**Organogram**

Nature and Extent of involvement of Faculty and students in academic affairs/improvements	The Institute has a strategic plan for development where the goals and action plans are stated and are aligned with the Institutes Vision and Mission. The plans are developed by the Steering Committee in consultation with IQAC and approved by the Governing Body.
Mechanism/ Norms and Procedure for democratic/ good Governance	The Principal is the academic & administrative head who monitors the overall functioning and has powers for academic, administrative, finance and institute's growth. For efficient functioning, the day to day administration is coordinated by Vice Principal (VP) , academic administration at institute level is coordinated by the Chief Academic Officer (CAO), Training & Placements, Committee activities are coordinated by Chief Operations Officer(COO). The institute has Technical Advisor (TA) who is also the director of Internal Quality Assurance Cell (IQAC). Academic Quality initiatives like academic audit processes and faculty performance appraisals are initiated and streamlined by the TA. VIT has decentralised its operations and has delegated authority at various levels to ensure good governance. There is a structured delegation of authority that encourages the academic leadership among the faculty within subject disciplines, peer groups through clusters and researchers through minor research proposals. Faculty are also empowered to decide academic/administrative/co-curricular/extra-curricular activities. Such decentralisation strengthens administrative skills with professional responsibility and accountability that ensures broader participation in decision-making process.
Student feedback mechanism on Institutional Governance/faculty performance	In every semester students feedback is taken twice for every course and faculty associated with their class/ course. This feedback is analyzed and discussed with concerned faculty by of Head of the Department.
Grievance redressal mechanism for faculty , staff and students	As per the Statutory requirement the Institute has duly constituted Grievance redressal committee. Every student is assigned a mentor where students can put forward their grievances (if any) , they can also discuss the same with respective Head of the department. For submitting grievance, there is a provision to give the details on the institute's website which is then resolved by the Grievance redressal committee.

**20. Best Practices adopted, if any**

Vidyalankar, over a period of 19 years, has developed some best practices which added to the quality improvement in terms of teaching and learning at the Institute. VIT's best practices are the educational strategies, activities and approaches undertaken to ensure that each student gets maximum benefit from the educational experience at the Institute. The Institute has many prevalent best practices such as:

- Academic Preview and Academic Review
- Academic planning and preparation is meticulously monitored (Academic Preview) and its efficacy is checked and quantified in a well-defined process (Academic Review).
- V Provisions (ICT enabled provisions) which is a digitization of many of the academic and administrative activities for empowering our staff and students with the active use of technology on the campus.
- Tantravihar: Annual Project Exhibition and Competition
- Cluster Mentor Meetings (Institute Mentor, External Academic Mentor and Industry Mentor) wherein related courses from across various programs are grouped under small 'clusters'. A Cluster Mentor is assigned to each Cluster who undertakes many responsibilities such as analysis of course content, gap mitigation, checking paper solutions and interfacing with External Academic Mentors and Industry Mentors to guide Cluster members for enriching the teaching-learning process. This system facilitates effective monitoring of academic progress in an environment of teamwork and bonding.
- Monday Research and Development Sessions wherein the faculty members disseminate talks to their colleagues on varied areas like book reviews, technical presentations, paper presentations etc.
- Robust Beyond Syllabus Activities like pop quiz, open book tests, seminars, coding competitions etc are held for the students.
