Message from the Principal

"There's nothing I believe in more strongly than getting young people interested in science and engineering, for a better tomorrow, for all humankind." — Bill Nye

The Academic Year 2022-23 has been quite a different experience for both the teaching as well as the learning community of VIT as a result of the onset of the Covid-19 pandemic. The sudden shift to online pedagogy necessitated quick adaptation to the new normal. Online teaching methodologies through use of simulation, virtual laboratories and educational web tools were implemented to ensure that the learning process never stops. This was made possible through online Faculty Development Programs, STTPs and training workshops. Sessions were also conducted to familiarize students with various features of meeting platforms.

Online Induction programs were organized for First Year and Second Year students to acclimatize newly admitted students to the VIT educational experience. This Academic Year a number of webinars, online events were organized by the Institute which provided students with many opportunities for participating in co-curricular and technical activities. The Institute offered students and faculty the facility of MOOC certification on reputed platforms like Coursera, Udemy, and Matlab and many have completed multiple certifications. The need for our students to be able to not only match up but also stand out amongst the multitude of engineers who graduate every year was reiterated through guest lectures by industry personnel. Our students gained awareness on latest technologies through these sessions. Our students have won in various coding competitions and hackathons. The annual festival Verve'21 proved to be a wonderful platform for students to hone their extra-curricular talents for holistic development.

Our digital initiatives since the last few years have proved to be a boon in setting up a strong base, which has helped the Institute to navigate smoothly during challenging times. Endeavours are in place as we look ahead to the grant of autonomous status and NBA accreditation of two programs and re-accreditation of three programs. The idea that we strive to achieve 'student delight' in place of 'student satisfaction' in itself speaks volumes of our intention to offer the best educational experience to our students.

Introduction

Under the dynamic leadership of Shri Chandrashekar Deshpande, VIT was established in 1999 for imparting well-co-ordinated, multi-disciplinary, quality technical education. Today, it aims in raising Technocrats and Managers of high academic standards and good character to serve mankind. Now, in its 19th year, VIT has continued its growth in various aspects, which include: infrastructural expansion and functioning, faculty qualifications, students' holistic development, placements, institute – industry interactions, internships, industrial visits and talks by eminent personalities, to name a few.

Vision

To be a globally recognized institute where learners are nurtured in a scholarly environment to evolve into competent professionals and researchers to benefit society.

Mission

- Evolve a curriculum which emphasizes on strong fundamentals with the flexibility to choose advanced courses of interest and gain exposure to tools and techniques in contemporary subjects.
- Encourage a teaching-learning process in which highly competent faculty share a symbiotic association with institutes of repute.
- Facilitate creation and dissemination of knowledge through a digitally-enabled learning environment.
- Develop academic and infrastructural facilities with modern equipment and other learning resources and encourage reciprocal sharing with other institutes through networking.
- Establish a Centre of Excellence to enhance academia-industry partnership and work on collaborative projects.

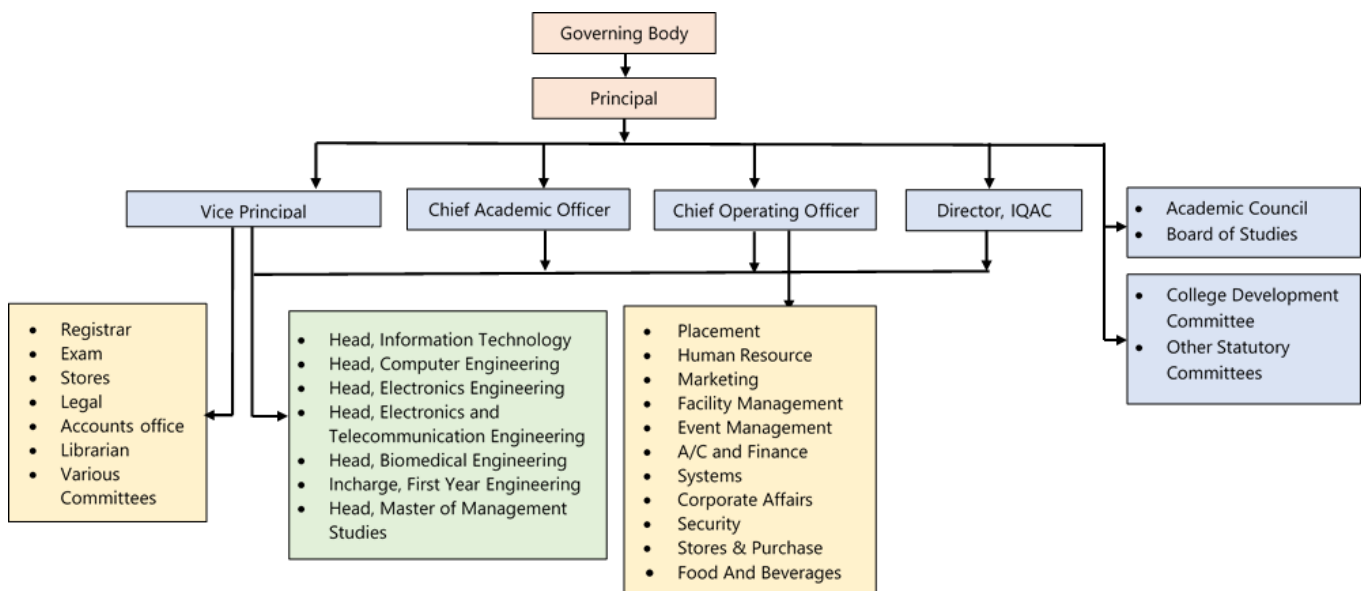

Values

“Work is Worship” is a guiding principle for all at Vidyalankar. Vidyalankar believes that character-building is an important step towards nation-building. Nurturing young minds is a vital responsibility. Vidyalankar Values are the set of ideals which guide the attitudes and behaviour of the members of the Vidyalankar family. It is said that there are no short-cuts on the road to success. Educating students to differentiate between right and wrong and motivating them to choose the right path is imperative. The following values are interspersed in all aspects of the teaching-learning process:

Quality Assurance

Quality initiative by IQAC

- NBA reaccreditation and NAAC accreditation
- NIRF participation
- Academic Administration Audit(AAA)
- Planning for EXTC and MMS Ph.D. Centre
- Planning for academic autonomy implementation
- Filling of AQAR 2021-22
- Training Program for Faculty members
- E-Resource Development
- Lab/Hands-on Learning
- Outcome Based Policy
- New Performance Indicators
- Restructuring Clusters
- New Policy Changes in R & D, Training, Higher education, etc
- Webinar Series
- Structured Committee Activities
- Institute level –Radio Studio
- International Conference Year 2023-24

Internal Quality Assurance Cell

The IQAC meeting was conducted on 7th July 15th November 2021 and 28th June 2022 in online mode on MS Teams. Prof. Varsha Bhosale, Vice Principal chaired the meeting.

Points discussed:

- Major institute quality initiatives and administrative reforms for A.Y. 2020-21 and Action plan for the A.Y. 2021-22
- Academic Initiatives
- IQAC Initiatives by Dr. Sangeeta Joshi
- Stakeholders' Feedback Analysis and Action Plan by all the departments
- Student Satisfaction Survey Analysis and Action Plan by all the departments
- Activities proposed by Departments under different IQAC Initiatives

Strategic Plan 2020-2025

Vision

To be a globally recognised institute where learners are nurtured in a scholarly environment to evolve into competent professionals and researchers to benefit society.

Mission

- Evolve a curriculum which emphasises on **strong fundamentals** with the flexibility to choose advanced courses of interest and gain exposure to tools and techniques in contemporary subjects.
- Encourage a **teaching-learning process** in which highly competent faculty share a **symbiotic association** with institutes of repute.
- Facilitate creation and dissemination of knowledge through a **digitally enabled** learning environment.
- Develop **academic and infrastructural facilities** with modern equipment and other learning resources and encourage reciprocal sharing with other institutes through networking.
- Establish a Centre of Excellence to enhance **academia-industry partnership** and work on collaborative projects.

Values

Vidyalankar believes that character-building is an essential step towards nation-building. Nurturing young minds is a vital responsibility. Vidyalankar Values are the set of ideas which guide the attitudes and behaviour of the members of the Vidyalankar family. The Vidyalankar Value system indeed serves as a beacon to guide students. Educating students on ethics, to differentiate between right and wrong and motivating them to choose the right path is imperative. The following values are interspersed in all aspects of the teaching-learning process:

Honesty:

Being true to oneself and others; being trustworthy and straightforward in all our professional and personal dealings. To walk on the path of honesty and fairness, irrespective of the consequences that may ensue.

Integrity:

Unwaveringly adhering to moral and ethical principles and upholding righteous behaviour. Developing strength of character, which is absolutely incorruptible at any point in the teaching-learning process and in one's academic and professional life.

Excellence:

Setting high standards and quality benchmarks for oneself and endeavoring to reach them. Doing the very best one can in every task that one accomplishes. Aiming for personal, academic and professional excellence and never compromising with mediocrity.

Responsibility:

Being aware of and shouldering one's responsibilities towards self, institute, home and society. Acquire the inner belief to fulfil one's responsibilities to the best of one's abilities. Being accountable for one's actions; practicing what one preaches and leading by example.

Commitment:

Complete dedication and thorough engagement towards work. Inculcating loyalty and developing a sense of ownership. To be sincere in approach, adhere to deadlines and have a result-oriented approach.

Salubrious Attitude:

Nurturing and promoting a feeling of well-being and a healthy and wholesome academic and professional environment. An attitude that is favourable to develop a healthy body, mind and character.

Strengths, Weaknesses, Opportunities and Challenges

Internal Factors	Strengths (Build, Enhance)	<ul style="list-style-type: none"> • Effective leadership of the members of the trust with passion towards working for excellence in education • Conducive environment and state of Art Infrastructure • Learner centric & ICT enabled Teaching–Learning process, to meet the needs of the millennial • Focus on synergy between teaching and holistic development of the students
	Weakness (Eliminate)	<ul style="list-style-type: none"> • International engagement in terms of student and faculty exchange programs • Less percentage of faculty involved in research and consultancy activities • Faculty exposure / internships on real time industry projects/ products

External Factors	Opportunities (Exploit, Expand)	<ul style="list-style-type: none"> • Academic Autonomy • International collaborations • Expansion of need based Educational and Research programs • Enhancing contributions to green initiatives for sustainable development of society
	Challenges (Overcome)	<ul style="list-style-type: none"> • Changing Admission scenario in Engineering and Technology due to wide availability of other professional programmes • Availability of competent Ph.D. faculty • Rapid changes in all the disciplines and correspondingly changing expectations from industry and society

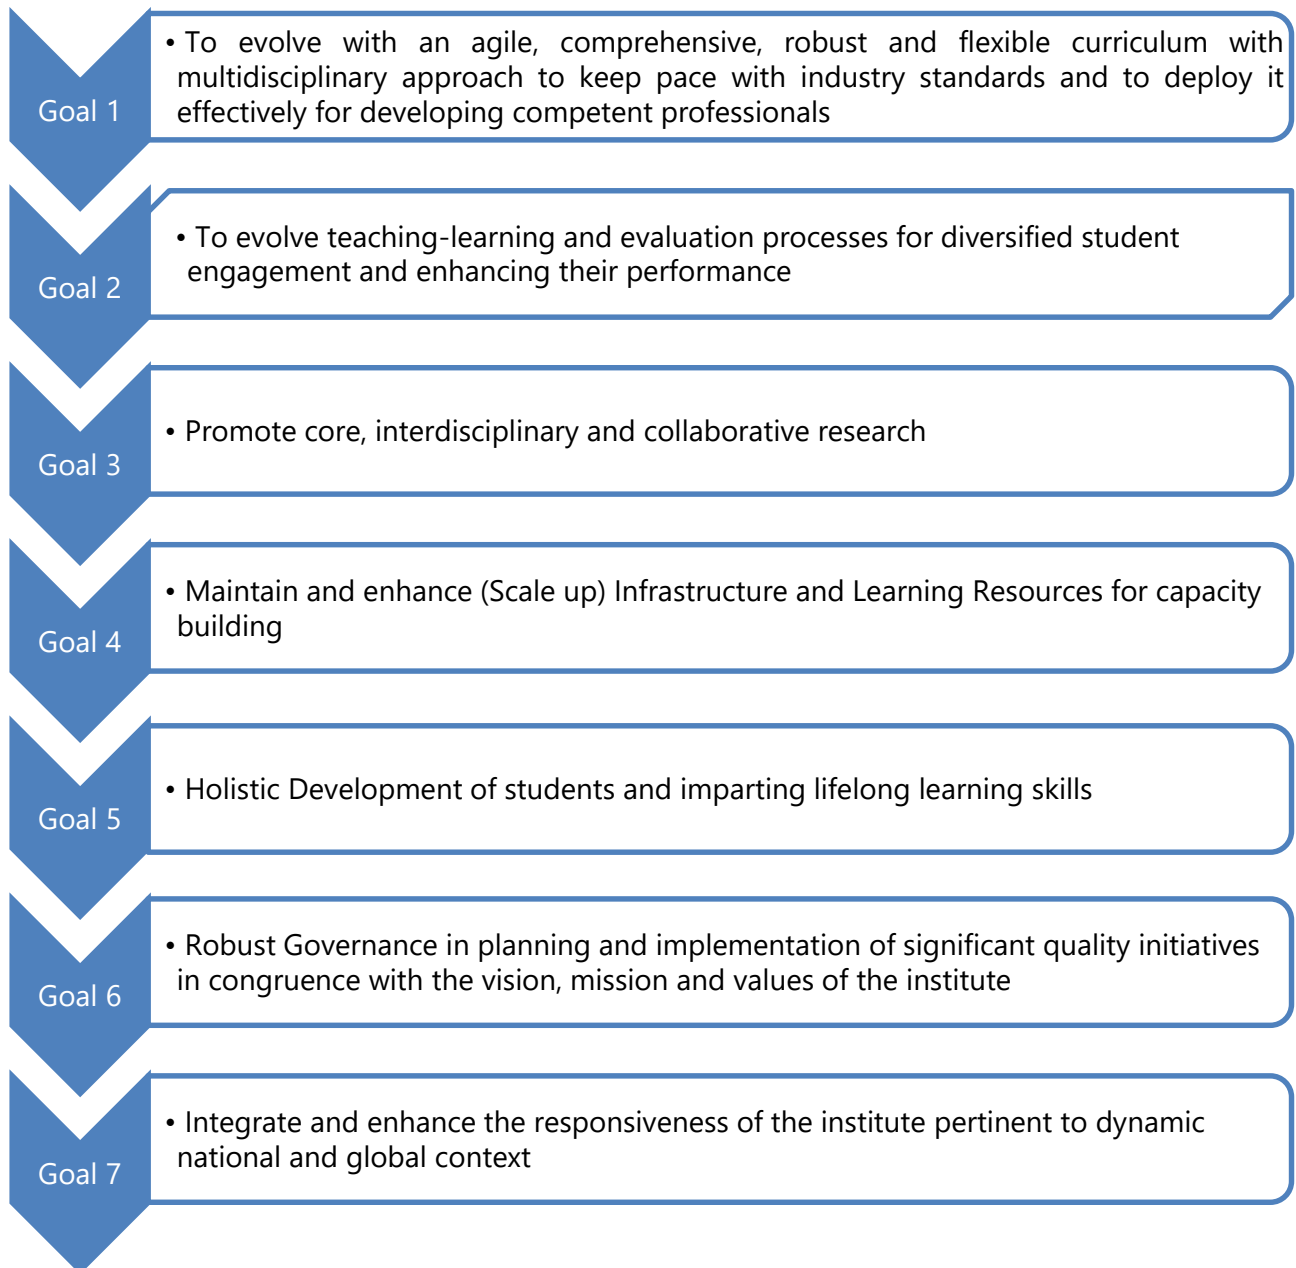

Preamble

The world is undergoing rapid changes in the knowledge landscape. The global education development agenda reflected in the Goal 4 (SDG4) of the 2030 Agenda for Sustainable Development, adopted by India in 2015 - seeks to “ensure inclusive and equitable quality education and promote lifelong learning opportunities for all” by 2030. With various scientific and technological advances such as the rise of big data, machine learning, and artificial intelligence will lead the many unskilled jobs to be taken over by machines. However, the need for a skilled workforce, particularly involving mathematics, computer science, and data science, in conjunction with multidisciplinary abilities across the sciences, social sciences, and humanities, will be increasingly in greater demand.

Higher education institutes are entrusted with the responsibility to strengthen the workforce which is equipped with a high order of scientific and technological capabilities, robust humanist and philosophical thought and creativity. Thus, every educational institute should have a strategic plan which spells out what it expects to realise in the long run, and continuously strive towards implementing the same. The planning must be constant and persistent, yet adaptive and responsive to rapidly changing conditions.

Government of India has launched its National Education Policy (NEP) 2020 in July 2020. As of now, our college is an affiliated college of the University of Mumbai. In coming years (from 2020-2025) we may expect the autonomy status under the mentorship of University of Mumbai than a full-fledged university status. So, Considering the NEP 2020 as a reference point along with our current affiliation with the University of Mumbai, we would like to set following goals and objectives.

Strategic Goals

Goal 1: To evolve with an agile, comprehensive, robust, and flexible curriculum with multidisciplinary approach to keep pace with industry standards and to deploy it effectively for developing competent professionals.

- 1.1. To design and develop need-based curriculum (CBCS) relevant to the local, regional, national and global development and to initiate major curricular revision with identification of new courses based on special local needs and regional challenges.
- 1.2. To enhance skill-based courses to satisfy stakeholders' feedback e.g., value added/add-on (transferable and life skills) /bridge courses, faculty skill development.
- 1.3. To enhance experiential learning e.g., internships, live projects, research projects, field projects, collaborative projects, sponsored projects, industrial visits.
- 1.4. To strengthen Industry-Institute Linkages for curriculum enrichment.

Goal 2: To evolve teaching-learning and evaluation processes for diversified student engagement and enhancing their performance.

- 2.1.** To strengthen Teaching Learning processes to satisfy needs of learner
- 2.2.** To develop exhaustive learning resources and deploy it effectively to enrich teaching-learning and hence students' performance
- 2.3.** To enhance competence, skills and abilities of students through innovative and transparent evaluation processes
- 2.4.** To understand the student satisfaction for providing development-inducing feedback

Goal 3: Promote core, interdisciplinary and collaborative research

- 3.1.** To strengthen research culture
- 3.2.** To enhance collaborative research with industry, academic and research institutions
- 3.3.** To create an ecosystem for entrepreneurship and incubation
- 3.4.** To enhance quality of research leading to publications in high impact journals and grant of Patent / Copyrights
- 3.5.** To encourage projects for societal benefits/ extension activities, consultancy, participation in competitions/events at national and international level

Goal 6: Robust Governance in planning and implementation of significant quality initiatives in congruence with the Vision, Mission and Values of the institute

- 6.1 To strengthen the participative management practices for coordinating academic and administrative planning and implementation effectively
- 6.2 To set and achieve strategic priorities by judicious evaluation of goals and measurable targets
- 6.3 To nurture the professional competence of the human resource in the institute
- 6.4 To ensure the optimum utilisation of financial resources
- 6.5 To sustain and improve the function of IQAC in the institute

FE Orientation Program

The Department of First Year Engineering had organized an Orientation Programme titled “KSHITIJ”, on 21 and 22 August 2023 for the batch of new entrants of the AY 2023-24. The main objective of this programme was to make the new students feel comfortable in the new environment, inculcate in them the ethos and culture of the institution, to help them build bonds with other students and faculty members, and expose them to a sense of larger purpose and self-exploration. It was also an opportunity for the college to meet the newest members of the community.

This program comprised of various sessions to acclimatize new entrants to their new roles and environment. It enabled our First Year students to learn about various institutional policies, processes, practices, culture and values.

Some snapshots of this program –

Academic Initiatives

- Additional Lectures planned and conducted in this semester in three phases week0, week 1, only lectures for difficult subjects, week2 onwards
- **Mission 100-** Additional lectures during regular lecture practical course of study for FE and DSY for special subjects like Mathematics,
- **Tests/Preliminary Exam:** Additional tests Preliminary exams for FE and DSY students.
- **Remedial lecture** –Additional lectures/Tutorial sessions for Students having drop and KT
- **Best Workshop Practices-**Development of various kits related to branch of study of the students in Workshop.
- **V! Tutorial** – A software-based application designed by our faculty with inputs from mathematics staff is used for generating tutorial Question randomly.
- Encouragement to students to participate in various competitions
- Lecture Capture Initiative & Usage of Digital Contents
- **Mini- Projects, Guest Lectures, Seminars, Workshops & Industrial Visits**
- **Internships at Industry & at VIT**
- **Online Course as part of Assignment in one subject for Third year students (MOOCS, COURSERA, UDACITY etc.)**

Staffing Pattern

Staffing Pattern with respect to work load, filled and vacant posts, creation of posts teaching and non-teaching with desired qualifications/Specialization for the academic year 2021-22 was completed & the current status is as given below.

- Interviews are conducted by duly constituted committee at institute level for appointment of teaching and non-teaching staff at various positions for the A.Y. 2021-22.
- Appointments done for 2021-22 till date:

Faculty count as per designation:

Designation	Count
Professor	16

Associate Professor	14
Assistant Professor	101

Non-Teaching:

Sr. No.	Designation	Count
1	Non-Teaching(Head Positions)	4
2	Laboratory	18
3	Administration	29
4	Accounts	3
5	Library	2
6	Support(Internal)*	12
7	Sports	1

Workshops & STTPs

Attended & Conducted by Faculties:

ODD SEM:

Department of Information Technology: Total Activities: 03

Dr. Vidya Chitre

- Participated & successfully completing the 2-days workshop duration 5-6 November 2022.

Prof. Deepali Shrikhande

- Participated & successfully completing Online FDP on 'Advancements of Cyber Security' during 22/08/2022 to 26/12/2022 organized by the department of CSE.

Prof. Santosh Tamboli

- Participated & successful completion of One Week Faculty Development Program on "Amazon Web Services (AWS)" during the period of 22 – 27 August 2022 Organized by Department of Electrical, Electronics and Communication Engineering, School of Technology, GITAM (Deemed to be University), Hyderabad in collaboration with BrainOVision Solutions India Pvt. Ltd & All India Council for Technical Education (AICTE).

Department of Computer Engineering: Total Activities: 04

Prof. Sneha Annapanvar

- Successfully completed ISTE Approved six days short term Training Program on "Technology for Entrepreneurship" organized by D. Y. Patil University.

Prof. Suja Jayachandran

- Visit to the AWS Initiate India Event in Taj Lands' End, Mumbai. Agenda of the event was Empowering Organizations to build India of Tomorrow.

Prof. Divya Surve

- Visit to the AWS Initiate India Event in Taj Lands' End, Mumbai. Agenda of the event was Empowering Organizations to build India of Tomorrow

Prof. Swapnil Sonawane

- Certificate of Participation in ICWTNS'22, Presented paper on investigating the pervasiveness of existing FinTech sector of India, jointly organized by AL-BALQA Applied University Jordan on 6-7 October 2022

Department of Electronics and Computer Science: Total Activities: 24

Dr. Arun Chavan

- Has voluntarily contributed as a reviewer of papers for IEEE International Conference on Interdisciplinary Approaches in Technology and Management for Social Innovation (IATMSI-2022), organized by IEEE MP Section and ABV-IIITM Gwalior, India on 21-23 December 2022.
- Has successfully attended Webinar on Data Privacy - A Humanistic Perspective on 10 September 2022, organized by BVICAM, New Delhi.
- Has participated in an online GURU-DAKSHTA: Faculty Induction Programme from 12 May, 2022 - 29 July, 2022 conducted by Vidyalankar Institute of Technology, Mumbai

Dr. Sangeeta Joshi

- Received "Best Teacher Award" from University of Mumbai for urban area for the Academic Year 2019-20. The ceremony was conducted on 5 th September 2022.
- Invited as a peer team expert for Mock NAAC at D.Y. Patil Universities of school Engineering on 23rd September 2022.
- Invited as a resource person for academic and administration audit at Shree L R Tiwari College of Engineering on 22nd August 2022
- Invited as External Academic & Administrative Auditor for conducting the audit of Vidya Prasarak Mandal"'s Maharshi Parshuram College of Engineering at Velneshwar in the month of October 2022.

Dr. Girish Gidaye

- Received Appreciation Award for his contribution as session chair in IEEE TENSYP2022 at IIT Bombay on July 2-3, 2022.

Prof. Pravin Annadate

- Has participated in an online GURU-DAKSHTA: Faculty Induction Programme from 12th May 2022 – 29th July 2022 conducted by Vidyalkar Institute of Technology, Mumbai.

Dr. Nayana Mahajan

- A reviewer for the 2022 3rd International Symposium on Automation, Information and Computing (ISAIC 2022) organized by Beijing Jiaotong University and will be held online during December 9-11, 2022.
- The Paper titled V Digi-board has been published in Gradiva Review Journal Volume 8, Issue 10, October 22.
- The Paper titled Smart Hand Disinfectant has been published in Gradiva Review Journal Volume 8, Issue 10, October 22.
- The Paper titled Light Based Data Transmission has been published in Gradiva Review Journal Volume 8, Issue 10, October 22
- Flackbox COURSE COMPLETED A Practical Introduction to Cloud Computing Date: 2022-10-29
- This is to Certify that Dr. Nayana Mahajan of Vidyalkar Institute of Technology, Wadala has guided a Research Project titled AGRIDRONE which was presented by Mr. Bhadoria Gaurav in Engineering and Technology Category and UG Level at 17th Aavishkar: Inter-Collegiate/Institute/Department Research Convention (Zonal Round) organized by the University of Mumbai at Shah and Anchor Kutchhi Engineering College, Chembur, Mumbai on 23rd December 2022 for Engineering Colleges/Institutes zone.
- Has participated in an online GURU-DAKSHTA: Faculty Induction Programme from 12th May 2022 – 29th July 2022 conducted by Vidyalkar Institute of Technology, Mumbai

Prof. Uma Jaishankar

- Has participated in an online GURU-DAKSHTA: Faculty Induction Programme from 12th May 2022 – 29th July 2022 conducted by Vidyalkar Institute of Technology, Mumbai

Prof. Pranita Padhye

- Has participated in an online GURU-DAKSHTA: Faculty Induction Programme from 12th May 2022 – 29th July 2022 conducted by Vidyalankar Institute of Technology, Mumbai

Prof. Javed Patel

- Has participated in an online GURU-DAKSHTA: Faculty Induction Programme from 12th May 2022 – 29th July 2022 conducted by Vidyalankar Institute of Technology, Mumbai.

Prof. Amaya Pethe

- Successfully completed the Value-Added Activity (VAA) Program in PCB Designing with CAD Tools Course Code: VAA-2201 Organized at the Institute Between 23 May 2022 and 7 June 2022
- Successfully completed the Value-Added Activity (VAA) Program in “Application Based Circuit Design” Course Code: VAA-2202 Organized at the Institute Between 22-24 June, 2022

Prof. Manoj Suryawanshi

- Has participated in an online GURU-DAKSHTA: Faculty Induction Programme from 12th May 2022 – 29th July 2022 conducted by Vidyalankar Institute of Technology, Mumbai.

Prof. Akhil Masurkar

- Speaker for Career Development Program organized by IEEE Bombay Section young Professionals in collaboration with IEEE SAKEC and Training Placement Cell SAKEC conducted on 30th September 2022

Prof. Rajashree Soman

- Has participated in an online GURU-DAKSHTA: Faculty Induction Programme from 12th May 2022 – 29th July 2022 conducted by Vidyalankar Institute of Technology, Mumbai

Prof. Nisy Mathew

- has successfully completed the two-day online faculty development programme on ‘Quantum Computing’ organized by the Electronics & Computer Science Department on 18-19 November 2022.
- Has participated in an online GURU-DAKSHTA: Faculty Induction Programme from 12th May 2022 – 29th July 2022 conducted by Vidyalankar Institute of Technology, Mumbai

Prof. Akshatha Bhat

- Has participated in an online GURU-DAKSHTA: Faculty Induction Programme from 12th May 2022 – 29th July 2022 conducted by Vidyalankar Institute of Technology, Mumbai
- Successfully completed the Value-Added Activity (VAA) Program in PCB Designing with CAD Tools Course Code: VAA-2201 Organized at the Institute Between 23 May 2022 and 7 June 2022

Department of Electronics and Telecommunication Engineering: Total Activities :01

- Prof. Vaibhav Kshirsagar successfully completed his internship in Industrial Engineering Quality Control and Statistical Process Analysis at 'Moraya Packaging Private Limited, Navalakh Umbre MIDC Talegaon, Pune from 15th June 2022 to 20th June 2022. He worked on case studies of Variance estimation and analysis of GSM and BF properties of paper for raw material inspection and procurement operations, analysis of paper RCT and process control and factor screening solution for load bearing capacity of Boxes. These case studies were aimed at the determination of overall quality of the end products of our industry.

Department of Biomedical Engineering: Total Activities :03

Prof. Geetha Narayanan

- Has been speaker for seminar on "Designing of Virtual Lab" at KJSIT on 23rd September 2022.
- Attended the one-day workshop on Aavishkar Research Convention on 24th August 2022.
- Attended workshop on Internet of Things by TIH Foundation for IoT and IoE at IIT Bombay during December 19-23, 2022.

Prof. Priyanka Shrivastava

Attended workshop on "Emerging Trends in AI and Data Science Applications" in December 12-16, 2022

Prof. Suvarna Udgire

- Attended workshop on Internet of Things by TIH Foundation for IoT and IoE at IIT Bombay during December 19-23, 2022.

Master of Management Studies: Total Activities :03

- Vaibhavi Oak- Participated in Session by AIMS on Future of Work – 7th December 2022.
- Ameya Patekar received CFA Charter on 2nd Dec 2022 & Completed NISM Certification on Equity Derivatives (Score- 96.6 /100)

- Smita Mukherjee - Attended workshop on Experimental Method by Prof. Biswajita Parida from IIT Delhi organized by SkillEdge (an IIM A faculty venture) from 25th to 27th July 2022

EVEN SEM:

Department of Information Technology: (15)

Dr. Vidya Chitre

- The role of Session Chair in the 1st International Conference on Recent Trends in Multidisciplinary Research and Innovation ICRMIR -23 organized by Lokmanya Tilak College of Engineering on March 17, 2023.
- Doctor of Philosophy Program in S K Somaiya College, Somaiya Vidyavihar University held on 21st April 2023.
- successfully completed Machine Learning Introduction for Everyone an online non-credit course authorized by IBM Skills Network and offered through Coursera on 12/01/2023.
- Judge in event IDEATHON on 13 March 2023 organized as a part of IMPULSE 2023, valuable inputs were comprehensive and benefit students.
- Contribution to the event KAVACH – 2023, encourages the students to improve their project model.

Dr. Vipul Dalal

- Judge for "Formation of Research Advisory Committee (RAC) for Ph.D. Newly Admitted Students of 2022-23 Batch session conducted on 11th June 2023.

Dr. Dilip Motwani

- successfully organized Faculty Orientation Program as a FOP Co-Ordinator for Reinforcement Learning (ITDO801) for, BE SEM VIII, Information Technology Program under (R19 /IT/C Scheme/ ITDO801 /SEM VIII) held on 17th Jan 2023.
- Judge for BE projects of Computer Engineering and Information Technology during 15 April 2023 held at Pillai College of Engineering.
- successfully presented the paper entitled Decentralized Evidence Storage System using Blockchain and IPFS organized by Gnanamani College Technology, Namakkal, India held on 22nd & 23rd, May 2023.

Prof. Vinita Bhandiwad

- Successfully completed the Digital Forensics and Cyber Crime Investigation on 22 February 2023.
- Design and Implementation of the Virtual Trading Simulator: International Journal of Innovative Research in Computer and Communication Engineering March 2023.
- publish paper on International Journal of Innovative Research in Computer and Communication Engineering April 2023.
- Trends in Multidisciplinary Research and Innovation March 2023.

Prof. Kanchan Dhuri

- Awarded the certificate for publishing a paper entitled Automation of Employee Onboarding Process in IJIRCCE, journal Volume 11, Issue 4th April 2023.

Prof. Ajitkumar Khachane

- Published a paper entitled Quick Learn in IJIRCCE, Volume 11, Issue 4, April 2023.

Department of Computer Engineering :(05)

Dr. Mandar Sohani

- Successfully completed PhD.

Dr. Ravindra Sangle

- Successfully completed PhD.

Prof. Swapnil Sonawane

- Successfully completed course on Developing with Blockchain by Infosys.
- Successfully completed course on Fintech: Foundations & Applications of Financial Technology by Coursera.
- Successfully completed course on Python for Data Science by Infosys.

Department of Electronics Engineering: (24)

Dr. Arun Chavan

- Has successfully attended Webinar on Robotics Process Automation on 21 January, 2023, organized by BVICAM, New Delhi.

- Has successfully attended Webinar on Changing Role of HR Heads for Gen Z and Millennials on 11 February 2023, organized by BVICAM, New Delhi.
- Has successfully attended Webinar on Cloud Computing: Digital Transformation on 25 February 2023, organized by BVICAM, New Delhi.
- Has successfully attended Webinar on Business Etiquettes – the Ever-Evolving Need on 04 March 2023, organized by BVICAM, New Delhi.
- Has successfully attended Webinar on IT Disaster Recovery – Breaking Myths for Resilience on 11 March 2023, organized by BVICAM, New Delhi.
- Has successfully attended Webinar on Citations and Reference Management through Mendeley on 25 March 2023, organized by BVICAM, New Delhi.
- Has successfully attended Webinar on Start-ups: How to Make it Resilient? on 08 April 2023, organized by BVICAM, New Delhi.
- Has successfully attended Webinar on Chaos Engineering on 15 April 2023, organized by BVICAM, New Delhi.
- Has successfully attended Webinar on Metaverse: A New Frontier of Digital Interaction on 29 April 2023, organized by BVICAM, New Delhi.
- Has successfully attended Webinar on Manage Stress & Be Resilient on 06 May 2023, organized by BVICAM, New Delhi.
- Has successfully attended Webinar on Generative AI on 20 May 2023, organized by BVICAM, New Delhi.

Dr. Pravin Annadate

- To legalise and affirm the validity of the attached equivalency degree awarded by California University FCE on March 6, 2023. The U.S. equivalency degree of Doctor of Philosophy (PhD) Document No: CUC404-03-0723 Major in Electronics & Communication Engineering (Signal System & Applications) is awarded.

Dr. Nayana Mahajan

- Has actively participate in Five Day Online International Faculty Development Program on "Recent Advancements in Manufacturing Technologies: Industrial Approach" organized by the department of Mechanical Engineering, TSSM's Padmabhooshan Vasantdada Patil Institute of Technology, Pune on 13th to 17th March 2023.

Prof. Uma Jaishankar

- Has successfully completed Master MATLAB through Guided Problem Solving Udemy.
- Has successfully completed Microsoft, SAP & AICTE ATAL led Faculty Development Program on "Artificial Intelligence" under TechSaksham Program from 16th to 20th January 2023.

Prof. Pranita Padhye

- Has successfully completed Computer Networking – Wired and Wireless Networks and Protocols.
- Has Score 100/100 on Cloud Quiz – 8KMiles.
- Participated 5 Days Online Faculty Development Program on Data Science with Python organized by Shridevi Institute of Engineering and Technology in Collaboration with ExcelR. Date: 30th Jan 2023 to 3rd Feb 2023

Prof. Amaya Pethe

- Has successfully completed the course Digital System Design with a consolidated score of 69%.

Dr. Sheetal Patil

- Has participated in an online GURU-DAKSHTA: Faculty Induction Programme from 1 November 2022 - 31 March, 2023 conducted by Vidyalankar Institute of Technology, Mumbai.
- has successfully participated in IP Awareness/Training program under National Intellectual Property Awareness Mission on February 2023.

Prof. Nisy Mathew

- Has actively participate in Five Day Online International Faculty Development Program on “Recent Advancements in Manufacturing Technologies: Industrial Approach” organized by the department of Mechanical Engineering, TSSM’s Padmabhooshan Vasantdada Patil Institute of Technology, Pune on 13th to 17th March 2023.

Prof. Rakshak Sood

- Has participated in an online GURU-DAKSHTA: Faculty Induction Program from 1 November 2022 - 31 March, 2023 conducted by Vidyalankar Institute of Technology, Mumbai.

Prof. Anuradha Joshi

- Has participated in an online GURU-DAKSHTA: Faculty Induction Programme from 1 November 2022 - 31 March, 2023 conducted by Vidyalankar Institute of Technology, Mumbai.

Department of Electronics & Telecommunication: (12)

Vaibhav Kshirsagar:

- initiates Centre of Excellence in Data Analytics with an objective to develop interest and give hands on experience in the domain of data analytics.

Dr. Varsha Turkar and Prof. Pratik Mhatre

Established Satellite club with following objectives:

- To set up a ground station to acquire and process data from the existing satellites.
- To develop our own Satellite.
- Capacity building in the field of antenna design, machine learning and satellite design

Dr. Varsha Turkar and Prof. Vibha Wali

Established Centre of Excellence in Advanced Remote Sensing and Earth Observation with following Objectives:

- Capacity Building in Various Domains.
- Remote sensing and GIS.
- Image processing.
- Machine Learning.
- Data Science
- Databases
- Mobile Application Development

Prof Pratik Mhatre

- Filed Design Patent on 'Flight controller for drones' and 'CAN Satellite'.
- Selected as chairperson for IEEE Young professional's Bombay section.
- Formed AESS IEEE Chapter in VIT.

Dr. Dhananjay Patel

Under his leadership VIT has bagged 4 research projects from 16 TIH-IOT IITB Chanakya Fellowship Program. Funds: 24 Lakhs Duration: 10 MonthsProjects:

- Smart Ploughing Device
- Voice Controlled Robot
- Trichoscopy and Trichogram Analysis

- Design and Fabrication of Onion Harvester

Dr. Sheetal Mapare

- initiates to build Sensor Technology lab in collaboration with MacQuarie University Australia to develop sensors for various applications and Industry 4.0 Lab with an objective for capacity building in Upcoming technologies.

Dr. Saurabh Mehta and Prof. Pratik Mhatre

- establish IEEE – VIT AESS Chapter on 27th Jan 2023 with an objective to develop RC Planes, Chuck Gliders, and other free flight Models.

Dr. Varsha Turkar, Dr. Sheetal Mapare and Dr. Amey Nyayadish

Establish community radio club with following objectives:

- To provide information, education, and entertainment
- To motivate students to participate in the national endeavor for integrated development of the country.

Biomedical Engineering: (04)

Prof. Geetha Narayanan

- Appointed as Interviewer Evaluator for Homi Bhabha Bal Vaidnyanik Competition.
- conducted a workshop on FPGA-VHDL for ISTE chapter VIT.

Prof. Komal Lawand

- completed a course on “Python for Beginners” by skill up, simple learn.

Master of Management Studies :(17)

Dr. Amit Oak

- Conducted corporate training for ONGC
- Cleared the UHV 5 days training organized by AICTE
- Paper setter at the university of Mumbai for Integrated Marketing Communication & Management Control Systems

- Successfully completed AIMA BizLab Trainer course.
- Conducted a Guest Lecture on Project Finance at NICMAR

Prof. Manoj Karnik

- Completed and cleared 5-day UHV1 training organized by AICTE.
- Successfully completed AIMA BizLab Trainer course.
- Mahalaxmi Saras Exhibition cum Sales – 2023 – held by Govt. Of Maharashtra – Rural Development & Panchayat Raj Dept.: Guided VIT – Dept. Of Management Studies students' team – as Faculty InCharge – Management Consultancy held between 8th March 2023 to 20th March 2023

Dr. Trupti Naik

- External Examiner for the subject of Personal Finance for D.J. Sanghavi College of Engineering, Mumbai (Autonomous Institute)
- Moderator for the subject of Financial Management for D.J. Sanghavi College of Engineering, Mumbai (Autonomous Institute)
- External Examiner for Summer Internship Project Viva for Lala Lajpatrai Institute of Management, Mumbai
- Successfully Completed AIMA BizLab Simulation "Train the Trainer" Training Program on 12th April 2023 and 13th April 2023

Ms. Smita Mukherjee

- Successfully Completed AIMA BizLab Simulation "Train the Trainer" Training Program on 12th April 2023 and 13th April 2023

Prof. Jay Bhatt

- Moderator for Entrepreneurship Management for D.J.Sanghvi College of Engineering, Mumbai
- Successfully completed AIMA Bizlab training
- Health Sciences seminar by BMA- was Faculty –in charge

Dr. Varsha Maheshwari

- Successfully Completed AIMA BizLab Simulation "Train the Trainer" Training Program on 12th April 2023 and 13th April 2023.

Guest Lectures

Guest Speakers Invited to Various Departments at VIT in 2022-23

There are many developments and new concepts coming up in the technical field. To make the students aware of what is going on in market, what role will and should they play in the industry, all the departments of VIT invite guest speakers from other institutes and companies. Following is the list of all the guest lectures conducted in various departments at VIT campus:

ODD SEM:

Information Technology: 03

- Guest Lecture On ""Career Opportunities in Deep Learning by Mr. Saumaan Momin [Tomtom, Apple Consultancy], on 30th September 2022.
- Guest Lecture On "Introduction to IOT and AIML by Ammar Fitwalla [Software Engineer, TCS], on 30th September 2022.
- Guest Lecture On" Industry trends and Project in Web Application | Career Opportunities in Deep Learning | by Mr. Pruthil Suryawanshi on 30th September 2022.

Computer Engineering: 04

- Guest Lecture for Semester IV on NP Problems by Mr. Rugved V Deolekar, Learning & Development Manager, TSS Consultancy PVT LTD on 25th April 2022.
- Guest Lecture for Semester III "Relevance of AR/VR and Computer Graphics in today's scenario" by Mr. Vivek Surve, on 1st November 2022.
- Guest Lecture for Semester V "Next Generation of Networks: 5G" by Dr. Arvind Narayanan from Senior Inventive-Scientist Senior Inventive-Scientist, AT&T Labs, Inc. on 3rd November 2022.
- 2-Days Workshop on Hands-on IoT Applied Learning in association with Grok Learning Pvt. Ltd. By Mr. Nitin Komawar Director of Grok Learning Pvt. Ltd, on 9-10 June 2022.

Electronics and Computer Science: 06

- Guest lecture on "Importance of Digital Logic Design in Industries" for the subject Digital Logic Circuits for semester III by Alhad Kulkarni, L&T on 21st September 2022.
- Guest lecture on "Role of Electronic Engineer in Industrial Automation field" for the subject Linear Integrated Circuits for semester V, by Siddhesh Mukane, vanderlande industries private limited on 18th October 2022.
- Guest lecture on "Cloud Computing and Advanced Networking" for the subject of ANT for the Semester VII by Mr. Jignesh Chheda 3rd October' 2022.
- Guest lecture on "Internet of Things and Applications" for the subject of IoT for the Semester VII by Mr. Anjum Mujawar 11th October 2022.
- Guest lecture on "Instrument Calibration" for the subject of EIM for the Semester VII by Mr. Vivek Koshti 15th October 2022.
- Guest lecture on "Role of Control in Medical field" for the subject of PCS for the Semester V by Mrs. Reshmi Mukherjee 28th October 2022.

Electronics & Telecommunication Engineering: 01

- Guest lecture on "ROAD MAP TO VLSI INDUSTRY" by Mr. Mihir Joshi. (Front end design Engineer at Qualcomm USA & Ms. Aditi Purohit (Physical design Engineer at Qualcomm USA) on 17th November 2022

Biomedical Engineering: 08

- Guest lecture on "CPR" lecture by Mr. Pandurang Tekawade (Respiratory Therapist, Hinduja Hospital) on 17th September 2022.
- Guest lecture on "Deep Learning for Machine Vision" lecture by Mr. Tushar Mhaske (University of Freiburg, Germany) on 24th September 2022.
- Guest lecture on "Recent Developments in Digital Design and VLSI" lecture by Mr. Sanket Jitta (Senior Design Verification Engineer, Bengaluru) on 24th September 2022.
- Guest lecture on "Blood" lecture by Dr. Tejaswini Sonawane (KEM Hospital) on 27th September 2022.
- Guest lecture on "Corporate Etiquettes" lecture by Mr. Abhay Valsangkar (Founder, The Arizon) on 3rd October 2022.
- Guest lecture on "Introduction to IOT and AIML" lecture by Mr. Ammar Fitwalla (Software Engineer, TCS) on 12th October 2022.

- Guest lecture on “Biosensor” lecture by Mr. Mangesh Mhatre (Nodal Officer, AIIPMR) on 13th October 2022.
- Guest lecture on “Smart Biomaterials in Tissue Engineering” lecture by Dr. Sanika Pathaki (University of Arizon) on 19th October 2022.

Master of Management Studies: 14

- Guest lecture on “What they don’t Teach you in B Schools” by Mr. Sandeep Divekar, CFO Astarc Group on 6th August 2022.
- Guest lecture on “Meditation and Resilience” by Dr. Rajendra Barve, Consultant Psychiatrist on 22nd August 2022.
- Guest lecture on “Printing: Yesterday, Today & Tomorrow” by Mr. Arun Naik on 25th August 2022.
- Guest lecture on “Are you job ready?” by Dr. Jyotsna Munshi on 29th August 2022.
- Guest lecture on “E-com product merchandising” by Mr. Chintan Shah Assistant Manager Merchandising, Pharmeasy on 10th September 2022.
- Guest lecture on “Financial Modelling” by Mr. Abhishek Saleja, Forevision on 12th September 2022.
- Guest lecture on “Entrepreneurship” by Dr. Prasad on 15th September 2022.
- Guest lecture on “AGM on Planning & Marketing, Careers in Banking” by Mr. Madhusudan Rampurkar, Abhyudaya Bank on 17th September 2022.
- Guest lecture on “Consumer Insights Specialist on Business Research” by Dr. Sameer Siyal, Reliance Retail on 23rd September 2022.
- Guest lecture on “Pricing of Stock for Investment Decision” by Mr. Chirag Vaya, DVP RBL Bank 24th September 2022.
- Guest lecture on “Legal Protection of Business Risk” by Mr. Basil Almeida 26th September 2022.
- Guest lecture on “Financial Planning” by Dr. Vijaya Aiyar, Director State Bank of India Training and Development Institute on 1st October 2022.
- Guest lecture on CAMELs Framework by Dr. Vijaya Aiyar, Director State Bank of India Training and Development Institute on 1st October 2022.
- Guest lecture on “Finding Success Within” by Mr. Vivek Atray (Ex-IAS) on 13th December 2022.

EVEN SEM:

Information Technology: 08

- Guest Lecture On “Exploring the potential of 5G: Opportunities and challenges” by Mr. Ashish Shekhar [Trainer, Reliance Jio], on 15th April 2023.
- Guest Lecture On “Time Series Analysis by Ms. Neeha Khalfay, on 15th April 2023.
- Guest Lecture On” 8086 Microprocessor” by Mr. Balkrishna Wagle, Consultant Engineer, Formerly in L&T ITL, on 21st March 2023.
- Guest Lecture On” Amazon Web Services” by Ms. Nahid Kausar Shaikh Manager at Fractal Analytics, on 18th March 2023.
- Guest Lecture On” Python Application in Industry” by Mr. Kushagra Soni, on 25th February 2023.
- Guest Lecture On” Applied Python for Placements and Internship” by Mr. Ketan Patil, on 25th March 2023.
- Guest Lecture On” AI Usefulness for Internship & Placement” by Mr. Mandar Palkar, on 8th April 2023.
- Guest Lecture On” Developing application in Data Science” by Mr. Yuraja Kadari, on 27th April 2023.

Computer Engineering: 03

- Guest Lecture for Semester VI on Simulation of DOS & DDOS attack by Mr. Yash Shah, Sr. Technology Mentor, Swabhav TechLabs on 20th April 2023.
- Guest Lecture for Semester VI & VIII on Applied Data Science by Mustafa Fatakawala Applied Data Scientist TCS on 10th April 2023.
- Guest Lecture on Recent trends in the domain of Cloud Computing by Mr. Jigar Gajjar, Cloud Engineer, AWS, on 15th April 2023.

Electronics and Computer Science: 03

- Guest lecture on “Latest Trends of Networking and Embedded Systems” for the subject of CCN and Embedded System for the Semester VI by Ms. Vaidehee Patil 09th February’ 2023.
- Guest lecture on “VLSI Design Challenges” for the subject of DDRA for the Semester VI by Mr. Amaya Pethe 08th April’ 2023.

“Reflecting on the Role of the Constitution in Shaping India's Future on SamvidhanDiwas.”

The Student Council of Vidyalkar Institute of Technology organized an Online Event “SamvidhanDiwas” on the eve of 26th November 2022 to celebrate the adoption of the Indian Constitution. The event featured a series of presentations by students, who read out the preamble of the Constitution in different languages.

SamvidhanDiwas, also known as Constitution Day, is a national holiday in India that commemorates the adoption of the Indian Constitution on November 26, 1949. This holiday is an opportunity for people to celebrate the values and principles that are outlined in the Constitution and to reflect on the role that it plays in shaping the country's political, social, and cultural landscape. The Constitution of India is a document that outlines the fundamental rights and duties of citizens, the structure and function of government, and the principles that guide the country's political system.

The event began with a quote by DR. B.R. Ambedkar that emphasized the importance of the Constitution and the values it embodies, quoting "Constitution is not a mere lawyer of the document, it is a vehicle of life, and its spirit is always the spirit of the age.". This was followed by the first presentation, in which a student read out the preamble in Hindi, the official language of India.

The event then featured a series of presentations by students who read out that preamble in various Indian languages, including Marathi, Sanskrit, Meitei, Bodo, Malayali, Bengali Maithili, Urdu, Tamil,

Santali, Gujarati, English, Nepali Dogri, and lastly Kannada. These presentations were well received by the audience, who appreciated the diversity of languages represented at the event. Students gave great participation and praised their efforts in celebrating the Constitution and the values it represents. Overall, the online event was a great success and provided an opportunity for students to learn more about the Constitution and its importance in shaping the future of India.

On the account of Teacher’s Day i.e 5th of September at ‘VIDYALANKAR INSTITUTE OF TECHNOLOGY’ an incredible event addressing the teachers who had inspired, guided and created an impact on student’s lives, expressed their feelings and gratitude towards their beloved teachers. The event was hosted by ‘VIT STUDENT COUNCIL’ in which the students from all the branches of engineering actively participated. This event held a series of performances which included Speeches, Songs, Dances, poems portraying the respect and love towards their teachers.

Ambadas sir, Amit Sir and few other professors marked their presence to motivate the students and appreciated them for their talents and hard work. Madhika Rakhangi a student of TE CMPN gave a speech in which she mentioned Dr.Sarvapalli Radhakrishnan, an ideal teacher and a Bharat Ratna recipient and his contribution towards education. While expressing her thoughts she added a quote which said, “A mediocre teacher teaches, a good one demonstrates and a great one inspires. Being a teacher is difficult, after all, “A child is not a vessel to be filled, but a lamp to be lit.” These were the most appropriate words expressed by her.

Aditi Kakade from SE CMPN expressed her respect towards her teacher in ‘MARATHI’ who used to be by her side and guided her in every situation. Scolded her when she was wrong and appreciated her in her success. Hrishika Samani, a student of BE INFT thanked all the professors of VIT for playing

a major role in teaching subjects which she failed to understand and how the professor helped and inculcated her interests towards the subject throughout her engineering journey.

Shalvi Sahoo from SE EXTC and Gaurav Bhadoria from TE ETRX expressed their feelings on account of teacher's day and highlighted the influence of teachers and their struggle towards making their students stand out the best in their future lives.

Another student Sachin Kadam wrote a beautiful poetry in 'MARATHI' in which he mentioned how teachers are like God and the ones who do not get the influence of teachers are poor and helpless.

They pray to God, to give them a guide or how would they live? Sanskruti Jadhavar from SE EXTC presented an exuberant monologue in which she expressed respect and honor towards the teachers.

A simple but attractive dance performance was performed by Avinash Dhiran SE EXTC on the song 'Tuzh mein rab dikhta hai' signifying his love for the teachers and how he thinks teachers are gods.

Another amazing dance performance was given by Sneha Sao from SE EXTC full of enthusiasm and energy showing her gratitude towards the professors. The event

'NAMAN GURUVARYA' came to an end by the hosts thanking the student council and the participants for a wonderful event.

"On the occasion of Hindi Diwas, let us make everyone aware of the important of Hindi in our lives. Happy Hindi Diwas."

The day is observed to promote Hindi as Matra Bhasha of India and to propagate the Hindi language and its cultural heritage and values among people of the country and abroad. National Hindi Diwas known as "Hindi Day" is celebrated on September 14th every year in India. The main event takes place in the national capital where Hindi Samaroh is organized. As per a survey conducted in 2001, more than 422 million people spoke Hindi in our country and the number must have increased manifold by today. People of the nation celebrate the day by organizing literary festivals, Hindi poetry session, Hindi events.

On 14 September 1949, the Hindi language was adopted as the official language of the constituent Assembly of India. It was believed that unification of the country had to be done along with the unit national flavor. In a country that did not have any one language giving it a national identity, Hindi provided itself as the solution for unification. Hindi is a language that has a real job in Indian upheaval; this is the reason we ought to always remember its commitment. Hindi is the language of villages and towns in India. Hindi as a language is the strength of cities and villages and the hope of the country.

Our host for the event was Pallavi Borse, a TE CMPN student. Dishant Kumar from CMPN shared some interesting facts about Hindi Diwas. He talked about how Hindi is the only medium which connects all religions and culture. Hindi is the 3rd most widely spoken language in the world. In the end he shared some of the lines from a famous writer of Hindi named Gopal Singh Nepali.

To make this day interesting one of our students Siddhant Gawai sang a beautiful song. Abhishek Dubey from SE ETRX explained us the importance of Hindi as a language, he told us about how Hindi language originates from Hindu religion and comes from the North of India. It is 2000 years old. He describes that the word "Ram" is given importance in grammar of Hindi language.

Ayushi Limjhe also delivered a short speech on Hindi Diwas. Nandini Gore from TE CMPN shared some of her views on Hindi language. Atharv Deshmukh from SE CMPN played "Lagg Jaa Gale" on keyboard. Pranali Darekar from TE INFT played top notch Harmonium on Hindi songs, also Saarang More from TE CMPN played the flute to one of the Kishor Kumar songs. It was a spectacular event, and the enthusiasm was at par. All in all, Hindi Bhasha Diwas was something that helped us connect back to our roots via all the efforts put in by these participants.

"To dance is to be out of yourself, more beautiful, more powerful"

Garba is a form of dance which is originating from Gujarat in India, it is performed during Navratri, a 9-day festival of Goddess Durga. Over the years, Garba has become a great way for people to have fun, connect, socialize, shake a leg and enjoy one of the richest traditions of India. For the upcoming Garba night, a workshop for Garba practice was organized at Vidyalankar Institute of Technology on the 23rd September 2022.

The workshop was organized by the Student Council on the ground of VIT. The members of our very own dance teams, Beat-Breakers and Show-Stealer taught basic level garba steps to the students of VIT. The workshop commenced at 4pm by a warmup session during the first half an hour, which evoked the enthusiasm to dance in the students.

Later, individual groups of students were formed in which the team members of the Beat-Breakers and Show-Stealers were teaching Garba dance steps to each group. Each member taught basic Garba dance steps to every individual present in the groups formed. The intriguing combination of enjoyable Bollywood songs with traditional Gujarati Garba music created the perfect ambience for the Garba Workshop. Both the dance teams prepared a separate piece of choreography which was taught to the students during this workshop session.

The total number of attendees at the workshop was about 300, also presence of our own faculty dancing along with the students added to enthusiasm and charm of the students. The dance teams maintained their activeness throughout the workshop which fueled the student's zeal. The workshop concluded with a quick revision session by 6pm, it turned to be a successful and fun filled workshop thanks to the collective efforts of our convener, heads, core, and students of course.

“It is with your feet that you move... but it is with your heart that you dance.”

As the festivities of Navratri 2022 kickstarted, the Student Council of VIT celebrated Raas Garba on 29th September 2022 with the bling of beautiful ethnic dresses and dancing skills. The nine-day festival of Navratri is celebrated to worship the nine forms of Goddess Durga namely, Shailaputri, Brahmacharini, Chandraghanta, Kushmanda, Skandamata, Katyayani, Kalaratri, Mahagauri and Siddhidhatri.

At 5:15 pm, the speakers blasted the first tunes for the night, automatically bringing a wave of excitement and enthusiasm among everyone present at the venue. All the students, teaching, and non-teaching faculty of VIT present there, added a whole new level of enthusiasm by gracing us with their presence. The entire campus was brought to life by decorations, lighting and an authentic Photo Booth set up by the Cultural Council of the Student Council. The beautiful outfits worn by the students flared charmingly to the beats and their bodies moved in a perfect rhythm.

Our very own Photography Club, VCC, captured the moments in it’s true essence where the excitement and happiness on every face was apparent. A small break time took place at 6:45 pm for the students to charge themselves up with food and beverages set up near the cafeteria featuring famous and authentic cuisines which further lightened the mood. After about 15-20 minutes of a refreshing break, the music blasted again, and everyone returned to the ground with the exact same zeal and adrenaline rush as it was at the start of the event.

Eminent Speakers Talk

V Talks

VTalks Student's Series with Mr. Omkar Desai
"A Webinar on Industry Readiness."
Online Guest Lecture held on 12 July 2021, 5:30 PM

Mr. Omkar Desai, an alumnus of Vidyalandkar Institute of Technology shared his experiences on how to have an appropriate approach and strong planning of the future to ensure most of the opportunities, can be grabbed. He also gave insights on potential career options for future engineers.

Mr. Desai gave an insightful deliberation on, what the industry expects from the budding engineers who will very soon step into the corporate world. He introduced the audience to the prospects of various job opportunities apart from the conventional, orthodox approach. He also gave a detailed explanation of the possible bifurcations of a basic job designation based on what and how much we learn. He also dived deep into the various future technologies and what prospects they provide professionally. The session was followed by a question addressed wherein Mr. Desai graciously responded to the questions posed by the audience. Certain questions which were asked were the decision to pursue GRE or GATE, the branch, or subjects to select while aspiring for an MBA, and whether the pandemic changes any industry expectations the recruiters have from the future students.

The key takeaway from this event would be the qualities of willingness to learn and the importance of having a correct approach while pursuing or aspiring a job in the Information Technology sector. After responding to some more questions, the vote of thanks was conveyed.

Ketaki Kelaskar was the host for the evening along with Soham Pal who was the moderator helping Mr. Omkar Desai in addressing the questions by the audience.

VTalks Student's Series with Mr. Sourav Sinha
"A Webinar on Managing Time."
Online Guest Lecture held on 09 August 2021, 5:00 PM

Mr. Sourav Sinha, an alumnus of Vidyalkar Institute of Technology gave an enlightening deliberation on how to efficiently manage time. He also spoke about the importance of priority and focus management and how failing to do so adversely affects our overall well-being and productivity.

He gave his insights on how to categorize the tasks based on their urgency and importance into three classes of Extreme, Moderate, and Low Importance. Later, he highlighted out a very common error which most of us tend to do irrespective of our age – Overexerting. A practical timetable that gives you room for breaks and maintains a proper work-life balance is what leads you to a fruitful and productive day, this was Mr. Sinha's mantra. He stated that usually, we tend to shirk our duties irrespective of the awareness that the work at hand is quintessential to be completed. Instead of stacking that work, he suggested trying out the prioritization tactic and that way have more time to execute the work with finesse and have a more than satisfactory result.

After this, the audience poured in with their questions to which he gave gratifying responses. After responding to some more questions, the vote of thanks was conveyed.

Professor Ambadas Deshmukh was the convenor for this webinar. Chinmay Ranade was the host for the evening along with Soham Pal who was the moderator helping Mr. Sourav Sinha in addressing the questions by the audience.

VTalks Student's Series with Ms. Srishti Agrawal
"A Webinar on Procrastination"
Online Guest Lecture held on 26 July 2021, 5:30 PM

Ms. Srishti Agrawal, an alumnus of Vidyalkar Institute of Technology shared her insights on Procrastination and how not to fall into the subconscious trance of procrastinating by highlighting some of her scholastic and corporate experiences. She also emphasized the need of maintaining a proper schedule and shared a lot of valuable tips to be prepared in advance to avoid slacking.

We are familiar with the famous maxim "Procrastination is a sin". However, our speaker for the day Ms. Srishti Agrawal wiped out the notion of slacking being wrongdoing and completely etched a new meaning to the shunned upon concept. Ms. Agrawal is a Computer Engineering Graduate from the

batch of 2021. She is currently working as an Associate Product Manager at Cerebranium, a digital education, ed-tech company headquartered in Berlin, Germany. She also looks after the digital marketing strategy and online brand presence of the company. She is the founder of Glück, a skincare and art start-up. A tech enthusiast, she has been a speaker and mentor at various technical and non-technical events, training many students pan India. Besides, she is an avid MUNner, a state-level archer, a certified graphologist, and a signature analyst. Ms. Agrawal with a motive to bring a revolutionary change in the mindset of the future engineers, graced us with her presence to give a deliberation on the ill effects of postponing the task at hand. She initiated her session, by elucidating the common mentality of an average individual who tends to often slack off. The mindset of such individuals happens to be an antonym of the famous proverb by Kabir, and they seem to follow the mantra "What can be done now, can be postponed to a further time in the day and what can be done today, can also be postponed to tomorrow,". Ms. Agrawal pointed out some common tendencies and signs which detect early willingness to procrastinate. She expounded on the deep impact of dawdling and how it affects our mental, physical, and emotional well-being. The eye-opening segment of her session was when she stated the differentiated types of procrastination into three major classes. One of the types of procrastination which she explained was the "revenge bedtime procrastination" which is mostly practiced at night to indulge in doing things which we intend to do throughout the day, thereby wrongly fulfilling and moulding the definition of self-time at the cost of depreciation in productivity and health.

What came as a shock, was that many people throughout the globe are indulging in the practice of revenge bedtime procrastination subconsciously and there has been an exponential rise in this unhealthy trend during the lockdown imposed due to the pandemic. The final moments of the presentation included the damage control tactics and preventive or positive habits which would prevent one from procrastinating. A major game-changer in avoiding slacking off is organization and pre-planning. To-do lists and schedule planners take an individual's productivity to new heights and curtail dawdling to a great extent. After the insightful session, Ms. Agrawal addressed some questions

posed by the audience. Many queries as to how to maintain a balance between procrastinating and overexerting and whether procrastination can lead to depression were answered.

Ms. Ketaki Kelaskar was the host for the evening along with Mr. Soham Pal who was the moderator helping Mr. Omkar Desai in addressing the questions by the audience.

VTalks Student's Series with Mr. Abhay Valsangkar

"A Webinar on Maximizing Opportunities."

Online Guest Lecture held on 30 June 2021, 5:30 PM

Mr. Abhay Valsangkar, an alumnus of Vidyalnkar Institute of Technology shared his experiences on how to make optimum use of a provided opportunity by elucidating some of his college and workspace memories. He also spoke about the importance of

maintaining a proper attitude, communicating efficiently to overcome our obstacles, and never parting away from the will to learn. He further explained that in any profession one needs the right mindset to get into the role to acquire the goal.

Mr. Abhay Valsangkar being a remarkable alumnus, has filled our institution with a sense of immense pride, owing to his prominent achievements. It would not be wrong to say that Mr. Abhay is someone who never stops adding a feather in his cap. Mr. Abhay is a confidence coach and founder of Alter Ego Learning which is an L&D learning centre and functions with the vision "To make every potential employee, a potential employer." He has trained over 10,000 students and has a vision of training 5,00,000 students in the next 5 years. A lifelong learner, he believes in the philosophy, "The more we learn, we realize how much more there is to learn". He has had a privilege to get inspiring teachings from the best in the world, including the likes of Mr. Robin Sharma, Dr. John De Martini, Gaur Gopal Das, Jeffrey Archer, Jack Canfield & Brian Tracy. He vows to transfer the lessons to the youth of the country to make them more employable and curb the problem of unemployment to some extent in our country. Among the vast array of recognitions which he has been bestowed, he has received the National Award from the 13th president of India, Mr. Pranav Mukherjee, for securing an AIR 1 in Ministry of HRD ISTD Diploma Program and Best Skill Development Trainer in India at International Education Icon Awards by H.E Mr. Daniel Chuburu, Ambassador, Embassy of Argentine Republic.

Since his college days, Mr. Valsangkar has had a vivacious personality and had a way of dealing with situations. Throughout the entire webinar he had kept the audience engrossed, owing to his relatable parables and encounters in the past. His journey from being appointed as the security detail in the very first year of his college to being the General Secretary for the year 2013-2014 inspired many spectators and made everyone resonate with the quote "No work is too big or too small". Another interesting confabulation which he narrated was his experience of giving the first Mathematics examination and how it changed his perception of success. The enlightening part was when he also narrated about, how he overcame the failures which were the steppingstones in his path. Throughout the interaction, we also got to know how he never shirked from accepting any opportunity and how he excelled in them owing to his willingness to learn and humble attitude.

The key takeaway from this webinar would be the mantra, he taught everybody which was: When offered a completely alien concept as an opportunity and asked how you would execute it, simply respond by saying "I will learn". The audience were simply captivated listening to his deliberation on being bestowed the coveted award by the then President of India Mr. Pranab Mukherjee. He had his own J.K. Rowling moment when he faced rejection 27 times before becoming a TED Talk speaker,

which clearly highlights the adage, "Try and try till you succeed". After completing his interlocution, Mr. Valsangkar kindly agreed to answer a handful of questions put forth by our inquisitive audience. One interesting question asked was whether his choices or decisions change, if he were given a chance to relive his college days at present. The question was given a gratifying reply by Mr. Valsangkar as he stated that he would stick to his choices as he was happy with the turnout of events. After responding to some more questions, the vote of thanks was conveyed.

Prof. Ambadas Deshmukh explained the idea of VTalks Student's Series. Miss. Ketaki Kelaskar was the host for the evening along with Master. Soham Pal who was the moderator helping Mr. Abhay Valsangkar in addressing the questions by the audience.

"Why to Learn High Frequency Techniques"

Interactive Session with Dr. K. P. Ray

Online lecture held on 02 September 2021, 5.30 PM

In this interactive session on "Why to Learn High Frequency Techniques?", organized by Vidyalankar Dnyanapeeth Trust, Dr. K. P. Ray shared with us his perspective about the importance of learning High Frequency Techniques. He started the session by first introducing us to the electromagnetic spectrum. He explained us the frequency range of millimeter and micrometer wave bands. What constitutes low frequency range and high frequency range was explained in details. He demonstrated to us with an example as to why the normal circuit analysis theorems such as Ohm's law and Kirchoff's Law cannot be used for high frequency analysis. After this, he went on explain the different parameters to be considered when you are actually working with high frequency. Finally, how important it is to have knowledge of these high frequency design techniques by engineers of all fields was emphasised by the speaker.

About Dr. K. P. Ray

Dr. K. P. Ray is M. Tech in Microwave Electronics from University of Delhi and PhD from Department of Electrical Engineering IIT, Bombay. Presently he is a Professor, Director School of Radar Technology and Head of the Dept of Electronics Engineering, Defence Institute of Advanced Technology (DIAT), DRDO, Pune. Prior to joining DIAT in 2016, he was the Programme Director of SAMEER (MeitY) Mumbai, wherein he joined SAMEER (TIFR) in 1985 and worked for over 31 years in the areas of Electromagnetics, RF and microwave systems/components and developed expertise in the design of antenna elements/arrays and high-power RF/microwave sources for RADAR, scientific and industrial applications. He has successfully executed over 50 projects sponsored by various Govt. agencies (DRDO/MOD, ISRO/DOS, DAE, DST/DSIR/TIFAC, Meity, DBT, IMD, BHEL, etc.) and many industries in the capacity of main designer, a chief investigator and a project manager, etc. Recently, he developed a Microwave Sterilizer, 'ATULYA' to neutralize COVID19. He was a guest/invited/adjunct faculty in Electrical Engineering Dept at IIT, Bombay, Goa Engineering College, University of Mumbai and CEERI

(CSIR) Pilani for post graduate courses. He has guided 10 PhD students, more than 130M.Tech students and evaluated more than 25 Ph D Thesis. He has co-authored a book with Prof G. Kumar for Artech House, USA and published over 480research papers in international/national journals and conference proceedings, which has earned him approx. 7200 citations. He holds 3 patents, earned 10 Transfer of Technology (ToT) for commercialization, and filed 5 patents. He has been in advisory capacity for many engineering colleges, Polytechnic, international/national conferences, chaired many sessions and delivered more than 120 invited talks, which also includes "First Abdul Kalam Memorial Lecture" at Interim Test Range (ITR), DRDO, Chandipur 2018 and "Ram Lal Wadhwa Lectures 2018.He is a member of many national level scientific committees of various ministries and departments. He is an associate editor of International Journal on RF and Microwave Computer-Aided Engineering, John Wiley, and prolific reviewer of IEEE TAP, AWPS, IEEE Access, Electronics Letter, IET (Formerly IEE, UK), International Journal of Antennas and Propagation (USA), PIERS (USA), International Journal of electronics (USA), Journal of Electromagnetic Waves and Applications (USA), International Journal of Microwave and Optical Technology (IJMOT) USA, International Journal of Microwave Science and Technology Hindwai, AEU Elsevier, SADHNA Springer, IETE (India) and many international/national conferences/symposium. He is a fellow of IETE, a fellow of VEDAS, a senior member of IEEE (USA), and life member of Instrument society of India and Engineers of EMI/EMC society of India. He received many awards including most coveted IETE-Ram Lal Wadhwa Award 2018, IETE-Ranjna Pal Memorial Award 2014 and several research paper awards.

NECESSITY OF STUDY OF HIGH FREQUENCY TECHNIQUES

Till recent past, all domains were very distinctive like, someone designing a computer board was a computer engineer or someone working with signal processing usually designed FPGA boards for process these signals, someone working with frequency less than 1MHz would be using breadboards or make PCB without being concerned with track width and length. So there was no overlap in these fields at that moment of time, but now the boundaries have become blurred. So today if one uses a clock speed in GHz or very high speed datarate then you cannot work in isolation. The digital signal processing person or the computer engineer needs to know high frequency techniques.

FREQUENCY BAND INTRODUCTION

When we say high frequency, it basically includes radio wave, microwaves milli waves and goes beyond tera Hertz. The meter wave is a wave whose wavelength goes in some meters or kilometres. When wavelength of the same wave is in millimetre, it is called millimetre wave. But microwaves wavelength is in centimetres as the frequency is in Gigahertz. Microwaves are basically miniaturization of centimetre waves. The systems which were designed initially by Marconi, used AM band to demonstrate, where the size of the systems was much larger. So with respect to that, these microwave components, the size of the components is comparable to wavelength. So microwave is basically a miniaturization of these waves which were demonstrated by Marconi.

CONCEPT THOROUGH EXAMPLE

In any circuits, if the frequency is around 100KHz, the wavelength comes out to be about 3Km. When we apply Ohm's law or any other circuit laws such as Thevenin's law or Kirchoff's theorem to analyze the circuit, this circuit analysis will fail in high frequency circuits. Wavelength is special characteristics of any signal. This is because when we apply these laws to any circuit, we only consider the amplitude of the signal. For a signal source of 3 Volts and 3 ohms, Ohm's law will give you current of 1 Ampere. There is no spatial variation inside this source, because the electrical length is so small. So if you want 3km wavelength, this is not possible with such a small source because this source is around 20 to 30 cms in length. But if the same signal is taken to be 3 Ghz then the wavelength comes out to be around 10 cm. The entire 360 degree variation in previous low frequency case was done in 3km, will now be done in 10 cm. The device length goes down. Similarly when we dealt with low frequency, connecting something on the breadboard was easy, adding jumper was easy. This is because we were not concerned with thickness of the jumper because the length of the device was negligibly small in comparison to wavelength.

Suppose we have to design a power combiner, and if you are not bothered about length at high frequency, lets say instead of length L cms you take length as $L + 5$ cms, then the 5 cm extra length will give you a phase difference of 180 degree for 3GHz range. So if your are combining two powers, instead of getting double the power you will get 0 because of 180 degree phase difference. In high frequency domain you cannot neglect the insertion phase of device. So along with magnitude there will also be a phase. At each point the phase will change, because the electrical length becomes comparable to wavelength. Thus all engineers cannot avoid high frequency techniques, needs to know about the consequences of how much length or how much width has to be taken into account.

ACTUAL PARAMETERS TO CONSIDER WHILE USING HIGH FREQUENCY TECHNIQUES

Let us assume that the clock rate is in GHz range, and you are entering microwave domain. You are designing a digital car. While designing you have to take care of certain things. When you are making a track, and you are taking high frequency path to travel. Here basic representation of the port is important for such high frequency technique. You need a reference point to start, which cannot be taken arbitrarily. Characteristic impedance also has to be considered. Thickness of the transmission line will decide the impedance. We know that maximum power will get transferred when the reflection coefficient is 0. Any voltage at a particular port is a superimposition of forward and reverse moving voltage. You have to take care of this, as it will make a voltage and current wave. Best way to deal with high frequency circuits is to take into account electric and magnetic field and from there calculate the current and voltage. Impedance and admittance matrix used for port analysis cannot be directly used in high frequency analysis, instead we use scattering matrix. The terminating conditions which we used in port analysis at low frequencies, where we could open circuit or short circuit to find out the matrix parameters will not give you desired results. Because let's say you short circuit one port, the reflection coefficient here becomes 1, which means everything will be reflected back. So for high frequency, we use scattering matrix where characteristics impedances are considered. Designing of width and length

of transmission line and that of interconnects also is very crucial. Any slight mismatch then the reflection will happen. Impedance matching has to be done, insertion phase has to be considered. If all this is not done properly, signal integrity issues will come into picture.

TAKEAWAYS

Dr. Ray gave an amazing view to the importance of high frequency techniques required in any field of engineering today. The parameters to consider in high frequency techniques and how to design them was very well explained. Prof Ashish Shekhar introduced the guest, interacted with him, and asked questions raised by participants, in conclusion, thanked Dr. K. P. Ray, organizers, and attendees.

Placements

Placement is the heart of any Professional institute and VIT is no exception for the same. VIT is making rigorous efforts by organizing Pre-Placement Training and AMCAT aptitude test sessions to make students 'Industry Ready.' Students have been placed in reputed companies like TCS, L&T Infotech, Capgemini, ATOS India, Media.Net, Interactive Brokers, ZEUS Learning, Reliance Retail, Reliance Jio, BYJUS to name a few. Now there are two major recruiters : TCS has recruited 82 students and L&T Infotech has recruited 60. We believe in creating a conducive environment for our students and left no stone unturned to conduct intensive pre-placement training including mock interviews and aptitude tests for the students. Students in their third year vacations are encouraged to participate in various Internship programs at reputed companies.

Maximum Salary : 10.00 lakhs per annum

Minimum Salary : 1.56 lakhs per annum

Average Salary : 3.90 lakhs per annum

Median Salary : 3.50 lakhs per annum

Number of Volunteers	Total=09 Volunteers Male: 08, Female: 01
Activity Coordinator	Prof. Pravin Gharge, VIT NSS coordinator Assistant Professor, Department of First Year Engineering, VIT
Objectives	
(i)	To understand the importance of keeping our water bodies like rivers, ponds and sea clean.
(ii)	To understand the dignity of labour.
(iii)	To develop the sense of selfless service to society.
Description	
<p>To secure a clean environment, pollution free water bodies and to promote and adopt an environment friendly society, NSS volunteers of VIT in collaboration with Beach Please, a community which works for environment conservation organized a beach cleanup drive. NSS volunteers of VIT engaged in the beach clean up drive and worked with great enthusiasm as it gave them an opportunity to contribute for the conservation of the well known Mithi river located in Mumbai. The drive started with basic instructions by the leads and volunteers then went ahead with the cleanup drive. The clean up drive brought a sense of responsibility to keep our society and homes clean and safe. Ample of sacs of waste was collected by volunteers in the duration of 2 hours which included plastic in more amount. The garbage van of municipal corporation was then called, and the waste was thereafter dumped. The event aspired for the volunteers to be an inspiration to the society to help maintain our water bodies and the environment.</p>	

Conclusion

The event was very successful as this was the 5th time when NSS unit of VIT have participated in beach cleanup.

Volunteers were satisfied and happy at the End OF The Day. They want to visit for beach cleanup Regularly.

Description	
<p>The event was organized in collaboration with "Team Shivprerana Organization". Orphanage teaching was a good experience, during the campaign, around 25-30 children of different age groups were taught. All the NSS volunteers were gathered at 9 AM at SGNP. Later using public transport, we went to Chun pada Adivasi village.</p> <p>The objective of this event was to educate the children and make them feel jolly for a short period of time. Through various activities like teaching, playing games and many more. Due to lack of facility and availability of teachers "Team Shivprerana" visits this village every weekend to pursue the children into the education sector. There was total 25-30 children and 3 NSS volunteers. Event started with morning prayer and the children greeted everyone. Proper allotment of standards was given to each member. All the members taught students from std 1st to 12th. Morning session was from 10 am to 1 pm. Later lunch was done with all those students. After lunch we conduct few games like pencil holding, fruit games, etc.</p> <p>All the activities were done till 4 pm</p>	
	
Conclusion	

The event was successfully conducted. Volunteers learnt that people who have living in the remote areas should be taught about the importance of education. Volunteers were feeling motivated and wanted to revisit for the orphanage teaching campaign
