p>Speaker: 1. Deep Waghela Relationship Manager, Corporate Banking, YES Bank. 2. Nikhil Mahajan Credit Analyst Crisil, Pune</p>	<p>The guest lecture was delivered by Mr. Deep Waghela, and Mr. Nikhil Mahajaan alumnus from VIT EXTC department Deep Waghela is currently working as a relationship manager in Yes Bank and Nikhil Mahajan is currently working as Credit Analyst in Crisil. They gave the students an insight about Career in different fields of Management. He explained about different exams for getting into a B-school and their pattern. Students were also guided with respect to preparation strategies for different entrance exams. At the end of seminar, he shared his experience of presentation's which were made by him during his MBA , which gave students the insight about the kind of work they have to do after doing MBA.</p> <p>Any special remark /highlight of the activity – Most of the students attending the seminar were interested in doing MBA, but they were not having the clear idea of different B-schools, exams for getting into the B-school, kind of work profile after MBA. This seminar helped them to clear their views about MBA and its prospects.</p>

Event snap-shots

1. Preamble and Introduction

The concept of International Educational Tour was in our minds for quite some time. The Institute Director Mr. Milind Tadvalkar and Managing Trustee Mr. Vishwas Deshpande were strongly thinking of carrying out such student visit that would provide our students with the global exposure. Therefore, when Redwood Edutours approached the institute with the Idea, it was accepted by the Institute after verifying the credentials of M/s Redwood Edutours.

The tour was formulated as 6-Day, 5-Hotel Night tour to Germany covering prestigious points such as Stuttgart University, Mercedes-Benz and BMW automotive plants and museums along-with a few sight-seeing spots. The tour cost was negotiated with Redwood Edutours and fixed at Rs.99,000/= per person. Prof. Ajay Dhruv was given the coordination charge of publishing the Tour on campus and on the website. He prepared the online submission form and received the feedback form from interested students. Then he coordinated the initial sanctions and tour was opened for accepting payments from the students and Faculty members. He accomplished this co-ordination work in the months of April-2017 and May-2017. Tour dates were finalized to be 2nd to 9th July, 2017. Thus, the first educational tour of VIT was on!!

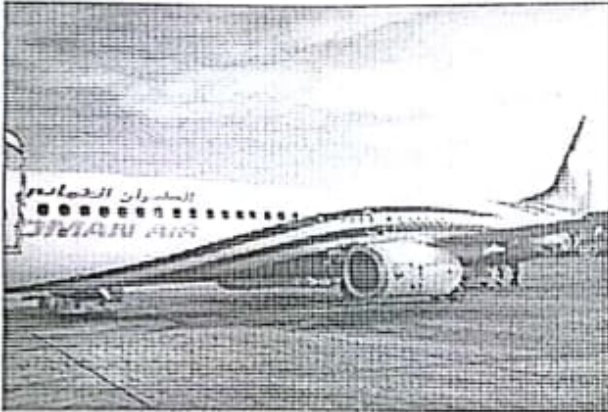

2. Preparations

34 Students and 6 Faculty members fully paid up for the Tour by Mid of May. One of the traveling faculties, Prof. Shrikant Velankar was given the coordination charge for the actual conduct of the tour. M/s Redwood Edutours were given the advance payments for the tour as per the terms of contract. A meeting of the student/faculty travelling was called in the May last week to verify their passport validity and explaining them about the documents required to complete the German Visa process.

Another student/faculty meeting was called on 9th June, 2017, to collect the Visa documents and Passports. The Visa appointments were confirmed for 12th, 13th & 14th June, 2017 the German consulate Visa center (VFS) at Nariman point, Mumbai. The said Visa process was completed as per the schedule. All traveling persons got their Visa stamped Passports on 20th June, 2017.

The pre-departure meeting of all students/faculties travelling on the tour, was organized on 27th June, 2017. It was attended by partner of Redwood Edutours, Mr. Aditya Gandhi and was presided over by the Director, Mr. Milind Tadvalkar. Students were given the necessary instructions and guidelines about the Educational tour.

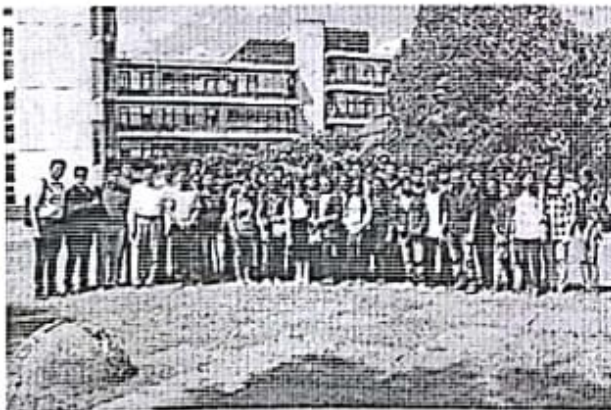

4. Educational Tour – In Pictures

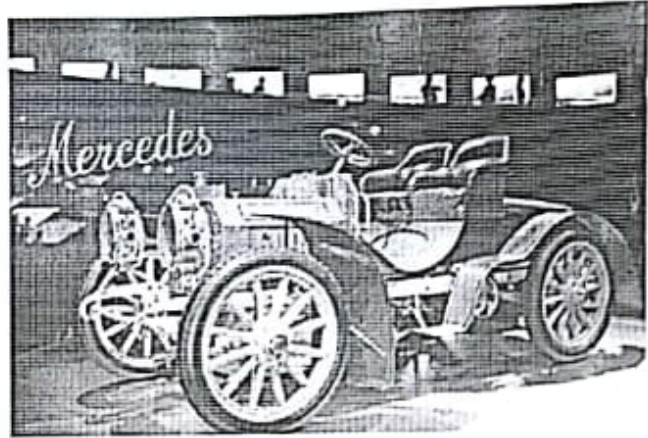

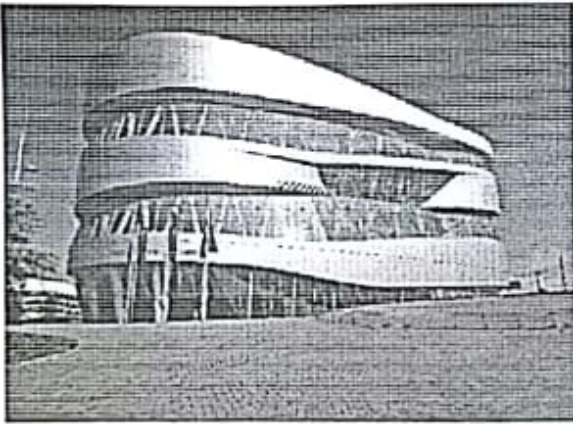

Frankfurt Airport by Oman Air (Boeing 787-8 Dreamliner)

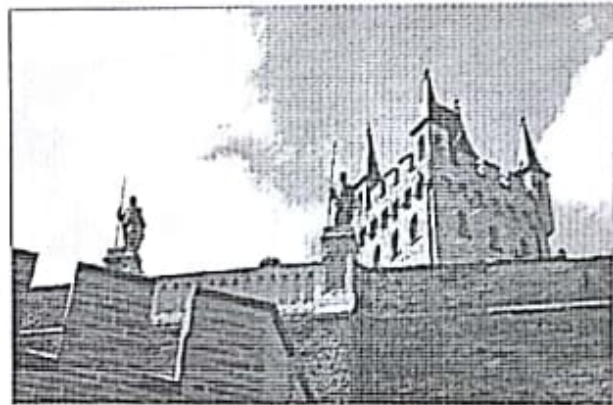

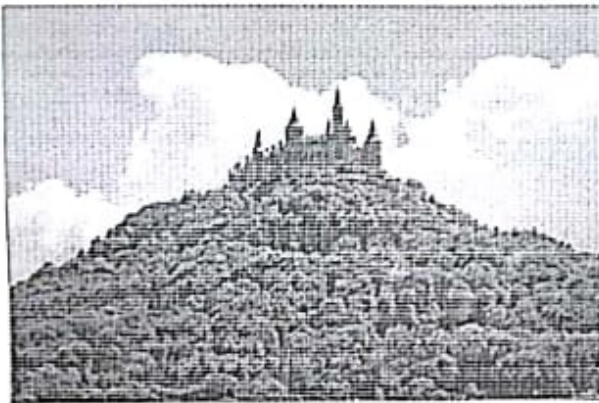

At Stuttgart University – Seminar session with VIT Alumnus – Mr. Jajan Guharakutha (pursuing PhD)

Stuttgart University – Campus tour and then to Wilhelma Zoo, Stuttgart

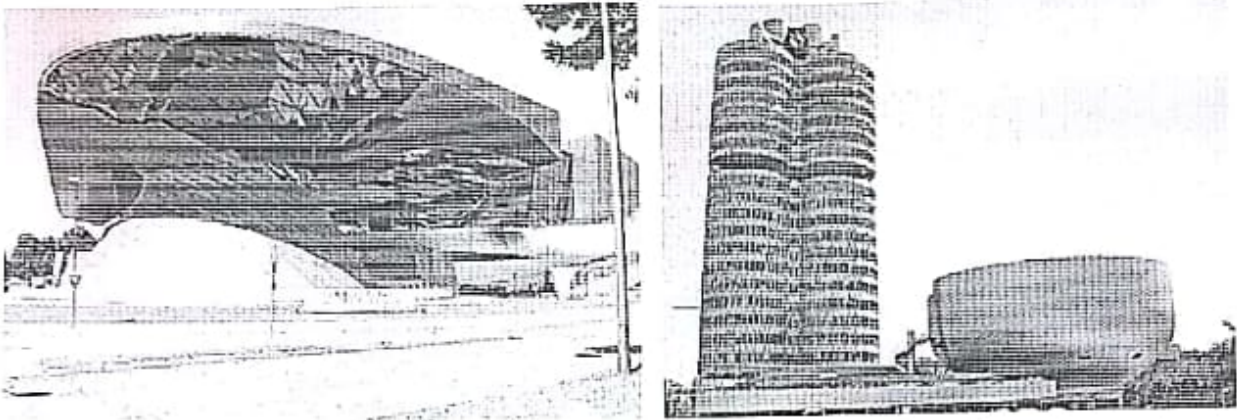

Mercedes Museum, Stuttgart – An Architectural masterpiece showing Automobile history of 130 years

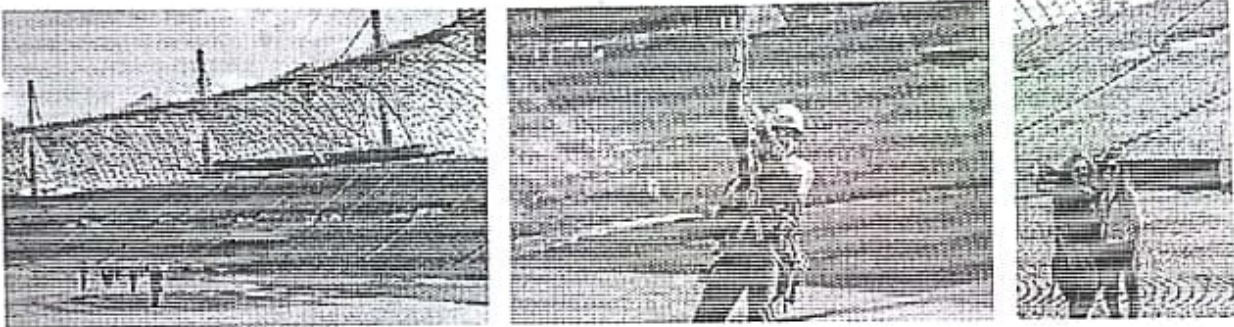

Hohenzollern Castle – One of the most beautiful medieval castle in south Germany near Black forest

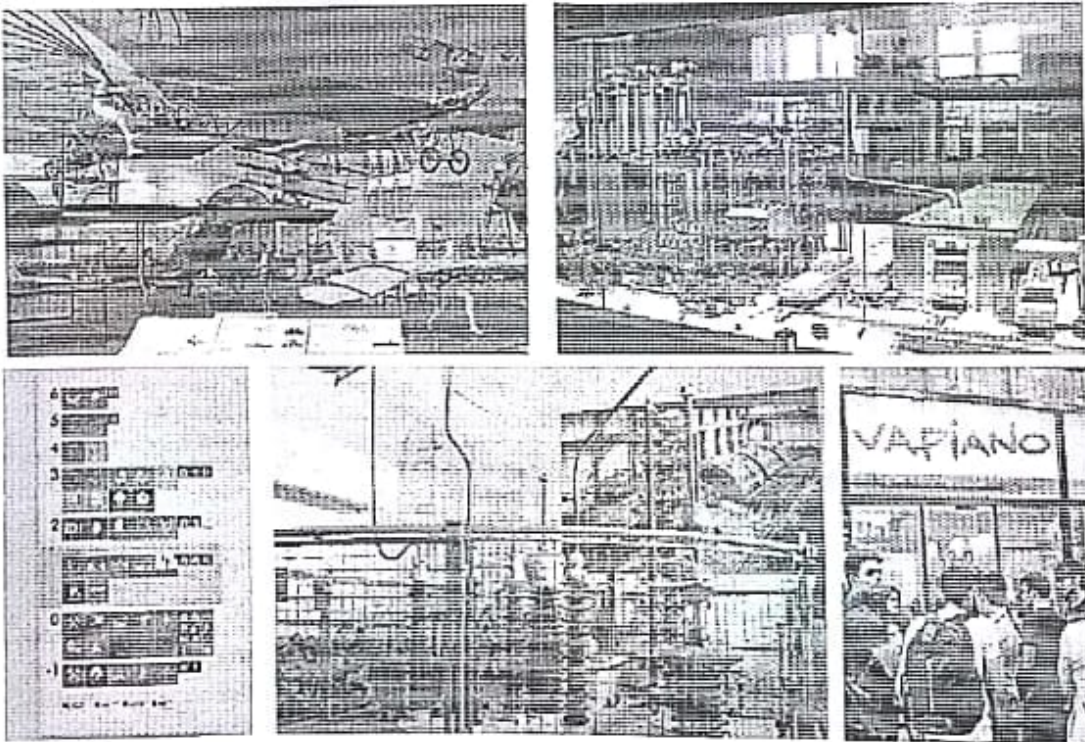

The Real Engineering Experience at BMW Automobile Manufacturing Plant – Munich and Landshut

BMW Welt, Museum and Corporate Headquarters – Another man-made architectural marvel

Munich Olympic Stadium at Olympia Park & Village – With Zipline Thrill

Deutsche Science Museum, Munich -World's largest and then hefty Italian meal at Vapiano

VIT Annual Alumni APP Report

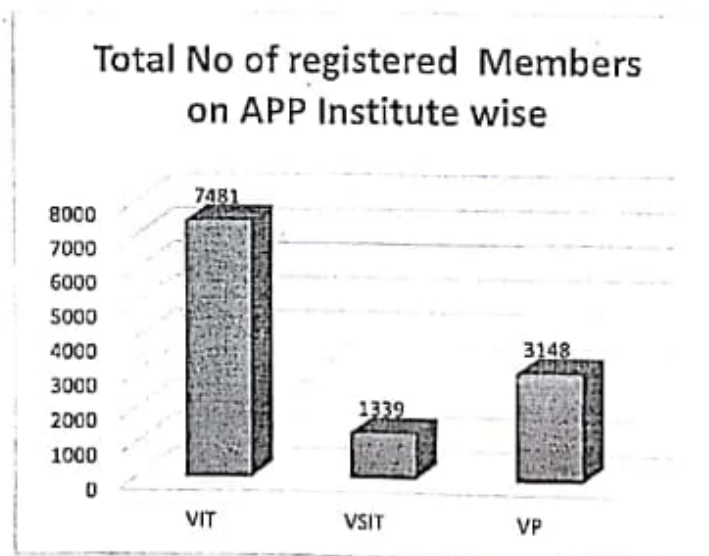

Alumni Committee

Engage Alumni in Meaningful Ways through App

Keeping alumni connected and engaged with campus after they graduate often comes down to reaching them at the right time, in the right way. Traditionally, alumni offices have used direct mail including newsletters, invitations to special events, magazines and similar forms of messaging to reach out to their alumni. However, an increasingly mobile-connected alumni population is more likely to be engaged by apps that can serve as a central hub for their continued campus connection. Integrating alumni-specific content into campus apps through dedicated alumni modules, Personas, or even creating a stand-alone alumni app, lets academic institutions strengthen engagement opportunities with their busy alumni. With this view, we launched Alumni App on December 2016, developed by Alma Shine Technologies, Ahmedabad. This app is for all the three institutes: VIT, VSIT and VP and is available in both web and mobile portals. The link for VIT web portal is alumni.vidyalankar.edu.in/vitalumni. All alumni, present students and the faculty members will be a part of this app which can be downloaded on both Android and iOS.

The institute and department wise details of the registered alumni are as follows:

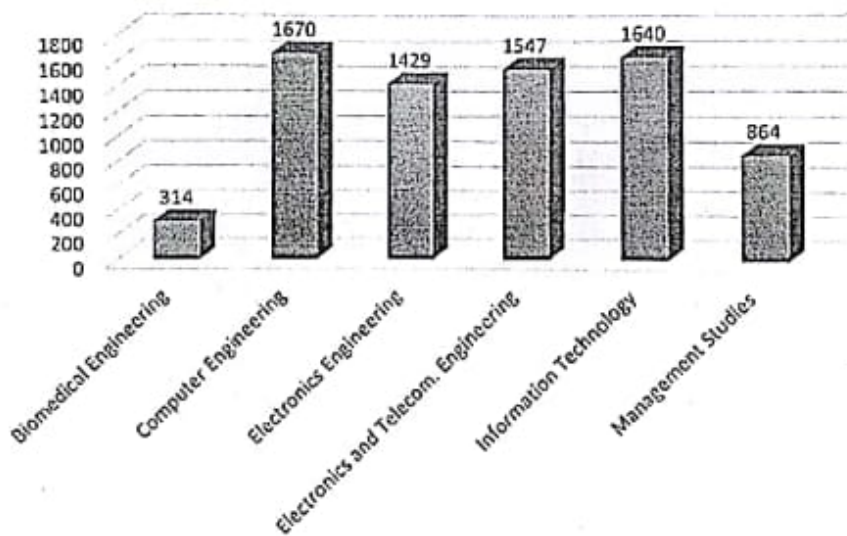

Sr. No.	Institute Name	Count

Activity Name	Alumni Guest Lecture
Name of Speaker	Ms. Swati Adhyapak Senior Analyst Capgemini
Topic	Correlations of DICOM between Theory and Practice
Date and Time	29/03/2017 9.00 am – 11.00 am
Venue	B203
Faculty Coordinator	Prof . Smriti Viswanath Assistant Professor Biomedical Department
Details of the activity	<p>The guest lecture was conducted by Ms. Swati Adhyapak, a senior analyst from Capgemini. The speaker gave a basic overview to the topic. The essence of the session was how DICOM that the students are studying can be linked to its usage in the industry.</p> <p>She gave a brief overview of certain basic concepts such as VRs and SOPs and showed how the various syntaxes are used for their use in real life information technology applications. The speaker was elated that atleast in case of this elective of healthcare informatics, the topics taught were exactly the theory which was taught even in the industries.</p> <p>She correlated how the tool is used in the information technology set up in real life. She also encouraged them to do some certification courses for HL7 and DICOM. The students got heavily motivated to concentrate and enhance their skills in this domain area. . The session concluded after the question and answer session with a very brief vote of thanks by Prof. Smriti Viswanath.</p>

Attendance Statistics

No. of Attendees	Students	Staff
	20	1

Takeaways

- Students got a different perspective from someone who is currently working in this area and how they can correlate to what they can expect if they get such a profile.

Activity Snapshots :

Feedback Regarding The Activity From Convenor

A) Outcome Expected From The Activity

- a) Students should be aware of usage of DICOM in industry
- b) Students should be able to correlate how tool is used in Information technology set up in real life
- c) Students are encouraged to do certification courses HL7 and DICOM

B) Outcome Achieved From The Activity

- a) Real life applications of DICOM were discussed
- b) Students were motivated to concentrate and enhance their skills in this domain

C) Quality Index --- Grade The Quality Of The Activity

4 -- Excellent

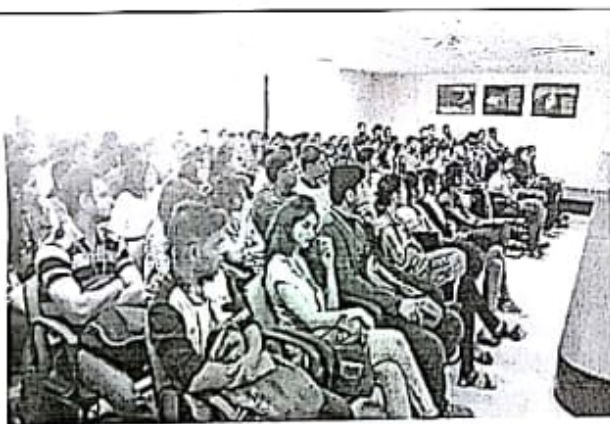

Attendance Statistics

No. of Attendees	Students	Staff
	153	3

Takeaways

- SAP Technology a new ongoing trend in industries was introduced and explained with respect to various projects in setting up any business
- SAP accounts for the basics of subject called ERP which these students would be studying in their higher semesters

Activity Snapshots :

Feedback Regarding The Activity From Convenor

- A) Outcome Expected From The Activity
- a) The students should be made aware of the technology SAP
 - b) The use of SAP in ERP and MIS should be made aware to the students
 - c) The use of SAP in developing business should be made aware to the students

B) Outcome Achieved Or Not From The Activity

- a) Students were made aware of the technology SAP
- b) Students were made aware of use of SAP in ERP and MIS
- c) Students were made aware of how to develop business using SAP

C) Quality Index --- Grade The Quality Of The Activity

The quality of the activity was Excellent .

Report

Name of the Speaker	Mr. Sachin Bansode, Senior Project Manager, Kotak Mahindra
Topic	Advanced Internet Technology
Activity	Day: Wednesday Date: 15/03/2017 Time: 1:45 pm to 3:45 pm
Venue	M413
PEOs	Expected Outcome
<ul style="list-style-type: none"> • PEO1: To enable the pursuit of knowledge in the field of Computer Engineering and contribute to the profession and employability of the students. • PEO3: To understand the human, social, ethical and environmental context of their profession and contribute positively to the needs of individuals and society at large. 	<ul style="list-style-type: none"> • CO1 – Student is able to develop Keyword Generation, Using Google Analytics etc. • CO4 – Student is able to understand concepts in SEO.
Faculty coordinator	Ms. Harshali Rambade Ms. Indu Anoop
Major Points Discussed	<p>The session started with a brief introduction to SEO: Search Engine Optimization: The process of affecting the visibility of a website or a web page in a web search engine's unpaid results—often referred to as "natural", "organic", or "earned" results. Both the technical and conceptual definitions were discussed. The session progressed with discussion of current techniques of optimization in industry i.e. technical and financial.</p> <p>Importance of SEO success factors like On the Page and Off the Page SEO factors required for the proper development of website was discussed.</p> <p>The speaker encouraged the young minds to think in the direction of developing responsive and search engine optimized website which is the need of today growing trends.</p>

The session concluded with the Question & Answers round where the guest answered all the queries in detail.

Feedback

Feedback forms were filled in by the students and the overall feedback was very encouraging.

Name of the committee	Alumni Committee
Activity Name	Guest Lecture by Mr. Deep Waghela and Mr. Nikhil Mahajan on Foundation for career in Management.
Date:of activity	7/4/2015
<p style="text-align: center;">ALUMNI COMMITTEE</p> <p style="text-align: center;">PRESENTS</p> <p style="text-align: center;">Seminar</p> <p style="text-align: center;">On</p> <p style="text-align: center;">“Foundation for Career in Management”</p> <p style="text-align: center;">Venue : M-413</p> <p style="text-align: center;">Date : 7 October, 2015</p> <p style="text-align: center;">Time : 3.00 pm to 5.00 pm</p> <p style="text-align: center;">Speaker:</p> <p style="text-align: center;">1. <u>Deep Waghela</u> Relationship Manager, Corporate Banking, YES Bank.</p> <p style="text-align: center;">2. <u>Nikhil Mahajan</u> Credit Analyst <u>Crisil, Pune</u></p>	<p>The guest lecture was delivered by Mr. Deep Waghela, and Mr. Nikhil Mahajaan alumnus from VIT EXTC department. Deep Waghela is currently working as a relationship manager in Yes Bank and Nikhil Mahajan is currently working as Credit Analyst in Crisil. They gave the students an insight about Career in different fields of Management. He explained about different exams for getting into a B-school and their pattern. Students were also guided with respect to preparation strategies for different entrance exams. At the end of seminar, he shared his experience of presentation's which were made by him during his MBA , which gave students the insight about the kind of work they have to do after doing MBA.</p> <p>Any special remark /highlight of the activity – Most of the students attending the seminar were interested in doing MBA, but they were not having the clear idea of different B-schools, exams for getting into the B-school, kind of work profile after MBA. This seminar helped them to clear their views about MBA and its prospects.</p>

Event snap-shots

1. Preamble and Introduction

The concept of International Educational Tour was in our minds for quite some time. The Institute Director Mr. Milind Tadvalkar and Managing Trustee Mr. Vishwas Deshpande were strongly thinking of carrying out such student visit that would provide our students with the global exposure. Therefore, when Redwood Edutours approached the institute with the Idea, it was accepted by the Institute after verifying the credentials of M/s Redwood Edutours.

The tour was formulated as 6-Day, 5-Hotel Night tour to Germany covering prestigious points such as Stuttgart University, Mercedes-Benz and BMW automotive plants and museums along-with a few sight-seeing spots. The tour cost was negotiated with Redwood Edutours and fixed at Rs.99,000/= per person. Prof. Ajay Dhruv was given the coordination charge of publishing the Tour on campus and on the website. He prepared the online submission form and received the feedback form from interested students. Then he coordinated the initial sanctions and tour was opened for accepting payments from the students and Faculty members. He accomplished this co-ordination work in the months of April-2017 and May-2017. Tour dates were finalized to be 2nd to 9th July, 2017. Thus, the first educational tour of VIT was on!!

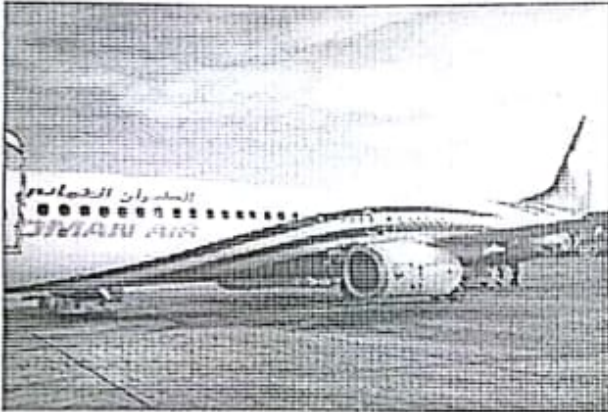

2. Preparations

34 Students and 6 Faculty members fully paid up for the Tour by Mid of May. One of the traveling faculties, Prof. Shrikant Velankar was given the coordination charge for the actual conduct of the tour. M/s Redwood Edutours were given the advance payments for the tour as per the terms of contract. A meeting of the student/faculty travelling was called in the May last week to verify their passport validity and explaining them about the documents required to complete the German Visa process.

Another student/faculty meeting was called on 9th June, 2017, to collect the Visa documents and Passports. The Visa appointments were confirmed for 12th, 13th & 14th June, 2017 the German consulate Visa center (VFS) at Nariman point, Mumbai. The said Visa process was completed as per the schedule. All traveling persons got their Visa stamped Passports on 20th June, 2017.

The pre-departure meeting of all students/faculties travelling on the tour, was organized on 27th June, 2017. It was attended by partner of Redwood Edutours, Mr. Aditya Gandhi and was presided over by the Director, Mr. Milind Tadvalkar. Students were given the necessary instructions and guidelines about the Educational tour.

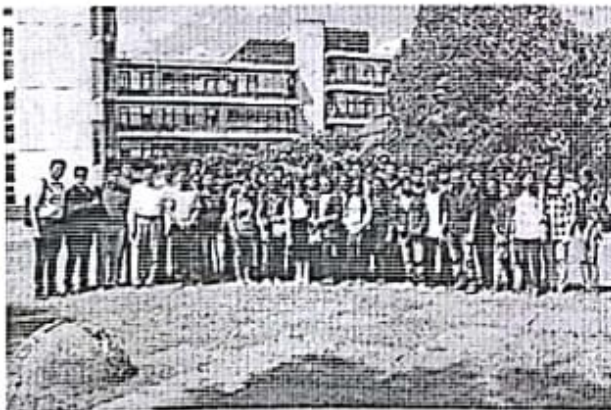

4. Educational Tour – In Pictures

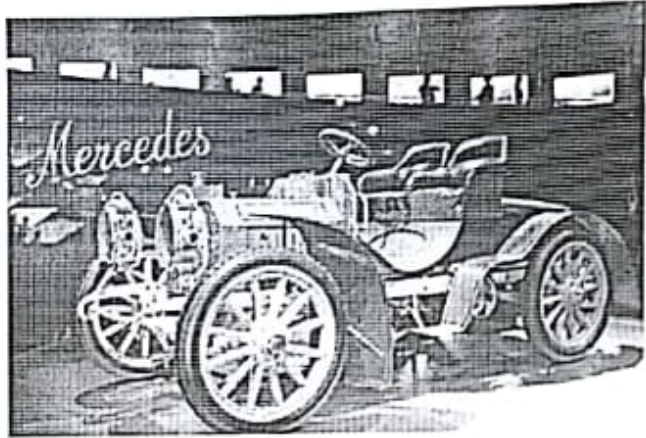

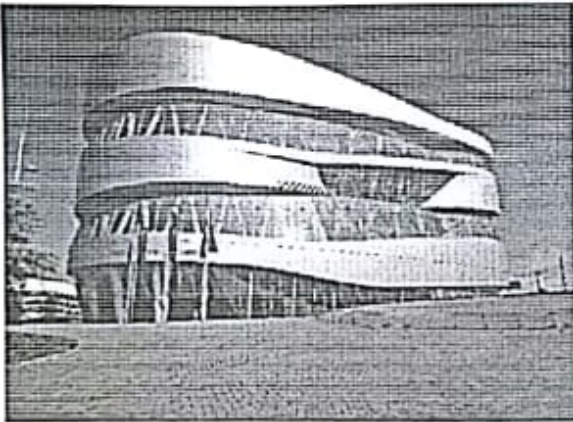

Frankfurt Airport by Oman Air (Boeing 787-8 Dreamliner)

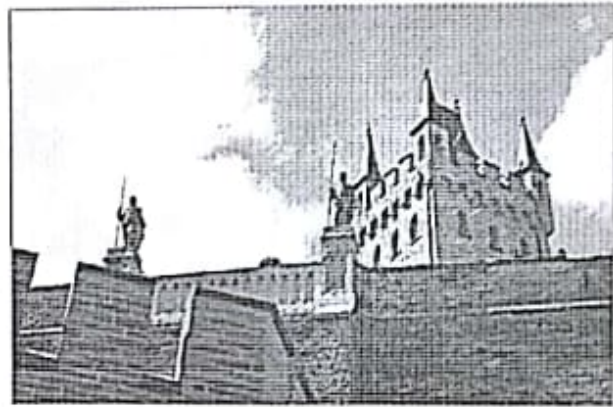

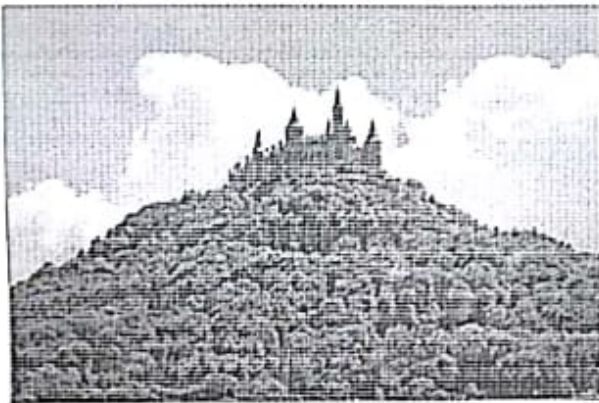

At Stuttgart University – Seminar session with VIT Alumnus – Mr. Jajan Guharakutha (pursuing PhD)

Stuttgart University – Campus tour and then to Wilhelma Zoo, Stuttgart

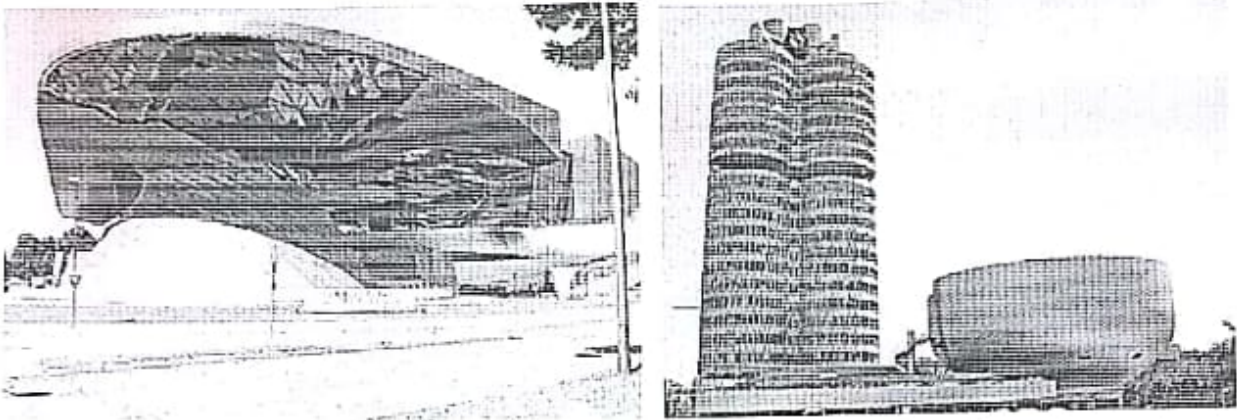

Mercedes Museum, Stuttgart – An Architectural masterpiece showing Automobile history of 130 years

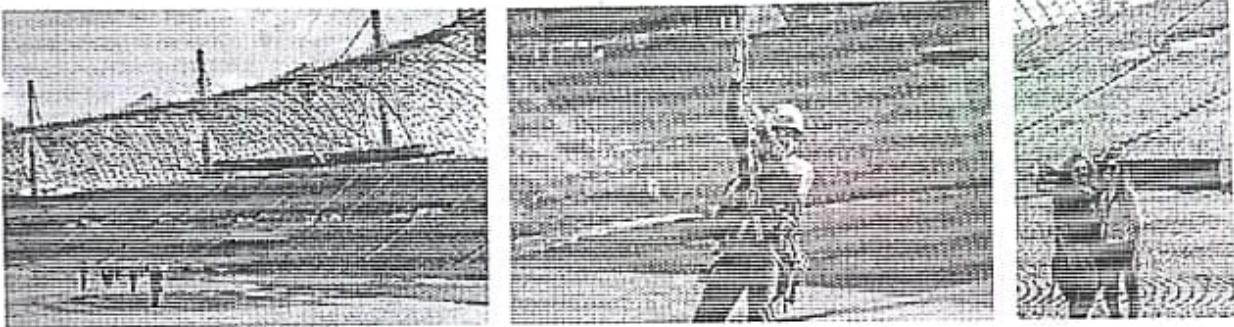

Hohenzollern Castle – One of the most beautiful medieval castle in south Germany near Black forest

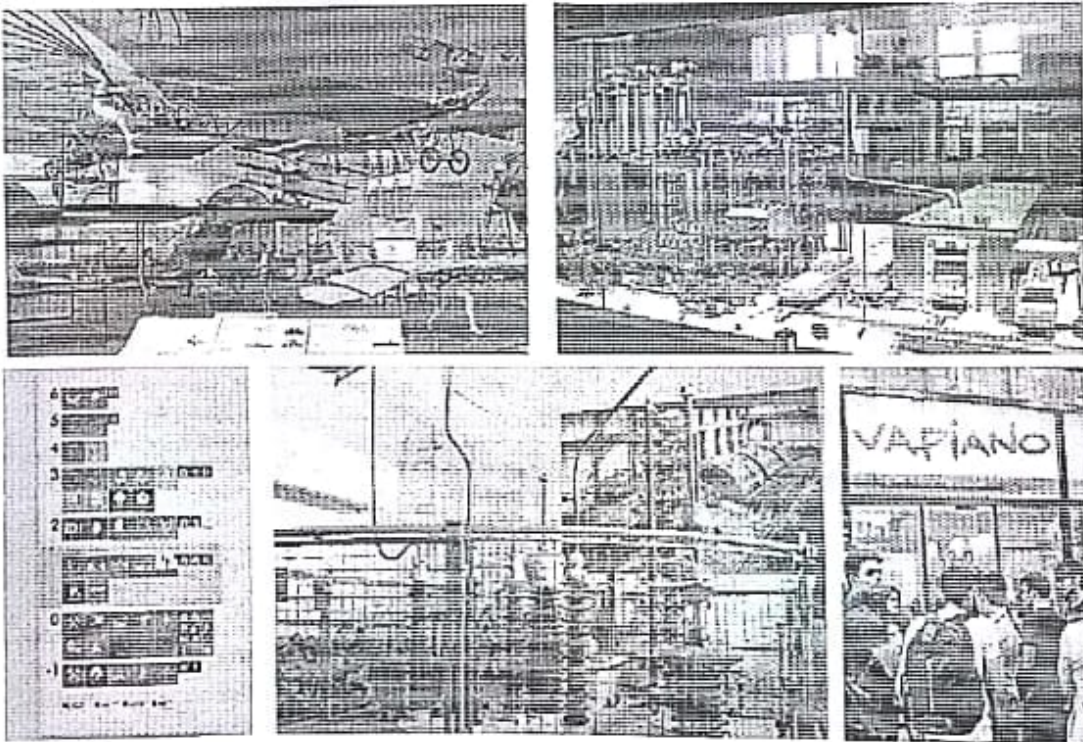

The Real Engineering Experience at BMW Automobile Manufacturing Plant – Munich and Landshut

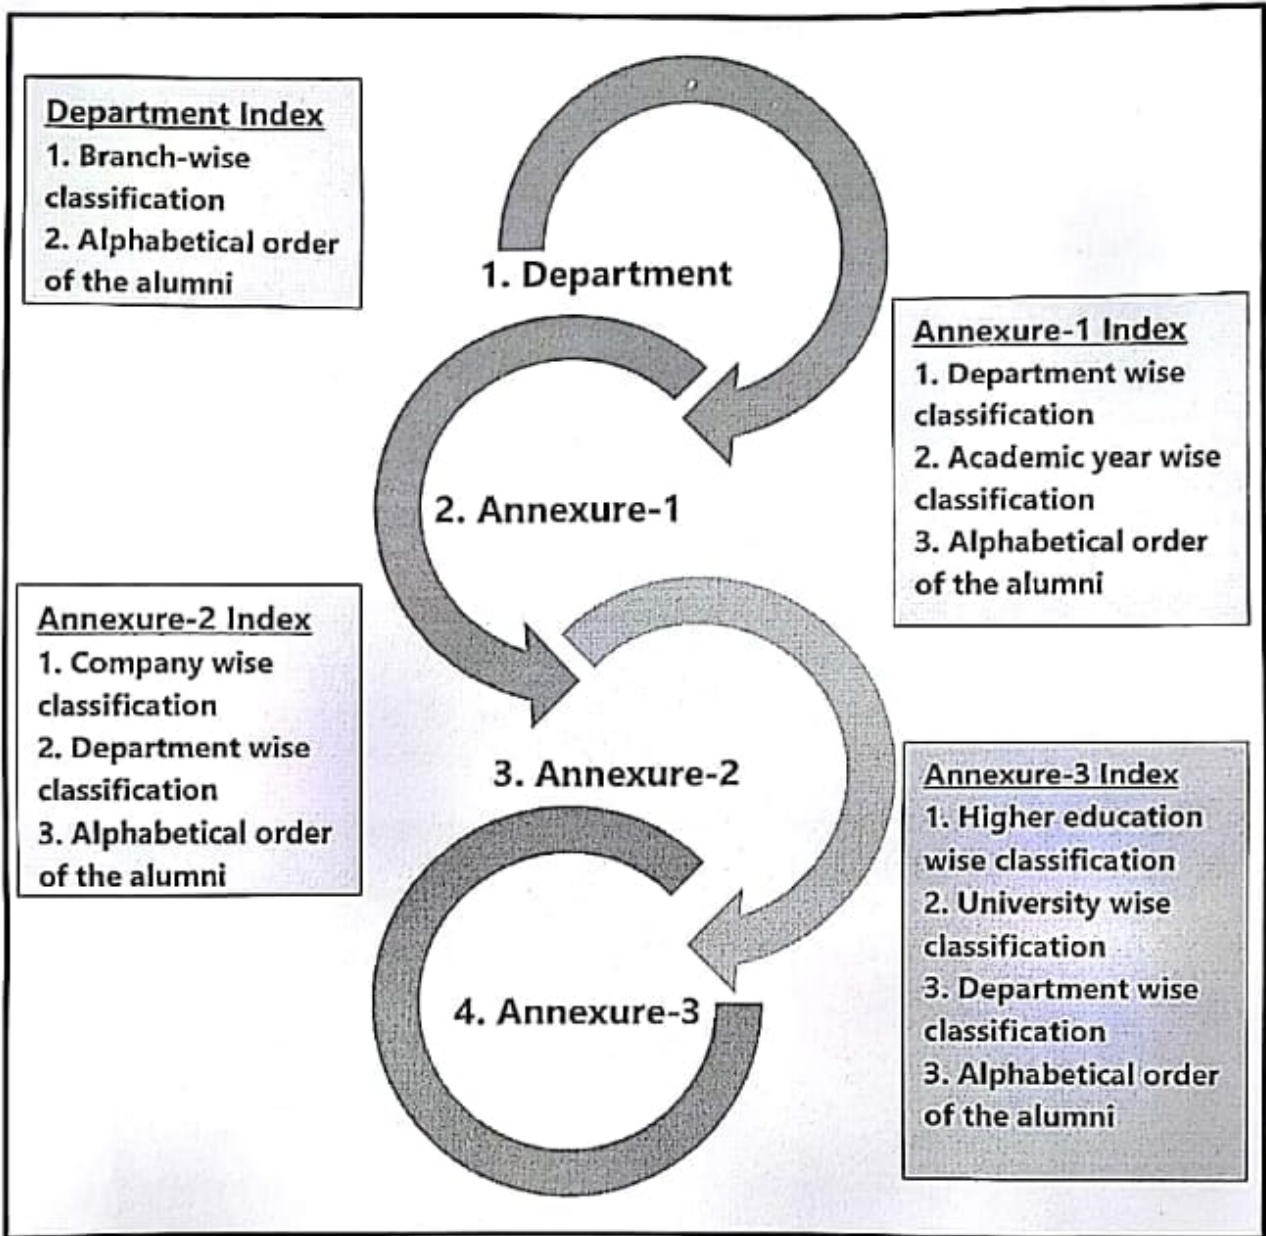

BMW Welt, Museum and Corporate Headquarters – Another man-made architectural marvel

Munich Olympic Stadium at Olympia Park & Village – With Zipline Thrill

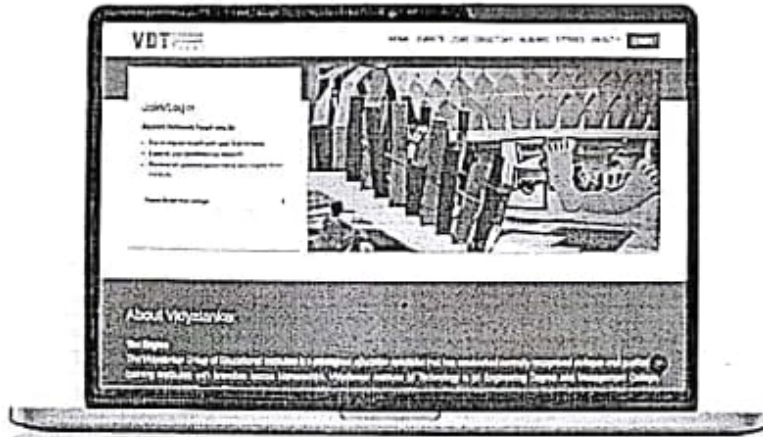

Deutsche Science Museum, Munich -World's largest and then hefty Italian meal at Vapiano

Process flow: Tracking an alumnus from alumni directory

VIT Annual Alumni APP Report

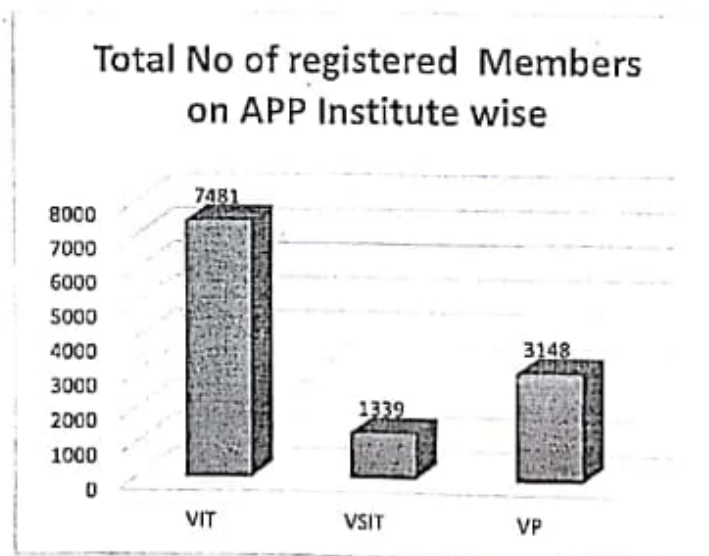

Alumni Committee

Engage Alumni in Meaningful Ways through App

Keeping alumni connected and engaged with campus after they graduate often comes down to reaching them at the right time, in the right way. Traditionally, alumni offices have used direct mail including newsletters, invitations to special events, magazines and similar forms of messaging to reach out to their alumni. However, an increasingly mobile-connected alumni population is more likely to be engaged by apps that can serve as a central hub for their continued campus connection. Integrating alumni-specific content into campus apps through dedicated alumni modules, Personas, or even creating a stand-alone alumni app, lets academic institutions strengthen engagement opportunities with their busy alumni. With this view, we launched Alumni App on December 2016, developed by Alma Shine Technologies, Ahmedabad. This app is for all the three institutes: VIT, VSIT and VP and is available in both web and mobile portals. The link for VIT web portal is alumni.vidyalankar.edu.in/vitalumni. All alumni, present students and the faculty members will be a part of this app which can be downloaded on both Android and iOS.

The institute and department wise details of the registered alumni are as follows:

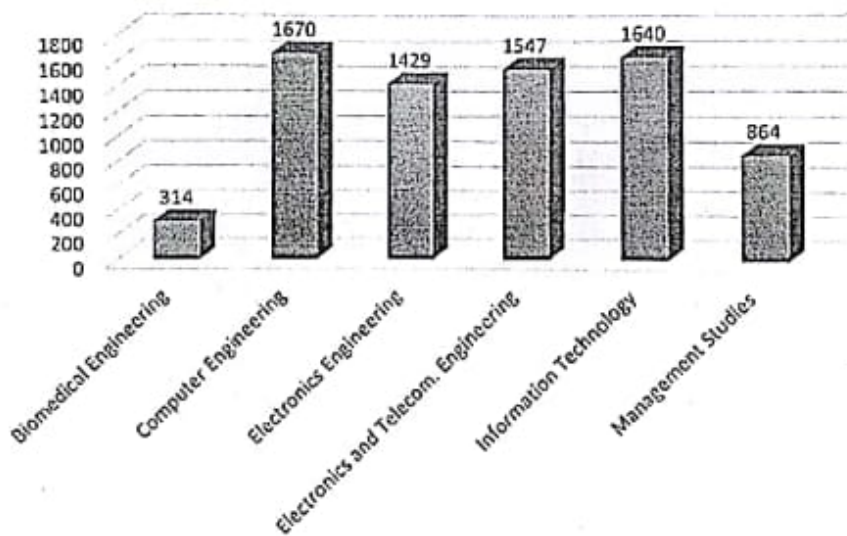

Sr. No.	Institute Name	Count
1	Vidyalankar Institute of technology	7481
2	Vidyalankar Polytechnic Vidyalankar School of Information Technology	1339
3	Vidyalankar Polytechnic	3148

VIT has played a pivotal role in shaping the careers of students into technocrats, leaders, entrepreneurs, researchers and global managers. The Institute firmly believes in connecting with all alumni through alumni association and therefore, mechanisms like Alumni Association, Alumni Directory and Alumni App titled "Alma Shine" are devised.

Alumni Committee is functional since 2003 with the objective to nurture a bond with alma mater, to receive feedback on the design and review of syllabus, to enhance employment opportunities and to create a networking platform to share and influence the success stories of alumni. Subsequently, Alumni Association is formed in 2016 having one representative from every Department to cater to the ever-increasing number of alumni.

Structure of Alumni Association:

Alumni Directory database is available from the year 2003 till date. Directory is designed to keep track of all alumni by sorting according to:

1. the department he/she belongs
2. the University/Institute where the alumnus pursues higher education
3. the Corporate/Industry where the alumnus is employed

4. the alphabetical order of the names of alumni

Alumni Android app is available from the year 2016 and 4,980 alumni have registered through it.

Star Alumni: VIT takes pride in many star alumni who are currently holding eminent and illustrious positions in various multinational companies including Apple, Qualcomm, Ericsson, CISCO, Deloitte, Intel, Morgan Stanley, IBM, Samsung, Amazon, Barclays. Some of the star alumni are also successful entrepreneurs viz: the Indo Medical Healthcare, Gourmet Diary, Desi Hangover.

Contribution from Alumni:

VIT alumni contribute significantly to the development of the Institute through the following non-financial means like:

- **Expert speaker:** Alumni are invited for:
 - guest lectures in their respective domains
 - keynote speakers for Conferences, training programmes, seminars etc.
 - examiners for the final year project exhibition titled "Tantravihar" in engineering courses and summer internship project examinations in Management programme
 - annual degree distribution ceremony as distinguished speakers.
- **Experience sharing:** Total of 13 alumni meets have been organised by the Alumni Committee. In all these meets, alumni shared their valuable experience and gave inputs on the current trends in industry. They helped to bridge the academia-industry gap.
- **Curriculum enrichment:** Alumni contributes for curriculum enrichment through their structured feedback on curriculum in-order to keep pace with the recent advancements in industry. They also help us to mitigate the identified gaps through beyond syllabus activities like hands-on workshops, guest lectures and value-added courses.
- **Faculty:** Few alumni were appointed as visiting faculty and presently 15% of the faculty are alumni of this Institute and are serving as regular teaching faculty.
- **IQAC:** Alumni are active members of IQAC and their inputs are helping us for quality enhancements.
- **Placements:** Alumni facilitate Institute for campus recruitment by suggesting to their companies.
- **International Educational-tour:** VIT alumni facilitate our students for industrial visits abroad. Our alumna Mr. Jagan Guharakutha (PhD student) delivered a seminar session for our students at Stuttgart University when the students visited Germany.

Alumni are also invited as a member on the Department Advisory Board (DAB) of the various programmes.
